Nurserymen, Seedsmen and Florists

100 Union Avenue

Cranford, N. J.

WE take pleasure in issuing this our third list of Superior Seeds, Bulbs and Plants, and wish to thank our many patrons for their continued support.

We buy only from the best sources, and our aim is to supply only the highest quality of everything we sell.

We cannot, however, guarantee results, as retention of life is beyond human control, and seeds and bulbs are but living plants in a dormant condition. We desire that our patrons fully appreciate this when purchasing from us.

Seeds, Bulbs, Plants and Freshly Cut Flowers

Our new store is completely equipped for the prompt handling and despatch of any or all of the above.

Home Garden Planning—If you have just bought a home, or desire to remodel and improve the grounds of your present abode, we shall be very glad to give you some sound practical advice on the best classes of shrubs, plants, and trees to use, draw up a planting plan for the complete work, and are prepared to carry into effect any scheme decided upon. We undertake all kinds of construction work and planting.

Terms of Business: All prices quoted herein are based on cash, though we have opened accounts with our regular customers, among whom we would be pleased to include you. The goods are offered subject to being unsold on receipt of order. Prices frequently change as the season progresses and we are sometimes obliged to change them without notice.

Free Delivery: We prepay all seeds put up in packets or ounces. Larger quantities are sent Parcels Post or Express, charges to pay. Hardy plants bought at "unit" rate and Gladioli at "each" or "dozen" rate are sent post-paid. Larger quantities by Express, charges collect.

We request that orders from parties hitherto unknown to us should be accompanied by cash or satisfactory references.

Claims must be made upon receipt of goods so that if the mistake is ours, adjustment may be made promptly.

Your patronage is respectfully solicited.

*New and Rare Varieties
of
Exceptional Merit*

AZALEA HINODIGIRI. One of the finest hardy evergreen Azaleas grown. The brilliant scarlet blooms literally cover the bush in the Spring. The neat green foliage turns to reddish hues in the Fall. Extra strong plants \$2.00 each. Specimens from \$3.00.

BARBERRY, New Chinese Hybrids. An exceptionally fine assortment in endless variety, of charming berried shrubs. Easily raised from seed outdoors. Perfectly hardy. Pkt. \$1.00.

DELPHINIUM, Kelway's new Hybrids in Separate Named Varieties. This strain is among the finest grown. English Perennial Larkspurs are at the very zenith of their popularity. Separate varieties and mixed. Small packet, 50c. Large packet, \$1.00. $\frac{1}{4}$ oz., \$4.00.

Collection. Six separate choice varieties, \$3.00.

GLADIOLI, Wonder Hybrids. One of the finest strains ever produced, and extremely interesting in that they bloom within 4 months from sowing. Raise your own "Glads" from seed this year. Pkt. \$1.00.

AETHIONEMA (Lebanon Candytuft).

A family of rare and beautiful, dwarf sub-shrubs thriving in sunny, well drained positions on the rock garden. Each 50c.; doz. \$5.00.

Coridifolium. A trailing species bearing heads of bright pink flowers, 9 inches. April-May. Each 50c.; doz. \$5.00.

Grandiflorum. A dainty and beautiful rock plant. It forms a compact bush and is covered in July with pink flowers borne in racemes, 1 ft. Each 40c.; doz. \$4.00.

Iberideum. Trailing habit, white flowers and gray foliage. 6 inches. April-May. Each 40c.; doz \$4.00.

The lovely Aethionema, grand for borders and rockeries.

DAHLIA, Jersey's Beauty. The premier pink Dahlia today. As a cut flower it is unsurpassed. The clear pink blooms are medium to large, set at a pleasing angle on the strong stiff dark stem that holds the flower high above the foliage. A first prize winner in every exhibition, where it competed successfully as the best pink, and the best decorative. Strong tubers, \$10 each. Vigorous plants \$5.00 each.

DIGNIFIED DAHLIAS are on page 13.

GLADIOLUS, "Rose Ash." A unique color that might be described as a grayish old Rose giving the impression of tapestry. As a decorative Glad it is unexcelled. Mammoth bulbs 50c. \$5.00 doz. Medium bulbs 25c. \$2.50 doz.

MYOSOTIDEUM nobile (New Zealand Giant Forget-me-not), should be sown under glass and put out into a shady situation, produces large, deep blue, white-edged flowers on long stems, sometimes called the Chatham Island Lily, seeds (in husk) ready in April. Pkt. \$1.00.

New and Rare Bulbs and Plants

LILIUM REGALE (The Regal Lily). The finest hardy garden lily in existence. The trumpet shaped flowers are white, suffused with pink, with a dash of canary-yellow on the inside. The delicate perfume is agreeably pleasant. Flowering in the garden early in July it supplies a distinct need for choice flowers at that time. Seed, per packet, \$1.00. Monster bulbs, \$1.00 each. Per dozen, \$10.00. Flowering bulbs, 60c each. \$6.00 dozen.

LILIUM Sulphur-Gale Hybrids (New), fine hybrid of Lilies Sulphureum and Regale. Of a deeper yellow shade than Regale, later and stronger grower. **Packet, \$1.00.**

PAPAEV NUDICAULE. "Sunbeam Improved." Watkins & Simpsons re-selection of the favorite Iceland Poppy. Per Packet, 50c.

SALVIA. Crocket's New Pink. This new pink Salvia was much admired in our Trial Garden last year. The general color effect is a soft salmon, though the individual corollas are a deep coral red. It is dwarf, compact and bushy, and makes an excellent bedding plant. Per Packet, 50c. Plants, \$2.00 dozen. \$15.00 per 100.

NEW SEEDING PHLOX, "Enchantress." This fine new variety resembles Elizabeth Campbell, though of a more brilliant salmon-pink, with a deep red eye. Vigorous in growth, with a rich green, somewhat glossy foliage. 50c. each; \$5.00 per doz.

PHLOX PROCUMBENS COERULEA. (New). A new trailing Phlox with clear blue flowers and yellow stamens. When flowering it is only about 6 inches high. Its prostrate stems terminate in a cluster of small oval leaves that root like a strawberry. A great acquisition for the Rock Garden. Very hardy. 50c. each. \$5.00 per doz.

Lilium Regale

"The Peerless Princess of Lilies"

Rosa Hugonis

A golden mass of Sheer Loveliness

ROSE, Alida Lovett. An improved Dr. Van Fleet Climber. The large flowers are shell pink shaded sulphur yellow at the base. They are quite fragrant and last a long time. Strong plants, each, \$1.50. Per dozen, \$15.00.

ROSA HUGONIS. A new Chinese rose with single fragrant yellow flowers that cover the arching stems. The first to bloom in Spring when it is a golden mass of sheer loveliness. As a shrub for the balance of the year it is unexcelled, the graceful Acacia-like foliage completely clothes the reddish stems. Very hardy. **Strong 2-year old plants, each, \$2.00.**

PRIMROSE. Royal Blue. A deep rich blue making a striking contrast with the common yellow variety.

Hardy

Plants

Page 15.

SCABIOSA COLUMBARIA. A new rosy mauve perennial Scabiosa from South Africa. Hardy and fine for cutting. Per packet, \$1.00.

SPIRAEA trichocarpa. A new, perfectly hardy species from Korea. It forms a broad spreading shrub with broad dome-like clusters of pure white flowers, much later than the well known Bridal Wreath. Pot-grown Plants, \$1.00 each.

VIOLA. Hazlemere (New). A grand new viola, perfectly hardy, and splendid for rockery or edging in semi-shaded situation. (Award of Merit, London. R.H.S.). Packet. \$1.00.

Rare Winter Flowering Plants For the Greenhouse

CORONILLA GLAUCA. A rare plant for the greenhouse. Large specimens often bear hundreds of clusters of clear yellow pea shaped blossoms all winter. Superior in many ways to the Genista. Extra strong plants, \$1.00 each. \$9.00 dozen.

The BLUE BEE BALM.

PYCNOSTACHYS DAWII. New winter-flowering plant with strong spikes of blooms like a Monarda. The color, however, is the richest corn-flower blue. Fine for cutting and lasts well in water. Propagates easily. Should be pinched back to form bushy plants, 2-3 ft. high. Plants in 3-inch pots, 50c. each. \$5.00 dozen. May-June delivery.

ERLANGEA TOMENTOSUM. A Winter flowering plant with mauve Ageratum-like flowers and fragrant foliage. Continuous bloomer. Supersedes Stevia as a cut flower. Easily propagated. Plants in 3-inch pots, 50c. each. \$5.00 dozen. May-June delivery.

Selected List of Choice Flower Seeds

Giant Antirrhinum

Arctotis Grandis

ANNUALS. These are of two kinds, those that can be transplanted into their flowering quarters, and those that are spaced by "thinning"; the later of course have to be sown, where they are intended to bloom, and have usually a single or "rat-tail" root; most all those that have fibrous roots can be transplanted from one place to another.

HARDY PERENNIALS. Now generally known as "Old-fashioned Flowers" are the best value one can put into a garden. When once established, the plants thrive and bloom each year without further trouble or care than a light winter covering of litter, provided the soil is sufficiently rich, well drained and suitable to the particular plants chosen. Public taste is gradually reverting to the old ideas of a garden. Best sown outdoors from May to July.

LOVETT'S ALL SEASON EVERBEARING STRAWBERRY

We truly believe this is the most valuable Strawberry ever offered. In producing it by scientific hand pollenization (by crossing one of the now famous Van Fleet hybrids and the everbearing variety, Superb) Mr. J. A. Kemp, the originator, has given us one of the most valuable varieties ever introduced. It begins in June, and even if the June crop were all one could expect of this variety, it would be a most remarkable acquisition.

But June just opens the season. It bears large quantities right through the summer and fall the crop being greater by far than that of the other everbearing varieties. We know of no other variety that will produce the crop of fruit during the hot dry summer months which this sort does; while in size the individual berry equals the best of the June varieties.

Price—The supply is limited, but we have several thousand well-rooted pot-grown plants. \$4.00 per dozen, \$25.00 per hundred.

No less than half dozen will be supplied on any one order.

RHUBARB. (Pie Plant). Finest red. 30c each. \$3.00 dozen.

Planning and Planting the Home Grounds

Do It Once and Do It Right

MANY Home Owners make the fatal and very expensive mistake of entrusting the planting and grading of Gardens and Lawns to an inexperienced "handy man" who calls himself a gardener. We are often called upon to remodel and replant what such men have attempted, but failed through ignorance and inexperience, to do properly.

You can avoid this expense by consulting us first—We are prepared to handle the entire work, draw up plans, supply the necessary stock and plant it in such a manner that there will be few failures, while the whole will create a well thought out scheme of harmony of color and lasting beauty.
