- ALAN LOMA** (Paeony). A large, pure waxy white flower with a yellow pollen center. A low growing plant, free in bloom. An attractive and artistic flower.\$1.00
- ALANNAH** (Hybrid Cactus). A compact plant of medium height, covered with flowers all of the season. The color is a deep rose pink shading to yellow at base of the petals. The curly petals reflex, giving depth to the bloom and making an unusually dainty and attractive flower. Stem slender and erect.\$3.50
- AMBASSADOR** (Cactus). One of the best of this type. The color is a soft yellow buff, shaded salmon pink, flowers very large, held erect on stems that are strong and stiff.\$3.00
- AMUN RA** (Decorative). The immense blossoms are carried erect on long, strong stems. A gorgeous coloring of copper and orange. The flowers will keep in perfect condition for several days when cut and two weeks in the garden.\$3.00
- APPELBLOESEM** (Holland Decorative). The large flowers are set on top of strong, rigid stems similar to Insulinda. The color is creamy pink, as indicated by the name.\$3.00
- ARTIC** (Paeony-Decorative). A pure white flower of perfect form. Classed as a paeony, but will often produce flowers of a true decorative type. Heavily petaled, yet fluffy and graceful. Large flowers on long strong stems.\$1.50
- ATTRACTION** (Holland Hybrid Cactus). Large perfect flowers held erect on strong stems. Color clear lilac rose, or lavender pink. One of the best for cut-flowers.\$1.50
- AZALEA** (Decorative). Color soft yellow, tinged pink. Good stems and free in bloom. Attractive in garden and good keeper.\$1.00
- BALLET GIRL** (Cactus). Large flowers with incurved petals, borne on long, slightly pendant stems. The blossoms are usually orange with white edge, but there will be many variations of these colors on the same plant.\$2.00
- BIANCA** (Hybrid Cactus). One of the best Holland varieties for garden and cutting. Medium to large flowers, profuse in bloom, with fine stems. The color is a lovely shade of lavender. \$1.00
- BILLIONAIRE** (Paeony). One of the largest dahlias in existence. A good garden variety, but the stem is too pendant for cutting. The color is a beautiful shade of golden yellow.\$1.50
- BILTMORE** (Decorative). A fancy variety which usually comes red and white, but some flowers will be all red and others with only a few petals marked white. Large and showy in the garden. The stems are rather pendant.\$1.50
- BLACK BEAUTY** (Paeony). A large flower, attracting much attention in the garden, on account of the dark color, being almost black. The stem is long and slightly pendant.\$1.00
- CALIFORNIA ENCHANTRESS** (Hybrid Cactus). A fine variety for cutting and exhibition. The color is a beautiful shade of pink and the stem is excellent. Large blooms with good substance.\$1.50
- CALIFORNIA SUPERBA** (Decorative). A very large bloom of a delicate shade of pink. Flowering habit profuse, stem good. \$4.00
- CAMBRIA** (English Decorative). A massive flower with broad petals, held erect on long, strong stems. Clear light pink. \$2.00
- CARL PURDY** (Paeony). Immense flowers, held high above the tall growing plant on good stems. The color is a bright fiery scarlet, attracting the attention of every visitor to the garden. True stock very scarce.\$2.50
- CARMENCITA** (Decorative). A low growing plant, producing a profusion of flowers all season. The large blossom is yellow striped red, with a good stem.\$1.50

- CHAMPAGNE** (Decorative). An immense flower, held upright on a long strong stem. Color is golden champagne, varying to chamois. Very free in blooming, for such a large flower. **\$5.00**
- CHARM** (Decorative). The color of this much admired dahlia is a combination of burnt orange and copper, shading to yellow. Very profuse in bloom, with good long stems. **\$2.00**
- CITY OF PORTLAND** (Paeony). The best clear yellow paeony dahlia I have ever seen. Many of the blossoms are 9 inches to 12 inches in diameter, held upright on fine stems. It is a perfect exhibition flower as well as for garden and cutting. .. **\$2.00**
- CARDINAL MERCIER** (Paeony). A flower that will grow 12 inches in diameter, with long somewhat pendant stem. Beautiful color, being deep flesh pink with light veins of canary. **\$2.50**
- DADDY BUTLER** (Hybrid Cactus). A large flower, perfect for cutting as it is one of the best keepers and has good straight stems. Color is rose carmine, with lighter reverse, giving a two-toned effect. **\$3.50**
- DORA ROBBINS** (Decorative). Medium to large flowers of a nice autumn shade. Good stems and free in bloom. **\$1.50**
- DIANA** (Holland Hybrid Paeony). Crimson with violet reflex. Large well formed flower with good stem. **\$1.00**
- DR. HARRY TEVIS** (Decorative). Flowers nine to ten inches in diameter, held upright on long strong stems. Color salmon rose suffused with old gold. Sometimes the flowers will come single. **\$1.00**
- EARL WILLIAMS** (Decorative). One of the very best variegated dahlias, of large size with perfect stems. The flowers are usually crimson with white tips, but there will be many variations of these colors on the same plant. **\$3.00**
- EDITH CAVELL** (English paeony decorative). A very large flower carried erect on a long, strong stem. The color is old gold shaded reddish bronze. **\$2.00**
- ELISE DREXLER** (Hybrid Cactus). A deep velvety crimson maroon flower of immense size, held erect on fine, strong stems. Free blooming and fine for exhibition and cutting. **\$3.00**
- EMPEROR** (Marean Decorative). Deep maroon purple blooms of large size with strong stems. Exhibition and cutting. .. **\$2.00**
- ETENDARD DE LYON** (French Hybrid Cactus). Medium to large flowers, set on top of strong stems. Color deep violet purple. An old time favorite and good standard variety. **\$1.00**
- EMILY RENWICK** (Decorative). Medium size flowers with good stem. Color rose pink shading dark to center. Profuse in bloom. **\$1.50**
- ESTHER HUNT** (Hybrid Cactus). Large flowers with good stems. Attracts much attention in the garden on account of the striking color, which is oriental orange. **\$3.50**
- ESTHER HOLMES** (Hybrid Cactus). Profuse in bloom, this dahlia is fine for cutting, as it has an excellent stem. The color is a deep pinkish lavender. **\$2.50**
- ELIZABETH BOSTON** (Paeony). A very large flower of deep crimson shading to old gold at the tips. The best of stems and free in bloom. **\$3.00**
- ENCHANTRESS** (Holland Decorative). Color is a silvery pink. The flowers are borne erect on strong stems, well above the foliage. Petals are long and wavy. **\$2.50**
- ETOILE DE FOCH** (Single). A French novelty which will appeal to all who like dainty little flowers for small vases and baskets. Clear yellow with carmine reverse. The flowers are star shaped and borne in profusion on perfect stems. **\$1.00**

- EUDORA** (Paeony). A pretty garden variety with medium size artistic flowers, borne in profusion. Color is soft orange. \$1.00

POMPON DAHLIAS

These little bouquet dahlias are becoming more popular each year. They are perfect balls from one inch to two inches in diameter and come in all colors. For table decoration they cannot be excelled, keeping for days in water. They can be planted as close as eighteen inches apart, require no staking, disbudding or special attention.

Price for named varieties assorted, per dozen.....\$4.50
If wanted singly, 50 cents each. Six for \$2.50.

COLLECTIONS

When selection of varieties is left to me, I will furnish collections of ten tubers, each one different, all selected stock labeled with name, at the rate of 10 tubers for \$5.00, \$10.00 and \$15.00, and give extra value in this way.

VARIETIES NOT LISTED

I have a few tubers each of many of the new Western seedlings. Not enough of a kind to catalogue, and on any of these I will be pleased to quote a reasonable price. So if you have any variety in mind, that you do not find listed, send me your inquiry and I will advise you by return mail if I have it.

DAHLIA STAKES

Made from $1\frac{1}{2} \times 1\frac{1}{2}$ inch cypress, six feet long, pointed one end. Planed smooth on all four sides. Give them a good coat of paint and they will last a life time.

Price at garden, not painted, 20 cents each.

TOBACCO POWDER

For dusting dahlia plants and rose bushes as a protection against all insect pests. When planting dahlias mix a large handful with the soil in the hole to keep away all kinds of worms. Tobacco gives double value, as it is also a good fertilizer. I handle only the M. K. brand of tobacco powder, fresh from the factory, which is not to be compared with the ordinary cheap dust and floor sweepings.

Price in full sacks of 100 pounds, \$5.00. Less quantity 8 cents per pound. At garden, no delivery.
