**The
FARMINGTON VALLEY
NURSERY**

Avon, - Conn.

FRUIT TREES

ORNAMENTALS

LANDSCAPING

HARRY D. WILCOX, Prop.

Greetings

The Farmington Valley Nursery, situated 1½ miles southeast of Avon Center, on College Highway, sends greetings to all those interested in beautifying their homes.

This booklet should be interesting to all home owners, and to those who have farms and gardens, and to those who desire their homes landscaped.

Inspection

No. 79

Office of State Entomologist
New Haven, Conn.

STATE OF CONNECTICUT

Sept. 11, 1925.

Connecticut Agricultural Experiment
Station, Nursery Inspection
and Registration

CERTIFICATE

This is to certify that **Harry D. Wilcox** of Avon, Conn., has registered as a nurseryman, that the nursery stock has been duly examined in compliance with the provisions of Chapter 265, of the Public Acts of 1925, and that it is apparently free from dangerously injurious insects and plant diseases. This certificate expires Aug. 1926.

(Signed)

W. E. BRITTON,
State Entomologist.

Terms: Cash with order, and free delivery in spring within 7 miles of Avon, providing order is received by April 1.

Prices effective Jan. 1, 1926.

These fruit trees are true to name. In case any nursery stock sold by us should prove untrue to the label under which it is sold, providing notice and proper proof are furnished to the seller, the seller shall at the option of the buyer, either refill that portion of the order which was mislabeled, by another delivery of stock or refund the purchase price. But, in any case, the seller is not to be held responsible for a sum greater than the original selling price of such stock.

All sales or agreements to sell are made subject to shortage of stock, or other causes beyond control of the seller.

These fruit trees are propagated from bearing orchards and from individual trees that show marked improvement over the average.

Request early orders on Cortland, sweet cherries, grape vines and roses. Early orders get the variety and sizes desired, also early planting is very desirable.

Grape Vines

What small fruit compares with the grape?—small cost, grows on any soil, very rapid grower; early, annual and prolific bearer, ready cash sale of fruit.

A dozen vines should supply the average family with eating and some preserves.

My own five-year Concord vines are bearing about four to five tons per acre. About 500 vines will plant an acre. I am offering a home grape collection — large two-year vines (Worden vines are slightly smaller).

6 Concord, Black	}	The dozen \$2.50
2 Worden, Early		
4 Niagara, White

Niagara	.30	3.00	20	...

Cortland

You have probably heard and read much about the "Cortland" apple. A few of its many good points are: It is much like the McIntosh in size but better color; ripens a month later; hangs well on the tree; keeps month or more later; should be a good apple for Xmas trade.

Have some very fine genuine Cort-

land trees, 1 year and from 3-5 feet tall—just right for orchard planting.

	Each	Doz.
Cortland, 1 yr. 4-5 ft.	\$.90	\$10.00
Cortland, 1 yr. 3-4 ft.	.75	8.00
Cortland, 1 yr. 2-3 ft.	.40	7.00

ROSES

What are more beautiful than Rambler Roses in full bloom—crimson, pink, white, crimson with white eye, yellow stamens, and other colors mixed together? They are very effective trained on a trellis over the doorway, and can be used to completely cover a stone wall or fence.

The planting of a dozen or more Rambler Roses transforms an otherwise plain and unadorned yard into a beautiful hedge—in early summer a mass of bloom and colors.

A rose hedge makes a nice background for a perennial garden, also adds to the privacy of one's home.

Inside the rose hedge can be made the perennial garden.

The early flowering iris of many colors and shades followed by peonies, sweet Williams, garden pinks, larkspurs, and many other perennials including the beautiful phlox which bloom profusely when many other flowers are not so plentiful.

I am offering an introductory collection of rambler roses of the following varieties:

3 Excelsior	} The ten \$4
3 Dorothy Perkins	
3 Hiawatha	
1 White Dorothy Perkins	

	Each	Doz.
Excelsior, crimson scarlet	\$.50	\$5.00

Pride of Rochester, white.....	.50

Forcythia	Each
Fortunei	\$.50
Luspensa	.50
Hydrangia Grandiflora	.50
Hydrangia Hills of Snow.....	.50

I can furnish most any shrub, flowers and vines, also many varieties of fruit trees not listed. Send your list of wants, and will gladly quote price and size.

I am in position to do most any kind of landscaping. As there are a large number of homes in the surrounding towns and country that are now quite bare, with a bit of landscaping they would be more homelike, pleasanter to live in and more valuable to the owner.

If you are one of these home owners or not, but are interested in beautifying your home, call or write and I will be very glad to talk over the situation with you.

Always at your service.

Sincerely,

HARRY D. WILCOX, Prop.,

Farmington Valley Nursery.
