PRICE LIST SPRING of 1926

Berry Plants, Ornamental Shrubs Fruit Trees, Etc.

BERT BAKER, Hoosick Falls, N.Y.

INTRODUCTION

Our Business—We have for several years been growing berry plants in a large way, shipping many of them in full carload lots and supplying some of the largest and most reputable Nurserymen with plants, they again selling them at greatly advanced prices.

Location—We are located on the Boston & Maine Railroad, in the extreme eastern part of the state, among the foothills of the Adirondack Mountains, and only a few miles from either Vermont or Massachusetts. In this locality wild berries, both Raspberries and Strawberries grow to a perfection that is seldom attained in any other place. Our winters are very severe, thus making our plants much more hardy than those grown in warmer localities. Our soil varies from a gravel loam to muck, producing large plants with a great abundance of fibrous roots. I believe there is no place in the Country that will grow better Red Raspberry plants than here.

Terms—Cash should accompany the order, or one-fourth when order is sent and balance before plants are shipped. Money may be sent any way that is most convenient to the sender. 6 will be given at 12 rates, 50 at 100 rates, 500 at 1000 rates. If plants are to be sent by Parcel Post add 15 cts. per 100 for strawberries and 40 cts. per 100 for raspberries.

Guarantee—We guarantee our plants to be true to name, yet through mistake, should any be sent that did not prove so, we will gladly return purchase price.

Am member of American Association of Nurserymen.

Substitution—In case we should be out of a variety ordered, we will not substitute unless so requested.

Free of Disease—State Certificate of Inspection with each order.

References—Any Bank or Business House in Hoosick Falls, Bradstreet's Commercial Agency, and the leading Nurserymen of the U. S.

RASPBERRIES

During the past few years many farm crops have been selling below the cost of production, while berries have been bringing very high prices. In our own surrounding markets the reds have been selling for a price that would bring the net returns from an acre, to a figure almost unbelievable.

Our raspberry plants were inspected twice during the growing season, by N. Y. State Department of Farms and Markets, and certified as apparently free from Mosaic and other diseases.

We take the utmost care to have every raspberry plant true to name and can guarantee them to be such.

Cuthbert—The most popular red on the market, very productive of the best quality of fruit. **\$1.25 per 25; \$3.25 per 100; \$22.50 per 1000.**

Herbert—Enormously productive, fruit larger but not quite firm as Cuthbert. Bush is more hardy and much more productive than Cuthbert and is the most resistant to Mosaic of any the commercial varieties of reds. **\$1.25 per 25; \$3.50 per 100; \$25.00 per 1000.**

Latham—A new variety from Minnesota, perfectly hardy and exceedingly productive of the very largest red berries. Will surely become one of our leading commercial varieties. If we were limited to one variety for market, we would certainly choose this one. **\$2.00 per 25; \$6.00 per 100; \$45.00 per 1000.**

Redpath—Our best authorities now claim this to be the same as Latham. **Price same as Latham.**

Victory—A seedling of Cuthbert, which it closely resembles. By many claimed to be nearly twice as productive of much larger fruit, and also a much hardier bush to withstand our most severe winters. An improved Cuthbert well worthy of extensive planting. **\$1.25 per 25; \$3.50 per 100; \$25.00 per 1000.**

LaFrance—The new everbearing red, introduced by John Scheepers, Inc., N. Y. City, from whom we obtained our first plants at \$20.00 per dozen. **\$1.75 per 25; \$5.00 per 100; \$40.00 per 1000.**

St. Regis Everbearing—Does well with many producing abundant crops until heavy frosts, have never known the canes to winter kill. **\$1.00 per 25; \$3.00 per 100; \$20.00 per 1000.**

Erskine Park Everbearing—Price same as LaFrance.

Golden Queen—The leading yellow raspberry. **\$2.00 per 25.**

Columbian Purple—The best purple and the most productive of all raspberries. **\$1.75 per 25; \$4.00 per 100; \$30.00 per 1000.**

Plum Farmer—The most satisfactory black raspberry. **\$1.25 per 25; \$3.00 per 100; \$20.00 per 1000.**

Cumberland Black Raspberry—Price same as Plum Farmer.

Snyder Blackberry—Hardest and most productive Blackberry in the North. **\$1.25 per 25; \$3.50 per 100; \$25.00 per 1000.**

Blowers—A better berry than Snyder, where it does not winter kill. **\$1.50 per 25; \$4.50 per 100; \$32.50 per 1000.**

Eldorado—**\$1.50 per 25; \$3.75 per 100.**

Rathbun—Price same as Eldorado.

GRAPES STRONG, 2 Yr., No. 1 VINES

	Each	Per 12	Per 100
Concord	20c	\$2.00	\$12.00
Moore's Early	25c	2.50	18.00
Worden	25c	2.50	16.00
Niagara	25c	2.50	16.00

CURRANTS HEAVY, 2 Yr., No. 1

	Each	Per 12	Per 100
Wilder	20c	\$2.00	\$12.00
Fay's Prolific	20c	2.00	12.00
Perfection, 1 yr., No. 1.....	20c	2.00	12.00

EVERBEARING STRAWBERRIES

Champion—Quite similar to Progressive, an excellent berry for home use or market. This variety has proven itself to be one of the most valuable of everbearers. **50c per 25; \$1.50 per 100; \$10.00 per 1000.**

Progressive and Superb—Price same as Champion.

Kellogg's Perfection—**75c per 25; \$2.00 per 100.**

SUMMER FRUITING STRAWBERRIES

	Per 25	Per 100	Per 1000
Senator Dunlap	30c	\$.90	\$5.50
Warfield	30c	.90	5.50
Howard 17	35c	1.00	6.50
Premier	35c	1.00	6.50
Sample	35c	1.00	6.50
Cooper	35c	1.00	6.50
Glen Mary	35c	1.00	6.50
Gibson	35c	1.00	6.50
Kellogg's Marvel	35c	1.00	6.50
Haverland	35c	1.00	

ORNAMENTAL SHRUBS

All are strong No. 1 transplanted stock, well branched, and have an abundance of fibrous roots.

Barberry Thunbergii (Japanese Barberry)—The most satisfactory hedge for the North. Perfectly hardy. Our bushes are extra strong, well branched and heavily rooted.
