IRIS COLLECTION OFFERS

and SUMMER PRICE LIST

Season 1925

Last May I sent out my first little folder consisting of some very cheaply priced collections of good Iris. It met with such a hearty reception that I am issuing a similar one this year. In most of the collections the varieties will be different from the ones offered last year, as on most of those I was sold down to growing stock only. As these are fine roots of fine varieties at bargain prices, the cost of printing descriptions has been eliminated, the name only, with Iris Society rating, and name of introducer or hybridist being given. Each collection contains a good range of color.

A list of fine and rare Iris, also at bargain prices, has been added this year for the benefit of the Iris collector, who is too far advanced for collections, or prefers to select his own. Personally I am still given to buying collections, as for me they have an irresistible attraction.

All roots are good single toe divisions, each correctly labeled, and guaranteed true to name. On some varieties stocks are small and all orders are accepted subject to stock on hand. No substitution except on request, and your money refunded immediately if order cannot be filled. Orders filled in rotation as received. Prices include delivery by Parcel Post.
