Named Gladioli		1.00

Iris German		each
Named varieties		.25

Peonies

Named varities 3 to 5 eye divisions at .50 to \$1.00 each

OUR GUARANTEE

All dahlia roots, if properly cared for, are guaranteed true to name and free from disease, Mosaic or stunts to the extent of replacement with true stock. Tubers that fail to start in three weeks we will gladly replace upon their return.

TERMS AND DELIVERY

All stock will be sent May 10th by post prepaid, unless shipment is C. O. D., charges. Shipments to sections where plantings are at a different time will be charged accordingly.

CULTURE—The dahila will grow in any garden soil. A sandy or gravelly soil which need not be very rich suits them best. It should be worked deep and well prepared. Large quantities of manure should be avoided as it tends to produce a heavy growth of foliage at the expense of bloom. The roots should be planted $2\frac{1}{2}$ feet apart, the tubers should be laid down flat and covered with four to six inches of soil. They may be planted as soon as frost is over, but in our climate, we have found the last half of the month of June, the best time in which to plant them out. During the last of August when the buds appear, an application of a tablespoonful of nitrate of soda spread about the base of the plant will be found beneficial in developing the blooms.

After the plants have been frozen in the Fall, dig carefully and store the roots in a dry, cool cellar for Winter. In the Spring, the roots should be divided, preferably to one eye, before planting.

We send out divided field grown roots only. These are much more satisfactory than the weak,, tender,, green plants sometimes offered. If They are stored under the best possible conditions which preserves them in a healthy, plump condition until planting time. All stunted plants are rogued from the field to insure Healthy stock.

To those unaquainted with dahlias, send amount you wish to spend and we will make up a collection garenteed to please you. Get your order in early. Many of these varieties will be sold out by planting time. We do not substitute unless advised to do so. Any varieties not listed here that you may want, write us for prices.

NOTICE

We have cut flowers in season at most reasonable prices.

Floral designs and decorations made to order.

For the convenience of our city customers, cut flowers may be obtained at 1141 Genesee St., Buffalo, N. Y. opposite Humbolt Park
Phone, Fillmore 2187-J—Main Office at Gardens Abbott 2231-W.
