Dahlia and Gladiolus Specials

FOR the busy people who have not had time to make up their dahlia and gladiolus orders, we have arranged several collections that will make interesting garden groups and that have the added interest of a 20 to 30% discount from regular catalog list.

Our intention has been to include in these special offers only such dahlias and gladiolus as we are sure we have in large enough quantities to fill all orders. But varieties that "go over big" vary from year to year for reasons that no grower can foretell and as we do not make a practice of substituting if sold out, we suggest that you send in your order by the first possible mail.
