(Incorporated)

Lancaster, Massachusetts

Farnsworth Ranch Gladiolus

WILL BEAUTIFY YOUR
HOME SURROUNDINGS

PANAMA

*W*HAT prettier sight than a bed of Gladiolus? Would that you might see for yourself the many acres we have under cultivation.

Nature seems to have outdone herself in the riot of color, in the exquisitely delicate shadings of Farnsworth Ranch Gladiolus.

Beginning with just a few bulbs, planted with the sole purpose of beautifying the grounds

Special Offers on Page 16

about the Farnsworth Homestead at Lancaster, Mass., the excellent results attained, and their own enthusiasm, has led the Farnsworth family to MAKE A BUSINESS of raising Gladiolus.

Farnsworth Ranch Bulbs offer a large variety of shades and colors for your selection.

Farnsworth Ranch Gladiolus Bulbs make it possible to bring such proportion of this beauty, as you may elect to beautify your home surroundings at very small expense.

You will find the raising of Farnsworth Ranch Gladiolus most interesting and fascinating — primarily because these bulbs have a faculty of producing wonderful flowers.

Farnsworth Ranch Gladiolus Bulbs are planted in light sandy loam where plenty of moisture produces bulbs resulting in unusual bloom.

A modern equipped storehouse furnishes storage for Farnsworth Ranch Bulbs at just the right temperature, making them adaptable for forcing as well as outdoor planting.

AS CUT FLOWERS.

Gladiolus keep well. In fact, surpass all other flowers. What a pretty sight a vase of Gladiolus in variegated colors proves to be in one's home! There is an atmosphere of good cheer radiating therefrom.

HERE'S THE WAY TO KEEP IN BLOOM IN THE VASE UNTIL THE LAST BUD HAS OPENED

Cut for vase use when the first bud opens. Leave at least 4 leaves on stem of plant to help mature the bulb. Change the water daily, removing withered portions. Cut an inch or so from the stem daily. When cutting flowers, be careful not to lift or disturb the bulbs.

Exercise this simple care and every bud will open to the very top and your vase of Farnsworth Ranch Gladiolus Blooms will last a week or so to beautify the room in which they are placed. This demonstrates that Farnsworth Ranch Gladiolus keep well.

GLADIOLUS CULTURE.

Plant 4 to 6 inches deep—3 to 4 inches apart as soon as the frost is out of the ground and until about June 1st. The more attention one gives to cultivation, naturally the better results. Work and fertilize the soil thoroughly.

If stable manure is used, it should be spaded in in the Fall previous to Spring planting. Good results are obtained from the use of commercial fertilizer applied at the time of planting.

Unless the soil is very light and sandy, or the season is abnormally dry, good results should be forthcoming without watering. If watering is done, it should be in the evenings only, and the ground should be thoroughly drenched.

WHEN TO DIG AND WINTER CARE.

Gladiolus Bulbs may be dug as soon as the foliage begins to turn brown, or after a frost has stopped the growth. Cut the stems off close to the bulb, and place them where they will have plenty of air to dry, preferably in a shady place. When thoroughly dry the old bulb and roots may be removed easily. Store in a cool dry place where they will be safe from frost.

ABOUT ORDERING.

Let us suggest ordering early. The stock of choice varieties is often limited, and cheaper varieties are in great demand.

Prices quoted are for clean mature stock of sufficient size to produce good blooms. It is not always the large bulbs that produce the best flowers. Some varieties even produce the best flowers from small bulbs.

Every effort is made to keep the stock true to name. Any bulbs not proving satisfactory in this respect will be replaced free of charge. For the prices quoted, bulbs will be shipped PREPAID PARCEL POST to all points in the U.S.A. and CANADA. One-half dozen furnished at the dozen rate. Orders for less than one dollar cannot be accepted.

Order blank for your convenience is enclosed.

Remittance should be sent with orders, or before shipment is made. Make all checks payable to the J. E. Farnsworth Co., Inc.

WE WHOLESALE, TOO.

Prices will be furnished on application to customers desiring to purchase large quantities, planting stock, or bulblets of any of the varieties listed.

GLADIOLUS BLOOMS

During the blooming season we are in position to supply cut flowers in large or small quantities for decorations or commercial use. We are very careful in selecting, packing and shipping blooms, exercising every care on our part that the Farnsworth Ranch Blooms may reach their destination in Al condition. Prices will be furnished on application.

MISS EDITH CAVELL

List of Varieties

No.		Each	Doz.
42	America (Banning). Delicate lavender-pink; large, wide open flowers. One of the most popular Gladioli	\$0.05	\$0.50

BECOME A MEMBER OF THE AMERICAN GLADIOLUS SOCIETY

OVER

The Gladiolus, The King of Flowers

Would you like to know more about growing Gladiolus? Would you like to know how to make them bloom like your neighbors? Wouldn't it please you to be able to produce these long spikes with many flowers open, such as you see at the flower shows or in your florist's show windows? Would it be interesting to you to know what new varieties are being created; their color, size, and price?

There are no secrets in all these. If you will become a member of the American Gladiolus Society, you will receive its beautiful 32-page monthly "Bulletin," which explains all these things and teaches you how to grow them as good as the professional. The "Bulletin" will also teach you the best varieties and proper colors to grow for different effects and purposes.

Why have nearly four thousand amateurs joined the Society in the past five years? They are "in search of knowledge," and the best place to find it is in the columns of the A. G. S. Official "Bulletin," any issue of which is worth the full cost of membership.

Garden & Home Builder is published in a 20-acre garden—a vast experimental station. Here every new plant, new spray and insecticide, and new cultural method is tested. The results come to you each month in this reliable, fully illustrated periodical. It helps with every phase of garden work in every kind of a garden.

This magazine has been enlarged, its policy broadened, its name changed to Garden & Home Builder,—to help with the house as well as with the garden. With more garden material than ever, this is the best garden and home magazine published.
