ASTER CHINENSIS

For many years our asters have been kept up to a staple quality excelled by none. When our trade was smaller, we grew every item offered, but for some years we have been compelled to grow stock seeds only, and to offer the product of these to our trade. I know of no better strains for the use of the florist, or for those who grow for home use only.

ASTER ROYAL WHITE (See P. 2.)

Early Wonder (Extra Early Express or Early Hohenzollern). The earliest of all asters. Comet type, branching from the ground into four to six slender stems crowned with good sized comet type flowers. Disbudded it makes good size. Being a quick grower, it must not be checked in growth by lack of water or cultivation, else it will dwarf. A very profitable aster for bench or open ground. Four colors, White, Rose, Light Blue, Purple,

or mixed. Pkt. 10c, $\frac{1}{16}$ oz. 20c, $\frac{1}{8}$ oz. 35c, $\frac{1}{4}$ oz. 60c, $\frac{1}{2}$ oz. \$1.00, 1 oz. \$1.75.

Queen of the Market. Another profitable aster for bench or outside. The earliest aster of branching type of flower. Fine for making up or bunching. 6 colors, White, Rose, Flesh, Lavender, Purple, Crimson, or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 45c, $\frac{1}{2}$ oz. 75c, 1 oz. \$1.25.

ASTER EARLY WONDER IS FINE FOR FORCING

ASTERS—Continued

Lavender Gem. A fine, upright comet aster, good size, long stem, never comes yellow centered. The earliest true lavender. Our stock of this was wonderfully fine this season. Pkt. 10c, $\frac{3}{8}$ oz. 20c, $\frac{1}{8}$ oz. 35c, $\frac{1}{4}$ oz. 65c, $\frac{1}{2}$ oz. \$1.00, $\frac{3}{4}$ oz. \$1.65, 1 oz. \$2.25.

Royal. An earlier form of the branching aster. We consider this the most important in the whole list for the commercial grower. Almost absolutely non lateral, stem of great length and flower of exquisite form and size. Coming into bloom with the last of the Queen of the Market it is a most important factor in the cut flower market, both under glass and outside. It runs to about six stems, sparse, and can be planted closely. Our stock of this is of exceptional quality and for profit or the private garden we recommend it very highly. White, shell-pink, lavender-pink, purple, Rose or mixed. Pkt. 10c, $\frac{1}{16}$ oz. 25c, $\frac{1}{8}$ oz. 40c, $\frac{1}{4}$ oz. 75c, $\frac{1}{2}$ oz. \$1.25, 1 oz. \$2.25.

Imperial. A most important aster, much used for making up. Well rounded flower, good size, on stiffly upright stems. Very free, and useful for taking up and potting in bloom, when it will last for two weeks or more. Some of the best colors in this in the aster world. Easy and very free. Good for bedding or cutting. 6 colors, Purity, Daybreak, Hortensia Rose, Indigo on white ground, Rosy Carmine, Yellow overlaid pink, Lilac, or mixed. Pkt. 10c, $\frac{1}{16}$ oz. 25c, $\frac{1}{8}$ oz. 40c, $\frac{1}{4}$ oz. 75c, $\frac{1}{2}$ oz. \$1.40, 1 oz. \$2.25.

Sawyer Asterum. The pink is a beautiful shade, warm and bright, lightening with age, instead of growing deeper as do most pinks. We have a good stock of carefully grown seed in white, pink, and deep lavender. Pkt. 10c, $\frac{1}{8}$ oz. 35c, $\frac{1}{4}$ oz. 50c, $\frac{1}{2}$ oz. \$1.00, 1 oz. \$1.75.

Improved Crego. A fine comet aster of good form, branching in growth, good stem, easy and free. 5 colors, White, Pink, Gray Lavender, Purple, Crimson, or mixed. Same price as Early Wonder.

California Giants. Flower larger than Crego, stem much longer. Practically non-lateral, doing away with the necessity of disbudding. Very large and strong grower. A very valuable new aster. 4 colors, White, Light Blue, Deep Rose, Dark Purple, or Mixed. Pkt. 15c, Trade pkt. 40c.

Giant Branching Comet. A heavy grower, so far superior to the old upright form of comet that we have discarded the latter. This is a grand aster for either florist or garden use. Fine form, good stem and an easy grower. For immense size disbud. 7 colors, White, Shell Pink, Rose, Light Blue, Azure, Dark Blue, Deep Rose, Crimson, or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 40c, $\frac{1}{2}$ oz. 75c, $\frac{3}{4}$ oz. \$1.40, 1 oz. \$2.25.

Late (American) Branching. Probably the best known of all asters. A staple sort for years in both garden and the markets. This strain will be found all that could be desired. 10 colors, Cardinal, Crimson, Deep Rose (Lady Roosevelt), Lavender, Azure, Peach Blossom, Peerless Pink, Lavender Pink, Sensation (Dark Crimson), Extra Selected White, or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 20c, $\frac{1}{4}$ oz. 35c, $\frac{1}{2}$ oz. 65c, 1 oz. \$1.00.

The King Type. Large and vigorous growers mostly of upright habit. Flat flowers, with well covered centers, needle like petals distinct from all others. 8 colors, White (br), Violet (br), Shell Pink (up), Rose (br), Pink (up), Crimson (up), Blackish Blue very dark (br), or Mixed. Pkt. 10c, $\frac{1}{8}$ oz. 25c, $\frac{1}{4}$ oz. 40c, $\frac{1}{2}$ oz. 75c, $\frac{3}{4}$ oz. \$1.25, 1 oz. \$2.00.

Pkt. 10c, $\frac{1}{16}$ oz. 25c, $\frac{1}{8}$ oz. 40c, $\frac{1}{4}$ oz. 75c, $\frac{1}{2}$ oz. \$1.25, 1 oz. \$2.00.

Upright Comet (Pastel Pink). A wonderfully soft, dull rose pink. This aster is in a class by itself as to color, nothing like the color in any other aster, a real novelty. Good sized flowers on slender stems. Pkt. 25c, trade pkt. 50c.

Ball's White. A new white branching aster that has attracted much attention in the markets of late. Good and easy. Same price as Giant Branching Comet.

PLANTS FOR PERENNIAL GARDENS

During the past few years the demand for perennials has increased so rapidly that the average grower has not been able to keep up with the demand. The plants are used by the hundreds in every garden, and some varieties find their greatest usefulness in floral establishments where they are worked into formal designs.

In many cases the average hardy garden or border suffers from an unwise selection of perennials. The old favorites, like the Aquilegias, Digitalis, the Michaelmas Daisies, or the Hardy Chrysanthemums, deserve a prominent place, but they should not be used to the exclusion of others equally good.

The plants which are offered in this list are field-grown and are wintered outdoors in the extremely cold winter climate which we have along the shores of Lake Erie.

Not less than six plants of one variety at the dozen price. If one of each of six different varieties is ordered, the single price will be charged.

Prices per each, per three and per dozen by mail postpaid. Per hundred, by express collect. We are able to send larger plants by express and if requested will do so in whatever quantity.

PEONIES

Peonies, especially the modern introductions, are probably the most valuable of all perennial plants. Careful selection of flowers gives a wonderful range of color, and extended blooming period. Once planted they require little care, but they will more than repay good cultivation in plentiful bloom, and of better quality.

PLANTING. Peonies may be planted in fall or spring, but fall is much to be preferred. Avoid planting deeper than 3 inches of soil over the crown, or eyes. After planting, mulch well with stable manure to avoid winter "heaving". Remove this and spread about the plants after freezing is over. Never cut flowers so that all the leaves are taken from the plant, and do not cut the stems below the first pair of leaves. This is a prolific cause of short lived plants.

RATINGS and ORIGIN. The figures given at left of each variety are the rating given them by the American Peony Society. In brackets is the name of the originator, and date of introduction. Back of this list is a planting of over twenty thousand plants, and we are able to give you prime stock.

PRICES. The first price is for staple planting stock, of two to five eyes, the second is for two year, 4 eyes and up, and the third is for clumps of 8 eyes and up. Six plants for five times the price of one, and twelve for ten times the price of one. Write for quotations in lots of 25 to 100 of a sort. Two to five eye plants, the first priced, are by mail prepaid. The last two sizes are too heavy to mail and are by express, charges collect.

Late mid-season. 3 to 5 eye only, each \$20.00.
- (7.0) **Leviathan** (Kelway, 1899). As the name would indicate, this is very large, both in plant and flower. Bright, deep rose. A scarce color in peonies. Extra good. Late mid-season. \$1.00, \$1.75, \$2.25.
- (7.3) **L'Indispensable** (origin unknown). Lilac white, shading to deep rose toward the center. A very double, handsome flower of immense size, free and extra good. 75c, \$1.25, \$1.75.

(7.9) **Mad. deVerneville** (Crousse, 1885). One of the most charming, and probably the best producer of flowers on the market. Medium size, well rounded flowers, white, shading up to a centre of delicate shell pink, extra fragrant. A fine landscape sort, and one of the staple commercial cut flowers. Early mid-season. 50c, 80c, \$1.20.

(8.5) **Mad. Emile Gaille** (Crousse, 1881). Compact, rather flat flowers, deep lilac white, shading to milk white center. Medium height, strong and free. A good late variety. 50c, 80c, \$1.20.

(8.1) **Mlle. Leonie Calot** (Calot, 1861). Large, typical well rounded rose type. Very delicate rose white, shading to deeper center. Tall, strong, and free. Extra good, late mid-season. 35c, 75c, \$1.25.

Missionier (Crousse, 1886). Very brilliant crimson. Known as the American Beauty peony in some cut flower markets. Some think this the best red peony for commercial cut flowers. Good grower, free, good stem. Early mid-season. 60c, 85c, \$1.30.

(8.3) **Mons Dupont** (Calot, 1872). Large flat flower, of milk white, center lightly splashed crimson. Erect, tall, and free. A fine late mid-season white. 75c, \$1.00, \$1.25.

(7.2) **Rubra Superba** (Richardson, 1871). Were it not for the rather weak stem of this variety, it would rate quite closely to ten. Flower of rich, deep, brilliant crimson, large, full, and double, and the best keeper of the whole peony family. Buying this class of merchandise through the mails is not always as satisfactory as it should be. I wish to assure you that your plants and seeds are the very best I ever bought.

S. L. GAGE,

12th and Marinette Sts., Detroit, Mich.

My gladioli did well this season, and I must have had over 5,000 blooms. Those eight bulbs of Orange Glory you sent me made 26 bulbs last summer.

EDWARD H. PEASE,

Edgartown, Mass.

I want to say how well the plants I bought from you last season did, especially the delphiniums. They were wonderful. I bought from three other concerns and yours were far the best.
