Photograph Showing a Vase of Our New Golden Yellow Rose "Mrs. Calvin Coolidge"

NEW HARDY GOLDEN YELLOW ROSE

MRS. CALVIN COOLIDGE. This wonderful new golden yellow rose, which we are introducing this season, is the best all-around yellow rose that we have ever grown. It is similar in habit to Ophelia and Mme. Butterfly, but in color, deep golden yellow, which deepens into a rich orange yellow as the flower develops. Most of the yellow roses now grown lose their color and lighten as the flower develops, but this variety deepens and is the best keeping variety after being cut that we have. It is equally as desirable for outdoor blooming as it is for growing in the greenhouse. This variety has splendid foliage, very distinct, dark green, and is a remarkable producing sort. Grafted plants, extra heavy, 3½-inch pots, \$1.00 each; \$10.00 per dozen; \$75.00 per 100.

ROSES FOR THE GREENHOUSE AND GARDEN

We can supply the following new and well-known choice standard sorts for growing in the greenhouse or for planting in the garden. If planted now, will bloom splendidly this summer. These varieties are hardy, but like other Hybrid Tea varieties, need protection during the winter months in some parts of the country.

SOUVENIR DE CLAUDIUS PERNET. This new French variety is of the Pernetiana type. It is a very vigorous grower of branching habit. Foliage, dark green. Buds, long and pointed of exquisite shade, carried on long stiff stems. Flowers very large, beautifully formed. Color deep lemon-yellow. Grafted plants, extra heavy, 3½-inch pots, \$1.00 each; \$10.00 per dozen.

TEMPLAR. The flower is a clear even shade of red that does not blue or purple as the flower ages and holds the color well at all seasons of the year. It has good stem and foliage. The flower is medium in size and compares favorably with Mme. Butterfly. It is a good producer, very free flowering and the flowers are very fragrant. Grafted plants, extra heavy, 3½-inch pots, \$1.00 each; \$10.00 per dozen.

AMERICA. This new pink variety is a strong grower; flowers beautiful shade of pink, with long pointed buds of immense size. Very fragrant. Grafted plants, extra heavy, 3½-inch pots, 85c. each; \$8.50 per dozen; \$60.00 per 100.

AMERICAN BEAUTY. The well known favorite. Color, deep rose. Very fragrant. Own root plants.

COLUMBIA. A very fine pink variety; splendid grower; one of the best.

CRUSADER. Flowers rich velvety crimson. A free flowering, strong growing red rose.

FRANCIS SCOTT KEY. Deep rosy red. Very full and double. Grafted plants, extra heavy, 3½-inch pots, 85c. each; \$8.50 per dozen; \$60.00 per 100.

KILLARNEY, DOUBLE WHITE. Flowers pure white, similar to the White Killarney, but with more petals.

MIGNON, or CECILE BRUNNER. Flowers small, light rose pink. Fine for corsages. Own root plants.

MME. BUTTERFLY. A sport of Ophelia, having the same good qualities as that variety but with the color of the flowers improved and intensified.

MRS. AARON WARD. Golden orange, changing to creamy yellow, with white at tips of petals.

MRS. W. G. HARDING. A fine rose pink, shading to carmine. Very strong grower, with long stiff stems.

PILGRIM. A fine, long stemmed pink variety. Splendid grower and producer.

PREMIER. One of the finest and best producing of the standard roses. Color, deep carmine pink.

All of the above varieties, grafted plants, extra heavy, 3½-inch pots, 75c. each; \$7.50 per dozen; \$50.00 per 100; except where noted.
