1924
PRICE LIST

*Farm, Field and
Garden*
SEEDS
and
Poultry Supplies

In presenting our 1924 price list to our thousands of customers, we do so with the satisfaction of knowing that we are offering GOOD SEEDS—the foundation of good crops and the basis of successful home market and garden crops.

We keenly feel the responsibility placed on us by our customers who entrust their orders with us. We realize that your success in growing profitable crops depends upon the quality of seeds we furnish. Our reputation for reliability will be maintained to the highest point possible, and our prices will be as reasonable as possible.

We are also in a position to completely meet your needs in POULTRY SUPPLIES. We appreciate the business you have given us in the past, and assure you of the best attention to your future orders.

Notice to Customers

READ CAREFULLY

All prices in this list are subject to market fluctuations without notice.

TERMS OF SALE

No goods sent C. O. D. Please accompany your order with remittance in full by draft, money order or cash in registered letter. We can take 2-cent postage stamps in moderate amounts.

ORDER EARLY

We earnestly solicit our friends to send their orders to us early—at once—before the rush is on. No matter how small or how large your order it will receive our careful attention.

Use the order sheet and our self-addressed envelope, and ask for more when you want them.

If goods do not arrive promptly after receiving our notice that goods have been shipped, please write us.

GOODS BY MAIL

All Garden and Flower Seeds, also certain Bulbs and Plants, are sent by mail or express without further cost, except Beans, Corn and Peas; also Onion Sets, Grain, Grass, Field Seeds and Plants, which require 5c for first pound and 1c each additional pound added to the remittance when wanted by parcel post in first or second zones.

GOODS BY EXPRESS OR FREIGHT

When ordering to be shipped at your expense goods priced "prepaid", you may deduct postage from prices. Often we send by express prepaid, instead of by mail, goods priced prepaid. If not convenient for you to receive by express, be sure to mention when ordering. Whenever our notification cards say "prepaid", you are to pay nothing. Write us at once if charge is added.

PARCEL POST RATES

Be sure to read headings carefully as to parcel post on beans, corn, peas, plants, etc. One-half pound or less goes at 1c for each 2 ounces.

Parcels cannot exceed 84 inches in length and girth combined. Limit weight, first to third zones, 70 lbs.; fourth to eighth zones, inclusive, 50 lbs.

NON-WARRANTY

So many conditions arise in the growing of plants from seed, and in setting out plants that are grown from seed, over which we have no control, that success is not altogether dependent on the seed or plant. We will send out only seed that we believe will grow and produce the kind of plant and variety represented. However, the UNION SEED & FUEL Co. gives **no warranty**, expressed or implied, as to description, quality, productiveness, or any other matter, of seeds, bulbs, or plants we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are to be returned at once.

Prices on request.

BLATCHFORD'S CALF MEAL

First on the Market—First in Quality
—First in Results

BLATCHFORD' CALF MEAL is the original milk-substitute. It was the first on the market. For over one-third of a century it has been successfully used in raising calves by the most progressive farmers and dairymen in this country. It is the only calf meal backed by so remarkable a record.

Its success is due to three things. **First**—its quality. Blatchford's is above all a quality calf meal. Only the best materials are used in its manufacture. It contains no waste materials or by-products of low feeding value. **Second**—it contains all the nutritive and growth-producing properties required by the calf. The finest and healthiest calves can be raised upon it. **Third**—it is economical. One pound makes a full gallon of pure milk-substitute and it can be used at less than half the cost of using milk.

Blatchford's CALF MEAL raises calves from babyhood. It is extremely palatable. It is easy to feed. It saves both milk and money. It will pay you to use it.

Sold in 100-, 50- and 25-pound bags.
Satisfaction guaranteed with every bag.

BLATCHFORD'S "Fill-the-Basket" EGG MASH

BLATCHFORD'S "Fill-the-Basket" Egg Mash supplies the hen with the surplus nourishment she requires for the maximum egg-production. It successfully solves the problem of securing eggs both winter and summer.

Sold in 100- and 25-pound bags. Every bag guaranteed to give satisfaction.
