World's Choicest Dahlias

ONE OF THE MEDALS AWARDED

COLLECTION OF
Mr. and Mrs. LEO RITTER
• **8118 Bay Parkway**
Brooklyn, N. Y.

These Prizes and others were awarded to us by the American Dahlia Society and the Horticultural Society of New York at Flower Exhibition.

DAHLIAS

FOR some eight years we have grown and experimented in dahlias. Each year we would get catalogues from California and other parts of the country, visit dahlia shows, buy additional varieties, better varieties, newer varieties, buy and buy, every year every variety that appealed to us, paying as high as \$50.00 for a bulb.

We found that some of these selections looked gorgeous at the shows, beautiful (description) in the catalogues, but poor in the garden. We gave each variety a fair trial, all that proved poor in bloom in habit, we would discard, harboring in our gardens only the best, those nearest to perfection.

Selling flowers and tubers is not our business; we grow them only for the pleasure. Dahlia bulbs increase some three to tenfold yearly. Up to season 1924-25 we have never derived one penny for neither cut flowers or bulbs, always distributing the surplus gratis. We have given large choice collection of tubers to New York, Brooklyn, Newark and Orange Parks and other public and charitable institutions, to school teachers, police officers and friends, free of charge. Here is one letter of acknowledgment.

CITY OF NEW YORK
DEPARTMENT OF PARKS
Borough of Manhattan
Municipal Building

September 19, 1923.

Mr. Leo Ritter,
Pacific Finance Corporation,
47 West 34th Street, City.

Dear Sir:

Replying to your communication of the 18th inst., requesting permission to take some of your Dahlias from Terrace Bridge in Central Park for exhibition at the coming Dahlia Exhibition, would say that it would be rather selfish on our part not to allow you to have a few of these beautiful flowers from the two hundred or more plants that you have so kindly allowed this department to use to beautify this part of the park. They have given great joy to many people who have admired their beauty.

I can say with great sincerity that of the great number of donations given during my experience in horticulture, I have never had the pleasure of seeing plants of the best varieties given away but rather the stock that cannot be used.

The Commissioner also wishes to express his thanks to you for your donation of plants, and has granted permission to put up two signs, one in each bed, with the names of the exhibitors.

Very truly yours,

(Signed) WESLEY B. LEACH,
Forester.

We have also distributed cut flowers to many public hospitals, churches, etc., gratis. Just a couple of acknowledgments:

My dear Mr. and Mrs. Ritter:

On behalf of the Beth David Hospital, I beg to express our sincere thanks and appreciation for your contribution of flowers to the patients in our Institution.

SOCIAL SERVICE DEPARTMENT
THE MOUNT SINAI HOSPITAL
Fifth Avenue and 100th Street
New York

Mr. and Mrs. Ritter:
Dear Friends:

The members of the Social Service Auxiliary wish to thank you for the very beautiful flowers you so kindly left for our poor sufferers, and to assure you of their and our appreciation.

May the Almighty bless you and yours for the good you are doing to others.

Sincerely,

May 23, 1923

We shall be glad to supply collection of dahlia tubers, our choice to public or charitable institutions that are accessible to our observation, free on the following conditions:

1. That they will be grown only on their own grounds and for their own use.
2. That they will not be offered for sale or otherwise disposed of.
3. That a suitable place and proper care will be accorded them.

After supplying the public parks and institutions, instead of giving away the surplus stock promiscuously as in the past, which has been misused in many cases, we now offer them for sale at prices not as listed in some catalogs up to \$50.00, but \$5.00 down. In our opinion \$5.00 is a good price for any dahlia in creation over one year in the market. The proceeds in the sale of the tubers will go to the Israel Zion Hospital, 10th Avenue, 49th to 50th Streets, Brooklyn, N. Y., which hospital is very generously serving the poor and the sick, also to other charitable institutions and purposes.

CONDITION OF SALE

In view of the reasonable prices we charge and quality of the stock, we deliver, we desire to eliminate all unnecessary effort and expense, therefore, no goods are sent C. O. D. or on open account. Remit in full with order with explicit confidence. You will not be taken advantage of in the slightest; you can revise, countermand, all or any part of your order at any time before shipment is actually made, all money will be cheerfully and promptly refunded.

We guarantee to deliver all roots healthy, and in good condition. If not so found, notify us immediately and we will replace or refund. Our guarantee does not cover beyond that. The well growing of any plant depends on experience, care, location, weather, insects, etc. How can we guarantee all that?

We prepay postage on all orders over \$2.50. On order of less than \$2.50 please add 25c postage, insurance and packing. We make no shipment before May 1st. Instructions how to grow dahlias are sent with each shipment. If you want good flowers use our instructions; don't follow the advice of friends and newspapers.

The collections in this catalog are the choicest in dahlia-dom. The descriptions are not gotten up by us but are the descriptions given by the originators. Of course the best way to make your selection is to see the flowers in bloom, or send an open order, state your desire as to color, price and quantity and leave it to us.

Our gardens are on Bay Parkway (formerly 22nd Avenue) between 81st and 82nd Streets, Brooklyn. During the blooming season it's a sight worth seeing and is open to the public. May be reached by B. M. T. Subway, West End Train, alight Bay Parkway Station. By auto take the road to Coney Island, when on Ocean Parkway, turn right on Bay Parkway to 81st Street.
