A & M RELIABLE SEEDS AND BULBS

A & M Reliable Seeds and bulbs are selected with the greatest of care. They are the result of years of experience in seed and bulb growing in California and we offer them as the highest quality obtainable. Out of town orders entrusted to us will receive our best attention.

All bulbs and seeds listed in this catalogue may be planted in Southern California during the autumn for winter and Spring blooms and vegetables.

Ask for our Spring Catalogue ready about January 1st.

RADIO GARDEN TALKS

Broadcast over K.H.J. The Times, Los Angeles, California

**By Fred C. McNabb
Of Aggeler & Musser Seed Co.,
Wednesday, 1:30 P.M., each week.**

Mr. Fred C. McNabb has been broadcasting general garden information over K.H.J. for more than two years and has gained a host of enthusiastic friends and listeners-in. His talks are to the home gardener. They are timely, instructive and to the point.

Let Mr. McNabb help you solve your garden problems.

BULBS BY MAIL

We give special attention to careful packing. We exercise every precaution to have our bulbs clean and free from all pests. They are inspected by our State Horticultural Agent before we offer them for sale. Because of our State Quarantine Laws, all bulbs shipped by mail must again be inspected at destination. This often necessitates a delay in delivery.

Prices are postpaid except where otherwise noted.

ALL PRICES IN THIS CATALOGUE ARE SUBJECT TO CHANGE WITHOUT NOTICE.

NON-WARRANTY: Note—There are so many contingencies to be encountered in growing plants from seed and in setting out plants that are dependent on the weather and other conditions over which we have no control, that success in planting is not altogether dependent on the seed or plant. We will send out only seed and bulbs which we believe will grow and produce the kind of plant and variety represented, but:

Aggeler & Musser Seed Co. give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, plants or trees they send out, and they will not be responsible in any way for the crop.

AGGELER & MUSSER SEED CO.

Bulbs For Autumn Planting

A & M CHRYSANTHEMUM FLOWERED ANEMONE

The front cover of this catalog displays this marvelous flower. It is a handsome new introduction more double than the Giant French type that you know so well, yet maintaining all of the beautiful coloring of the original type and is just as sturdy in its growth and just as simple in its culture. This is a mixture of many beautiful colors. Plant 1½ inches deep and 5 or 6 inches apart. \$1.00 per doz., \$7.00 per 100.

A & M GIANT SINGLE ANEMONE

Should be planted during the fall and winter in slightly raised beds. The bulbs should be soaked in water before planting. The pointed extensions on these bulbs should be placed downward. Plant 1½ inches deep and 5 to 6 inches apart. This fine mixture of single poppy-like flowers includes a great variety of colors: Red, pink, blue, white, scarlet, etc.

Large, 75c per doz.; \$5.50 per 100.

AGAPANTHUS

Blue African Lily

(Packing and Postage 15c per doz.)

A very hardy and sure blooming lily, bearing clusters of bright blue flowers on stiff stems about three feet high. The leaves are long, glossy and very decorative. 35c each, \$3.50 doz.

ALLIUM NEAPOLITANUM

This charming, star-like flower is not well known, but is appreciated by all who grow it because of its splendid cutting qualities. The flowers are small, pure white with black centers and grow in loose clusters. May be used nicely as a filler in bouquets. Grows well in any good garden soil. 35c per doz., \$2.50 per 100.

AMARYLLIS

BELLADONNA

(Packing and Postage 15c per doz.)

This variety has luxuriant green foliage during the fall, winter and spring. During late spring the foliage dies off and in July and August the flower stalks rise from the bare ground with umbels of lovely, rose pink lilies. The flowers are fragrant and keep well. The bulbs should be planted during the fall, but do not always flower the first year if planted late.

Large size, 25c each, \$2.50 per doz.

Small size, 15c each, \$1.50 per doz.

JOHNSONII

A handsome red with white stripe through each petal. Large size 25c each, \$2.50 per doz.

VITTATI HYBRIDS

The finest of this class. The flowers have six petals of velvety texture, which curve back and open wide so

A & M Giant Single Anemone

that these gorgeous flowers often measure 8 to 10 inches across. The colors vary through all shades of red, scarlet, pink and white. This flower is comparatively new and the supply is limited, but because of the gorgeous coloring and enormous size it is increasing in popularity each year. Extra fine bulbs 75c each.

BLEEDING HEART

"Dicentra spectabilis"—An old garden flower that through its easy cultivation and beauty has held its place for many years in garden lovers esteem—Grows about 18 inches high. The bloom is of rosy red color and very attractive. Plant in shady location. 75c each, \$7.50 per doz.

BEGONIA

Tuberous Rooted

Ready about January 1st, see general catalog.

CANNAS

Ready for shipment in January. See general catalog for list and description

BRODIAEA CAPITATA

"Wild Hyacinth" or "Cluster Lily"

A California native bulb growing in clusters from 1 to 2 feet high and producing dainty flowers of violet blue. They are of easy culture thriving in hot or dry places in any good soil. Plant 3 inches deep. 50c doz., \$3.50 per 100.

BRODIAEA LAXA

A handsome, large flowering variety. There are 20 to 30 large purple flowers to an umbel. Height about 2 feet. Will thrive in either sun or shade. 50c doz., \$3.50 per 100.

BRODIAEA GRANDIFLORA

Commonly called "Harvest Brodiaea." Flowers later than Brodiaea Laxa. Spreading umbel of large purple flowers on stems 12 inches in height. 50c doz., \$3.50 per 100.

MIXED BRODIAEA

This mixture contains Brodiaea Capitata, Laxa, Lactea, Bridgesii, Gracilis, Congesta Ixioides and Grandiflora. A Grand Collection. 50c per doz., \$3.50 per 100.

CALADIUM

Elephant Ear

(Packing and Postage 15c per doz.)

Ready for shipment in December.

A semi-aquatic plant, requiring a warm location and plenty of water. They may be kept growing throughout the year in most localities in this state, but should they be frosted down they will soon make new growth. The large leaves are very ornamental. 25c each.

A & M COLORED FREESIAS

Freesia

CINNAMON VINE

Dioscorea Batatas

A shiny leaved rapid growing vine growing from a tuber which may be planted from December to spring. It is called Cinnamon Vine because of its clusters of cinnamon scented white flowers. The foliage dies during the winter and the new shoots start early in spring from old tuber.

15c each, 2 for 25c.

CROCUS

One of the first flowers to bloom in the early spring. Grows 3 to 4 inches high and is excellent for borders or masses. Will do well in partial shade.

Baron Von Brunow—Dark Blue.

Sir Walter Scott—Blue, white striped.

King of Whites.

Mixed—All Colors.

50c per doz., \$3.50 per 100.

Extra Large Yellow—75c per doz., \$5.00 per 100.

DAHLIAS

Ready for shipment March 1st. Write for special bulletin.

Freesias may be planted from July until January. They are easily grown, blossom freely early in the spring and the bulbs will multiply and continue blooming for years. The soil should be well prepared and though they grow well in full sun they also may be planted in partial shade. All Freesias are fragrant and make good cut flowers.

We are offering a complete list of Frey's wonderful new colored Freesias. They have been developed through years of work and are indeed a splendid achievement. You will be proud to have them in your garden and whether you choose the pastel shades, or the bright colors, they will be something different in the way of cut flowers and please both you and your friends.

Mrs. Marc Peter—A new variety of a very attractive deep rosy salmon shade with lower petals blotched orange and yellow. Flowers are of good size and open up well. One of the earliest colored freesias to bloom, and a fine cutting flower. This is the first year that this beautiful Freesia has ever been on the market and the supply is limited.

15c each, \$1.50 per doz., \$10.00 per 100.

Amethyst—A beautiful amethyst blue with light center. This variety is of very strong sturdy growth.

10c each, \$1.00 per doz., \$6.50 per 100.

Yellow Prince—A somewhat darker flower than California, stems extra long and wiry. Good for cutting.

10c each, \$1.00 per doz., \$6.50 per 100.

California—A large flower of a bright golden yellow, extra fine, strong growth and long stems, one of the very finest yellow freesias.

10c each, \$1.00 per doz., \$6.50 per 100.

Carmencita—Medium sized flower of a beautiful light orange salmon hue with buff shadings on the lower petals, long wiry stems.

10c each, \$1.00 per doz., \$6.50 per 100.

Aurora—A large flowering yellow suffused with orange, a variety which has many admirers. 10c ea., \$1.00 per doz., \$6.50 per 100.

Carrie Budau—A lavender pink, a great improvement over Gen. Pershing, larger flowers and heavier stems, an enormous grower and producer. 10c each, \$1.00 per doz., \$6.50 per 100.

Ilena—Deep rosy lavender, white throat, deep orange blotch on lower petals and good stiff stems. Flowers large and very attractive. 10c each, \$1.00 per doz., \$6.50 per 100.

June Michelsen—Large flowering, deep rose pink with light blush throat, three lower petals and veined purplish crimson with a deep yellow blotch on center petal. Good stiff stems and strong constitution. A variety of special merit. 10c each, \$1.00 per doz., \$6.50 per 100.

Olivette—Bright carmine red with light yellow throat, lower petals having a deep yellow blotch with crimson veins. Very profuse bloomer. 10c each, \$1.00 per doz., \$6.50 per 100.

Gen. Pershing—Lavender pink. 10c each, 75c per doz., \$4.50 per 100 mixed.

A & M Prize Colored Freesia Mixture—Consisting of many named varieties and a well balanced color combination. 75c per doz., \$5.00 per 100.

WHITE FREESIAS

	Doz.	100	1,000
Purity Mammoth	\$.35	\$2.50	\$20.00
Purity Large	.25	1.50	10.00

ERYTHRONIUM

"Dog's Tooth Violet"

CALIFORNICUM

Beautiful little plants for growing in a shady location. The leaves are large and richly mottled. The flowers are cream colored with often 5 or 6 to a stem. They prefer a loose soil mixed with leaf mold and should be planted 2 inches deep. 5c each, 50c doz., \$3.50 per 100.

HENDERSONI

This variety is like the Californicum but the flowers are light purple with deep maroon centers. 5c each, 50c doz., \$3.50 per 100.

Calla

(Packing and Postage 15c per doz.)

Calla Elliotiana

AETHEOPICA

White Calla

Very popular for outdoor bedding in California. They should be taken up every fourth year and the bulbs separated. Dig during June, dry thoroughly and transplant. First size bulbs 35c each, \$3.50 per doz. Second size bulbs 20c each, 2 for 35c, \$1.75 doz.

ELLIOTIANA

Yellow Calla

(Ready about Dec. 1st.)

One of the most attractive flowers grown, suitable for outdoor bedding or for pot culture. The blossom is large and a deep golden yellow. The leaves are spotted white. Small size 35c each, \$3.50 per doz. Large size 50c each, \$5.00 per doz.

GIANT BLACK

Arum Pictum

A most remarkable and rare plant having flowers shaped like the ordinary Calla but is a crimson maroon color so dark that it appears to be black. The plant grows to a height of about 3 feet and the foliage is very decorative. Each 65c.

LEUCOJUM VERNUM

Snowflakes

Dainty little white bells with a bright dot of green, hanging gracefully on stems eight to ten inches long make these little early spring flowers a delight to all. Plant the bulbs 3 inches deep and give the same culture as Narcissi.

80c per doz., \$5.75 per 100.

CAMASSIA LEICHTLINII

Has large star-shaped purple flowers on stems from 2 to 3 feet in height. Plant this bulb from 4 to 5 inches deep in any ordinary soil. Give lots of water when in growth and in flower.

65c per doz.

CALOCHORTUS

CALOCHORTUS VENUSTA

Marispa Lily

El Dorado. This strain has erect flowers varying in color through white, lilac, purple and pink. They will grow in sun or part shade and a more sandy soil than the others. This is a very popular variety. 10c each, 75c doz.

CALOCHORTUS ALBUS

Fairy Lantern or Fairy Bell. These dainty, creamy white flowers which are pendant like bells often have 10 to 20 flowers blooming at the same time on a plant, and give an effect which is quite charming. They require partial shade. 60c doz.

CALOCHORTUS PLUMMERAE

Late Flowering Mariposa Lily

Large, beautiful, lavender flowers lined with silky yellow hairs. An easy variety to grow. Height 2 to 3 ft. 10c each, 90c per doz.

CHIONODOXA

Glory of the Snow

Chionodoxa

These are lovely early spring flowers blooming in February, March and April and are usually used for borders or for pot culture. The flowers are blue with six or more to a stem. The bulbs may be left in the ground, lifting only every 3 or 4 years. Plant 3 in. deep, 4 in. apart. 10c each, \$1.00 doz., \$7.00 per 100.

GALANTHUS

Snowdrops

Dainty little pendulous flowers which bloom early in the spring. The bell shaped flower is white tipped with green. They prefer a cool, moist situation. 10c each, 75c doz., \$5.50 per 100.

Ixia

IXIAS

A small bulb producing attractive flowers on graceful stems twelve to eighteen inches high, requiring the same culture as Freesias. The flowers are excellent for cutting because of their grace and unusual keeping qualities. Ixias are growing increasingly popular and each year more of the European varieties are being imported to be grown as cut flowers.

Besides our mixture we have added the following separate colors:

Rich Yellow, black center.

Carmine Rose.

Green and Black.

Double Rose.

75c per doz., \$5.50 per 100.

Mixed 60c per doz., \$4.00 per 100.

Fancy Leaved Caladium. Ready About January. Write for Annual Catalog. Off the Press About January 1st.

Galanthus

A & M Spring and Summer Flowering Gladioli

(Packing and Postage 10c per doz.)

These Gladioli may be planted from December to June for a succession of bloom. The bulbs may be planted from three to six inches deep in any good garden soil, preferring an open sunny situation. Gladioli are one of our finest cut flowers. The bulbs multiply and the bulblets will bloom the second year.

The popular demand for larger flowers and longer spikes has been quite insistent for the last few years. The following varieties are being offered by Aggeler & Musser Seed Co. to fulfill this demand.

A & M Frilled Felicity—A new and attractive type of flower of a very pleasing shrimp pink. The flowers are beautifully frilled and quite large. The flowering spike is very long producing numerous blooms on each spike. \$5.00 each.

A & M Lavender—A clear lavender self, good form, long spike, medium sized flowers very well arranged on a straight stem. \$5.00 each.

A & M Improved Violet—The best violet that we have ever seen. Flowers are as large as Early Sunrise and are very symmetrical. The petals are placed in a manner that gives this flower distinction. The entire spike is very graceful and the color is entirely out of the ordinary. \$3.00 each.

A & M Ruby—Large bright ruby red flowers with lower petals a velvety, crimson maroon. Throat lighter. This is an unusual color and one that is not found in ordinary standard varieties. Well placed bell shaped flowers. A wonderful keeper when cut. \$2.50 each.

A & M Apple Blossom—A dainty frilled, pure white, edged a beautiful soft pink, shading to sulphur on lower petals, throat slightly streaked purple. Has very good form. \$2.00 each.

A & M Violet—A true violet of medium size and one that has taken well wherever shown. We recommend it as one of the best of this most attractive color. 35c each, \$3.50 dozen.

A & M LOS ANGELES

A new and wonderful Gladiolus

Buds are abalone pink, opening to perfectly shaped frilled flowers of dawn pink, softening to a more delicate shade toward the throat. The lower petals have a vivid scarlet stripe directly through the center shading lighter to the outer edge. The plant is of a branching habit producing three or more blooming spikes, thereby prolonging the flowering season. This is an attractive feature inasmuch as one may cut three or more flowers from one and the same plant. 75c each, \$7.50 per dozen, \$58.00 per 100.

Place your orders now for January delivery.

American Beauty—American Beauty rose color. 75c each, \$7.50 per doz.

Anna Eberius—Deep crimson. 25c each, \$2.50 per doz.

Baron Hulot—Violet. 15c each, \$1.50 per doz.

Purple Glory—Large ruffled flowers of velvety maroon. Very tall and showy. 50c each, \$5.00 per doz.

Pythia—An excellent gigantic flower on very tall spikes. Color a pleasing shade of red. Bulbs 50c each, \$5.00 per doz.

Golden Measure—Deep yellow. 35c each, \$3.50 per doz.

Halley—Salmon pink. 10c each, 75c per doz.

Blue Jay—Light blue, large white on lower petals, yellow center. 25c each, \$2.50 per doz.

Chicago White—White with lavender markings in throat. 10c each, 75c per doz.

Empress of India—Deep maroon red almost black. 10c each, \$1.00 per doz.

Rose Glory—Very large ruffled flower of rose pink deeper in throat. A very fine gladiolus. 25c each, \$2.50 per doz.

Byron L. Smith—Light lavender. 25c each, \$2.50 per doz.

Mary Pickford—Flower and spike delicate creamy white, throat soft sulphur yellow. A wonderful flower. 15c each, 75c doz.

Niagara—A deep cream, throat splashed with lavender, very large flower. 10c each, 75c per doz., \$5.50 per 100.

Princepine—Bright carmine red, with white throat. 10c each, 75c per doz.

Glory of Holland—White with slight tinting of pale pink. 20c each, \$2.00 per doz.

Gretchen Zang—A soft pink blended with scarlet in throat. 10c each, 75c doz.

Golden King—Large golden yellow with crimson blotch. 10c each, \$1.00 per doz.

Florey—(Sometimes called Pasadena). Large flowers slightly ruffled. White with blood red edging, long straight spikes. An extraordinary flower. 20c each, \$2.00 per doz.

Early Sunrise—Deep salmon, orange throat. 20c each, \$2.00 per doz.

E. J. Shaylor—Deep rose pink. 20c each, \$2.00 per doz.

Byron L. Smith Gladiolus

GLADIOLI—Cont'd

America—Soft lavender pink. Very popular. 10c each, 75c dozen.

Evelyn Kirtland—Coral pink. 15c each, \$1.50 per doz.

Francis King—Bright red. 10c each, 75c per doz.

Herada—Mauve. 15c each, \$1.50 per doz.

Ida Van—Salmon red. 10c each, 75c per doz.

Le Marechal Foch—Light pink. 15c each, \$1.50 per doz.

Lily White—White. 15c each, \$1.25 per doz.

Myrtle—Delicate rose pink. 20c ea., \$2.00 per doz.

Mrs. Frank Pendleton—Rose pink, carmine blotch on lower petals. 10c each, \$1.00 per doz.

Mrs. Dr. Norton—Delicate pink. 15c each, \$1.50 per doz.

Panama—Bright pink. 10c each, \$1.00 per doz.

Prince of Wales—Salmon pink. 15c each, \$1.50 per doz.

Schwaben—Yellow. 10c each, \$1.00 per doz.

Virginia—Scarlet. 15c each, \$1.50 per doz.

Grandeur—Deep vermilion pink. 20c each, \$2.00 per doz.

A & M Choice Mixture—10c each, 75c per doz., \$5.00 per 100.

PRIMULINUS

Salmon Beauty—Very large flowers, salmon color with salmon yellow throat. 25c each, \$2.50 doz.

Butterfly—Ruffled salmon yellow flowers. Vigorous growers. 15c each, \$1.50 per doz.

Alice Tiplady—Large flowers of a beautiful orange saffron color. 15c each, \$1.50 per doz.

A & M Primulinus Mixed—10c each, 75c doz., \$5.50 per 100.

BABY GLADIOLI

Ackermani—Salmon.

Blushing Bride—White flaked carmine.

Peach Blossom—Best pink.

Blushing Bride—Blush white, carmine flaked.

80c per doz., \$5.75 per 100.

HARDY IRIS

(Packing and Postage 15c per doz.)

"Sweet Flag of German Iris." This class of plants is becoming increasingly popular. They thrive in almost any soil or situation, growing well in shady places. They also require very little attention, but care should be taken that they have moisture in the summer or the leaves will burn and the plant will be retarded in its growth. The best time for dividing old clumps or setting new bulbs is the fall. The named varieties listed below will produce beautiful orchid-like blooms of large size and delightful fragrance.

NAMED VARIETIES

Albert Victor—Large fragrant light blue. 25c each, \$2.50 per dozen.

Alcazar—Standards lavender, falls velvety purple, bright orange beard, handsome. 50c each, \$5.00 per doz.

Archeveque—Standards rich violet purple, falls velvet crimson. 60c each, \$6.00 per dozen.

Caterina—Lovely light blue, strong grower. 25c each, \$2.50 per doz.

Celeste—A fine azure blue, solid color. 25c each, \$2.50 per doz.

Eldorado—Bronze violet tinged with gold. Very attractive. 35c each, \$3.50 per doz.

Fritzof—Standards soft lavender, falls purple, vigorous and large flowers. 25c each, \$2.50 per doz.

Honorabile—Standards yellow, falls rich mahogany brown netted yellow. 25c each, \$2.50 per doz.

Isolene—Standards lilac pink flushed yellow, falls deep old rose with golden shadings. 50c each, \$5.00 per doz.

Lohengrin—Lilac, also called Chinese violet, large ruffled flower. 25c each, \$2.50 per doz.

Lorelei—Standards light yellow, falls ultramarine blue bordered cream. 35c each, \$3.50 per doz.

Mrs. H. Darwin—Standards white, falls white, netted violet. 25c each, \$2.50 per doz.

Parisiana—White dotted, shaded and frilled with lilac. Large lovely flowers. 35c each, \$3.50 per doz.

Queen of May—Soft rose, flushed lilac, very beautiful. 25c each, \$2.50 per doz.

Stylosa—Lilac blue, earliest bloomer. 25c each, \$2.50 per doz.

COMMON VARIETIES

	Per Doz.	Per 100
Blue Shades	50c	\$3.50
Purple	75c	5.50
White	50c	3.50
Yellow and Bronze		
Shades	75c	5.50

IRIS SUSIANA**MOURNING IRIS**

A most odd and beautiful Iris from Persia. Grows to a height of about 14 inches and blooms in May. The flower is large with delicate oriental purple tracings on a silvery background of gray. Plant rhizomes 3 inches deep, 12 inches apart. Stock very limited.

\$1.00 each, \$10.00 per dozen.

SPANISH IRIS

This universally admired Iris blooms during April and May from fall planted bulbs. The lovely coloring, graceful stems and splendid keeping qualities

Spanish Iris

of these flowers make it one of our most desired cut flowers. Plant two or three inches deep in good loamy soil.

Ophir d'Or—(New) Deep yellow (long stems.)

Queen Wilhelmina—White.

Excelsior—Light blue, orange blotch.

Solfaterre—Deep purplish blue, yellow blotch.

Gypsy Queen—Best bronze.

10c ea., \$1.00 per doz., \$7.00 per 100.

Mixed 90c per doz., \$6.50 per 100.

DUTCH IRIS

This is a new strain similar to the Spanish Iris. The flowers resemble in general appearance those of the Spanish but are larger. The habit of growth is more vigorous and their blooming season earlier. A long succession of bloom may be had if the Spanish and Dutch are grown together in the same bed.

Hart Nibbrig—Dark blue.

David Teniers—Falls yellow, standards pale lavender.

Van Everdingen—Yellow.

Hobbema—Primrose, blue standard.

10c ea., \$1.00 per doz., \$7.00 per 100.

Mixed \$1.00 per doz., \$7.00 per 100.

Hardy Iris

HYACINTHS

L'Innocence

We have selected for you those Hyacinths that most nearly measure up to our ideal of quality. They may be planted from October to January. Plant in rich, light soil to a depth of five or six inches. The crown should always be covered at least four inches. Hyacinths outdoor or pot grown are improved by frequent applications of liquid manure until flowers appear.

For pot culture a single bulb should have a five-inch pot. Plant the bulbs so that the top of the bulb is even with the soil. Water thoroughly and place in a cool, dark situation. Care should be taken to have a good root growth before bringing to the light. This usually takes from four to eight weeks.

To grow in hyacinth glasses fill glass so water almost touches base of bulb. Put in lump of charcoal to keep the water pure. Change water about

once a week. Keep in a dark place about six weeks and then bring to light, avoiding bright sunshine.

BULB FIBRE CULTURE

For bulb bowl culture—a single bulb should be given the same space as for pot culture. The Giant Named or Roman Hyacinths are the most satisfactory for this manner of growing. Thoroughly moisten the bulb fibre and firm carefully around the bulb leaving the top exposed. Place in the dark for several weeks to make good root growth and avoid excess watering. Our bulb fibre is an especially prepared peat fibre requiring no drainage and may be used in all kinds of bowls and jardiniers. One pound of fibre will fill a quart measure.

A & M Bulb Fibre 30c per lb. Postage and packing 5c per lb. extra.

GIANT SINGLE

(Packing and Postage 15c per doz.)
Duke of Westminster—Large, deep, purple bells with white eye.
L'Innocence—Pure white. Splendid for pot culture.
Queen of the Pinks—Large, rosy pink. Long spike and large flower.
Gen. de Wet—Apple blossom pink. Very fine.
Lady Derby—Rose pink. Excellent for pot culture.
Garibaldi—Crimson red. Early.
La Victoire—Glistening carmine rose. Splendid for pot culture.
Queen of the Blues—Azure blue. Very beautiful.
Schotel—A very fine light blue.
King of the Blues—Dark blue. Compact truss.
Grand Maitre—Deep lavender blue. Extra fine.
City of Haarlem—Pure yellow, splendid for pot culture.
Daylight—Orange yellow.
Sir Wm. Mansfield—Purplish mauve.
La Grandesse—Pure white.
Lord Balfour—Lilac tinged violet.
Macaroni—Very bright rose, fine for pot culture.
 25c each, \$2.75 per doz., \$21.00 per 100.
 Mixed colors 25c each, \$2.50 per doz., \$20.00 per 100.

BEDDING SINGLE

(Packing and Postage 10c per doz.)
 The bulbs are slightly smaller than the named varieties, but they will produce fine flowers. Use them for beds and borders, they make a wonderful show. Bright red, pink, light blue, dark blue, yellow, purple, white.
 15c each, \$1.75 doz., \$12.50 per 100.
 Mixed 15c each, \$1.50 per doz., \$11.00 per 100.

DUTCH ROMAN

(Packing and Postage 10c per doz.)
 Plant these for cut flowers and for naturalizing in borders. They are inexpensive, bloom freely and because of their graceful spikes make good cut flowers. They are hardy and can be left in the ground from year to year.
 Pink, red, pure white, light blue, dark blue and yellow.
 15c each, \$1.25 doz., \$9.00 per 100.

HYACINTH GLASSES

Tall, each 45c; Tye, each 50c.
 By mail add 10c each for packing and postage.

MULTIFLORA

Hyacinth-lovers will be more than pleased with the beauty and profuse blooming quality of this new class of Hyacinths. Each bulb sends up ten to eighteen spikes of flowers, and though the spikes are slender they are well filled with flower bells. These Multiflora Hyacinths are especially fine for pot culture and growing in bulb fibre; when in bloom each bulb is a beautiful bouquet in itself. It was possible for us to secure only a limited number for our customers this year in the following colors:

Red, White, Pink, Blue.
 50c each, \$5.00 per doz.

LILIES

(Packing and Postage 15c per doz.)

Lilies deserve a place in every garden. They are beautiful, fragrant, and require little care except in planting. They should be planted eight to ten inches deep in soil which has been mixed with sand. Lilies should not be disturbed. If planted in pots, observe same conditions, only covering to a depth of one inch. The pots should be plunged in soil and not watered until growth appears. *Lilium Giganteum* and *L. Formosum* are ready about October and will bloom in April and May. The other varieties are ready the last of December and bloom from July to September.

Easter Lily

LILium LONGIFLORUM GIGANTEUM

Ready December 1st.

Easter Lily. Large, pure white. Is usually grown for Easter trade. 35c each, \$3.50 doz.

LILium FORMOSUM

Ready October 1st

Black Stemmed Easter Lily. Early, vigorous and free blooming. This variety gives good results for Easter forcing. Grows well in open ground. 35c each, \$3.50 doz.

LILY OF THE VALLEY

Ready for shipment in December. See general catalog.

LILium AURATUM

Ready January 1st

Gold Banded Lily of Japan. Flowers white, spotted crimson, with pure gold band running through center of each petal. Very fragrant and the most beautiful of all Japanese lilies. 35c each, \$3.50 doz.

LILium RUBRUM

Ready January 1st

"Red Japan Lily." Flowers white, shaded and spotted with crimson, very fragrant. One of the best for cut flowers as the flowers do not all open at once. 35c each, \$3.50 dozen.

LILium TIGRINUM SPLENDENS

Improved Single Tiger Lily. Hand-some orange-salmon flowers, spotted black. Hardy and a free bloomer. 35c each, \$3.50 per doz.

LILium REGALE

One of the most beautiful of all known lilies. An exquisite blending of colors which form a charming contrast with the deep green foliage. The flowers inside are canary yellow shading to white and often suffused with pink. Outside they are white shaded purple. Are recommended for pot culture as well as open ground, where they are perfectly hardy. They require the same culture as all *Liliums*. 75c each, \$7.50 per doz.

LILium PARDALINUM

"Leopard Lily"

This is one of the best lilies for the garden. It will thrive in almost any soil if given shade and water. The stems are stout, leafy and 3 to 5 feet high. The flowers are a rich orange, tipped with red and dotted with maroon. 15c each, \$1.50 per doz.

LILium HUMBOLDTII

A grand species growing 4 to 5 feet high. The flowers are orange, beautifully spotted with maroon, often 8 to 12 to a stalk. They need a protected, partially shaded situation and thrive best in a well drained loamy soil. 35c each, \$3.50 per doz.

LILium PARRYI

A rare species; large, fragrant trumpet shaped lemon-yellow flowers are borne on slender leafy stems. These blubs need a sandy soil, mixed with humus and should be kept moist. They will not thrive in a gummy wet soil. One of the most beautiful to grow. 35c each, \$3.50 per doz.

TAWNY DAY LILY

The flower of this lily is a golden yellow in the throat shading to a tawny orange on the edges which are curiously crinkled. The blossoms often measure 4 to 6 inches across and are born on stalks 2 feet high. The flowers last one day, but because of the number of flowers to a stalk the blooming season is quite long. 25c each, \$2.50 doz.

NEW A & M MONTBRETIAS

These fine varieties of Montbretias are offered this season by us for the first time. They are so easily grown and the results ordinarily obtained so gratifying that we take great pleasure in recommending them to our customers.

Plant during December, January, February and March, they will produce flowers during July and August. They are nearly evergreen and make wonderful cut flowers. Each bulb produces several fine spikes of flowers 20 to 36 inches in height. Use the same culture as for Gladioli.

King Edmund—A beautiful golden yellow. 15c each, \$1.50 per doz.

Improved Aurantica—A large flower of magnificent orange yellow. Grows tall. One of the very finest. 15c each, \$1.25 per doz.

Germania—A wonderful shade of scarlet orange, very showy. 15c each, \$1.25 per doz.

Fire King—Like its name, fiery scarlet red. 15c each, \$1.25 per doz.

Mixed—This mixture contains eight separate colors of the finest. 10c each, \$1.00 per doz.

New A & M Montbretias

NARCISSI, DAFFODILS, ETC.

The Narcissi is one of the most beautiful, useful and easiest grown of all the bulbous flowering plants. They are very popular as cut flowers, because of their splendid keeping qualities and fragrance. They may be grown in beds, borders or planted in a shrubby border and allowed to naturalize, and while preferring partial shade will thrive in full sun. The bulbs may be planted from October to the last of January in good garden soil, covering a depth of about 5 inches.

The Narcissi which may be grown in water are Paper Whites, Soleil d'or and Chinese Sacred Lilies. The bulbs should be held above the water by coarse gravel or stones. Keep in the dark for several weeks for root growth. All Narcissi may be grown in bulb fibre. The same culture should be followed as given for Hyacinths.

SINGLE LARGE TRUMPET DAFFODILS

(Packing and Postage 15c per doz.)

Emperor—Brilliant golden yellow flowers. Extra fine. 10c each, \$1.00 doz., \$7.50 per 100.

Empress—White perianth, yellow trumpet. The best of its kind. 10c each, \$1.00 doz., \$7.50 per 100.

Golden Spur—Large golden yellow flowers. Very early and a good forcer. 10c each, \$1.00 doz., \$7.50 per 100.

King Alfred—Very large yellow. Frilled trumpet. Three or four flowers to a bulb. 35c each, \$3.50 doz., \$26.00 per 100.

Van Waveren's Giant—The largest of all. Primrose yellow perianth, bright yellow trumpet. 35c each, \$3.50 doz., \$25.00 per 100.

Olympia—Large yellow trumpet, creamy perianth, larger than the Empress and throwing several flowers to a bulb. 35c each, \$3.50 per doz., \$26.00 per 100.

SINGLE MEDIUM AND SHORT CUP NARCISSI

(Packing and Postage 10c per doz.)

The varieties classed in this group have broad perianths, with a cup center instead of a trumpet. The flowers are large, one to a stem, and attractive both as cut flowers or bedding. The varieties with red edged cups are quite unusual.

Empress Daffodil

Poeticus Thelma—White perianth. Large light yellow cup with narrow edge of bright crimson, a beauty. 20c each, \$2.00 per doz., \$16.00 per 100.

Poeticus Ornatus—White perianth. Cup orange, edged scarlet. 10c each, 75c doz., \$5.50 per 100.

Poeticus Recurvus—White perianth. Cup edged orange red. 10c each, 75c doz., \$5.50 per 100.

Sir Watkin—Sulphur perianth. Yellow trumpet large. 10c each, \$1.00 doz., \$7.50 per 100.

Firebrand—Creamy white perianth, fiery red cup. 10c each, \$1.00 per doz., \$7.50 per 100.

White Lady—Broad, white perianth, dainty crinkled, pale yellow cup. 10c each, \$1.00 per doz., \$7.50 per 100.

DOUBLE DAFFODILS

(Packing and Postage 10c per doz.)

Alba Plena Odorata—Pure white, fragrant. 10c each, \$1.00 doz., \$7.50 per 100.

Sulphur Phoenix—White with sul-

phur center. 10c each., \$1.00 dozen, \$7.50 per 100.

Orange Phoenix—Eggs and Bacon. White, orange base. 10c each, \$1.00 doz., \$7.50 per 100.

Von Sion—All yellow flowers. 10c each, \$1.00 doz., \$7.50 per 100.

Primrose Phoenix—A large full double flower of a lovely soft lemon yellow color. A very beautiful new variety. 25c each, \$2.50 per doz., \$18.00 per 100.

JONQUILS

Similar to a daffodil only the flowers are small, about an inch in diameter, often blooming several on a stem. They are fragrant, graceful and of easy culture. Plant about three inches deep.

Single Rugulosus—Clear yellow. 5c each, 50c doz., \$3.50 per 100.

Double Rugulosus—Yellow, very fragrant. 10c each, 75c doz., \$5.50 per 100.

Single Sweet Scented—Deep yellow and of exceedingly pleasant fragrance. 10c each, 75c doz.

Double Daffodil

POLYANTHUS NARCISSI

Bunch Flowered

(Packing and Postage 10c per doz.)

Paper White Grandiflora—Earliest of all. Good forcer. All white. 10c each, \$1.00 doz., \$7.50 per 100.

Soleil D'or—Yellow, orange cup. Excellent early forcer. 10c each, \$1.00 doz., \$7.50 per 100.

Chinese Sacred Lily—White with yellow cup. Very well known and easily grown. The imported bulbs which come direct from China are largely grown in water as house plants.

Large Imported Bulbs 20c each, \$2.00 per dozen, \$15.00 per 100.

Large California grown bulbs \$1.00 per doz., \$7.50 per 100.

Medium California Grown Bulbs, 5c each, 50c per dozen.

POETAZ HYBRID NARCISSI

(Packing and Postage 10c per doz.)

A new race of Narcissi, bearing 3 to 4 flowers to a stem. The individual flowers are larger than those of the Polyanthus Narcissi and the fragrance very delightful.

Poetaz Larenscastr (Improved Elvira)—White, yellow cup. A pleasing fragrance. 10c each, \$1.00 doz., \$7.50 per 100.

Mignon—White perianth, cup white deep orange scarlet edge. 20c each, \$2.00 per doz., \$15.00 per 100.

Helios—Yellow perianth, pure yellow cup. 15c each, \$1.50 per doz., \$10.00 per 100.

Poetaz Larenscastr

TRITONIA

Attractive orange red flowers, which are showy in beds, useful for cutting and of easy culture. They grow 12 to 18 inches high and resemble a freesia. They may be left in the ground all year and the bulbs separated about every three years. 10c each, 75c doz.

Paper White Grandiflora for Growing in Water

MADEIRA VINE

Also Called Mignonette Vine

A well known vine growing from a tuber. Should be planted during the winter months. 10c each, \$1.00 doz.

OXALIS

These attractive flowers are useful for borders, hanging baskets and window boxes; they will bloom freely in partial shade. Should be planted two inches deep and six inches apart. They are winter bloomers and are dormant during May and June. Bulbs may be planted from July to November.

Grand Duchess—Pink.

Grand Duchess—Lavender.

Grand Duchess—Yellow.

Grand Duchess—White.

35c per doz, \$2.50 per 100.

Bermuda Buttercup—Yellow.

50c doz., \$3.50 per 100.

Bowei—Brilliant Rose.

50c per doz., \$3.50 per 100.

ORNITHOGALUM

Star of Bethlehem

(Packing and Postage 10c per doz.)

A popular bulb which throws a stalk about two feet high, bearing a cluster of star-shaped white flowers. The flowers have a black center and a delightful perfume.

10c each, 75c per doz.

SPARAXIS

A small bulbous plant bearing flowers similar to an Ixia; only the plants are more dwarf and the flowers slightly larger. There is a wide range of color and they make very attractive bedding plants. 10c each, 75c doz.

CALIFORNIA GARDEN FLOWERS

— By Wickson —

Second edition revised and extended. Covers the California flower garden completely. Price \$2.00.

Ornithogalum

A & M RANUNCULUS

The Ranunculus is one of our most popular early spring bloomers, being used extensively for massed beds or for borders. They may be planted from August to March but the early planting will produce a more sturdy growth and a greater number of flowers over a longer blooming period. Thousands of these bulbs are planted annually and each year at blooming time hundreds of people come to our store to inquire about them and to ask for bulbs when it is too late to plant. If you do not know what they are take a chance and plant a dozen or more and you will not regret it. We consider them one of our most satisfactory California bulbs for garden show or for cut flowers.

Soak the roots for two hours and plant the claws downward. Plant six to eight inches apart and cover to a depth of two inches.

GIANT FRENCH

The Giant French Ranunculus is a semi-double variety but our mixture contains many which are almost real doubles. The Giant French are the most vigorous growers, producing an abundance of bloom for about 2 months. It is one of our loveliest spring flowers for cutting.

Giant French Mixed, large size 75c doz., \$5.50 per 100.

Medium size 60c doz., \$4.00 per 100.

DOUBLE TURBAN

We have been fortunate in securing some of the real double Turban Ranunculus. These we list in four colors. This variety makes beautiful beds and though shorter stemmed than the French makes an excellent cut flower.

Romano—Double scarlet.

Rosalia—Double pink.

Primrose—Double yellow.

Double Mixed.

10c each. \$1.00 per doz., \$7.50 per 100.

SCILLA CAMPANULATA

This is the blue bell of England and is also called Bell Flowered Squill. It is very attractive for beds or borders and may be left undisturbed for several years. Blooms early in the spring.

Blue, 5c each, 50c doz.

Rose, 10c each, 75 doz.

White, 8c each, 60c doz.

Giant French Ranunculus

Double Turban Ranunculus

TUBEROSES

Ready for shipment in January. See general catalog for list and description.

ZEPHYRANTHES

Fairy Lilies

Wonderful little edging plants, with decorative grass-like leaves; growing about a foot high and bearing a lovely flower about two inches across. The bulbs multiply rapidly and bloom profusely.

Pink 10c each, \$1.00 doz.

White 10c each, 75c doz.

SPIRAEA

(Ready in October)

A very graceful, lovely plant, grows about 2½ to 3 ft. in height. Has compact foliage growing close to the ground. Blooms above the foliage. Grown a great deal in pots for Easter, etc. May also be grown in open ground and is very easy to grow.

America—Charming lilac-rose flowers that do not fade.

Queen Alexander—Flower a beautiful shade of pink.

W. E. Gladstone—A very fine loose graceful plant. Color pure white. Clumps 75c each, \$7.50 per dozen.

Scilla Campanulata

FERTILIZE

50 lb. Sacks 2.00 per sack
100 lb. Sacks 3.75 per sack

TULIPS

For grand effect as an early spring flower, the Tulip probably heads the list of bulbous plants. They are entirely hardy, easily cared for, flower freely in city or country, sun or shade, and with proper selection of varieties, their flowers may be enjoyed from April to June. It naturally follows that they are becoming immensely popular. Named varieties are to be preferred for satisfying results. Plant five or six inches apart, cover to a depth of four or six inches from the crown of the bulb, the greater depth for light soil.

For house culture, plant four to six bulbs in a six-inch pot, treat as advised for hyacinths. Good roots and plenty of them before bringing plants to light and warmth are essential to success.

DARWIN TULIPS

The best known class. It does well when grown in beds and is especially recommended for cutting. Has long, stout stems and large flowers.

Afterglow—A beautiful new tulip. Petals a salmon orange, inside a deep orange. Large finely formed flowers. 25c each, \$2.50 per doz.

Prince of Netherlands—Largest of Darwin Tulips. Bright rose bordered a beautiful pink—with pale blue center. This is the first season that we have had this extraordinary tulip. 15c each, \$1.50 doz., \$10.00 per 100.

Rev. Ewbank—Heliotrope lilac, edge lighter. 10c each, \$1.00 per doz., \$7.00 per 100.

Nora Ware—Heliotrope, very fine 10c each, \$1.00 per doz., \$7.00 per 100.

Inglescombe Yellow—Glossy canary yellow. 10c each, \$1.00 per doz., \$7.00 per 100.

Bleu Aimable—Soft blush lilac, very large, new, scarce. 10c each, \$1.00 per doz., \$7.00 per 100.

Euterpe—Rosy lilac. 10c each, \$1.00 per doz., \$7.00 per 100.

La Tulipe Noire—Giant velvet black. 10c each, \$1.00 per doz., \$7.00 per 100.

Farncombe Sanders—Scarlet, clear, white base. 10c each, \$1.00 per doz., \$7.00 per 100.

Europe—Fiery salmon scarlet, white center. 10c each, \$1.00 per doz., \$7.00 per 100.

King Harold—Maroon Scarlet. Large flower. 10c each, \$1.00 per doz., \$7.00 per 100.

White Queen—White shaded pink. 10c each, \$1.00 per doz., \$7.00 per 100.

Ouida—Fiery scarlet. 10c each, \$1.00 per doz., \$7.00 per 100.

Clara Butt—Salmon rose, good cut flower, forces well. 10c each, \$1.00 doz., \$7.00 per 100.

Anton Roozen—Rose tinged apricot. 10c each, \$1.00 per doz., \$7.00 per 100.

Petrus Hondius—Carmine rose. 10c each, \$1.00 per doz., \$7.00 per 100.

Edmee—Deep cherry rose, silvery pink edges. 10c each, \$1.00 per doz., \$7.00 per 100.

Pride of Haarlem—Old rose, fine cut flower, good forcer. 10c each, \$1.00 per doz., \$7.00 per 100.

Centenaire—Deep rose, light blue center. 10c each, \$1.00 per doz., \$7.00 per 100.

Darwin Tulips

BULB FIBRE CULTURE

For growing tulips in bulb fibre the culture is the same as given for hyacinths. We recommend planting six bulbs in a bowl 2 inches deep and 6 across. Also for a uniform bloom use only one variety. If given plenty of time to form root growth tulips are very successfully grown in this way.

A & M Bulb Fibre, 30c per lb.

PARROT TULIPS

(Packing and Postage 10c per doz.)

Parrot Tulips have immense flowers of brilliant and various colors. Petals fringed and cut, very showy. Single mixed, 10c each, 1.00 doz., \$7.00 per 100.

TULIPS—Continued

Baronne de la Tonnay—Bright rose, margined blush rose, a lovely flower. 10c each, \$1.00 per doz., \$7.00 per 100.

Macaroni—Purple violet, white base. 10c each, \$1.00 per doz., \$7.00 per 100.

Frans Hals—New large purple. 10c each, \$1.00 per doz., \$7.00 per 100.

Faust—Deep purple violet. Very large flowers—one of the finest. 15c each, \$1.50 doz., \$10.00 per 100.

Darwin Mixed—Extra fine mixed, including above named varieties. \$1.00 per doz., \$7.00 per 100.

Fine Mixed, 10c each, 75c doz., \$5.50 per 100.

BREEDER TULIPS

(Packing and Postage 10c per doz.)

LOUIS XIV

Purple flushed golden bronze. A new and truly royal flower. The rich color, large perfect flowers and tall, strong stems make it the handsomest of this new class. 35c each, \$3.50 doz.

The present trend for artistic colors has brought this class of tulips into prominence, and they have found instant favor. Wonderful color combinations of purple and bronze, old rose and gold, orange and brown, may be had in this group. The flowers are large and the stems tall and strong.

Bronze Queen—Buff, tinged with apricot. Recommended for pot culture, also fine for cutting. 10c each, \$1.00 doz., \$7.00 per 100.

Don Pedro—Brown, shaded maroon, inside mahogany, scarce. 15c each, \$1.25 per doz., \$8.50 per 100.

Copernicus—Coppery bronze, shaded old rose. 15c each, \$1.50 per doz., \$10.00 per 100.

Fairy—Terra cotta and bronze, large flower. 15c each, \$1.25 per doz., \$8.50 per 100.

Golden Bronze—Old gold outside, golden bronze inside. 15c each, \$1.25 per doz., \$8.50 per 100.

Medea—Enormous flowers, crimson, shaded heliotrope, yellow center. 10c each, \$1.00 doz., \$7.00 per 100.

Mon Tresor—Bright carmine, inside blood red. 15c each, \$1.50 doz., \$10.00 per 100.

Jaune D'Oeuf—Gold outside petals shaded apricot. 10c each, \$1.00 doz., \$7.00 per 100.

MacMahon—Bronze violet, edged yellow, extra large. 15c each, \$1.50 doz., \$10.00 per 100.

Breeders Mixed—10c each, \$1.00 doz., \$7.00 per 100.

COTTAGE TULIPS

(Packing and Postage 10c per doz.)

These tulips are also called May Flowering. They are splendid for bedding and also for cut flowers. The flowers are smaller than the Darwin, the petals being pointed and often reflexed but the stems are strong and tall.

Siren—Rich cerise pink, a lovely lily shaped flower with reflexed petals. 15c each, \$1.50 per doz.

Grenadier—Bright orange-scarlet flowers, well shaped on a very strong stem. An exceptionally fine tulip. 10c each, \$1.00 per doz., \$7.00 per 100.

Gesneriana Spathulata—Crimson scarlet, blue black eye. 2 for 15c, 80c doz., \$6.00 per 100.

Inglescombe, Pink—Rose pink tinted salmon. 2 for 15c, 80c doz., \$6.00 per 100.

John Ruskin—Apricot rose, yellow edge. 2 for 15c, 80c doz., \$6.00 per 100.

Orange King—Orange, shaded scarlet, yellow centers and black anthers. 2 for 15c, 80c doz., \$6.00 per 100.

Picotée—Maiden's Blush. White, edged rose. 2 for 15c, 80c doz., \$6.00 per 100.

Mrs. Moon—Deep golden yellow. 2 for 15c, 80c doz., \$6.00 per 100.

Moonlight—Canary yellow, long oval shaped flower. 2 for 15c, 80c doz., \$6.00 per 100.

White Swan—Pure white. 2 for 15c, 80c doz., \$6.00 per 100.

May Flowering—Mixed. 2 for 15c, 60c doz., \$4.50 per 100.

BUTTERFLY TULIPS

(Packing and Postage 10c per doz.)

These are also called Bizarres. The flowers are golden yellow striped and feathered with bronze, dark red and black. It is a tall growing variety and produces a striking effect. For a contrasting and brilliant bed we suggest mixing with Parrot and Darwin Mixed Tulips.

Extra fine mixed. 10c each, \$1.00 doz., \$7.00 per 100.

Watsonia

WATSONIA

(Packing and Postage 10c per doz.)

Watsonias are somewhat similar to Gladioli. The foliage is tall and the flower stalk often measures 4 ft.

They are early bloomers, often flowering in April. The bulbs are ready for planting in August. They can be left in the ground for several years. The bulbs will multiply.

White—75c per doz.

New Hybrid Watsonias—This new hybrid mixture contains all the lovely colors found in Gladioli such as coral, salmon, scarlet, mauve, etc. The colors all blend. They make fine cut flowers and are very desirable because of their earliness. 15c each, \$1.50 per doz.

A & M Choice Mixed Watsonias—This mixture contains white, pink, lavender and other shades. \$1.00 per doz., \$7.00 per 100.

CALIFORNIA WILDFLOWER MIXTURE

As though by magic one may transform that unsightly piece of ground into a most interesting California Wildflower Garden, by broadcasting this mixture over a prepared seed bed in the Autumn just before or during the rainy season. No irrigation will be required.

This mixture contains species of true Annual California Wildflowers and is blended so as to give a succession of blooms from early spring to late summer.

Real estate subdividers will find this an attractive as well as inexpensive landscape beautifier for their subdivisions. A great many already have proven its worth.

Packet 10c; oz. 50c; lb. \$5.00.

Flower Seeds for Fall Planting

DIGITALIS (Foxglove)

Hardy Perennial. Seed must be sown in fall for spring blooming. Will grow in shady locations. Grows 3 to 6 feet high. Splendid mixture of colors.

Mixed	Pkt. .10
-------------	----------

DIMORPHOTHECA AURANTIACA

The African Daisy. A showy annual from South Africa which has become a great favorite on account of its easy culture and beautiful orange colored flowers.

Aurantiaca, Bright Orange.....	Pkt. .10
Hybrids, Shades of Yellow and Orange	Pkt. .10

Delphinium—Gold Medal Hybrids

FOUR O'CLOCK

Annual. Blooms in three months. Easy to grow. Profuse bloomer. Pkt. 10c.

FORGET-ME-NOT

Myosotis

Hardy Perennial. Six to fifteen inches. Seed must be sown in fall for spring blooming. Blooms best in shady location.

Alpestris, Light Blue, height 1 ft.....	Pkt. .10
Victoria, Light Blue, height 6 inches	Pkt. .10

GAILLARDIA

Hardy Perennial. A plant every one should have in their garden. Splendid for cutting. Fall sown seed will start blooming early and continue till late fall. Flowers large, brown and yellow in varying shades.

Grandiflora, Single Mixed.....	Pkt. .10
Picta, Double Mixed.....	Pkt. .10

GEUM

A beautiful hardy perennial producing flowers in profusion from spring till fall. It is an excellent cut flower, having long stems and keeping well.

Mrs. Bradshaw's Double Red—Large bright orange-scarlet double flowers. Pkt. 15c.

ESCHSCHOLTZIA

Or California Poppy

Hardy Annual. Seed may be sown from October until April. Fall sown seed will bring large early flowers.

Some wonderful new varieties have been produced recently. Remarkable color combinations which make striking beds and splendid cut flowers. California Poppies have a long blooming season which may be prolonged by cutting off the seed pods.

A & M POPPIES

The different varieties of poppies are always favorites for outdoor display and the cultivation of them being so extremely simple entitles them to a place in every garden. Seed should be sown where the plants are intended to flower, because it is difficult to transplant them with any measure of success.

STATICE

SINUATA. Everlasting. Fine for cutting. May be dried as permanent bouquets. Keep seed moist until germinated.

Bright Yellow, White, Blue and Rose.....	Pkt. .10
--	----------

LATIFOLIA. Produces large spikes of very small lavender flowers. Used in bouquets as a filler. Perennial and everlasting. Pkt. 10c.

CASPIA. Produces flowers similar to Statice Latifolia only a little larger. Used in the same way. Very pretty. Hardy perennial plant in autumn. Pkt. 10c.

SUWOROWII. Produces spikes of pink flowers. Used for pot or garden culture. Quite odd. Pkt. 10c.

PEREZII. A very fine specimen plant. Large leaves, flowers grow 2 feet high. Blue in color. Hardy perennial. Pkt. 10c.

COCCINEA. Produces large sprays of small red flowers very good for cutting and attractive in the garden. Annual. Pkt. 10c.

New A & M Pansies

Sow pansy seed in the Autumn in a seed box. Transplanting once before placing them in permanent beds will produce more thrifty plants. They thrive best in a moist, sunny location but will grow in partial shade.

It is much more interesting, satisfactory and inexpensive to grow your own pansies from seed. By so doing you may select and carry out your individual color scheme; you may also select your own types and take advantage of some of the finest varieties the plants of which are not offered for sale.

A & M Mastodon Pansies

A & M SUPER MAXIMUM

The plants are of robust growth; form a round compact bush. The flowers with long stems bloom above the foliage. The flowers are unusually large and the edge of the petals are curled to give the appearance of a somewhat double flower. The best that we have ever had. 50c per packet.

A & M MAMMOTH WONDER

The flowers of this pansy are very large and very round form. The colors are exceptionally fine and out of the ordinary. 35c per packet.

MASTODON PANSIES

Adonis—Lovely Sky-blue. Pkt. 25c.

Bronze Mastodon—Very large, with all the different shades from burnished brass to gold, with no two flowers exactly alike. Pkt. 25c.

Madame Steele—Elks Purple, of fine form and enormous size. Pkt. 25c.

Panama Pacific—A huge deep yellow, some have the dark center, some without. A beautiful bedding color. Pkt. 25c.

White Mastodon—Snow white with

a large center, very large and beautiful. Pkt. 25c.

Mastodon Mixed—A wonderful collection of rich velvety shades, in great variety, with fine long stems. Pkt. 25c.

Masterpiece ("Ruffled Pansy")—A splendid new class. The petals have the appearance of fluted velvet. The colors are rich and varied, and the plants hardy and vigorous growers. Pkt. 25c.

A & M GIANT PANSIES

We offer Pansies in the following separate colors. They have been selected with care in order to give a complete range of colors from which to choose. Wonderful color effects and an abundance of plants can be had from planting a few packets from the following:

Special Offer—Your choice of ten regular 15c packets, \$1.00

Giant Aurora—Probably the best pure white of the Giant strain. Pkt. 15c.

Giant Azure Blue—Gigantic blooms of a delicate pale shade, freely produced on compact plants. Pkt. 15c.

Giant Bridesmaid—Shades of white shining rose, blotched. Pkt. 15c.

Giant Eros—This grand novelty produces very large flowers of a deep, velvety brown color, with a broad, golden yellow margin. The back of each bloom has the same broad margin as the front side, while the dark, velvety center is shining through. Pkt. 15c.

Giant Golden Queen—A very pleasing shade of golden colored flowers, carried on good length stems. Pkt. 15c.

Giant Prince Henry—Darkest blue, very large, beautiful flower. Pkt. 15c.

Giant Ruby Red—Very large blooms in striking red shades. Pkt. 15c.

Giant White (Purple Eye)—Large well formed flowers with black center. Pkt. 15c.

Giant Yellow (Black Eye)—Large handsome flowers of a rich yellow with black eye. Pkt. 15c.

Giant Madam Perret—A variety of unusually compact habit. The lower

petals are pale with rich rose color markings. Pkt. 15c.

Giant Psyche—Not many of the pansy varieties have such a winning appearance as Psyche. The characteristic five velvety violet blotches are surrounded by a broad white edge. It is an ideal exhibition or market pansy. Pkt. 15c.

CHICAGO PARK BEDDING PANSIES

Cardinal—Rich shade of red. Pkt. 10c.

Golden Gem—Large pure yellow. Pkt. 10c.

Faust (King of Blacks)—Large, well formed, glossy black flowers. The plants are compact and bloom for a long time. Pkt. 10c.

Peacock—Handsome flowers of a rich purple. Pkt. 10c.

White (Black Eye)—Large, well formed flowers with black center. Pkt. 10c.

A & M GIANT PANSY MIXTURES

Giant Trimardeau or French Mixed—A very showy class of vigorous, com-

compact growth, flowers of an enormous size; finest strain. Pkt. 15c.

New Giant Orchid Flowering—A beautiful strain in rare shades. A quick bloomer and very fine. Pkt. 15c.

Fine Mixed—A splendid mixture for bedding. Pkt. 10c.

PENTSTEMON

Hardy Perennial. Large spikes of beautiful gloxinia shaped blooms. Blooms most of the year. Seed sown in the fall will commence blooming early in spring.

Brilliant colors, each flowerlet having a large, white eye. A beautiful and striking Verbena.....Pkt. .10

RANUNCULUS

Giant French Mixed. This very popular flower may be grown readily from seed though home gardeners have usually grown them from bulbs. The seed should be sown in good sandy loam, covered lightly with sand and kept moist. May be planted from early fall to late spring and will flower the first season from seed. Our mixture is a very fine semi-double strain and contains a splendid range of colors. Pkt. 25c.

RHODANTHE

Maculata Rosea

One of the most attractive everlasting flowers. The flowers hang like little bells on the stems and make a pleasing and dainty cut flower, either fresh or dried. Pkt. 10c.

SCABIOSA

Mourning Bride

A hardy annual which often blooms the second year. Of easy culture,

Perfection Branching

Stocks are one of our best winter blooming plants. May be planted from August to March for a succession of winter and summer bloom.

Giant Perfection—This type is of branching habit with long stems, making it very desirable for cutting. The percentage of double is high. Height two feet.

Antrol for the Control of Argentine Ants

The Argentine Ant is one of the worst pests that California gardeners and housewives have to contend with. In the garden the Argentine ant distributes Aphids, Mealy Bug, Soft Scale and others and until the ant is exterminated the garden will be infested with these garden pests. In the house they are continuously crawling over food and, in general, are a source of great annoyance.

To control the ant it is necessary to kill the queen and stop production. With the use of Antrol, one may accomplish this.

Antrol complies strictly with the U. S. Government formula and is properly compounded so that the worker ant makes several trips from the Antrol to the nest, each time feeding the Antrol to the queen and drones before the ant itself succumbs. Antrol properly used is a sure Argentine Ant exterminator. Full directions are contained in each cottage set. A Cottage Set consists of 12 jars and one-half pint of Antrol Syrup. Price \$3.00. This set is sufficient to take care of an ordinary house and lot, lot being 50 by 150. Antrol Liquid alone sells: Pints, 50c; Quarts, 85c; Gallons, \$2.50. This cannot be sent by mail but may be shipped by express collect.

Snarol for the Control of Garden Snails

Snails are one of our most destructive garden pests. They should be eliminated as soon as possible after their destructive work is noticed. They generally work in the night and often times one is at a loss to know what is causing the disappearance of small plants and shrubbery leaves. Snails, nine times out of ten, is the answer. To control them is simple if Snarol is used.

Snarol is an especially prepared meal, attractive to snails as food. It has the properties of speedily killing

them after they have eaten it. It should be applied in the evening because, as before mentioned, snails work at night. Not only for the garden is Snarol effective but for nurseries, hot houses, truck gardens or, in fact, any place where snails are a pest. Each package contains the simple directions for use. Snarol is also effective in the control of sow bugs. Large packages of Snarol \$1.00 each. Do not place Snarol within the reach of fowls.

Snarol cannot be mailed.

Destruxol, a General Pest Control Spray

It has been our aim for some time to obtain a compounded spray material that would be simple to use and yet effective in destroying the most common garden pests, such as all species of Aphids, thrip, lice, scale and codling moth, without injury to the plant. Destruxol has proven to be outstanding as an all in one spray. A circular of directions will be mailed

or given on request. This spray may be obtained at our Retail Store, 750 South Spring Street, near 8th. Full directions on the package.

Destruxol is in concentrated form and is an inexpensive spray material when mixed.

One oz. bottle 40c; 1 pt. bottle \$2.25; 1 qt. bottle \$3.90. Cannot be mailed.

Hudson Junior Compressed Air Sprayer

The spray pump that really makes spraying a pleasure. A great deal of spraying is left undone to the detriment of plants, shrubs and trees on account of the work attached thereto. If you have a garden you must spray, and with a Hudson Junior you will enjoy doing it. The Hudson Junior Spray Pump has a tank of heavy galvanized iron, practically unbreakable. The pump is 1 1/4" seamless brass tub-

ing with brass valve. In all this is an exceptionally well built sprayer. Will spray whitewash, waterpaint and other small particled suspended materials.

If you feel that your garden is not big enough for you to maintain a compressed air spray pump, buy one with your neighbor. This Hudson Junior Spray Pump sells at \$6.00 each, f.o.b. Los Angeles.

A & M Planting Calendar for Southern California and Similar Climates

JANUARY

VEGETABLES—Seeds of Asparagus, Beans, Beets, Brussel Sprouts, Cabbage, Carrots, Chervil, Chicory, Corn Salad, Cress, Egg Plant, Horse Radish, Kale, Kohl Rabi, Lettuce, Mustard, Onions, Parsley, Peas, Peppers, Potatoes, Radish, Rhubarb, Salsify, Spinach, (Winter) Tomatoes, Turnips.

FLOWERS—Sow seeds of hardy annuals in the open ground, Acroclium, Alyssum, Antirrhinum, Calendula, Calliopsis, Candytuft, Centaurea, Annual Chrysanthemums, Clarkia, Larkspur, Lupin, Mignonette, Nicotiana, Poppies, California Poppy, Wild Flower Seed and Sweet Peas.

PLANTS of Aquilegia, Antirrhinum, Canterbury Bells, Carnation, Digitalis, Pansy, Pentstemon, Shasta Daisy, Stocks.

BULBS of Amaryllis, Agapanthus, Caladium, Gladiolus, Liliums, Narcissus, Ranunculus and Tuberose.

FEBRUARY

VEGETABLES—Seeds of Asparagus, Beans, Cabbage, Carrots, Celery, Chervil, Chives, Chicory, Corn, Cress, Corn Salad, Cucumbers, Egg Plant, Horse Radish, Kale, Kohl Rabi, Lettuce, Mustard, Onions, Parsnip, Peas, Peppers, Potatoes, Sweet Potatoes, Squash, Radish, Rhubarb, Salsify, Spinach, (Summer) Tomatoes, Turnips.

FLOWERS—Sow Seeds in open ground; Acroclium, Antirrhinum, Calendula, Calliopsis, Centaurea, Early Flowering Cosmos, California Poppy, Larkspur, Linum, Lupins, Mignonette, Nemophila, Nicotiana, Poppies, Scabiosa and Sweet Peas.

Sow in seed boxes—Balsam, Begonia, Coreopsis, Gaillardia, Holyhock, Hunnemannia, Lobelia, Mimulus, Pentstemon, Petunia, Perennial Poppies, Salvia, Stocks and Viola Cornuta.

PLANTS of Aquilegia, Antirrhinum, Carnation, Canterbury Bells, Digitalis, Pansy, Pentstemon, Shasta Daisy, Stocks, Verbena.

BULBS of Amaryllis, Caladium, Cannas, German Iris, Gladiolus, Liliums, Ranunculus and Tuberose.

MARCH

VEGETABLES—Seeds of Artichoke, Asparagus, Beets, Beans, Cabbage, Chives, Chicory, Chervil, Corn, (Sweet and Field) Cucumbers, Egg Plant, Kale, Lettuce, Melons, (Musk and Water) Okra, Onions, Parsley, Parsnip, Potatoes, Sweet Potatoes, Pumpkin, Radish, Rhubarb Seed, Salsify, Spinach, (Summer) Squashes, Tomatoes.

FLOWERS—Sow seeds in open ground; Acroclium, Ageratum, Alyssum, Antirrhinum, Arctotis, Amaranthus, Balsam, Brachycome, Bartonia, Calendula, Calliopsis, Candytuft, Centaurea, Clarkia, Annual Chrysanthemum, Early Flowering Cosmos, Daisies, Four O'Clocks, Godetia, Gomphrena, Gypsophila, Helichrysum, Larkspur, Linum, Lupin, Marigold, Mignonette, Nasturtium, Nemesis, Nemophila, Nicotiana, Phlox, Poppy, Scabiosa, Sunflower and Sweet Peas.

Sow in seed boxes or with some protection for transplanting later: Asters, Begonia, Bellis, Daisy, Celosia, Columbine, Canterbury Bells, Coreopsis, Cyclamen, Dahlia, Gaillardia, Gerbera, Heliotrope, Hunnemannia, Lobelia, Matricaria, Myosotis, Pentstemon, Petunia, Poppies, Salvia, Shasta, Daisy, Statice, Sweet William, Verbena, Viola, Wallflower, Zinnia. Sow seeds of Vines.

PLANTS of Begonia, Delphinium, Gerbera, Pansy, Romneya Coulteri, Shasta Daisy and Verbena, Roses.

BULBS of Caladiums, Cannas, Dahlias, Gladiolus, Tuberose.

APRIL

VEGETABLES—Seeds of Artichoke Seed, Asparagus, Beets, Beans, Carrots, Cabbage, Celery, Chives, Chervil, Corn, (Sweet and Field) Cress, Cucumber, Egg Plant, Kale, Lettuce, Melons, (Musk, Water, and Casabas) Okra, Onions, Parsley, Peas, Peppers, Parsnip, Potatoes, Sweet Potatoes, Pumpkin, Radish, Rhubarb Seed, Salsify, Spinach (Summer) Squash, Tomatoes.

FLOWERS—Seeds of Abronia, Acroclium, Ageratum, Antirrhinum, Amaranthus, Asters, Balsam, Aquilegia, Begonia, Bellis, Brachycome, Calendula, Calliopsis, Candytuft, Canterbury Bells, Carnation, Annual Chrysanthemum, Celosia, Centaurea, Clarkia, Coreopsis, Cosmos, Cyclamen, Dahlia, Daisies, Delphinium, Digitalis, Dianthus, Gaillardia, Godetia, Gerbera, Gypsophila, Gomphrena, Heliotrope, Helichrysum, Hunnemannia, Hollyhock, Larkspur, Lobelia, Linum, Lupin, Marigold, Myosotis Mirabilis, Mimulus, Mignonette, Nasturtium, Nemesis, Nicotiana, Nicotiana, Pentstemon, Petunia, Phlox, Poppies, Portulaca, Salvia, Salpiglossis, Scabiosa, Schizanthus, Stevia, Stocks, Statice, Sweet William, Verbena, Viola, Sunflower, Wallflower, Zinnia.

PLANTS of Begonia, Chrysanthemum, Columbine, Delphinium, Gerbera, Pansy, Petunia, Romneya Coulteri, Shasta Daisy, Vin Seeds.

BULBS of Cannas, Caladiums, Dahlia, Gladiolus and Tuberose.

MAY

VEGETABLES—Seeds of Artichoke, Asparagus, Beets, Beans, Cabbage, Carrots, Celery Plants, Corn, (Sweet and Field) Cucumber, Egg Plant, Lettuce, Melons, (Musk, Water, and Casabas) Okra, Onions, Parsley, Parsnip, Peas, Peppers; Transplant Potatoes, Sweet Potatoes (Plants) Pumpkin, Radish, Rhubarb, Salsify, Spinach, (Summer) Squash, Tomato.

FLOWERS—Seeds of Abronia, Acroclium, Ageratum, Amaranthus, Asters, Balsam, Carnation, Calendula, Celosia, Centaurea, Calliopsis, Cosmos, Daisies, Annual Chrysanthemum, Candytuft, Dianthus, Gaillardia, Gomphrena, Gypsophila, Helichrysum, Hunnemannia, Lobelia, Larkspur, Marigold, Matricaria, Nasturtium, Nemesis, Nicotiana, Nicotiana, Nicotiana, Phlox, Petunia, Portulaca, Salvia, Salpiglossis, Scabiosa, Schizanthus, Stevia, Sunflower, Statice, Zinnia.

PLANTS of Antirrhinum, Begonia, Bellis Daisy, Coreopsis, Carnation, Chrysanthemum, Dahlia, Delphinium, Gaillardia, Gerbera, Hollyhocks, Myosotis, Petunia, Pentstemon Salvia, Verbena and Zinnia. Sow Vine Seeds.

BULBS of Canna, Dahlia, Gladiolus, Tuberose.

JUNE AND JULY

VEGETABLES—Seeds of Artichoke, Beets, Beans, Cabbage, Carrots, Celery Plants, Corn, (Sweet and Field) Cucumber, Egg Plant, Lettuce, Melons, (Musk, Water and Casabas) Okra, Parsley, Parsnip, Peas, Pepper Plants, Potatoes, Sweet Potatoes, (Plants) Pumpkin, Radish, Spinach (Summer) Tomato.

FLOWERS—Seeds of Calendula, Candytuft, Cosmos, Centaurea, Cineraria, Daisies, Marigold, Nasturtium, Portulaca, Poppies, Salpiglossis, Zinnia.

PLANTS of Asters, Ageratum, Begonia, Bellis, Calendula, Carnation, Chrysanthemum, Cosmos, Dahlia, Daisy, Marigold, Pansy, petunia, Pentstemon, Salvia, Stocks, Zinnia.

BULBS of Gladiolus, Tuberose.

AUGUST

VEGETABLES—Artichoke, Beets, Beans, early varieties, Brussel Sprouts, Cabbage, Cauliflower, Carrots, Chervil, Chives, Chicory, Corn, Cress, Cucumber, Egg Plant, Endive, Garlic, Kale, Kohl Rabi, Leek, Lettuce, Mustard, Onion, Parsley, Parsnip, Peas, Pepper, Potatoes, Radish, Salsify, Spinach, (Summer) Tomatoes, Turnips.

FLOWERS—Calendula, Cineraria, Centaurea, Cosmos, Pansies, Primula, Stocks, Sweet Peas. Begin sowing seeds of hardy perennials for next year's flowering, such as Aquilegia, Bellis, Daisy, Canterbury, Bells, Coreopsis, Cyclamen, Delphinium, Digitalis, Forget-me-not, Gaillardia, Hollyhocks, Pentstemon, Perennial Poppies, Phlox, Pyrethrum, Snapdragon, Verbena, Viola and Wallflower.

PLANTS of Cineraria, Stocks, Pansies, Violets.

BULBS of Freesias, Callas, Ranunculus.

SEPTEMBER

VEGETABLES—Seeds of Artichoke, Beets, Beans, Brussel Sprouts, Cabbage, Carrots, Cauliflower, Chervil, Chives, Chicory, Cress, Cucumber, Egg Plant, Endive, Garlic, Kale, Kohl Rabi, Leek, Lettuce, Mustard, Onions, Parsley Parsnip, Peas, Peppers, Potatoes, Radish, Salsify, Spinach, (Winter) Squash, Tomatoes, Turnips.

FLOWERS—Seeds of Calendula, Centaurea, Cineraria, African Daisy, Nemesis, Cosmos, Linum, Pansy, Primula, Stocks and Winter Sweet Peas. Continue sowing hardy perennials for next year's flowering, such as Aquilegia, Bellis Daisy, Canterbury Bells, Coreopsis, Cyclamen, Delphinium, Digitalis, Forget-me-not, Gaillardia, Hollyhocks, Petunia, Pentstemon, Perennial Poppies, Phlox, Pyrethrum, Snapdragon, Verbena, Viola and Wallflower.

PLANTS of Cineraria, Stocks, Pansies, Violets.

BULBS of Callas, Freesias, Ranunculus, Gladiolus, German Iris, Paper White Narcissus, Watsonias, Oxalis, Ixias.

OCTOBER

VEGETABLES—Seeds of Beets, Beans, Brussel Sprouts, Cabbage, Carrots, Cauliflower Chervil, Chives, Chicory, Cress, Egg Plant, Endive, Garlic, Kale, Kohl Rabi, Leek, Lettuce, Mustard Onions, Parsley, Parsnip, Peas, Radish, Salsify, Spinach, Turnips.

FLOWERS—Continue sowing seeds for winter blooming of Calendula, Centaurea, Cineraria, Cosmos, African Daisy, Dianthus, Nemesis, Phlox, Pansy, Primula, Scabiosa, Stocks, and Winter Sweet Peas.

Begin sowing annuals in open ground for early spring blooming, Acroclium, Alyssum, Antirrhinum, Bartonia, Candytuft, Calliopsis, Clarkia, Annual Chrysanthemums, California Poppy, Larkspur, Linum, Lupin, Mignonette, Nicotiana, Poppies, California Wild Flowers. Continue sowing perennials for next year's flowering—Aquilegia, Bellis, Canterbury Bells, Coreopsis, Cyclamen, Delphinium, Digitalis, Forget-me-not, Gaillardia, Hollyhocks, Pentstemon, Petunia, Perennial Poppies and Phlox, Pyrethrum, Snapdragon, Verbena, Viola and Wallflower.

PLANTS of Cineraria, Pansies, Stocks, Violets.

BULBS of Anemones, Amaryllis, Callas, Crocus, Freesias, Hyacinths, Ixias, Narcissus, Oxalis, Ranunculus, Spanish Iris, Sparaxis, Tulips, Watsonias, Easter Lillies, German Iris, Montebretias, Gladiolus.

NOVEMBER

VEGETABLES—Seeds of Beets, Beans, Brussel Sprouts, Cabbage, Carrots, Cauliflower, Chervil, Chicory, Chives, Cress, Garlic, Kale, Kohl Rabi, Lettuce, Leek, Mustard, Onions, Parsley, Peas, Radish, Salsify, Spinach (Winter) Turnips.

FLOWERS—Seeds of hardy annuals, Acroclium, Alyssum, Antirrhinum, Bartonia, Calendula, Candytuft, Calliopsis, Clarkia, Annual Chrysanthemums, California Poppy, Dianthus, Larkspur, Lupin, Mignonette, Nicotiana, Nemesis, Petunia, Pansy, Phlox, Stocks, Winter Sweet Peas and California Wild Flowers. **PLANTS** of Carnation, Canterbury Bells, Cineraria, Columbine, Foxglove, Pansies, Pentstemon, Snapdragon, Stocks, Verbena, Violets.

BULBS of Amaryllis, Anemones, Callas, Crocus, Hyacinthus Ixias, Narcissus, Oxalis, Ranunculus, Spanish Iris, Sparaxis, Tulips, Watsonias, Lillies, Freesias, German Iris, Gladiolus.

DECEMBER

VEGETABLES—Artichoke Plants, Asparagus Roots, Seeds of Beets, Beans, Brussel Sprouts, Cabbage, Cauliflower, Chervil, Chicory, Chives, Cress, Endive, Garlic, Horse Radish, Kale, Kohl Rabi, Leek, Lettuce, Mustard, Onions, Parsley, Parsnips, Peas, Potatoes, Radish, Rhubarb Roots, Salsify, Spinach (Winter) Turnips, Onion sets.

FLOWERS—Sow seeds of hardy annuals, Acroclium, Alyssum, Antirrhinum, Bartonia, Calendula, Candytuft, Calliopsis, Clarkia, Annual Chrysanthemums, California Poppy, Dianthus, Larkspur, Lupin, Mignonette, Nicotiana, Nemesis, Pansy, Phlox, Stocks, Winter Sweet Peas and California Wild Flowers. **PLANTS** of Carnation, Canterbury Bells, Columbine, Foxglove, Pansies, Pentstemon, Snapdragon, Stocks, Shasta Daisy, Verbena, Violets.

BULBS of Amaryllis, Callas, Gladiolus, Hyacinths, Narcissus, Ranunculus, Tulips, Watsonia, Lillies.

LAWN REQUIREMENTS

Ask for Free Pamphlet on "How to Make a Lawn"

A & M VELVET LAWN GRASS

The appearance of your home is dependent on the appearance of your lawn. It is the finishing touch and should have your personal attention and careful consideration. The perfect lawn is obtained by sowing a blend of grasses best suited to the variation of temperatures to which it is subject during the twelve month period. Heavy root growth is essential for permanency and turf must be considered from the standpoint of beauty. A & M Velvet Lawn Grass contains the proper proportion of these grasses including Kentucky Blue Grass and white clover and when properly planted and cared for will produce a beautiful turf of bright, velvety, green color. Lb. 80c, 5 lb. \$3.75, 10 lb. \$7.00.

KENTUCKY BLUE GRASS

We maintain our own seed testing laboratory and each lot of our genuine Kentucky Blue Grass is tested for purity and germination. There is positively no guess work about it. You know when you buy A & M Kentucky Blue Grass that it is high grade in every respect. Anywhere you go in Southern California you will see hundreds of lawns produced from A & M Reliable Seeds. Fancy Kentucky Blue Grass, lb. 70c, 10 lbs. \$6.50.

A & M WHITE CLOVER

Ask the salesman to show you a sample of our white clover seed and note its freedom from chaff and foreign seeds. A & M White Clover is tested for purity and germination the same as our Kentucky Blue Grass. For a fifty-fifty growth of white clover and blue grass mixed, use $\frac{1}{3}$ clover and $\frac{2}{3}$ blue grass. This being sufficient blue grass to hold the clover leaves upright and give the lawn a good appearance. Fancy A & M White Clover per lb. \$1.00.

A & M LAWN AND GARDEN FERTILIZER

When your lawn is a dull green or shows brown spots it is an indication that it needs plant food. A & M Lawn and Garden Fertilizer applied at the rate of 100 lbs. to 2,500 square feet and watered immediately after will show an improvement in growth and color within a few days. It is odorless, economical, easy to apply and the results are lasting. Use it on roses, trees, and in the garden. Apply any time and follow with sprinkling or irrigation. 100 lb. sack, \$3.75.

LAWN ACCESSORIES

AMCO GARDEN HOSE is a high grade cord hose made expressly for us. It has the quality that gives service. $\frac{1}{2}$ and $\frac{3}{4}$ inch hose in 25 or 50 ft. lengths with couplings.

PHILADELPHIA LAWN MOWERS—We are agent for the well-known Philadelphia line of mowers and can supply any style that you may desire. We also carry a full line of lawn rollers and lawn edgers.

BERMUDA GRASS RAKE especially designed to clean lawns of Bermuda grass, etc. Steel knives with iron frame, the best rake we have found.

EVERYTHING FOR YOUR LAWN. Sprinklers of all kinds, including revolving and automatic sprinkler heads. Grass shears, weeders, hose menders, etc.
