POETICUS NARCISSI

The Poet's Narcissus or Pheasant's Eye is the best daffodil for naturalizing as it is as hardy as grass and increases well each year. It cannot be forced. Ornatus is a larger and earlier type, blooming two weeks earlier than Poeticus. It can be forced readily also and does well in open ground. King Edward VII is an improved type of Ornatus, being larger and somewhat earlier.

Poeticus (Pheasant's Eye). Pure white with light orange cup, edged scarlet. For outdoor planting only. Mother-Bulbs	.55	3.80	36.00
Glory of Lisse. Pure white with yellow cup. A larger form of Poeticus "Ornatus." Mother-Bulbs	.75	5.80	56.00

King Edward VII (Almira). Large, round, white perianth; cup light yellow, margined deep red. Very vigorous grower in garden or pots. Mother-Bulbs	.80	6.00	58.00

PAPER WHITE GRANDIFLORA

In recent years the method of growing these Narcissi Bulbs in bowls with pebbles and water has become very popular.

It appeals especially to the ladies as a means of beautifying the home, in addition to being a charming and fascinating pastime, the interest of watching the gradual development of these Bulbs from the first green shoot to the flowering stage, more than compensates the care and attention devoted to them.

Place these bulbs in a low dish, covering to about one-third their height in clear water. Pebbles may be used to hold them firmly in place and they can be had in bloom for Christmas or earlier.

Unlike all other bulbs, these bulbs can be planted at intervals successfully during a period of five months, and should be planted indoors only.

Paperwhite Grandiflorus. Extra selected	.70	5.00	48.00

Luciliae. Beautiful blue with pure white center	.50	3.40	32.00
Sardensis. Intense bright blue	.50	3.40	32.00

CROCUS

When we are looking for signs of spring we all watch for the blue-bird, the robin and the crocus. While we cannot control the appearance of the birds, there is little excuse for doing without the gayest of all harbingers of spring, the crocuses. Planted in pots, in beds, clumps or lines in the garden, or scattered in the grass of the lawn, they are perfectly reliable everywhere.

Albion. Lavender, striped white and violet	.30	2.00	18.00

ERANTHIS

An early spring flower of bright yellow. Valuable for naturalizing.

Hyemalis. (Winter Aconite). Yellow	.45	3.00	28.00

FREESIA

Very popular for growing in the house or conservatory for early winter flowers. Their fragrance is spicy and refreshing and less heavy than that of many bulbous flowers.

Ilena. Deep rosy lavender with white throat and orange blotch on lower petals. Flower large and attractive. Very stiff stems	.80	6.00	58.00
General Pershing. Large flowers of a pinkish lavender suffused with bronze. Very strong	.70	5.00	48.00
Purity. Mammoth. Very large flowers of a pure glistening white	.60	4.40	42.00
Yellow Prince. Large open flowers of a deep yellow on strong stems	.80	6.00	58.00

GALANTHUS (Snowdrops)

Dainty little bells which come into bloom in March. They are very attractive because of their blooming season and daintiness of flower.

Siberica Alba. Pure white. Mammoth bulbs	.65	4.60	44.00

IRIS GERMANICA (German Iris)

The German Iris is perfectly hardy and grows luxuriantly everywhere, particularly if in a dry and sunny location. Its spikes of flowers are fragrant and fine for cutting. If cut when the lower buds show color they will open finely in the house. Be particular in planting to barely cover the Rhizomes or large fleshy roots. The petals that stand skyward are called the Standards and the ones that hang so artistically are called Falls. These lovely flowers bloom in May and June.

PEONIES

We consider Peonies to be the most satisfactory decorative garden plants under cultivation today. In beauty, color and fragrance they rival the finest roses and are far superior to them in vigor, hardiness and freedom from disease and insect pests.

Our plants are well-established clumps three years old, the most desirable size for planting for immediate effect. Our list includes the choicest varieties and the plants will be freshly dug on the day of shipment.

Peonies may be planted at any time during the autumn, from September first until freezing weather.

We cordially invite all those who are interested in and wish to see this beautiful flower to visit us during their blooming season.

SPECIAL NOTICE

All persons to whom this catalogue is sent will also receive in January next, our Price List of Summer-Flowering Bulbs and Hardy Perennials for Spring planting.

We have for years supplied our bulbs and plants to many of the large estates in the beautiful suburban towns on the lake, north of Chicago. This fact alone is indicative of the quality of our stock.

We have at our Nursery in our trial grounds a collection of about 350 varieties of Darwin, Breeder, Cottage and Rembrandt Tulips and we cordially invite you to visit us during their blooming season.

TELEPHONE

We may be conveniently reached by telephone from Chicago and the towns along the "North Shore."

Our number is "Deerfield 241."

RATES

Six or more of any one variety of bulbs or plants offered in this catalogue will be sold at the dozen rate, 25 or more at the 100 rate, and 250 at the 1000 rate.

Terms of Business

CONCERNING OUR PRICES

The prices quoted in this catalogue are for bulbs and plants of the best quality only, true to name and in sound and healthy condition, properly packed and delivered to the Express or Freight office in Deerfield, free of all charges. Express or Freight charges for transportation from Deerfield must, however, be paid by the purchaser.

SHIPPING

It is our custom to ship our goods by Express as we find the service more satisfactory and, as a rule, cheaper, owing to the size and weight of the packages.

If any customer prefers the Parcel-Post, we will forward small packages in that manner, provided sufficient postage is remitted with the order. Any excess will be returned.

We guarantee our bulbs and roots to be true to name, healthy and in sound condition and strictly first class. We will not, however, be responsible for the failure of any to grow or thrive, as such failure may result from causes wholly beyond our control, such as improper treatment, unfavorable weather, soil or climate. Should any difficulty arise through any fault or mistake of our own we will gladly rectify it. If the purchaser does not accept the goods on these terms, they are at once to be returned and money that has been paid for same will be refunded.

Orders from unknown correspondents must be accompanied by cash or satisfactory references.

We prefer not to receive C. O. D. Orders, but if such are sent they must be accompanied by cash to one-fourth of the value of the goods ordered to insure acceptance.

A discount of 2% on all orders amounting to \$5.00 or more will be allowed if received before July 10th, if money accompanies the order.

Money should be sent only by safe methods, preferably Postal or Express Money Orders payable to FRANKEN BROTHERS at DEERFIELD, ILLINOIS, or drafts on Chicago or New York.
