We Have a New Address

We have left our old stamping ground, where we dispensed trees and goodwill for thirteen years, and have taken larger quarters!

For several years we have been cramped for room at Riverside and Monroe Streets, and it has been worse the past season than ever before.

We are now in an ideal location, though a bit farther from the business district.

You will find us on the Southeast corner of East Sprague and Haven Streets, three short blocks from the entrance to the Interstate Fairgrounds.

Right on the East Sprague car-line, and only a few moments' ride from Howard and Riverside, the business heart of our Spokane, by either street car or auto.

Here we have plenty of room for autos to park, lots of sunshine and ample space to display our Trees and Shrubs, Evergreens and Roses to the best advantage.

Come and see us! We will be glad to have you call at the little white office with the green roof.
