MONTGOMERY GARDENS

PRICE LIST OF
GARDEN PLANTS, SUMMER FLOWERING
BULBS, PLANTS AND SHRUBBERY.

OUR FIRST GREENHOUSE

We have been growing plants under glass for several years past and shipping to our customers living in other states. These plants are well grown, strong, sturdy, healthy plants, and lightly packed they will carry a long distance. They can be shipped fresh, well packed at the beds, on a day's notice. All plants quoted "by mail" are sent at our expense; by "express the purchaser is to pay the express charge. We make no extra charge for packing or boxes. Plants are grown in greenhouses, hot beds and cold frames and are ready during April, May and June. However, it will be well to make your selections early and send your order, so that there will be no delay, as the help here on our garden is doing double time at plant setting time. So send us your order as soon as possible, as all orders are sent out as they come in—we have no favorites. No order too small to receive our closest attention.
