JAMES KREWSON & SONS

NURSERYMEN

Cheltenham, Pennsylvania

PRICE LIST

INTRODUCTORY

We are located at the corner of East Church Road and Township Line (Cottman Street), one and three-fourths miles east of Elkins Park; three-fourths of a mile west of Ryers Station, P., N. & N. Y. Branch of the Reading Railroad; one mile west of the Fox Chase trolley, at Cottman Street.

Our stock receives constant, personal attention, being frequently transplanted to insure an excellent root-system, and such as require it are sheared to produce dense, compact specimens.

We can supply a large number of specimen Evergreen, Deciduous and Fruit Trees and Shrubs.

It is our intention to sell the best stock at the lowest prices consistent with the quality of goods offered, all of which we guarantee to be in healthy condition at the time of delivery. There our obligation ceases, as the future of a tree or plant depends largely on the future care and treatment. If a tree or plant is insured by the grower, a large percentage of the buyers will give no attention whatever to the stock. This especially applies to frequent watering during periods of drought.

When stock arrives, it should be heeled-in in the ground and plenty of water thrown on the roots. After planting, water is one of the first and most important factors in the success of a plant and must be used freely, especially when the ground is dry. A little water on the surface is of no avail, the ground must be kept moist until the plant is thoroughly established, which means, nearly all of the first summer.

No tree of any kind will thrive if allowed to swing about; this is a point very often overlooked.

Deciduous trees and shrubs, fruit trees, and especially, grape-vines are much improved by pruning, at the time of planting.

We offer all goods subject to prior sale, and changes of prices without notice.

Terms—Net Cash.

We employ no agents or salesmen.

We request buyers to visit our Nursery, if possible, and make their own selections.

Our Nursery is closed on Sunday.

Freight and Express office, Cheltenham, Pa., P., N. & N. Y. R. R.

Bell Phone, Cheltenham 1254-W.

While we exercise every care to have our stock true to name, we give no guarantee as to the future existence of same.

Cheltenham, Montgomery, Co., Pa.

Evergreen Trees

	Each
Abies concolor , White Fir. Grayish blue color; needles are long, clean and healthy looking. The tree always presents a neat appearance, as it never retains dead needles. Considered by many superior to Koster Blue Spruce.	
1½ to 2 ft.	\$ 2.50
3 ft.	5.00
5 ft.	8.00
8 ft.	10.00
Abies Nordmanniana , Nordmann's Fir. Thrives under city conditions. Has long, glossy, dark green, flat needles, gray underneath. The needles are set at opposites, forming a flat branch	
Specimens. Extra fine, 7 ft. high, 6 ft. wide	14.00
Biota orientalis , <i>aurea nana</i> , Dwarf Golden Oriental Arbor vitae. Conical; golden. Slow growing plant.	
7 to 8 in.	1.00
12 in.	1.50
Juniperus chinensis , <i>Pfitzeriana</i> , Pfitzer's Juniper. Gray-green foliage. Extremely hardy. Thrives under city condition.	
1½ ft. high x 1½ ft. broad	2.50
2 ft. high x 3 ft. broad	3.50
Juniperus communis , Canadian Juniper. Light green foliage, spreading growth.	
1½ to 2 ft.	2.50
2½ ft. x 2½ ft.	3.50
Juniperus Hibernica , Irish Juniper. Grayish green; good compact grower, of pyramidal habit.	
2 ft.	1.75
3 ft.	2.50
Juniperus sabina , Savin Juniper. Rich green foliage. Fine for rockeries or banks.	
1¼ ft. to 1½ ft.	1.50
1½ ft. to 2 ft.	2.50
Juniperus suecicia , Swedish Juniper. Compact, bushy, bluish-green foliage.	
18 to 20 in.	2.00
2 to 3 ft.	3.00
Juniperus tamariscifolia , Tamarix-Leaved Juniper. Low, spreading; bluish-green foliage; for rockeries and foregrounds.	
18 to 20 in. broad	3.00

	Each
<i>Juniperus virginiana</i> , Red Cedar. Tall grower, rich, dark green color, very hardy, even near the sea; rapid grower.	
2 to 2½ ft.	2.00
3 to 4 ft.	3.50
4½ to 5 ft.	5.00
<i>Juniperus virginiana glauca</i> , Blue Cedar. Tall and slender; hardy; bluish gray.	
2 ft.	3.00
3 ft.	5.00
4 to 4½ ft.	6.00
<i>Picea orientalis</i> , Eastern Spruce. Pyramidal; light green.	
3 to 4 ft.	5.00
8 ft.	12.00
Specimens. 14 ft. high	20.00
<i>Picea pungens Kosteri</i> , Koster's Blue Spruce. Rich blue, retains color throughout the year.	
8 ft. high	25.00
12 ft. high	40.00
14 ft. high	60.00
<i>Pinus austriaca</i> , Austrian Pine. The finest of all; very hardy; Symetrical growers.	
We offer 1000—2 ft.	2.50
5 ft. to 10 ft.	6.00 to 12.00
<i>Pinus cembra</i> , Swiss Stone Pine. Slow, compact grower; silvery-green needles.	
2 ft.	4.00
<i>Pinus sylvestris</i> , Scotch Pine. Very hardy; green needles.	
Specimens. 4 to 5 ft. high	6.00
Specimens. 6 to 7 ft. high	10.00
<i>Podocarpus Koraiana</i> , Japan Yew. Dark green, long needles; pyramidal habit.	
18 to 20 inches	3.50
<i>Retinispora</i> , Japan Cypress. A very valuable group of evergreens, with many types and colors; used for specimens, or for grouping in beds; they are hardy and stand shearing, which adds much to their value making them compact and beautiful.	
<i>Retinispora pisifera aurea</i> , Golden Pea-Fruited Cypress. Rich, golden tipped graceful branches, which maintain their color the entire year.	
2½ to 3 ft.	3.00
3 to 4 ft.	6.00
<i>Retinispora plumosa</i> , Green Plumed Cypress. Foliage green and is formed in feathery plumes;	

	Each
fairly rapid in growth; pyramidal shape; stands shearing well.	
2½ to 3 ft.	4.00
3 to 3½ ft.	5.00
<i>Retinispora plumosa aurea</i> , Golden-Plumes Cypress.	
A golden form of <i>Retinispora Plumosa</i> , growing rather rapidly; very popular for specimens or groups; hardy and easy of culture.	
2 to 2½ ft.	3.00
4 to 5 ft.	7.00
<i>Retinispora squarrosa veitchii</i> , Gray Cypress. Steel-blue in color during the summer, with bronze tinge during the winter; close, compact growth.	
12 in.	1.50
18 to 24 in.	2.50
3 ft.	5.00
<i>Thuja occidentalis</i> , Columbia, Columbian Arborvitae. A very pretty variety, with white tips.	
18 to 20 in.	2.00
<i>Thuja occidentalis, aurea</i> , George Peabody's Arborvitae. Tall; rather rapid grower; very hardy; bright yellow, maintains color all the year.	
12 in.	.75
24 in.	2.00
<i>Tsuga canadensis</i> , Hemlock. Good for screens. We offer a large quantity of Hemlock 8 to 14 ft. high, very broad. Will sell very reasonable.	

Evergreen Shrubs

<i>Azalea amoena</i> . A very desirable evergreen shrub; dark green, glossy leaves, which somewhat resemble boxwood in summer, but as cold weather sets in they assume beautiful shades of bronze. The rich magenta flowers cover the entire plant in May, making it a mass of bloom, often entirely hiding the leaves. Makes a handsome hedge; effective in masses.	
10 to 15 in.	2.50
18 to 24 in.	5.00
<i>Azalea hinodigeri</i> . Resembles <i>Azalea amoena</i> , but has red flowers and somewhat larger leaves.	
Fine two-year-old stock	1.50 to 3.00
<i>Azalea mollis</i> . (See Deciduous Shrubs).	
<i>Azalea nudiflora</i> . (See Deciduous Shrubs).	

	Each
Buxus, Boxwood. Dark green, glossy leaves; long lived. <i>Sempervirens</i> , Bush Box.	
2 ft.	5.00
18 to 20 in.	3.00
<i>Suffruticosa</i> , Dwarf Box, used for edging ..	15c to 25c
Ilex aquifolium , English Holly. Dark green, glossy leaves. Rapid grower.	
Very bushy, 3 ft.	3.50
4 ft.	4.50
Ilex crenata , Japanese Holly. Dark green, glossy leaves; black berries.	
2 ft.	3.00
3 ft.	4.00
Kalmia latifolia , Mountain Laurel. Dark green foliage and showy masses of pink flowers in June.	
12 to 18 in.	1.50
2 to 2½ ft.	2.25
2½ to 3 ft., heavy	3.00
Rhododendron catawbiense. An excellent sort for general planting; foliage is rich green; hardy. The flowers vary somewhat, from lilac to old-rose in color.	
18 to 24 in.	3.50
2 to 2½ ft.	5.00
3 ft.	7.00
Rhododendron maximum , Mountain Rhododendron, or Great Laurel. Blooms about mid-summer in shades from pale rose to deep pink.	
18 to 24 in.	1.50
2 to 2½ ft.	2.00
3 to 4 ft.	3.00
4 to 5 ft.	5.00
Yucca filimentosa , Adam's Needle. Evergreen leaves, White lily-like flowers borne on long stems.	
5-year-old	1.25 to 2.00

Deciduous Trees

Each

ACER platanoides, Norway Maple. Rapid growing; never fail to grow when properly handled; one of the most popular for street planting. We offer perhaps 1500 salable trees, many of them very large, others as small as 1¼ inch caliper. Nice trees for street planting.

2 inch caliper	3.25
3 inch caliper	4.50
And up to	25.00

Acer platanoides, var. *pupurea*, Schwedler's Purple Maple. Purplish crimson foliage in early spring, turning to dark green as leaves expand. We offer a fairly good stock, in large sizes.

14 to 26 ft.	6.00 to 30.00
-------------------	---------------

Acer rubrum, Red or Scarlet Maple. A beautiful tree in autumn, with vivid crimson foliage; the bright red buds give color and cheer in the first days of spring; prefers moist positions.

1½ inch caliper	2.00
2 to 2½ inch caliper	3.00
2½ to 3 inch caliper	4.00
5 to 6 inch caliper, 20 ft. high	12.00

Acer saccharinum (*dasycarpum*), Silver Maple. Fast grower; leaves have a silvery color underneath. Our stock is mostly very large, we offer large trees very cheap. We also offer 500 young trees.

3-year old, in lots of 10, or more	.50
--	-----

Acer saccharum, Sugar or Rock Maple. Beautiful in autumn; straight, upright grower.

2 to 2½ in. caliper, 14 ft. high	3.00 to 3.50
Slender, 6 to 8 ft	.75 to 1.00

Acer palmatum (*polymorphum*), Japanese Maple.

Bright green foliage in spring, turning scarlet to purple in fall. Dwarf.

8 ft., heavy	10.00 to 15.00
--------------------	----------------

Acer palmatum, var. *aureum*, Golden Japanese Maple. Beautifully cut, golden leaves; dwarf.

15 to 18 years old, B & B	5.00 to 10.00
---------------------------------	---------------

Acer palmatum, var. *atropurpureum*, Blood-Leaved Japanese Maple. Small, compact; foliage blood-red to purplish-red.

18 to 24 inches	6.00
2½ ft.	7.50
5 to 6 ft.	16.00

	Each
Acer palmatum , var. dissectum , Cut-Leaved Weeping Japanese Maple. Dwarf; broad; light green foliage. 15 to 18 years old, 3 ft. high, 4 to 8 ft. broad, B & B	8.00 to 15.00
Aesculus carnea (rubicunda), Red-Flowered Horse Chestnut. Very heavy trees	4.00 to 10.00
Aralia spinosa , Hercules Club. A robust, tropical looking plant with pinnate leaves; has plumes of white blossoms in summer, followed by a crop of dark berries. 8 ft.	2.00
12 ft., double, heavy	4.00
Carpinus caroliniana , American Hornbeam. Good for screen or hedge; hardy. 3 to 4 ft.	1.50
Catalpa Bungei , Umbrella Catalpa. For formal use. 5 to 6 ft. stems, 2-year heads	2.00
7 to 8 ft. stems, 3½ in. caliper, heads 4 ft. wide	6.00
Cercis canadensis , American Judas, or Red Bud. Rich purple flowers in early spring. 2½ ft.	2.00
8 ft.	2.50
Cercis Japonica (see shrubs).	
Cornus (see shrub list).	
Cornus florida , White Flowering Dogwood. White flowers in early spring; red berries in fall. 4 ft.	1.00
5 to 6 ft.	1.50
10 to 12 ft.	8.00
Cornus florida rubra , Pink Flowering Dogwood. Flowers suffused with bright pink; red berries in fall. 2 to 3 ft.	1.50 to 2.50
3 to 4 ft.	3.00
Ginkgo (See <i>Salisburia</i>).	
Gleditschia triacanthos , Honey Locust. Racemes of fragrant flowers. 4 ft.	1.00
Gymnocladus canadensis , Kentucky Coffee Tree. Divided foliage; of a tropical aspect. 12 to 14 ft.	3.00
Larix , Larch. Rapid-growing trees; rich green, pine-needle foliage. While not evergreens, they are conifers. 4 ft., B & B	2.00

	Each
Liriodendron tulipifera , Tulip Tree. Fragrant yellow flowers.	
6 to 7 ft. B & B	1.25 to 2.00
Magnolia glauca , Swamp Magnolia. Sweet-scented white flowers in summer.	
8 to 10 ft., 7-year	7.50
Magnolia kobus . A very free-blooming white variety; hardy and robust.	
7 to 8 ft. Will bloom this year	12.00
2 year layers, 2 ft., very bushy	2.50 and 3.50
Magnolia lennei . Reddish purple flowers.	
3 to 4 ft. Will bloom this year	7.00
Layers, 2 to 2½ ft.	2.50
Magnolia soulangeana . Flowers pink, shaded with white. Hardy, vigorous.	
4 to 5 ft. Will bloom this year	7.00
3-year layers, 3 ft.	3.00
2-year layers, 2 ft.	2.50
Magnolia tripetala . A tropical-looking tree, having immense broad leaves; yellowish flowers, which are followed by red, cone-like seed-pods.	
5 to 8 ft.	3.00 to 6.00
Persica flore-plena . Double Flowering Peach. Pink, red, or white. A beautiful tree for planting.	
4 ft.	1.00
3 or 4 year	2.50
Platanus Orientalis , European Sycamore, Plane.	
Fine for planting in city streets; it will resist conditions where others fail. It is of rapid and symmetrical growth; thrives in soils too wet for Norway Maples, and seems to resist smoke and dust. In lots of 10, or more:	
1¾ inch, about 12 ft.	2.25
2 inch, about 12 ft.	3.00
Larger trees, up to 6 inches caliper, special price.	
Populus fastigiata (Italica) , Lombardy Poplar. A rapid, pyramidal-growing tree. Useful to screen objectionable views.	
Each	1.00, 1.50, 2.50 and 3.00
Prunus Pissardi , Purple-leaved Plum.	
4 to 5 ft.	2.50
Quercus, palustris , Pin Oak. Pyramidal habit. Deeply cut leaves. Graceful, spreading.	
10 ft., 1½ to 2 in.	2.50
Quercus rubra , Red Oak. A rapid, robust grower. Has large leaves; rich fall color.	
10 ft., 1¾ to 2 in.	3.00

	Each
Quercus phellos , Willow Oak. A rapid and pretty grower; will thrive in moist ground. 10 to 12 ft., 1¾ to 2 in.	4.00
Quercus velutina (tinctoria), Black Oak. Tall, open-headed, stately. Retains browned leaves in winter. 10 to 12 ft., 1¾ to 2 in.	2.50
Quercus macrocarpa , Mossy Cup Oak. Tall with wide spreading head and massive branches; twigs of branches are covered with a peculiar cork bark which is interesting. 12 ft., 1¾ to 2 in.	4.00
Salisburia adiantifolia (Ginkgo biloba), Maidenhair Tree. Will thrive in smokey situations. Foliage turns brilliant yellow in fall. 15 ft., 2½ in. 12 ft., 2 in.	3.50 3.00
Salix babylonica , Weeping Willow. Rapid grower. Will succeed in almost any soil. It is well known as one of the most graceful trees in existence. Each	1.50 to 3.00
Tillia Americana (Carolina), American Linden. Large, broad leaves; rapid grower. Specimen, 3½ to 4 in. caliper 10 ft.	10.00 to 12.00 2.50
Ulmus Americana , American Elm. A rapid grower, it becomes a tall, majestic tree of great spread, it is very long-lived. 18 to 25 ft. 10 to 11 ft., 1¾ to 2 in.	15.00 2.50

Deciduous Shrubs

	Each
Amygdalus , Flowering Almond. Pink, or White, flowers in May. 3 ft.	1.00
Azalea mollis . Large flowers, of shades of yellow, salmon, etc. 15 to 18 in.	2.00
Azalea nudiflora , Woods Honeysuckle. Low, with deep pink flowers in early May. Useful for shady moist places. 2 ft., bushy 3 ft., bushy	2.00 3.00
(Cheaper Price on Quantity)	
Benzoin aestivale (<i>odoriferum</i>), Spice Bush. Small yellow flowers in April, bright red berries in fall. 4 to 6 ft., heavy	1.00
Berberis thunbergii , Thunberg's Barberry. Low and spreading; bright red berries in fall; makes a good hedge. 15 to 18 in. 2½ ft.	.25 .35
Buddleia veitchi , Butterfly Bush. Beautiful spikes of fragrant, purple flowers in late summer. 2-year Very heavy	.50 .75
Callicarpa purpurea , Beauty Fruit. Very small flowers of a purplish shade in July, and followed by pretty purple berries, borne in great profusion the entire length of the branches, in autumn. Each	.85
Calycanthus floridus , Sweet Shrub. Large leaved and brown flowers; thrives in sun or shade. Each	.60
Cercis canadensis (See Deciduous Trees).	
Cercis japonica , Judas Tree. Strong growing; heavily laden with rich purplish pink blossoms, which resemble small sweet peas. Handsome waxy green foliage. 2 ft.	2.00
Citrus trifoliata , Hardy Japan Orange. Fragrant, white flowers; beautiful foliage. The little oranges are pretty but not edible. 4 to 5 ft.	2.50

	Each
<i>Clethra alnifolia</i> , Sweet Pepper Bush. White, fragrant flowers in early summer; of dwarf habit. Each	.60
<i>Cornus Florida</i> (See Deciduous Trees).	
<i>Cornus Florida rubra</i> (See Deciduous Trees).	
<i>Cornus lutea</i> . Yellow Wood. 4 to 5 ft.	.60
<i>Cornus paniculata</i> .. Grows fruit that attracts the birds. 2 ft.	.25
3 ft.	.30
<i>Cornus sanguinea</i> . Red Siberian Dogwood. Bright red bark. Each	.60
<i>Cornus serica</i> . Reddish brown bark. Each	.60
<i>Cydonia</i> , Japan Quince. Flaming red flowers in April. Each	.60
<i>Deutzia gracilis</i> . Dwarf and compact; small white flowers.	.50
<i>Deutzia</i> . Pride of Rochester. Double, pink-and-white flowers. 5 ft.	.75
<i>Euonymus alatus</i> , Japanese Cork-barked <i>Euonymus</i> . Leaves turn scarlet in autumn; berries red. 4 to 5 ft., 5-year	1.25
<i>Forsythia</i> , Golden Bell. Bright yellow flowers early in April. 5 ft.	.50
<i>Hibiscus syriacus</i> , <i>Althaea</i> , or Rose of Sharon. In varieties. 2 ft.	.50
4 to 5 ft.	1.00
<i>Hydrangea arborescens gradiflora</i> , Hills of Snow. Showy white flowers in early summer. $\frac{3}{4}$ ft.	.75
<i>Hydrangea paniculata gradiflora</i> .. The large cones of the white flowers change to pink, after which they become purplish brown. Very hardy. Lights plants	.50
2-year, heavy	.75
2-year, heavy	1.25
Tree form	1.25
<i>Hypericum calcynum</i> , St. John's Wort. Useful as a ground cover. Yellow bloom in summer. Each	.50

	Each
Ligustrum ibota , Siberian Privet. Upright; white flowers; black berries. 4 to 5 ft.	.50
Ligustrum ibota , var. <i>regelianum</i> , Regel's Privet. Low spreading shrub. 4 ft.	.50
Ligustrum ovalifolium , California Privet. While the primary use of this shrub is as a hedge plant, it is also of much use as a specimen. We have it trimmed to globes, standards and large, compact bushes; some of very large dimensions. These plants are very valuable to give immediate effect in a new place; are excellent for seashore, about railway stations and many places where other shrubs would be anything but thrifty. 2-year, culls, per hundred 2-year, 2 to 3 ft., per hundred 2-year, 3 to 4 ft., per hundred 3-year, 4 to 6 ft.	2.00 5.00 8.00 Write for Prices
Lonicera , Bush Honeysuckle. 3 to 4 ft.	.60
Philadelphus coronarius , Mock Orange. White, fragrant flowers. 3 to 4 ft. 4 to 5 ft., heavy	.60 .85
Spiraea , Anthony Waterer. One of the very best dwarf Spireas; blooms from June to October; flowers are crimson. 2 to 3 ft.	.75
Spiraea Billardi . Pretty pink flowers through latter part of summer. 5 to 6 ft.	.60
Spiraea Prunifolia (Bridal Wreath). Small, double, white flowers in May, covering entire branches; grows tall and erect. 3 to 4 ft.	.50
Spiraea Reevesiana . Very pretty clusters of white flowers in May, slow grower. 3 ft.	.40
Spiraea Van Houttei . One of the very best. Grows tall but very easily kept within bounds; the pretty little flowers are borne in clusters and the plant, when in bloom, is entirely covered. 3 to 4 ft.	4.25 doz. .50
Symphoricarpos racemosus , (White Snowberry), Low, shade-loving plant; small pink flowers in May, followed by white berries, which remain	

	Each
bright until very cold weather.	
2 to 3 ft.	.50
Symphoricarpos vulgaris (Indian Currant). Dwarf shrub thriving in shade; red berries borne in great profusion the entire length of the branches and remain bright until after leaves fall.	
2 to 3 ft.	4.50 doz. .45
Syringa , Lilac.	
Syringa vulgaris . Common purple lilac.	
3 to 4 ft.	.50
Syringa vulgaris alba . Common white Lilac	
3 to 4 ft.	.60
Viburnum dentatum , Arrowwood. White flowers in May, followed by crimson fruit, which changes to black.	
4 ft.	.65
Viburnum opulus , High Bush Cranberry. White flowers in June, large red berries in autumn.	
3 to 4 ft.	.75
4 to 5 ft.	1.00
Viburnum plicatum , Japan Snowball. White flowers, set in pairs, are dotted evenly the entire length of the branches, changing from greenish white to the purest white; foliage is rich green.	
3 to 3½ ft.	.85
Viburnum tomentosum . White flowers in May and scarlet berries in autumn; noted for its elegant, compact shape and rich green foliage, which colors beautifully after frost.	
6 ft.	1.00
Weigelia . A group of shrubs that should be more generally planted. They are free bloomers, have no insect enemies, and thrive in almost any soil.	
Weigelia candida . White flowers in June.	
2 to 3 ft.	.50
3 to 4 ft.	1.00
Weigelia Eva Rathke . Deep carmine-red, flowers, from early June to frost; foliage turns rich shades of reddish bronze in autumn. Dwarf.	
2 ft.	.75
Weigelia floribunda . Red flowers; rapid grower.	
2 to 3 ft.	.50
3 to 4 ft.	1.00
Weigelia rosea . A variety of much merit, having a wealth of rosy pink flowers in June.	
2 to 3 ft.	.50
3 to 4 ft.	1.00

Plants For Shady Places

There is an almost constant demand for shrubbery, etc., that will thrive best under partial shade, or on the north side of a house, where the full effect of the sunlight never reaches. We name a few such plants.

Each

Azalea nudiflora , Woods Azalea, or Honeysuckle. Low, with deep pink flowers in early May. Use- ful for moist places.	
2 ft., bushy	2.00
3 ft., bushy	3.00
(Prices cheaper, if quantity is wanted)	
Benzoin aestivale (odoriferum), Spice Bush. Small yellow flowers in April, bright red berries in fall.	
4 to 6 ft., heavy	1.00
Berberis thunbergii , Thunberg's Barberry. Low and spreading; bright red berries in fall; makes a good hedge.	
18 to 20 inches	.20
2½ ft.	.35
Cercis japonica , Judas Tree. Strong growing; heav- ily laden with rich, purplish pink blossoms, which resemble small sweet peas. Handsome waxy green foliage, scarce.	
2 ft.	1.50
6 to 7 ft.	2.00
Cornus florida , White Flowering Dogwood. White flowers in early spring, red berries in fall.	
4 to 5 ft.	1.00
5 to 6 ft.	1.50 to 2.50
Cornus lutea . Yellow wood.	
4 to 5 ft.	.60
Cornus paniculata .	
2 ft.	.25
3 ft.	.30
Cornus sanguinea , Red Siberian Dogwood. Bright red bark.	
Each	.60
Cornus serica . Reddish brown bark.	
Each	.60
Kalmia latifolia , Mountain Laurel. Dark green fol- iage, snowy masses of pink flowers in June.	
12 to 18 in.	1.00
2 to 2½ ft.	2.25
2½ to 3 ft., heavy	3.00

	Each
Rhododendron maximum , Mountain Rhododendron, or Great Laurel. Blooms about mid-summer in shades from pale rose to deep pink.	
18 to 24 in.	1.50
2 to 2½ ft.	2.00
3 to 4 ft.	3.00
4 to 5 ft.	5.00
Yucca filimentosa , Adam's Needle. Evergreen leaves, white lily-like flowers borne on long stems.	
5 year-old	1.25
Celastrus scandens , Bittersweet. Rapid grower. Orange-yellow fruit in late autumn. Strong, bushy plants.	
3 year	.50 and .75
Clematis paniculata , Bridal Bower. White, feathery flowers in August; rapid grower.	
3 year	.50
German Iris , eight varieties, divisions.	
Each	.20
Japanese Iris , divisions.	
Each	.25

Hardy Grasses and Reeds

	Per clump .50
Arundo donax . A very tall Bamboo, growing 10 to 12 ft. high; has long, drooping, light green fol- iage and pretty plumes.	
Eulalia gracillima . A rich green, robust Grass; very graceful. Grows about 5 ft. high.	
Eulalia japonica . Has broad, dark green leaves; about 6 ft. high.	
Eulalia japonica variegata . A pretty Grass, with green and yellow stripes, also very nice plumes; 4 feet high.	
Eulalia japonica zebrina . Green, with yellow spots dotted along the leaves; grows about 5 feet high.	
Phalaris , Ribbon Grass. Two varieties. One has golden and green stripes; the other, silver and green stripes; both are used as border to Grass beds; they grow from 2 to 3 feet high.	

Vines and Climbers

	Each
<i>Akebia quinata</i> , Five Fingered Vine. Shiny foliage; clusters of purple, fragrant flowers. Each75	
<i>Amelopsis veitchii</i> , Japanese or Boston Ivy. Strong climbing vine. The popular vine for walls. Beautiful leaves in fall 2-year strong30	
<i>Bigonia radicans</i> , Trumpet Vine. Orange flowers, late summer until frost. Each50 and up	
<i>Celastrus scandens</i> , Bitter-Sweet. Rapid grower. Orange-yellow fruit in late autumn. Strong, bushy plants. 3 year50 and .75	
<i>Clematis paniculata</i> , Bridal Bower. White, feathery flowers in August; rapid grower. 3 year50
