FRUITS, TREES

and

FLOWERS

Spring 1925

Gladioli—See Page 11.

SARCOXIE NURSERIES

PEONY FIELDS

Wild Brothers Nursery Co., Sarcoxie, Mo.

Cannas

From early July till fall a profusion of dazzling blooms. The feet mentioned is the average height. Easily grown.

Each, 10c; \$1.00 per dozen; \$7.50 per 100.

Allemania—Large orchid-flowers, scarlet with yellow border; green foliage; 4 to 5 feet.

Austria—Large; canary yellow dotted crimson; orchid flowered; green foliage; $4\frac{1}{2}$ feet.

Hungaria—Pink; large; green foliage; $3\frac{1}{4}$ ft.

King Humbert—Large; bright orange-scarlet; orchid flowered; bronze foliage; 4 to 5 feet.

Louisiana—Large; orange-scarlet; orchid flowered; green foliage; 5 to 6 feet.

Yellow Humbert—Large; rich yellow dotted red, occasionally a scarlet or scarlet - striped flower; orchid flowered; green leaves; 4 to $4\frac{1}{2}$ ft.

Bronze Leaf—For foliage effects only as the red flowers are small; about 5 to 6 feet. 50c per dozen.

Gladioli

Gladioli are early grown, and are seldom troubled with insects or diseases. The bulbs offered on page 11 will give you good results the first summer, and you can increase your stock rapidly if you wish. Try them, if you haven't. You will want more each year.

CANNAS

For Your Information

How to Order

Just make a list of what you want, giving number, name, size and price. Tell us whether to ship by freight or express. If you do not we will ship as we think best. If you wish shipment at some special date tell us, otherwise we will ship when we think best according to season and locality. Our terms are cash but we will ship C. O. D. if half is sent with order. The express company charges extra for collecting and forwarding the money. Orders for future shipment should be accompanied by one-third the amount, balance at shipping time.

Certificate of Inspection

Copy of certificate attached to each shipment.

Please Tell Us

Please tell us whether you would rather have a larger size at the larger price or a smaller size at the smaller price, if we should be out of the size you order. Also tell us whether you want us to send a similar variety if we are out of any variety ordered. If you do not want us to do so, mark "No substitution" on your order. If you do not tell us what to do we are obliged to use our judgment. We prefer to have your instructions.

When we substitute the tree is labeled with the correct name of the variety filled. For example, if we sent Stayman Winesap in place of Winesap it would be labeled Stayman Winesap.

Don't Forget to Tell Us

Don't forget to tell us if your freight or express office is different from your postoffice.

Why We Don't Prepay

Prices herein are not prepaid unless so stated. If we prepaid we would have to do like anyone else who prepaies—add it to the price we wanted to get and be sure to estimate it high enough so we wouldn't lose money on it on the average.

In a few cases, when stock can be sent by parcel post, we quote a price postpaid, because on light packages we can't miss it but a few cents anyway. If not quoted postpaid, and you want it by parcel post, allow extra for postage. We don't like to send C. O. D. for postage because it costs you 13c more. Trees larger than 3 to 4 ft. cannot be sent by parcel post.

Our Guarantee

We exercise care and diligence to have our varieties true to label and sell all our stock with the express guarantee that we will, on proper proof, replace any that may prove otherwise, or refund the amount paid for same, which shall constitute the extent of our liability.

We undertake to send out stock in first class condition. Success or failure then depends largely on planting, after care, climatic conditions, etc. which we cannot control, some of which no one can control, so we cannot at these prices guarantee stock to live. Those nurseries who do guarantee stock to grow necessarily charge a higher price and the careful planter helps pay the loss of the careless. If for any reason stock is not in good condition when received, please write us promptly.

How Many Dollars Do You Spend for Fruit?

How many dollars a year do you spend for fruit, either fresh or canned? Did you ever stop to think that half that yearly sum, invested in a few fruit trees, would give you many times the amount of fruit you buy, and keep on giving it year after year? Some one has to raise all the fruit you eat. If you buy you pay some one a profit. When you raise your own you keep that profit in your pocket, you use more fruit, and you don't have to buy so much other table supplies on which you pay a profit.

Peaches Bear the Third Year

PEACHES come into bearing quicker than any other tree fruit, under proper conditions giving a crop the third year. Select varieties from early to late and you can have three months of peaches. The trees won't cost as much as you would probably pay for peaches in one year. And none are so delicious as those freshly picked when fully ripened on the tree. A sandy loam or gravelly soil is best but the peach adapts itself to almost any well drained soil. Planted 16x16 ft. requires 170 per acre; 18x18 ft. 134 per acre.

Price of One-Year Peach:

	Each	Per 10	Per 100
XX size, 11-16 in. caliper up, about 4 to 6 ft.....	\$0.45	\$4.00	\$35.00
Extra size, 9-16 to 11-16 in. caliper, about 4 to 5 ft.....	.40	3.50	30.00
Standard size, 7-16 to 9-16 in. caliper, about 3½ to 4½ ft.....	.35	3.00	25.00
Medium size, 5-16 to 7-16 in. caliper, about 2 to 3½ ft.....	.25	2.00	15.00

Any five or more at the 10 rate; less at the each rate; 50 or more at the 100 rate.

Our medium size equals the X size of some nurseries.

The following list is arranged approximately in the order of ripening. The dates named are the approximate average in this section.

Mayflower—The earliest; good size; red all over, semi-cling; good shipper; hardy; productive.

Greensboro—Large, creamy white, with a yellowish cast, beautifully colored crimson; flesh white, very juicy; an excellent early peach; mid June; hardy and a profuse bearer.

Carman—Large; creamy splashed red; juicy, rich, sweet, good; nearly free; hardy; productive.

Champion—Large; white, red cheek; flesh white, sweet, juicy, rich, delicious; freestone; early Aug., quite hardy; bears young; productive.

Belle of Georgia—Very large; white, red cheek; firm, juicy, high quality; freestone; early Aug., hardy; very productive; an excellent shipper.

Crawford Early—Large; yellow, deep red cheek; rich, slightly sub-acid; freestone; early August.

J. H. Hale—A little more round and firmer than Elberta; about the same season.

Elberta—Very large; golden yellow, crimson cheek; firm, juicy, good; freestone; mid August, excellent shipper; vigorous, productive, profitable.

Crawford Late—Large; yellow, deep red cheek; juicy, rich; freestone; latter Aug.-Sept.

Heath Cling—Very large; creamy white, sometimes faintly blushed; flesh white to the pit, rich, very juicy, sweet, fine; latter Sept.

Krummel's October—Large; yellow, red cheek; firm, juicy, sweet, good; free; late Sept.-Oct.

Krummel's October standard size only.

PARCEL POST

If plants are wanted by parcel post allow extra for postage, except where quoted postpaid. Trees larger than 3 to 4 ft. cannot be sent by parcel post.

Currants

Red and White, strong 2-yr. 20c each; \$1.75 pr 10.

Because of shipping regulations currants cannot be shipped into Nebraska, Kansas, Oklahoma and Western States.

Apple Profits

Ed Hauser, a farmer near Nashville, Kingman county, Kansas, does not live in an orchard section but this fall he made a net income of more than \$600 from a 2½ acre orchard. The 932 bushels of apples which he picked sold for \$732. The cost of spraying and picking was about \$130. The record was taken from Mr. Hauser's answer to a questionnaire on orchard spraying sent out by L. C. Williams, extension horticulturist at the Kansas State agricultural college.—Joplin (Mo.) Globe, Dec. 23, 1922.

Price of Two-Year Apple:

	Each	Per 10	Per 100
XX size, about 4½ to 6 ft., 11-16 in. caliper and up, branched	\$0.55	\$5.00	\$47.50
Extra size, about 4 to 5 ft., ¾ to 11-16 in. caliper branched	.50	4.50	40.00
Standard size, about 3½ to 4½ ft., ½ to ¾ in. caliper, branched	.40	3.50	30.00
Medium size, 3 to 4 feet	.30	2.50	20.00

Any five or more at the 10 rate, less at each rate; 50 or more at the 100 rate.
Our standard size equals the X size of some nurseries.

Summer Apples

Ripening dates named are approximate average here; allow 5 to 7 days for each 100 miles north or south. Altitude also affects the date.

Benoni—Deep red stripes on rich yellow; juicy; mild subacid; fine dessert quality; early to mid-season; bears freely and rather young.

Early Harvest—Bright straw; juicy, rich subacid; good; very early; bears rather young; productive.

Liveland Raspberry—Waxy white striped crimson; crisp, fine grained, juicy, fine quality; hardy, season about with Yellow Transparent.

Red June—Very red; juicy, brisk sub-acid, good; medium size; June-July; a young bearer.

Sweet June—Yellow; very sweet; good; prolific.

Wilson June—Deep crimson like Red June but sweet, larger and later; latter July-August; bears young.

Yellow Transparent—Good size; yellowish-white; fine grained, crisp, juicy, sprightly sub-acid; good for eating and cooking; mid June; hardy; a very young, regular and abundant bearer.

Autumn Apples

Connor's Sweet—Large; mottled red and yellow; crisp, juicy, good, August; a good grower.

Maiden Blush—Large; clear yellow, crimson cheek; very juicy, sub-acid; mid autumn; good for cooking and drying; hardy; bears rather young.

Winter Apples

Arkansas Black—Medium large; almost black; flesh yellow, firm, crisp, subacid; Dec-March.

Black Ben Davis—Large; rich red to maroon; firm, juicy, mild sub-acid; keeps well, ships well; bears young, regularly and abundantly.

Delicious—Roundish conic, medium to large, pale yellow, mostly covered with red, striped dark carmine; juicy; mild sub-acid; good.

Grimes' Golden—Of best quality; beautiful golden yellow; medium to large; crisp, juicy, rich sub-acid, aromatic; fine dessert apple, good for cooking, especially fine canned; Oct.-Dec.; blooms late; hardy; bears young.

Ingram—Keeps late; bright red stripes on yellow ground; juicy, mild sub-acid; good.

Jonathan—Very attractive, lively deep red; high flavor; excellent for dessert, cooking and market; firm, crisp, juicy, very aromatic, mild sub-acid; Oct. and later; bears rather young.

Mammoth Black Twig—Greenish, largely over-spreading, dull, deep red, sometimes almost black; very firm, moderately juicy, sub-acid, good; keeps late.

Stayman Winesap—Large; attractive shape; greenish-yellow striped and often nearly covered with dark red; firm, crisp, very juicy, aromatic, sprightly pleasant sub-acid; very good; keeps late.

Winesap—Bright deep red, flesh yellow, very rich, crisp, very juicy, sprightly sub-acid, very good; Dec-March; bears young.

York Imperial—Large; attractive greenish-yellow shaded crimson; crisp, juicy, sub-acid, becoming mild; Dec.; bears heavily and rather young.

Crab Apples

Transcendent—A large crab; golden yellow, crimson cheek; crisp, juicy, sub-acid; Aug.-Sept.

Made Good with Cherries

SCHUYLER STEVENS of Smith Center has demonstrated beyond question the value of cherries in Western Kansas. In 1915 he planted 500 trees. Now if you will recall the summers since 1915, every one excepting 1915 must be classed as drouthy seasons. In spite of adverse conditions, here is what Mr. Stevens says in a letter dated June 28, 1919: "The Dyehouse were the first to ripen, then the Early Richmond and now the Montmorencies are on hand. The Wragg will follow in July. I will have about 300 crates and they bring me \$3.00 net as I require the crate returned. This will bring me \$900 for the cherries on four acres the fourth season." * * * I know Mr. Stevens personally and I am familiar with his method of orcharding. * * * The secret of his success has been cultivation. He has never allowed a weed to grow in his orchard.—Chas. A. Scott, in Kansas Farmer, March 6, 1920. Wragg and English Morello are very similar if not identical.

Plant 18 to 20 feet apart on well-drained ground. The list is arranged in the order of ripening.

Price of Cherry:	Each	Per 10	Per 100
XXX size 2 year 11-16 in. caliper up, 4½ to 6 ft. branched	\$0.95	\$9.00	\$85.00
XX size, 2 year 3½ to 5 ft. 9-16 to 11-16 in. caliper, branched	.80	7.50	70.00
Extra size, 2 year, 3 ft. to 4 ft., 7-16 to 9-16 in. caliper branched	.55	5.00	47.50

Any five at the 10 rate, less at each rate; 50 or more at the 100 rate.

Early Richmond (May Cherry)—Medium size, round, bright red, darker when fully ripe; very juicy, sprightly acid; latter May-June; hardy, very productive; profitable; succeeds everywhere.

juicy, pleasant acid; excellent; a week later than Early Richmond; vigorous, hardy, productive; successful everywhere.

English Morello—Large, dark red, nearly black; flesh dark purplish crimson; juicy; rich acid; prolific; latter June-July; dwarfish.

Montmorency—Rather large, dark rich red;

Pear Trees

Price of Garber and Kieffer.	Each	Per 10	Per 100
XX size 2 year, 9-16 to 11-16 in. caliper, about 4 to 6 ft.	\$0.55	\$5.00	\$45.00
X size 2 year, 7-16 to 9-16 in. caliper, about 3½ to 5 ft.	.45	4.00	35.00
Price of Bartlett.			
XX size 2 year, 9-16 to 11-16 in. caliper, about 4 to 6 ft.	.70	6.50	60.00
X size 2 year, 7-16 to 9-16 in. caliper, about 3½ to 5 ft.	.60	5.50	50.00

Our XX size equals the XXX size of some nurseries.

Any 5 or more at the 10 rate; 50 or more at the 100 rate.

Pears are graded by caliper or diameter. The height is the approximate average and varies with the habit of the tree. Arranged approximately in order of ripening.

Bartlett—Large; waxy yellow with red blush; juicy, rich; latter August; bears young.

Garber—Large, waxy yellow, red cheek; early Sept.; good for canning and market and for pollenizing others; hardy; vigorous; very resistant to blight.

Kieffer—Very large, rich, yellow tinted red; very juicy; develops good flavor if ripened slowly in a cool, dark room; very resistant to blight, hardy, very productive, ships well, profitable pear; Sept.-Nov.; bears about the fifth year; plant Garber to pollenize it.

DWARF PEARS

Dwarf Pear—Occupy little room, are valuable where space is limited and begin bearing younger, often the year after planting.

They may be planted 10 to 12 feet apart and kept headed back.

Duchesse d'Angouleme—Very large, greenish yellow, dull red cheek; juicy, melting, slightly granular; Sept. Oct.; productive, hardy, vigorous.

XX. 5-8 in. caliper and up, 55c each, \$5.00 per 10, \$50.00 per 100.

Plum Trees

Price of Plum:	Each	Per 10	Per 100
XX size, 11/16 in. caliper up, about 5 to 6 ft.....	\$0.60	\$5.50	\$56.00
Extra size, 5/8 to 11-16 in. caliper, about 4 to 5 ft., branched.....	.50	4.50	40.00
Standard size, 1/2 to 5/8 in. caliper, about 3 to 4 ft., branched.....	.40	3.50	30.00
Medium size, 2 to 4 ft., under 1/2 in. caliper.....	.30	2.50	20.00
America can be supplied medium size only at.....	.35	3.00	25.00

Any five at the 10 rate, less at each rate; 50 or more at the 100 rate.

Our Extra size equals the XXX size of some nurseries.

Blackberries

Yield \$394 Per Acre

Early Harvest Blackberry, in experiments by the Missouri Agricultural Experiment Station, yielded gross returns at the rate of \$347.00 per acre in 1919 and \$394.20 per acre in 1920.

Blackberries begin bearing the second year and may be depended on for regular, profitable crops under suitable conditions. They are at their best in a strong, deep loam that will retain moisture, tending toward clay rather than sand. If properly tended they may be planted 2x6 feet, requiring 3600 per acre.

Early Harvest—The most profitable of all on account of its extreme earliness, hardness and productiveness; glossy black, firm and ships well; growth strong. 35c per 10, 60c per 25, \$2.00 per 100, \$17.50 per 1,000.

50 at the 100 rate; 500 at the 1000 rate.

Raspberries

Bear the Second Year

They begin bearing the second year, ripen between strawberries and blackberries, sell well and are reliable croppers under suitable conditions. Deep soil that will retain moisture during a dry season is desirable. Planted 3x6 feet requires 2,420 per acre.

Kansas—Black; large; firm; of good quality; early; productive. 40c per 10; 85c per 25; \$3.00 per 100; \$25.00 per 1000.

St. Regis; Ranere—Bright red; quality good; season very early and long. After the old canes have borne the young canes begin and in some sections bear freely till fall; in others, especially where the summers are dry, but little in the fall. If its success as an everbearer or fall bearer in your locality is unknown, try it in a limited way at first. 40c per 10, 70c per 25, \$2.50 per 100, \$20.00 per 1,000; 50 at 100 rate, 500 at 1000 rate.

Planting and Pruning Instructions

will be sent on request. Tell us if you want them

America—Large; golden yellow, distinct red cheek; juicy; cling; July; hardy; productive; bears very young one of the most reliable.

America can be supplied medium size only.

Burbank—Japan. Very large, bright, dark red on yellow; flesh yellow, firm, juicy, rich, sugary; cling; latter July; bears profusely.

Deek Damson—A great improvement on the common Blue Damson; larger, and the most productive Damson we have grown; small seed from which it parts when fully ripe; a very fine plum preserved or canned, developing excellent flavor; August.

Italian Prune—Large; late; freestone; good quality.

Lombard—Adapted to widely different soils and climates; hardy; productive; purplish red; medium size; mid-season; primarily for cooking and canning.

Ozark Prune—Originated in the Ozarks and is well adapted here; large blue freestone; reliable bearer.

Red June—Japan; dark coppery red; flesh yellow, juicy, sweet; semi-cling; early; productive.

Shipper's Pride—Late; vigorous, hardy, productive; a solid-meated plum similar to prunes.

Blackberries

Dewberries

EARLIER THAN BLACKBERRIES

Lucretia—Large, often 1 1/2 inches long; sweet and luscious throughout; for size and quality is unexcelled by any of the blackberries; ripens at the close of the strawberry season before Early Harvest; the variety most extensively grown for market. 25c per 10, 60c per 25, \$2.00 per 100, \$17.50 per 1,000. 50 at 100 rate; 500 at 1000 rate.

Grapes Bear After Freezing

SINCE living in Kansas I have several times seen the new growth on our grape vines killed by frost; but found that where grapes had been kept well pruned and cultivated they possessed sufficient latent force, owing to their widespread root growth, to push out new shoots from otherwise dormant buds * * * * You will find when your grape vines are frozen, even as late as the first of May, that if all green matter is frozen dead, then otherwise dormant buds will break and the new growth from them will come right on and produce new shoots, from which a fair crop of grapes will grow; but if a single joint of the first crop of shoots is left the new growth will start from the green bud on such shoots, and the resultant growth will not produce any grapes but will produce a shoot with leaves only. So if the new growth is not frozen back to the previous year's wood it should at once be pulled off, thus forcing the latent buds to start.—Wm. H. Barnes, before the Kansas State Horticultural Society.

Concord—The most popular; large, black, juicy, sweet; vigorous, very hardy, healthy, productive; mid to late August here.

Moore's Diamond—Large, yellowish-green, juicy, good; ripens a little before Concord.

Moore's Early—Black; about two weeks before Concord; desirable for home and market for its size, season, hardiness and productiveness.

Niagara—Large; pale yellowish-green; juicy, sweet; good for table or market; a white Concord; ripens with it or a little later.

Worden—Black; large; about 5 to 10 days earlier than Concord; berries larger, of better quality; vigorous, healthy, productive.

lier than Concord; berries larger, of better quality; vigorous, healthy, productive.

One-year No. 1.	One	Two	Three	Ten	Per 100
Concord	10c	18c	25c	\$0.70	\$ 5.00
Moore's Early	16c	28c	40c	1.20	10.00
Moore's Diamond	18c	32c	46c	1.40	12.00
Niagara	16c	28c	40c	1.20	10.00
Worden	16c	28c	40c	1.20	10.00

Five or more of a kind at the 10 rate; 25 or more of a kind at the 100 rate. Lots of 500 and over, Concord, $\frac{1}{2}$ c each less, other varieties 1c each less.

Gooseberries

Plant 3x5 or 4x5 ft. A northern slope is best, especially in the Central and Southern States. 5 at the 10 rate; 50 or more at the 100 rate.

Houghton—Of medium size, but a profuse bearer and a money maker. Very free from mildew; the best for most sections; glossy pale dull reddish brown when ripe, but usually picked green.

One year 15 each, \$1.25 per 10, \$10.00 per 100.

Because of shipping regulations Gooseberries cannot be shipped into Nebraska, Kansas, Oklahoma and the Western States.

Asparagus

The earliest of vegetables excepting Rhubarb. 50 at 100 rate; 500 or more at the 1000 rate.

Conover's Colossal—The standard market variety; very large; growth rapid; productive;

Columbian Mammoth White—Vigorous; white shoots of excellent quality. Grown from seed and some plants sport to green.

Palmetto—Large; early; productive; good; very resistant to rust; adapted to North and South.

Prices of Above

2 yr., 40c per 25; \$1.50 per 100; \$12.50 per 1000.
1 yr., 35c per 25; 1.25 per 100; 10.00 per 1000.

Washington—A variety developed by the U. S. Department of Agriculture; bred especially for vigor and resistance to rust. 2 yr., 40c per 25; \$1.50 per 100; \$14.00 per 1000. 1 year, 35c per 25; \$1.40 per 100; \$12.00 per 1000.

Rhubarb or Pie Plant

Large, tender, delicately flavored stalks. Plant $2\frac{1}{2}$ x4 ft.; cover the crown 2 in. Easily grown. The secret of success is well drained soil. Divisions, 10c each; \$1.00 per doz.; \$7.50 per 100.

Horseradish

Horseradish sets, 25c per dozen; \$1.50 per 100.

Strawberries

PRICES: 75c per 100, \$5.00 per 1000, except **Progressive**. 500 or more, assorted if you wish, at the 1000 rate. Not less than 25 of a kind sold.

If by parcel post add 5c for 25; 10c for 100; 15c for 200; except where quoted postpaid. This is sometimes a little more, sometimes a little less than the postage but is a fair average.

Haverland and **Warfield** are imperfect-flowered and every third or fourth row must be some perfect-flowered variety to pollinize them. All others listed are perfect-flowered. Planted 2x4 ft. requires 5400 per acre.

Aroma—A heavy bearer; very large; deep glossy red; firm; ships well; midseason to late; good; a money maker.

Aroma, 5000 or more at \$4.50 per 1000; 10000 or more at \$4.00 per 100.

Dr. Burrill—Large; midseason; bears heavily.

Dunlap—Deep rich red; juicy; good; a perfect-flowered Warfield midseason; bears heavily; succeeds almost everywhere.

Early Ozark—Large; very early; productive; firm; bright red.

Gandy—Very large; very late; firm; ships well; excellent on new or timber land; not successful on dry, sandy soil.

Gibson—Large; bright red; midseason; productive.

Haverland—Large; long; bright crimson; midseason; productive; succeeds almost everywhere; use **Dunlap** as a pollinizer.

Klondike—Medium early; dark red; good size; productive; excellent for warm, sandy soils.

Michel—Very early; not very large but very productive, sweet, rich and of good flavor, hence a good extra early table berry.

Warfield—Deep rich red which with its high quality is well retained when canned; midseason; imperfect flowered; use **Dunlap** as a pollinizer.

Everbearing Strawberries

Progressive gives a good crop the first year during summer and until freezing weather. The flavor, color and shape resemble **Dunlap** and **Warfield**; medium size; perfect flowered. Valuable for the home garden, particularly if planted where they can be watered in dry weather.

The U. S. Department of Agriculture says: "The plants are the most vigorous of all the everbearers now in the trade, and are, so far as observed, the hardest variety of strawberry now grown in this country, enduring the extreme climate of the upper Mississippi Valley remarkably well. The foliage is very resistant to leaf spot disease. Both the plant and fruit closely resembles the **Dunlap**. It is adapted to sections where the **Dunlap** succeeds and should be planted on fertile soils."

35c per 25; \$1.00 per 100, postpaid.

Home Strawberry Collection

200 for \$1.50

500 for \$2.50

We will select 200 plants, early to late, all good varieties, for \$1.50 postpaid, or 500 for \$2.50 by express, charges collect. Order **Home Strawberry Collection**. Varieties will be selected according to your location. **Progressive** not included at this price.

Hardy Evergreens

Our evergreens have been transplanted several times, to secure an abundance of fibrous roots. At these prices the roots will be dug with a ball of earth wrapped in burlap, termed "balled and burlapped," or B. & B., except the 6 to 8 inch **Boxwood**. Five of a kind at the 10 rate, less at the each rate.

Evergreens "Balled and Burlapped."

Pyramidal Arborvitae (center), **Globe Arborvitae** (left), **Chinese Golden Dwarf Arborvitae** (right).

Arborvitae, American—Upright habit; foliage bright green assuming bronze tints in winter.
18 to 24 inches\$1.50 each, \$14.00 per 10
2 to 3 feet2.00 each, 18.00 per 10

Arborvitae, Chinese Golden Dwarf (*Biota aurea nana*)—In spring and summer intense gold suffused with green, in winter becoming green to bronze green; of superb shape; dwarf, compact habit; the best dwarf golden arborvitae; admired by all lovers of formal evergreens.
18 to 24 inches.....\$2.00 each
24 to 30 inches2.75 each

Arborvitae, Blue-Green—Similar to **Rosedale** but more spreading in habit.
18 to 24 inches\$2.00 each
2 to 3 feet2.75 each

Arborvitae, Chinese Pyramidal—A pyramidal type of the Chinese with green foliage.
18 to 24 inches\$2.00 each
2 to 3 feet2.75 each

Arborvitae, Rosedale—Bluish-green finely cut foliage, its color well retained during winter.
18 to 24 inches.....\$1.50 each, \$14.00 per 10
2 to 3 feet2.00 each, 18.00 per 10

Boxwood—A small evergreen tree or shrub with small glossy dark green leaves thickly covering the many small branches.
12 to 18 in., medium bushy.....\$1.25 each
18 to 24 in., medium bushy1.75 each

Six to 8 inches, for lining out hedges, 12c each, 90c per 10, \$8.00 per 100.

Hardy Flowering Shrubs

THE early days of Spring are brightened and made more cheerful by the great masses of Golden Bell, often blooming here in March. By a selection of those blooming at different times, for example, Pussy Willow, Dogwood, Deutzias, Bush Honeysuckle, Lilae, Mock Orange, Spirea, Hydrangeas, etc., a succession may be had until September. Shrubs give the lawn an attractive, finished appearance, and make a beautiful display in a year or two. They appear best in groups along the boundaries or division line, at the edges or corners of lawns, at the foundations of buildings, and along walks and drives.

Blooming dates named are for Southern Missouri. Five of a kind at ten rates.

Althea; Rose of Sharon—Of upright habit, reaching a height of 10-15 feet; hollyhock-like, flowers in late summer; easily grown; double white, double pink, double red, single white.
2 to 3 feet 35c each, \$3.00 per 10

Barberry, Thunberg's (Japanese Barberry)—Dwarf, dense, spreading habit; graceful spiny branches; autumn leaves bronze and crimson; excellent for low hedges. This Barberry does not produce wheat rust. Berries bright red.
Each Per 10 Per 100

12 to 15 inch, 1 year		\$0.15	\$1.20	\$10.00
12 to 18 inch, 2 year		.20	1.50	12.50
18 to 24 inch, 2 year		.25	2.00	18.00

Calycanthus—Odd double, spicily fragrant chocolate red flowers in late spring.
1 to 2 feet 25c each

Crab, Bechtel's Double Flowering—A large shrub or small tree; in spring a mass of fragrant very double delicate pink flowers.
3 to 4 feet \$1.00 each, \$9.00 per 10

Deutzia Gracilis—A dwarf shrub growing about 2 feet tall, with slender branches; single pure white flowers, almost as dainty as Lily of the Valley, in late April or early May.
12 to 18 inches 30c each, \$2.50 per 10

This Hydrangea is well named Hills of Snow

Deutzia Pride of Rochester—In early spring fairly covered with double tassel-like flowers in racemes 4 to 6 in., long; white, outer petals rose.
2 to 3 feet 30c each, \$2.50 per 10
3 to 4 feet 35c each, 3.00 per 10

Deutzia Lemoine—Similar to gracilis; a little taller, with broad panicles of white flowers.
12 to 18 inches 30c each, \$2.50 per 10

Dogwood, White Flowering (Cornus florida)—Four petaled flowers, white curiously blotched with pink, in spring before the leaves appear; scarlet berries; grows 10 to 15 ft. high.
2 to 3 feet 35c each 3 to 4 feet 50c each

Golden Bell (Forsythia viridissima)—In early spring a mass of golden flowers, even before the leaves are developed; erect in habit.
2 to 3 feet 35c each, \$3.00 per 10
3 to 4 feet 45c each, \$4.00 per 10

Golden Bell, Intermedia—Golden flowers; intermediate in habit between viridissima and suspensa.
2 to 3 feet 35c each, \$3.00 per 10
3 to 4 feet 45c each, \$4.00 per 10

Golden Bell, Weeping (Forsythia suspensa)—Droops gracefully; very long curving branches, well adapted to covering arches and trellises.
1 to 2 feet 25c each, \$2.00 per 10
2 to 3 feet 35c each, 3.00 per 10

Honeysuckle, Bush—A bush form of Honeysuckle, covered in early spring with white and pink flowers, followed by ornamental berries. Specify color you wish if you have a preference.
1 to 2 feet 25c each, \$2.00 per 10
2 to 3 feet 35c each, 3.00 per 10
3 to 4 feet 50c each, 4.00 per 10

Hydrangea Hills of Snow or Everblooming—Well named for its profusion of large snow white flowers from June to August; easily grown.
2 year 50c each, \$4.00 per 10
1 year 30c each, 2.50 per 10

Hydrangea paniculata grandiflora—Blossoms profusely in August and September; flowers in great cone-shaped panicles, white, assuming rose tints.
18 to 24 inches 45c each, \$4.00 per 10

Lilae, French—The French Lilacs are more dwarf in habit than the common varieties, more varied in color, and bloom younger, sometimes at two years old. Charles X—Purplish-red;

The name Mock Orange is almost a sufficient description.

single. Double White. Mad. Lemoine. Double White. Marie Legraye — Single white. Michael Buechner — Double pale blue or lilac-blue. Pres. Gravy—Double soft blue. Single White. Wm. Robinson—Violet shaded pink; double. 2 to 3 feet\$1.00 each

Mock Orange, Sweet Scented—Creamy white, very fragrant orange-like flowers in great profusion in late spring or early summer. 2 to 3 feet.....\$0.25 each, \$2.00 per 10 3 to 4 feet.....40c each, 3.50 per 10

Mock Orange, Large Flowered—Very large, showy white flowers; later than above. 2 to 3 feet.....30 each, 2.50 per 10

Pussy Willow—Much esteemed for its extreme earliness; the fur-like bluish-gray catkins appearing before the leaves are developed. 2 to 4 feet.....35c each, \$3.00 per 10

Quince, Japan—Covered with brilliant scarlet flowers in early spring before the leaves appear. 18 to 24 inches.....30c each, \$2.50 per 10

Spirea Anthony Waterer—Dark crimson flowers in large flat-topped clusters in early summer and at intervals till fall if cut as they fade. Grows about 24-30 in. high. 12-18 in., 40c each.

Spirea Billandi alba—White flowers in dense feathery finger—like panicles in summer. 2 to 3 feet.....35c each, \$3.00 per 10

Spirea Callosa alba—Large flat clusters of white flowers; dwarf; grows about 2 to 3 ft. high. 10 to 12 inches, bushy.....35c each, \$3.00 per 10

Spirea Golden—Splendid for producing bright foliage effects or for screens; bright golden leaves, changing in summer to golden bronze; flowers numerous in clusters along the branches. 18 to 24 inches.....25c each, \$2.00 per 10

Spirea Prunifolia—Small showy white flowers clustered thickly along the branches in very early spring; single and double; say which. 18 to 24 inches.....30c each, \$2.50 per 10 2 to 3 feet.....40c each, 3.50 per 10

Spirea Reevesiana—Of more upright habit than Van Houttei and blooms later. 2 to 3 feet.....35c each, \$3.00 per 10

Spirea Van Houttei (Van Houttei's Bridal Wreath)—A fountain of white in May or June with its dense drifts of flower clusters on gracefully arching branches. 1 to 2 feet.....25c each, \$2.00 per 10 2 to 3 feet.....35c each, 3.00 per 10 3 to 4 feet.....50c each, 4.50 per 10

Tamarix Amurensis—An ornamental, upright growing shrub; light, feathery Juniper-like foliage; dainty pink flowers in summer. 2 to 3 feet.....40c each, \$3.50 per 10

Weigela, Rose-colored—Trumpet shaped flowers, rose tinted white, clustered thickly along the branches in late May or early June. 18 to 24 inches.....35c each, \$3.00 per 10 2 to 3 feet.....50c each, 4.00 per 10

SPIREA VAN HOUTTEI

Spirea Van Houttei, a fountain of white in May.

Privet Hedging

FIFTY OR MORE AT THE 100 RATE

Amoor River of the North—Resembles California but more spreading and much hardier. Has never frozen down here; white flowers like miniature lilacs.

	Per 10	Per 100
1-1½ ft. 1 year, 2-3 canes.....	\$0.60	\$ 5.00

6 to 8 ft.	.75 each, 7.00 per 10
8 to 10 feet.....	1.25 each, 10.00 per 10

Gladioli

Probably the most popular of summer and fall blooming bulbs. They are seldom troubled with insects or diseases, are easily grown and increase rapidly. We send instructions for growing and increasing your stock. Try them, if you haven't. You will want more each year. By planting as soon as the danger of the ground freezing is over and at intervals of two weeks you can have gladioli all summer. If cut when the two lower flowers are open they will bloom out to the tips in the house and are good for about a week.

PLEASE NOTICE WE QUOTE BY SIZE. Gladioli are graded by size from first to sixth and bulblets. First size is $1\frac{1}{2}$ inch in diameter and over, second $1\frac{1}{4}$ inch, third 1 inch. Naturally first size gives larger and earlier flowers, but all these are good blooming size and with suitable conditions will give nice results. In fact fifth size will almost all bloom though smaller spikes, so we hardly know what size is meant when offered as blooming size. The fourth size and smaller are usually used for growing on to larger size.

GLADIOLUS PRICES PREPAID. These Gladiolus prices are prepaid in Missouri, Iowa, Kansas, Oklahoma and Arkansas. For other states add 10%. Six of a kind at dozen rates, 25 of a kind at 100 rate.

America—Light lavender pink; very large flowers on strong stems; midseason.

Miscellaneous Hardy Flowers

THESE are all hardy, easily grown flowers that live from year to year. Good, strong, outdoor grown plants, not the tiny plants offered in cheap collections by parcel post. Six of a kind at dozen rates. Postage extra if wanted by parcel post.

Blanket Flower (*Gaillardia grandiflora*)—Flowers 2 to 3 in. across, maroon bordered yellow, as gaudy as a Navajo blanket; blooms from June till fall; easily grown. 15c each, \$1.50 per doz.

Six to Ten Weeks of Marvelous MalloWS

Columbine (*Aquilegia*)—Many dainty small branches bear the spurred flowers in profusion on spikes $1\frac{1}{2}$ to 2 ft. tall. Mixed colors, 15c each, \$1.50 per doz.

Coreopsis (Tickseed)—Golden yellow daisy-like flowers from May to October if cut as they fade. 15c each, \$1.50 per doz.

Daisy, Shasta Alaska—A flower every one can grow; very large, showy white daisies with a golden center, in great abundance on long stems during summer and fall if cut as they fade. 10c each, 3 for 20c, 12 for 60c.

Hollyhocks—Double red, double rose double yellow, double white. 20c each; \$2.00 per dozen.

Larkspur Belladonna—Beautiful spikes of dainty spurred flowers of the delightful blue of the skies; unrivalled for persistent blooming. 20c each, \$2.00 per doz.

Larkspur Bellamosa—A dark blue form of Belladonna. 20c each, \$2.00 per doz.

Lily of the Valley—Sprays of fragrant, dainty white bells in late April or early May; prefers partial shade. 10c each, 75c per doz. \$5.00 per 100

Marvelous MalloWS—Six to ten weeks of flowers resembling immense single hollyhocks—the size of a pie plate and larger. Beautiful pinks, red blush and white, beginning in July. Makes a grand display the first year.

1 year, separate colors.....25c each, \$2.50 per doz.
1 year, mixed colors.....20c each, 2.00 per doz.
2 year, separate colors.....50c each, \$5.00 per doz.
2 year, mixed colors.....40c each, 4.00 per doz.

Sweet William (*Dianthus barbatus*)—A very popular flower, somewhat resembling phlox but with broad, rather flat, compact trusses instead of pyramidal panicles and the Sweet William are more varied in color—white, pink, red, crimson and variegated; blooms profusely in May while most phlox bloom in July; fragrant. These are grown from a specially fine mixture of seed; will bloom the first spring. For the most imposing effects plant in large groups. Mixed (cannot supply separate colors). 15c each, 3 for 40c, \$1.50 per doz.; 2 doz. for \$2.50; 4 doz. and over at \$1.00 per dozen.

Violets, Sweet Russian, Single—The hardest of violets; easily grown; in early spring a mass of fine single deep purple violets with delicate fragrance. 10c each, 3 for 25c, 12 for 75c, 25 for \$1.50.

Ten weeks of Shasta Daisies.

10 cents each, 3 for 20 cents, 12 for 60 cents

PARCEL POST

If wanted by parcel post allow extra for postage except where quoted postpaid. Any balance will be returned.

Liberty Irises—Fleur-de-lis

ALSO called German Irises. To those only familiar with the old common Flags many of the newer kinds will be a revelation. Perfectly hardy, easy to grow, they reward you with a lavish wealth of bloom, their iridescent colors, found in no other flower, shimmering in the sun. Well named "The Orchid of the Garden." They grow almost anywhere but do best in well drained, rich loam or garden soil.

The standards are the upright or standing petals. The falls are the lower or drooping petals. The inches mentioned is the approximate height of the flower stems.

PRICE: 15c each, 3 of a kind for 40c; \$1.50 per dozen except as otherwise quoted. Six of a kind at dozen rates.

Black Prince—Very deep rich velvety royal purple; early; 24 inch, 20c each, \$2.00 per doz.

Caprice—Standards cerise, falls deeper; early; 24 inches, 20c each, \$2.00 per doz.

Caterina—Standards light blue, falls lilac; very large; very tall; fine. 50c each.

Celeste—Azure blue, slightly deeper falls; mid-season; large; 30 inch.

Crimson King—Rich claret purple; 24 inches.

Dr. Bernice—Standards coppery bronze, falls velvety crimson; large; 24 in. 20c each, \$2 pr. doz.

Eldorado—Standards bronze yellow, falls bronze purple; midseason; 30 in., 25c each, \$2.50 per dozen.

Honorabilis—Gold and crimson-brown; early; 18 inch.

Ingeborg—Large; pure white; very early; dwarf, about 15 in., 20c each, \$2.00 per doz.

Khedive—Beautiful soft lavender; 30 inches.

Loreley—Standards canary, falls purple edged yellow; early; 30 in. 20c each, \$1.80 per doz.

Mrs. H. Darwin—White, base veined violet; medium early; good; blooms freely; 24 inches.

Monsignor—Standards satiny violet, falls purple-crimson; large; late; 24 in. 35c each, \$3.50 per dozen.

Orientalis Blue—Deep blue; late; 24 inches.

Perfection—Standards light blue, falls dark velvety violet-black. 20c each, \$2.00 per dozen.

Queen of May—Large lilac-pink; midseason; 32 inch.

Sapho—Violet-blue and royal purple; early; 30 inch.

Speciosa—Lavender purple and reddish purple.

Violacea grandiflora—Large; rich violet blue; late; 32 inch. 20c each, \$2.00 per doz.

Wallhalla—Standards light violet, falls deep purple; early; very large; 24 inches.

Irises to Color, not named—Shades of yellow, lavender, blue, purple, white and pink, 10c each, 90c per doz., \$6.00 per 100.

Irish Special Collection F—Assorted our selection, named varieties, half doz., 3 varieties, 70c; one doz., 6 varieties, \$1.25; 25, 6 varieties, \$2.25; 100, 6 varieties, \$7.50.

Japanese Irises

The Japanese differ from the Liberty Irises in the flatness of the flower, shades of color, size of flower and breadth of petals. Large and showy. They should be planted in full sun. Any rich, mellow loam will produce flowers of wondrous size. Water must not stand on the roots. White, blue, and lavender, 25c each, \$2.50 per doz.

Can you, or anyone else, give one solid and sound reason why any man who lives on a farm, large or small, should not have fruit and vegetables, fresh or canned, of his own raising, every day in the year?—Rural New Yorker.

Liberty Iris are easily grown.

Special Collection F—Assorted, our selection: Half dozen, three varieties, 70c; one dozen, six varieties, \$1.25; 25, 6 varieties, \$2.25; 100, 6 varieties, \$7.50.

Sweet Williams (See Page 12)

Rambler Roses

Hardy Climbing Roses

35c each, 5 or more at 30c each; field grown.

Climbing American Beauty—The same color and fragrance as American Beauty, but a climber. A fine rose; should be in all collections.

Dorothy Perkins, Pink—A beautiful shell pink, becoming lovely deep rose; sweet scented.

Dr. W. Van Fleet—A delicate shade of flesh pink deepening to rosy flesh in the center.

Lady Gay—Delicate cherry pink passing to soft tinted white; fragrant; vigorous.

Paul's Scarlet—A most dazzling, vivid scarlet; semi-double.

Philadelphia Rambler—A deeper and more intense crimson than common Crimson Rambler, and blooms earlier; seldom mildews.

White Dorothy Perkins—A pure white sport of the popular Dorothy Perkins; excellent.

Climbing American Beauty

Hardy Bush Roses

Two year, field grown.....55c each, \$5.00 per 10 Any five or more at the 10 rate.

Eugene Fuerst—Deep red shaded crimson.

Frau Karl Druschki—Long pointed buds; large pure white flowers; often called White American Beauty.

Gen. Jack—Handsome blooms of bright shining crimson, rich, brilliant and velvety; fragrant.

Paul Neyron—Deep shining rose, perhaps the largest of roses; blooms freely; very fragrant.

Ulrich Brunner—Cherry red of immense size and globular form; fragrant; vigorous.

Dahlias

20c each, \$2.00 per dozen, assorted.

A. D. Livoni—Clear pink, beautifully quilled.

Delice—Bright pink tinted lavender; decorative.

Dreer's White—Glistening white; ball shaped.

Jack Rose—Color similar to Gen. Jack Rose; decorative; blooms very freely; excellent.

Mina Burgle—Glowing scarlet; decorative.

Minnie McCullough—The red and gold of autumn leaves; decorative.

Mrs. Henri Cayeux—Light pink, white tips; cactus.

Oregon Beauty—Red, golden sheen; decorative.

Peonies are Easily Grown

Hardy as the Oak, Peonies are so easily grown that little need be said. Often in neglected gardens one sees large clumps that have flourished and bloomed for years. Yet they amply repay all attention given them. The flowers are large and showy without being coarse, and range in color from snowy white through all shades of pink and red, with even yellow. Many are delightfully fragrant. They give a grand display, blooming here in May.

How We Describe Peonies

We have endeavored to convey as accurate an impression of the colors as can be done by words. The guards are the wide outer petals. Bomb, crown, semi-rose and rose refer to the type or form of flower, classified as follows: **Crown**—Has wide center or crown petals with narrower, shorter petals forming a collar or ring between them and the guards. The crown petals are not always prominent.

Bomb—Central petals of uniform width but narrower than the guards and forming a globe within the guards.

Semi-rose—Flowers that would be classed as rose but for an occasional pollen bearing stamen.

Rose—Perfectly full, all petals wide, no stamens. The central petals may not be as wide as the guards, but if quite distinct it would be a bomb. The line dividing the rose and bomb is sometimes quite an arbitrary one.

There are no single peonies in this list except those described as single. The name and date in parentheses is the originator and date of introduction.

Duchesse de Nemours Peony

Peony Sizes and Prices

Prices are for good strong divisions averaging 3 to 5 eyes, from blooming plants. We consider them fully equal to one-year plants, they cost less and they average larger than those usually sent out, many of which are grown from small divisions to make more plants. Postage extra if by parcel post.

Three of a kind at the dozen rate. Larger lots quoted by letter.

Baroness Schroeder (Kelway, 1889)—Large, beautiful blooms with a delicate tea rose fragrance; delicate flesh becoming white; globular rose type; midseason; growth strong, erect, tall; blooms freely; fine. \$1.50 each.

Peonies, Continued

Canari (Guerin, 1861)—Guards white, barely tinted flesh, center sulphur white becoming pure white; large; fragrant; bomb type; late midseason; long, strong stems; blooms freely; good. 40c each, \$4.00 per dozen.

Candidissima (Calot, 1856)—Guards pure white, center tinged sulphur becoming pure white; large, fragrant; rose type; early; a good grower; blooms freely. 35c each, \$3.50 per doz.

Crown of Gold (Couronne d'Or; Calot, 1873)—Famous for its beauty; snowy white, reflecting the golden stamens and lighting up the flower; center petals beautifully flecked and bordered carmine; immense semi-rose type flowers; fragrant; late; growth upright, vigorous, with very strong stems; blooms freely; late; fine. 50c each, \$5.00 per doz.

Dr. Bretonneau (Verdier, 1854)—Delicate silvery rose to silvery pink, center tipped cream with an occasional crimson fleck; large; bomb type; fragrant; midseason; vigorous; blooms freely. 40c each, \$4.00 per dozen.

Duc de Cazes (Guerin, 1850)—Broad, lively carmine-red guards, center deep rose; crown type; midseason; medium size but vigorous growth and blooms freely. 30c each, \$3.00 per doz.

Duchesse de Nemours (Calot, 1856)—One of the best regardless of price. Superb ivory white with greenish markings toward the center, becoming pure white without a trace of crimson; one of the most beautiful both in the half open bud and full blown; medium to large; crown type; medium early to midseason; strong, vigorous growth; good stems; blooms freely. 40c each, \$4.00 per doz.

Duchesse d'Orleans (Guerin, 1846)—Large carmine pink guards, center soft pink interspersed with salmon, becoming amber yellow; medium to large; bomb type; fragrant; midseason. This peony deserves a better rating than it gets. It is an extra strong, vigorous grower, very tall, a free bloomer and can be depended on for an abundance of blooms year after year. Ships well as a cut flower. 30c each, \$3.00 per doz.

Duke of Wellington (Calot, 1859)—Another indispensable variety. Two rows of broad white guards, center very full, sulphur white becoming pure white; fragrant; very large; bomb type; late; blooms freely; vigorous, with long, strong stems; as a cut flower, keeps and ships well; fine. 50c each, \$5.00 per dozen.

Eduis superba (Lemon, 1824)—Beautiful bright deep rose pink flowers with a quite extraordinary fragrance; crown type; large and of good form; extra early, several days before Festiva maxima, blooms freely over a long period; growth strong, vigorous, with long, strong stems. An extra good variety, both for lawn and cut flowers. 30c each, \$3.00 per dozen.

Festiva maxima (Mieliez, 1851)—For enormous size combined with wondrous beauty this variety has stood unsurpassed for 73 years. Pure paper white, some central petals flecked carmine; very large; rose type; very fragrant; early; very vigorous, with very long, heavy stems. You can't plant too many Festiva maxima. 50c each, \$5.00 per dozen.

Francois Ortegat (Parmentier, 1850)—Deep purplish crimson with golden stamens; semi-rose type; medium size; midseason to late; blooms freely; long stems. 45c each, \$4.50 per doz.

Madame Calot (Mieliez, 1856)—Opens very delicate pink becoming white; fragrant; large; rose type; early; strong stems; blooms freely. 40c each, \$4.00 per dozen.

Madame de Verneville (Crousse, 1885)—An enormous producer of extra fine flowers; large, compact, and very full, literally packed with petals; broad white guards, center slightly bluish becoming pure white, flecked carmine; large; bomb type; rose fragrance; very early; extra strong, vigorous growth, medium height, good stems; blooms very freely; fine. 50c each, \$5.00 per doz.

Crown of Gold Peony

Madame Emile Galle (Crousse, 1881)—Large; soft lilac pink; rose type; fragrant; midseason to late; stems long; blooms freely. 75c each.

Queen Emma—A large, very full, fragrant bright light pink rose type flower; growth strong, erect; stems medium long; blooms freely; midseason to late; an excellent cut flower variety as it ships and keeps exceptionally well. \$1.00 each.

Queen Victoria; Whitely—Broad guards; opens bluish, becoming white; fragrant; bomb type; medium early; medium length stems; blooms freely. 30c each, \$3.00 per dozen.

Single Red—50c each, \$5.00 per doz.

Zoe Calot (Mieliez, 1855)—Very large, very full globular bloom; soft pink tinted lilac; fragrant; midseason; growth strong, upright, good medium height; very stiff stems; blooms freely. 40c each, \$4.00 per dozen.

Pennant Mixed Peonies

If you want something good at a moderate price and do not care about the names or just what colors you get just so they are nice, order Pennant Mixed. This is not a cheap lot of undesirable varieties but a really good mixture of named peonies, the leading commercial varieties predominating. Do not ask for certain colors of these as they are grown mixed. 25c each, \$2.50 per doz., \$18.00 per 100.

Peony Surprise Collection

6 for \$2.50; 12 for \$4.50.

We will furnish six good named Peonies, all different, for \$2.50, or twelve all different for \$4.50. At this price the selection must be left to us but we promise you a good selection and good value. Postage extra if wanted by parcel post.

Superb Hardy Phlox

Phlox give brilliant summer effects. Strong 2 year plants, \$2.00 per dozen.

THESE are easily grown and give brilliant summer effects. Many are delightfully fragrant. They are excellent in a mixed border, but the most imposing effects are produced by planting masses of each color. Plant 18x24 inches apart.

PRICES: Strong 2-year field-grown plants that bloom the first summer, 20c ea, \$2.00 per doz. Six or more at the dozen rate.

Baron von Dedem—A real scarlet almost attaining that of the geranium, with darker eye.

Eclairer—Rich crimson-carmine, darker eye, lighter halo; strong grower; free bloomer; fine.

Miss Lingard—The earliest in this list; pure white, faint lilac eye; tall, excellent.

Mrs. Jenkins—A good early white; a strong grower and a free bloomer.

R. P. Struthers—Clear cherry red, with darker eye; large floret, heavy truss; tall; growth strong.

Rheinstrom—Salmon-pink, clear and bright; large; a good grower.

Siebold—Clear salmon scarlet, carmine eye; large floret; large compact truss.

Hardy Vines

THESE vines are outdoor grown and not to be confused with the small plants sold at low prices. Five of a kind at the 10 rate, less than five at the each rate.

The fragrance of *Clematis paniculata* resembles English Hawthorn.

Clematis Paniculata; Japanese Clematis—One of the most beautiful hardy vines with its thousands of pure white four petaled starry flowers in large panicles fairly covering the upper part of the vine in August or September; its fragrance resembles the English Hawthorn; of rapid growth. 2-year 40c each, \$3.50 per 10.

English Ivy—A grand, high climbing evergreen vine with wax-like leaves, usually three to five lobed; very hardy, clings closely by means of rootlets; best on northern exposures of brick or stone. 30c each, \$2.50 per 10.

Honeysuckle, Scarlet Trumpet—Flowers red, buff inside. 1-year, 20c each.

Honeysuckle, Hall's Japan—Almost evergreen; fragrant white flowers, becoming yellow 15c each.

Wistaria, Purple—An attractive and rapid grower with numerous hanging clusters of pea-shaped flowers. 2-year, 30c each, \$2.50 per 10.

Wistaria, White—A white flower form of the above. 2-year, 30c each, \$2.50 per 10.

Does Apple Growing Pay?

Listen! One orchard near Troy that cost its owner not to exceed \$1500 in yearly expense, the fruit on the trees was sold this year for \$13,000. Report Kansas State Horticultural Society.
