To Our Patrons and Friends

1925 AND 1926

Each day, as it comes, is but a door through which we step forward into a tomorrow. And, too, each is the sum of all the sunshine and starlights departed.

We are through with 1925. What we have done with its 365 opportunities will be apparent in every day of 1926—in friendships made or lost, objectives gained or missed.

Another year is here. Each one of us has again been endowed with 365 more beginnings—and endings. Many important decisions will be made, new plans started, things will be consummated.

As you journey through the days of this new year, we want you to know that, not far off we are marching abreast of you, willing to be of what help one good traveler may be to another.

This catalog is compiled solely for the purpose of giving you a quick and easy way of getting all the information you need for ordering your whole season's supplies. We believe it will cover every thing you will use in the way of seeds, poultry foods, and general farm supplies. Should there be anything you cannot find listed, drop us a line and we'll be glad to get it for you if at all possible.

As a suggestion for your purchasing list:

Nails

KEYSTONE AND DANDY POULTRY FOODS

Keystone Roofing

DIAMOND Tires and Tubes

Keystone Dairy and Dandy Horse Feed

"Last-minute buying is always trying"—so order early!

Cordially yours,

TAYLOR BROS.

SOME TIME-SAVING HINTS

Special attention is given to 'phone orders. Our Bell 'Phone, No. 3320. Keystone, 53 and 54. When our operator responds state what department you wish to speak to and you will be connected, thus enabling you to order from the proper person to insure immediate attention.

Mail orders are solicited, and the department is organized for accuracy and promptness.

All goods delivered FREE ON BOARD cars Camden, or boat Philadelphia.

When ordering state clearly the varieties desired, and whether substitution can be made in case we are out of the article ordered.

Also state plainly the station and route to which shipment is to be made.

Bags and sacks are additional at value.

All perishable goods shipped at purchaser's risk.

Prices quoted for shipment by Parcel Post are for the first zone only.

TERMS: Are net cash ten days, to those who have an account with us. Others are requested to send remittance with order. We cordially invite charge accounts from those who send satisfactory business or bank references.

Parcel Post packages are forwarded at the risk of purchaser, but can be insured up to \$25.00 value at 5c per package.

FARM AND GARDEN SEEDS

*To our Friends, the Farmers, Gardeners and
Poultry Raisers, we extend greetings.*

The recent rapid growth of our cities and towns has been a big help to you and to every Farmer, Gardener and Poultryman, as it has created a great and growing demand for your products at good prices. Therefore, with the prospect of a good season before you, you will be more anxious than ever to secure the very best obtainable in the way of Seeds, Fertilizers, Implements, Poultry Foods and Supplies, in fact, all Farm requisites, and in this little book we believe you will find much that will interest you along these lines.

During our sixty-one years in business we have handled only the best of tested seeds, grown by reliable growers, as well as other lines of equal value, and each year, we are in a better position (because of our increased experience) to give you better service and better value for your money, in the shape of best quality goods, at moderate prices quoted in this catalog.

Our Keystone and Dandy Poultry Foods are guaranteed to give satisfaction or money refunded, and we cheerfully recommend them to every poultry raiser, also O. D. O. Buttermilk Baby Chick Food for your one-day-old chicks. Buckeye Incubators and Brooders hatch every hatchable egg and raise every raisable chick. Keystone Dairy Feed will keep your cows at the highest point of milk production and Keystone and Dandy Horse Feeds, will take good care of your horses and mules. Barrett Roofings will keep your sheds and barns in good condition, and Diamond Tires and Tubes will keep your trucks and pleasure cars always on the road. It is, and always has been our aim to take care of our customers, and with our large and varied line, we solicit your orders, with the assurance they will receive our careful and prompt attention.

Yours respectfully,

TAYLOR BROS.

FARM AND GARDEN SEEDS

WE ARE STRICTLY a garden, farmers' seed and implement supply house, using the same care in selection of our seed stock from reliable growers as would be exercised by the most particular gardener or trucker.

While we believe prices quoted are the best prices to be offered, still they are subject to market changes.

SPECIAL—DON'T FORGET—When ordering seed sent by mail to include postage—see rules on page two.

TAYLOR BROTHERS' LAWN GRASS SEED

THE attractiveness of a suburban home is greatly increased by a well kept, closely-cut lawn. In order to obtain this, an important feature is securing the right kind of mixture; something that will remain fresh and green in hot weather. Taylor Brothers' Lawn Grass will form a deep green velvety lawn in a few weeks' time. A mixture of the finest and most desirable grasses which gives satisfactory results.

SEA SHORE LAWN MIXTURE

In order to obtain a fine lawn at the shore a foundation of ashes or clay gives the best result. With a rich top dressing and our Lawn Mixture, a fine lawn can be made in a very short time.

20 lbs. to bushel.

Prices: { 1/4 lb. pkg.....	\$0.20	1 lb. pkg.....	\$0.50
1/2 lb. pkg.....	.30	1 bu., 20 lbs.....	8.60

SHADY LAWN MIXTURE

A special mixture for all shady places, produces a fine lawn under very shady trees, where no other grass would grow.

20 lbs. to bushel.

Prices: { 1/4 lb. pkg.....	\$0.20	1 lb. pkg.....	\$0.50
1/2 lb. pkg.....	.30	1 bu., 20 lbs.....	8.60

PERMANENT PASTURE GRASS

Composed of the most nutritious grasses for grazing. Will last a long time and thrive under most all conditions, owing to the number of grasses used in the formula of mixture.

20 lbs. to bushel.

Prices: { 1/4 lb. pkg.....	\$0.15	1 lb. pkg.....	\$0.35

Prices: 5 lb. pkg.....	\$0.25	10 lb. pkg.....	\$0.45

WHEN TO PLANT SEEDS

The seeds of farm crops may be divided into two classes, according to the temperatures at which they will germinate or sprout readily and can be safely planted, and the blossoming time of fruit can be taken as a more certain guide than any arbitrary calendar date.

1st Class.—Those seeds that will germinate or sprout at an average temperature of forty-five degrees in the shade, or at about the time the peach and plum trees blossom.

Barley	Red Clover	Carrot	Parsnip	Onion
Oats	Crimson Clover	Cabbage	Kale	Pea
Rye	Grasses	Cauliflower	Lettuce	Radish
Wheat	Beet	Endive	Parsley	Spinach
				Turnip

These can be planted with safety in the spring as soon as the ground can be prepared, and some of them if planted in the fall, live through the winter.

2d Class.—Those seeds that will germinate or sprout at an average temperature of sixty degrees in the shade, or when the apple trees blossom:

Alfalfa	Cotton	Pole Bean	Okra	Pumpkin
Cow Pea	Egg Plant	String Bean	Squash	Tomato
Corn	Soy Bean	Melon	Cucumber	Pepper

For other Fertilizers, see pages 31 and 41.

CLOVER, FIELD AND GRASS SEED

Alfalfa. As a fertilizing, land-enriching crop, it is unequaled. The roots sink down into the earth searching for nourishment and bringing to the surface the chemicals and fertilizing materials that have been stored 10 to 15 feet deep. One seeding stands for years. All cattle are fond of it. If possible, sow with oats at the rate of 15 pounds per acre, or if the land is very poor, sow 3 pounds more. The first season the growth will be very light, but don't be worried if the plants are small and several inches apart, for that means the next season you will probably get from 3 to 5 tons per acre.

Blue Grass. (Kentucky.) Extra fancy cleaned. One of the most valuable sorts for lawn purposes, and as pasture grass is indispensable. This grade is best for sowing lawns. Sow 3 to 5 bushels per acre for lawn; for pasture, sow $2\frac{1}{2}$ bushels. Bushel, 140 pounds.

Clover, Red. Fine quality, high germinating seed, free from foreign matter. 60 pounds per bushel.

Clover, Alsike (Swedish). Harvested with great care; the finest product of the market. 60 pounds per bushel.

Clover, Scarlet (Crimson). Used principally as a soil restorative. Both Delaware and Imported seed. Best quality. 60 pounds per bushel.

Clover, White Dutch. For thickening the growth of the lawn, a better seed could not be used.

Clover, Mammoth Pea Vine or Sapling. Grows much taller than the Common Red Clover, with larger, leafier stalks.

Canadian Blue Grass. Adapted especially to high, dry situations. Fine for permanent pasture. Bushel, 14 pounds.

Creeping Bent Grass. (*Argostis Stolonifera*.) Excellent for lawns; succeeds well in all locations; makes a low, velvety growth. Bushel, 20 pounds.

Crested Dogtail. An excellent grass for hard, dry soils; valuable for pastures or lawns; 25 pounds to acre. Bushel, 21 pounds.

English Rye Grass. (Perennial Rye.) Fine for an immediate effect. Bushel, 24 pounds.

Herd or Red Top, Fancy Hulled. Extra re-cleaned seed, free from chaff. Bushel, 32 pounds.

Herd or Red Top Grass. Jersey and Western. Very popular for field use. Bushel, 10 pounds.

Hard Fescue. Thrives well in dry situations where many other grasses fail; 30 pounds to the acre. Bushel, 12 pounds.

Hungarian. Like German in growth, distinguished by brown color seed.

Italian Rye Grass. An annual; quick in maturing. Bushel, 22 pounds.

Meadow Fescue. English Blue Grass. An excellent grass for permanent pasture or hay. Bushel, 22 pounds.

Meadow Foxtail. An elegant pasture grass. Bushel, 7 pounds.

Millet, German or Golden. Best known of all varieties; has, in consequence, a large sale; is a medium early forage plant, prolific in stalk and grain.

Millet, Japanese. (Barnyard.) It yields an enormous crop of forage, which is greatly relished by stock. When cured, it makes an excellent hay.

Millet, Siberian. Grown largely in the Northwest, and is there considered better than any other. It yields a heavy crop of superior forage and seeds abundantly.

Orchard Grass. For pasture, sowing under orchards or shady places. Bushel, 14 pounds.

Rhode Island Bent Grass. (*Agrostis Canina*.) Resembles Herd Grass, forming a fine turf, even on thin soils. Doing especially well in salt atmospheres. Sow 40 pounds to the acre. Bushel, 15 pounds.

Timothy Seed. Best grades, strictly re-cleaned. 45 pounds per bushel.

Wood Meadow Grass. Particularly adapted for pleasure grounds and lawns; will grow under trees where few other grasses can exist. Bushel, 14 pounds.

Don't forget O. D. O. for Baby Chicks.

VALUABLE PLANTS FOR SUMMER FORAGE AND ENSILAGE

(For prices see pages 3 to 8)

Crimson Clover. Solves the problem of cheap manuring; it is the great nitrogen gatherer and economizer in the use of fertilizers. Improves poor lands and restores to fertility those that have been worn down by excessive cropping. May be planted in spring, summer and fall. Splendid for reseeding Red Clover that has been winter killed. Sow 15 to 20 pounds per acre.

Soja or Soy Beans. One of the most remarkable drought resisting crops under cultivation. Will thrive under the most adverse conditions; tremendous yielder and valuable soil improver.

Cow Peas. When planted in rich soil make an enormous growth of vine of high feeding value and equal to clover for enriching the ground if plowed under Black Eye, Clay, Black and Whippoorwill Gray Crowder. New Era varieties are adapted to Northern growth. Sow 1 to 1½ bushels broadcast, or drill 20 to 30 pounds per acre.

Sorghum. (Early Amber.) This plant is fast coming to the front for summer pasture or forage. It withstands drought and grows luxuriantly when the grasses and even Millets are burned out with the dry summer heats. It makes excellent hay. Sow broadcast 1 to 1½ bushels, or drill 10 to 20 pounds per acre. Early Amber is best for this latitude.

Kaffir Corn. Is a non-saccharine Sorghum grown for the seed, which is good for poultry and cattle. Cultivation same as for Sorghum.

Canada Field Peas. These are very valuable for fattening stock, and can also be grown for soiling purposes, but are of greater value for fodder when fed as ground feed, or the vines can be cured for hay, which is of great nutritive value. They can be sown alone or with oats; if sown alone, sow 2 bushels to the acre; if with oats, sow 1 bushel of peas and 1½ bushels of oats.

Spring Vetches or Tares. (Vicia Sativa.) These are a species of pea, and grown extensively for stock feeding. Are excellent food for hogs and also a most valuable fertilizer. 50 to 60 pounds are sown per acre and cultivated same as field peas.

Winter Hairy or Sand Vetch. (Vicia Villosa.) Can be sown from July to November broadcast, at rate of 20 to 30 pounds per acre, with one bushel of oats or wheat, or 40 to 50 pounds if sown alone. Will grow on most any soil and produce a good crop. Splendid as a soil improver or for feeding.

Dwarf Essex Rape. It can be sown in drills far enough apart to cultivate, or broadcast. If sown in drills, but 7 pounds per acre are necessary. The best way is to sow it broadcast on very clean soil, or to sow it with your spring grain at the rate of 15 pounds per acre.

Speltz. Makes excellent pasture and good hay if cut at the proper season. The straw is stiff and does not lodge easily, and the grain does not shell out. Dry weather does not seem to have any effect on it whatever. It is a wonderful stooler and a robust grower and can be fed same as oats with the hulls. Every farmer should grow it. Sow at the rate of 50 to 60 pounds per acre.

Teosinte. (Reana Luxurians.) Its value lies in the fact that it can be cut several times during the season, and when allowed to remain without being cut attains a height of 12 feet. We would advise sowing the seed in rows 3 feet apart and the hills far enough to work, putting in three seeds about every 12 inches in the drill.

Sweet Clover, Bokhara (Melilotus Alba), also Yellow Blossom (Melilotus Officinalis). While extensively used as a bee food, these clovers are valuable varieties for soiling (green manure); for sowing in the spring on lands which are later to be sown in alfalfa. They grow from 3 to 5 feet high, according to soil and location. Sow 15 lbs. per acre in early spring, alone, or 10 lbs. per acre with other crops.

Sudan Grass. For summer forage or grass crop will produce two or three cuttings each season, stools out thickly after the first cutting, makes a most nutritious and desirable forage crop. Sow in drills 10 lbs. to acre, broadcast 25 lbs. to acre.

Quantity of Seed Requisite to Produce a Given Number of Plants and Sow an Acre

Quantity per Acre

Artichoke, 1 oz. to 500 plants.....	6	oz.

BUTTERMILK BABY CHICK FOOD

O. D. O.

BUTTERMILK BABY CHICK FOOD

The "baby food for baby chicks." It is made only of the highest quality of purest and sweetest of health-giving, nourishing elements. It's as clean as the food on your table. From the time the grain is unloaded from the cars until you open the package or bag it is untouched by human hands. Skillful millers carefully prepare and combine the grains and other feeding stuffs which are so prepared as to be mechanically predigested.

**Poultry Raisers why take chances with your chicks?
Why start wrong? O. D. O. makes 'em grow.**

HOW TO FEED O. D. O. BABY CHICK FOOD

Remaining with the chick after it is hatched, is part of the yolk unabsorbed in its body which is sufficient nourishment for at least 48 hours. At the end of this time a vessel of fresh drinking water should be placed in a convenient conspicuous place. This will flush the digestive system as well as act as a laxative. Also place some fine Kapailo White Crystal grit before the chicks. This grit will enter the gizzard, starting the rotary muscular action which is the chicks teeth. Two hours later place some O. D. O. Baby Chick Food on a clean board or in a small trough and let them have as much as they can eat in 15 minutes.

O. D. O. BUTTERMILK BABY CHICK FOOD

contains all the necessary remedies to carry them through the first six weeks, which is the most critical stage in the life of chicks.

"Lady Bess"

Raised on O. D. O. Awarded First Prize

This is what they say about O. D. O.

Tamaqua, Pa., Dec. 12, 1925.

Gentlemen:

In regards to your O. D. O. Baby Chick Food, must say that I find it in a class with the best. Having tested feed for a number of Laboratories am in a position to appreciate your feeds. Have used your feeds quite a number of years and always came back.

Yours very truly,
Geo. W. Adams.

KEYSTONE AND DANDY

POULTRY, PIGEON AND CHICK FOODS

Give Results

The progressive poultryman may be compared to a manufacturer, with laying hens and growing stock for machines, the various grains and food stuffs as the raw material and eggs and meat the finished product. Obviously, his profits will depend upon two

things: the efficiency of his machines, and the use of raw material of the right kind. Both factors are equally important, and certain it is that the best machine cannot be made to produce good results on inferior or unsuitable raw material. Success or failure in poultry raising almost always lies in the difference between proper and improper feeding.

KEYSTONE SCRATCHING FOOD

Exercise is essential to health; it aids digestion, promotes vigor and insures a large yield of fertile eggs. Scatter Keystone Scratching Food in plenty of clean litter and watch the birds scratch and dig for it. It contains such an attractive variety of grains and seeds the fowls never tire of searching for it. This is one of our best sellers.

GRIT, SHELL AND CHARCOAL. Birds need a considerable quantity of mineral matter for their own needs as well as the production of eggs, particularly the shells. Part of this necessary mineral is obtained from their feed but an additional supply is also necessary. Hard, sharp grit must be available for the birds as an aid in digestion. Hens have no teeth and the grit in their gizzard aids in grinding or chewing up the food as well as supplying a certain amount of minerals.

KEYSTONE DICK

THAT'S HIS NAME

Keystone Dick is a Rose Comb Rhode Island White Cockerel, Exhibited at the Philadelphia Poultry Show, and awarded first Prize. Standard Weight, 7½ lbs. Bred and Owned by Geo. W. Adams, Tamaqua, Pa., this Prize Cockerel was raised on O. D. O. Buttermilk Baby Chick and fed on Keystone Scratch Food.

Keystone and Dandy Poultry Foods insure success, because they are absolutely the finest and most suitable raw material obtainable. We have employed the services of skilled chemists to determine the precise nutritive composition of the various grains and seeds. These experts have had the co-operation of prominent breeders and government experiment stations throughout the country;

hence, with over a half century's experience in the manufacture of feeds, we now occupy the position of a recognized authority on the subject, and prepare only such foods as are of known reliability.

KEYSTONE CHICK FOOD

It is obvious that an organism made up of well-defined elements, must require those elements to maintain health and promote growth. We have combined the elements necessary for a chick's growth in our Keystone Chick Food, which is a scientifically balanced ration, consisting of sound grains and carefully selected seeds, and which never varies in proportion or quality.

Keystone Chick Food should be fed until the chicks are six to eight weeks old, when they may be given our Keystone Developing Food.

ASK YOUR DEALER—HE CAN SUPPLY YOU

KEYSTONE PIGEON FOOD

If you are not making money from your pigeons and your stock is of known reliability, you had better investigate your feed. Almost all of the failures in the squab business are attributed to careless, improper feeding. There is no economy in cheap, mildewed or partly spoiled grain; only trouble, sickness and mortality. Feed only the best; which is to say—feed Keystone brands. They are carefully balanced to meet the requirements of the birds, and never vary from an established prime quality. Pigeons fed upon our foods are sure to be prolific, and the squabs will develop quickly and become unusually large.

SCRATCH

FOOD

THE DANDY SCRATCH food is similar in appearance to the KEYSTONE SCRATCH, although not quite as high in protein, which is due to a few less ingredients. In preparing our DANDY SCRATCH it was our aim to put on the market a clean uniform balanced ration, that would be equal to any of the Popular Brands, and which could be sold at a price within the views of every Poultry raiser.

It is quite gratifying to mention so far every customer is pleased with THE DANDY. It is the feed that MADE POULTRY RAISING PROFITABLE. A TRIAL means REPEAT ORDERS.

Not How Cheap—But How Good

KEYSTONE AND DANDY POULTRY FOODS are all made with the firm belief that the best goods are always the cheapest in the end. Every poultry food we make is backed by fifty years' experience in the poultry industry, the latest scientific knowledge, and exhaustive practical feeding tests.

KEYSTONE AND DANDY FEEDS GIVE RESULTS

We don't know how we could make them better. Finest, sweetest and purest of ingredients, modern mills and most careful supervision are embodied in our feeds. The result is poultry that makes a sturdy, vigorous growth; abounding in health; and high in egg and meat production. That means PROFIT AND SATISFACTION.

If you want to be sure that you are getting an honest dollar's worth of splendid feed, if you want a uniform, satisfying, profit-producing article that is backed by years of experience in making quality products—then use Keystone and Dandy Poultry Foods.

In Which Class Are Yours?

The average hen in the U. S. lays about 72 eggs per year, but the hen fed with KEYSTONE and DANDY POULTRY FOODS lay many more. The perfect balance of ingredients in each food makes the difference.

Whether your hens lay 50 eggs or 200 eggs per year, KEYSTONE and DANDY FOODS will make them increase the egg production. The extra eggs pay for the difference in the feed bill and give you a fine extra profit.

Keystone and Dandy Poultry Foods

THE FOODS OF DISTINCTION

KEYSTONE and DANDY FOODS are being used by many of the most successful poultry raisers and have proved themselves to be foods of great merit.

KEYSTONE & DANDY FOODS

are prepared and blended in a scientific manner from a selection of pure, sweet, recleaned ingredients that insures not only the health of the fowl, but maximum egg production.

KEYSTONE FISH MEAL

This food is recommended for those who prefer feeding fish meal to beef, or where it is desired to use both, which makes an excellent combination. It is manufactured from strictly fresh fish, scientifically cured, and guaranteed to contain only the purest articles. It is, in fact, equally as pure as any fish prepared for human consumption, and just as fresh. Experiment Stations endorse Fish Meal, and it is in use on thousands of farms.

BUTTERMILK POWDER

AND

PURE DRIED MILK PRODUCTS

A CLEAN, SCIENTIFIC, PERFECT FOOD

Milk, either sweet or sour, and buttermilk are excellent food and drink for poultry. Of the three, sour milk and buttermilk are to be preferred. Sweet milk has a tendency to become sour if not drunk promptly. This is an undesirable feature since mixtures of sweet milk and sour milk may cause trouble. Always give the liquid in the same form if you would avoid trouble.

DANDY HORSE FEED is composed of Pea-Green Alfalfa Meal, best Yellow Corn, pure White Oats and Beet Molasses. It contains 60% Grain ration and contains the same ingredients as the Keystone. The Dandy runs uniform in quality and is pleasing our patrons.

THIS IS WHAT THEY SAY ABOUT DANDY:

DANDY

60% Grain. Write for Prices

Penns Grove, New Jersey.

Messrs. Taylor Brothers, Camden, N. J.

I have tried several brands of Alfalfa Horse Feed but I find your Dandy Brand suits me better than any I have ever used. I find it always runs uniform and the pea green alfalfa used in this mixture, far exceeds any that I have noticed in other brands. The grain ingredients are always of the best quality.

Signed, H. D. Turner.

KEYSTONE

PURE

FINELY GROUND OATS

Especially Desirable for Poultry and Chick Mash

THE KEYSTONE (brand) of finely ground oats or oat meal as it is otherwise known is far superior to ordinary ground oats. It is guaranteed strictly pure, free from adulteration and ground in powder form especially desirable to the poultry raisers for using in their growing mash for Baby Chicks. It is also considered a most important factor for the production of eggs and we know of no other single ingredient that is more essential for successful poultry raising than PURE GROUND OATS (Keystone Brand).

KEYSTONE GROUND OATS

Is comparatively new to many, but those who have used "Keystone," particularly the larger poultry raisers, claim their success in raising chicks is largely due to the fine even texture of this product—try Keystone Brand Pure Finely Ground Oats, and watch your chicks grow. Give it a trial. Write for prices.

SQUIBBS COD LIVER OIL FOR POULTRY AND STOCK

Vitamin Tested

Squibbs Cod Liver Oil is distinguished from other Cod Liver Oils on the market in three particulars:

1. Unusually high vitamin content.
2. It is a protected oil, and not subject to deterioration and loss of vitamin content like ordinary oil.
3. It is physiologically tested and its vitamin strength stated on the label in plain figures.

The extreme richness of high quality, protected cod liver oil in Vitamin A and Vitamin D, and its relatively low cost make it the most economical food factor available to poultry raisers for the increasing of total eggs laid, hatchability, disease resistance, weight and growth.

One pint of Squibb's Vitamin Tested Cod Liver Oil (vitamin content on label) per 100 lbs. of O. D. O. Buttermilk Baby Chick Food, insures ample supply of Vitamin A (green food) and Vitamin D (sunshine) for growth, promotion and prevention of leg weakness in Baby Chicks. Cost per chick, 15 weeks $2\frac{3}{4}$ cents.

KEYSTONE DAIRY FEED

PACKED IN 100 LB. SACKS

KEYSTONE DAIRY FEED is another addition to the FAMOUS KEYSTONE FAMILY and one of our own manufactures, and is producing WONDERFUL RESULTS. The KEYSTONE is a 23% protein READY TO FEED RATION and its composition includes some of the HIGHEST PROTEIN feeds known to Science and the Dairy world. It is blended in such proportions as to produce the greatest results. THE KEYSTONE DAIRY is put on the market with the following guarantee: "Should you not be pleased after feeding the first two bags return the empty sacks and any balance you may have on hand and we will refund your money."

WHEN YOU CONSIDER A 23% PROTEIN FEED and the guarantee we give, you realize we are certainly offering you something that should be given your most favorable consideration. We urge you to give it a trial. Ask your dealer or write direct for prices.

Protein 23%   Fat 4%   Fibre 11%

Mr. Dairyman

Just read what Keystone Dairy will do for you

Taylor Bros., Camden, N. J.

I have completed a test as to the feeding value of three different kinds of cow feed offered for sale by yourselves and other dealers. Each day I weighed up carefully both the feed and the milk because I wanted the information that I might be guided right in the future. The Keystone feed and my own formula cost about the same.

The yield of milk for six days	Gross was Lbs.	519.50	"Keystone"
" " " " " " " "	" " " "	495.25	"Own Formula"
" " " " " " " "	" " " "	488.50	"Another Brand"

I am sending my daily report for examination.

I find your feed gave me about 14 quarts more milk than my feed and cost about 7 cents per day more, leaving me a gain in milk sales of \$1.40 for 6 days on 3 cows. You can readily see the advantage to owners of large herds. The other brand gave me but 3 quarts more than my own feed in 6 days and cost more. The Keystone feed stands No. 1 as a milk producer and price.

Yours respectfully,

Jos. H. Smith,
Riverton, N. J.

JERSEY DAIRY FEED

PACKED 100 LBS.

JERSEY DAIRY is a complete ration ready to feed, analysis, 18% protein, 4% fat, 12% fibre. It is composed of many well known high protein ingredients and blended in such proportions as to produce the best results.

MORE MILK

FROM THE COWS
YOU HAVE

KOW-KARE

Winter feed is hard to digest—hard to turn into milk. **Kow-Kare**, fed in sparing doses along with the regular diet makes the ideal winter dairy ration. **Kow-Kare** is all medicine. It builds into the organs that gather the milk, the power to reach new heights of production—with perfect safety to the general health of the cow. All the milk value of the ration is turned into the pail, instead of partly wasting away.

Be sure to let **Kow-Kare** work for you this winter. It will mean more milk and more money for you. Two sizes, \$1.25 and 65c.

Fancy California Alfalfa Meal

Among green foods, alfalfa stands at the top. Our Keystone Pea Green Alfalfa Meal is the result of a special process of milling, triple cut. When used with the mash, Keystone Alfalfa Meal, is mixed dry with other foods and scalded or boiled with them. When fed in connection with dry grains, it should be scalded in a trough or other vessel and left for the fowls to eat at will.

Pratts

POULTRY AND ANIMAL REGULATORS AND REMEDIES BABY CHICK FOOD WITH BUTTERMILK

Healthy birds and lots of eggs, the two big things in poultry raising, usually follow the use of

Pratts Poultry Regulator

Packages 25c., 50c. and \$1.10; 12 lb. pails, \$1.65; 25 lb. pails, \$3.00.

It builds up vitality, promotes sound digestion, sharpens appetite, thus helping to put birds into condition for heavy egg laying or winning blue ribbons.

Given to breeding stock it increases the fertility of eggs, strong in vitality, that will hatch chicks that will grow. Use it if you want big hatches of healthy chicks that will develop into husky pullets and cockerels. It will help prevent many of the common poultry ailments. Pratts Poultry Regulator mixed with any mash makes more eggs.

When baby chicks come, keep them healthy and growing, and bring even the weak ones along by feeding

Pratts Buttermilk Baby Chick Food

In 10, 14, 25, 50 and 100 lb. bags. 25c and 50c pkgs.

A largely predigested baby food for baby chicks. Guaranteed to raise every livable chick. Costs about a cent a chick for three weeks. Helps prevent leg weakness, white diarrhoea and "past-ing up."

More work out of your horses, more milk from your cows, fatter hogs—these are a few of the benefits which come from using

Pratts Animal Regulator

This is the original and pioneer stock regulator of America. Tested thoroughly for over half a century, its worth is known and recognized by stock owners the world over. Always sold on a guarantee that it will satisfy you or your money back.

Packages 25c. and 50c. 12 lb. Bkts. \$2.15; 25 lb. \$3.40.

Don't let ROUP cut your profits. The sure and easy "ounce of prevention" against this dangerously contagious disease is

Pratts Roup Preparation

Tablets or Powder, 25c., 50c. and \$1.00.

Quickly absorbed by the blood, helps purify the system, reduce fever, allay inflammation. The safe help for roup, colds, catarrh and many bad weather diseases.

Get rid of lice on your poultry, in nests, dustbaths, incubators and elsewhere by using

Pratts Powdered Lice Killer

25c. and 50c.

Effective, non-irritating. It quickly kills lice on little chicks, big chicks, setting hens and incubator chicks. It rids horses, cattle, hogs, dogs and cats of lice, and destroys ticks on sheep. It destroys many insects and bugs on vines, plants and flowers.

PRATTS Poultry Disinfectant. 1 qt. 55c., 2 qts. 90c., 1 gal., \$1.50.

PRATTS Head Lice Ointment. 30c.

PRATTS Condition Tablets. 25c. and 50c.

PRATTS White Diarrhoea Tablets. 25c. and 50c.

PRATTS Special Compound. (For Cholera.) 25c. and 50c.

PRATTS Healing Ointment 30c. and 60c.

PRATTS Fly Chaser, 2 qt. cans, 80c. ea., 4 qt. cans, \$1.30 ea.

THE NATURAL FERTILIZER SHEEP MANURE

(SHEEP'S HEAD BRAND)

MAKE YOUR PLANTS GROW PERFECT

For the Garden Its use on the vegetable garden will double the yield and insure better vegetables, also hurry the growth for earlier table use.

Apply about one pound to each four square feet, mixing thoroughly with the loam. For transplanting tomatoes, cabbages, etc., a handful can be dropped into each hole.

For Field Crops

Sheep's Head Sheep Manure is one of the greatest stimulants of farm crops known. Owing to its high percentage of humus, it will not wear out the soil as will the constant use of chemical fertilizer. It also makes the dormant elements readily available for plant food.

For illustration, there is said to be enough potash in the soil to last ninety-nine years, but after several crops have been raised it becomes dormant. Pulverized sheep manure—SHEEP'S HEAD brand—makes this potash available.

Used with corn, it has increased the yield from thirty-five to forty per cent. the first year. Equally good results have been secured with wheat and oats.

Conveniently Packed

Price	5 lbs.....	\$0.35	2000 lbs.....	\$40.00
	10 lbs.....	.50	1000 lbs.....	41.00 ton
	25 lbs.....	1.00	500 lbs.....	42.00 ton
	50 lbs.....	1.50	100 lbs.....	2.40 cwt.

SHEEP'S HEAD Pulverized Sheep Manure is the ideal natural fertilizer for parks, cemeteries, golf links, country clubs, lawns, nurseries, vegetable and floral gardens, etc.

It makes compact clay more open and porous; makes light, sandy soils more retentive of moisture; keeps soluble plant foods within reach of rootlets.

Guaranteed Strength

When pulverized sheep manure is stamped with a Sheep's Head, our trade mark, it is guaranteed in accordance with the following formula:

Nitrogen.....	2.25%	Total Phosphoric Acid.....	1.25%
(Equivalent in Ammonia 2.73%)		Potash.....	1.50%
Available Phosphoric Acid.....	1.00%	Humus.....	90.00%

HOW IT IS PREPARED

The crude manure is taken from covered corrals, where sheep are fattened for from thirty to sixty days on grain, and is then dried, ground to an even fineness, and packed in bags and barrels for convenient use. During the process all the weed seeds are killed by intense heat.

Sheep's Head Sheep Manure is exceedingly rich in nitrogen, phosphoric acid and potash—three very essential and enriching ingredients of the soil—and therefore most important to the growing crop. It also adds humus, which is not provided by chemical fertilizers.

Sheep's Head Sheep Manure is the Natural Fertilizer, Prepared to Conserve its Greatest Value.

SHREDDED COW MANURE

(SHEEP HEAD BRAND)

Price..... 5 lbs., \$0.35; 10 lbs., \$0.50; 25 lbs., \$1.00; 50 lbs., \$1.50; 100 lbs., \$2.40.

POTASH-MARL

500 lbs.....	11.25	Per ton.....	40.00

TESTIMONIAL

WYNDMOOR.

Gentlemen:

Philadelphia, Pa., October 1, 1925.

I have found Potash-Marl to be the best fertilizer I have ever used for lawns, both new and old. In constructing a new lawn on this estate, I used Potash-Marl with splendid results, obtaining a good growth.

In greenhouse work it is also extremely good. Potash-Marl holds moisture in addition to fertilizing it improves the soil.

Yours very truly,

Supt. to Mr. Samuel P. Rotan,
Chestnut Hill, Pa.

A. MITCHELL WHITE.

Inoculate Your
Alfalfa, Clovers, Cow Peas, Soy Beans, Vetches
and
Other Legume Crops

WITH
Mulford Cultures
FOR LEGUMES

Small Cost   Large Returns   Easy to Use   No Labor Expense

**Small Cost
Easy to Use**

**Large Return
No Labor Expense**

Alfalfa plant on left not inoculated. Plant on right inoculated with Mulford Culture for Alfalfa. All other conditions identical. This contrast speaks for itself.

Mulford Cultures contain pure, tested strains of active, vigorous nitrogen-fixing bacteria, for inoculating seeds of legumes or soil.

Mulford Cultures are scientifically prepared and tested with the utmost care and skill. Enormous numbers of these very valuable and desirable bacteria are thus available to you in every package of Mulford Culture and may readily be applied to your seed. The sealed bottle insures purity.

Legumes offer the best-known means of maintaining soil fertility and rejuvenating over-cropped and worn-out fields. They add both humus and nitrogen to your soil and thus increase your yield of wheat, cotton, corn and other non-legume crops.

The U. S. Department of Agriculture and many State Agricultural Experiment Stations recommended inoculation of legumes with nitrogen-fixing bacteria to induce a prompt "catch" and increase your yield.

Mulford Cultures are prepared for

ALFALFA (Lucerne)	COW PEAS	GARDEN BEANS
CRIMSON CLOVER	SOY BEANS	GARDEN PEAS
SWEET CLOVER	PEANUTS	LIMA BEANS
RED CLOVER	VETCH	LESPEDEZA
ALSIKE CLOVER	VELVET BEANS	BEGGAR WEED
BURR CLOVER	SWEET PEAS	AND OTHERS

Always specify on your order what crop you want to inoculate, as there is a different strain of bacteria for each legume.

The most complete and economical hatching device ever invented. No special cellars to build. No alterations to your building. Just set it on the floor and its ready for the eggs.

Can be operated on a quart of oil a day.

In every climate under the sun the Buckeye HAS DEMONSTRATED its ability to hatch MORE CHICKS and BETTER CHICKS than any other incubator made.

Where Buckeyes are used SUCCESS AND PROFITS HAVE FOLLOWED because the Buckeye is the one incubator that TAKES THE SPECULATION OUT and supplants it with CERTAINTY AND SUCCESS.

WRITE FOR DESCRIPTIVE CATALOGUE

Buckeye Standard "Colony" Brooders

IT CAN'T BE BEAT

I thought I would write and tell you what a dandy brooder I have. I think it can't be beat, it is my first year with a brooder and don't think I will put chickens with a hen any more. You have no lice to contend with, or old hens to mash the chicks. I have seen lots of different brooders, but I think the "Colony" brooder beats them all.

Mrs. C. E. Gabberts,
DeKalb, Mo.

You will be interested in knowing that I have replaced my hot water system with the Buckeye "Colony" brooders. I have raised the largest flock of Anconas by 2000 that I have ever raised. Your "Colony" Brooder System has modernized poultry raising and has reduced the trouble and expense at least fifty per cent. We have not only raised the largest flock, but the healthiest and best flock we have ever raised, so very strongly recommend it.

Very truly yours,
H. Cecil Sheppard,
Berea,
Ohio,
U. S. A.

Coal Burning

The Standard Brooder has actually revolutionized the whole poultry industry by helping the breeders to raise a much larger percentage of their young stock with just about one-fourth of the labor.

For the big breeder it has been a veritable God-send, and in a large number of cases has turned money losing propositions into highly profitable plants, while for the smaller breeder it has been just as valuable through its ability to bring the young stock to quicker maturity and saving many valuable fowl that, under ordinary conditions, never would have survived.

No. 25 "	1200 "	109 "	30.00

New Buckeye Blue Flame Brooders

A High Power Oil Burning Brooder operates on same principal as the Standard Coal Burning Brooders, Self Feeding and Self Regulating.

Following the introduction of the "Colony" type of coal-burning brooders, the same general plan has since been adapted to kerosene burners of the blue-flame type. Such burners have been brought to a high state of efficiency so that they are free from dangerous gases and by using such burners in combination with the open canopy they have proven quite as satisfactory as the coal-burning type, when operated in rooms that are supplied with auxiliary heat or in buildings that are small enough to be heated by kerosene burners.

NORWICH AUTOMATIC EXERCISER AND FEEDER

THIS machine is as near perfection as human intelligence can make it. It consists of a hopper, to contain the feed, in the bottom of which is fitted an adjusting valve, which is set to allow such quantities of feed to escape as may be desired. Directly under the valve is located the deflector, upon which the feed falls and by it is scattered in a wide, even circle. As the fowl strikes the feed bar it sends a regulated shower of feed on the deflector and it is thus scattered.

THE PHILADELPHIA POULTRY MARKER

This marker is made in two sizes—one for chicks and one for adult fowls.

Price: Each, \$0.30; postpaid, \$0.35.

GAPE WORM EXTRACTORS

The most inexperienced poultrymen will have no trouble in removing worms by use of our Gape Worm Extractor.

Price: Postpaid, \$0.40; by Parcel Post, 5 cents extra.

POULTRY KILLING KNIFE

This knife penetrates the brain in such a manner that the feathers loosen and come off easily. It is made of finely tempered steel, with nickel handle.

Price: Each, \$0.60; by Parcel Post, 5 cents extra.

APACO POULTRY FEEDER

There is probably nothing in poultry accessories that has attracted such universal interest or that has been so widely and so quickly adopted as the system of automatic feeding, though it is not at all surprising, for naturally any device applying to any business which effects a saving of 25% in the raw material (in this case, grain) and reduces labor more than one-half, would find a ready market in any line.

Price, each, \$2.00.

DRY FOOD HOPPER

The best food-saving dry food hopper on the market. Fowls cannot scratch food out and waste it, yet food is always in sight. It cannot clog, is easy to fill, easy to keep clean. The Boston Hopper is rat proof; it saves your feed for the fowls. Made in four sizes.

Prices:

Large size, holds $\frac{1}{2}$ bushel, ea., \$1.35; Small, for meat scrap, holds 1 peck, each, \$1.10; Long chicken size, holds 1 peck, each, \$1.40; Small chicken size, holds $\frac{1}{2}$ peck, each, \$1.10.

GRIT AND SHELL BOX

Made of best grade of galvanized iron. Has three compartments—for grit, oyster-shell and charcoal. Cover or lid on a slant prevents fowls roosting on the box and keeps contents clean. It is necessary in every well equipped poultry plant. Made in one size only.

Prices: Each, \$0.60; 3 or more, \$0.55 each.

DRY FOOD HOPPER

This hopper is similar to the grit and shell box, but is larger and has two compartments, holding three quarts in one and six quarts in the other. The ideal hopper for meal scrap and dry mashers.

Price: Each, \$0.80.

COMBINED FOOD AND WATER HOLDER

The guard lifts out of the pan, making the pan easy to clean. They are made of heavy galvanized iron, in three sizes.

Prices: Small size, each, \$0.60; Medium size, each, \$0.85; Large size, each, \$1.00.

NESCO FOUNTS

Easy to clean

1 quart size....35c each
2 " " .....45c "
4 " " .....55c "

No. 10 COMBINATION WATER FOUNTAIN AND FEEDER

Can be applied to any glass quart jar. Prices: Single, \$0.25 each; $\frac{1}{2}$ doz. lots, \$1.25; 1 doz. lots, \$2.40 doz.

SEXTON WALL FOUNTAIN

The construction of these fountains prevents the water from getting dirty and full of litter, yet allows fowls to drink readily.

Prices: One gallon size, each, \$0.80; $\frac{1}{2}$ gallon size, \$0.60; two gallon size, each, \$1.00.

DUPLEX FOUNTAIN

A labor saving wall fountain that can be separated, or opened for cleaning and filling. Water keeps clean in this fountain. Made of heavy galvanized iron in two sizes. Prices: 4 quart size, each \$1.10; 8 quart size, each, \$1.35.

CONKEY'S REMEDIES

CONKEY'S ROUP REMEDY in the drinking water prevents the spread of this extremely contagious and fatal disease. Sick birds drink and doctor themselves. Used all over the world. Prices. \$0.30, \$0.60, \$1.20.

CONKEY'S ROUP PILLS for individual treatment. Prices. \$0.30, \$0.60, \$1.20.

CONKEY'S LICE POWDER dusted on fowls every ten days frees them of vitality-sucking body lice. PRICES: \$0.10, \$0.35, \$0.50.

CONKEY'S LICE FIX—a handy, botherless ointment for lice-infested birds. Prices. \$0.25, \$0.50.

CONKEY'S HEAD LICE OINTMENT—gets the big, deadly head lice on little chicks. Prices. \$0.10, \$0.25.

CONKEY'S MITE LIQUID—a very strong, effective insecticide made for blood-sucking mites. Mixes with water. Prices. \$0.60, \$0.90, \$1.50.

CONKEY'S WHITE DIARRHOEA REMEDY—saves chicks from this fatal, contagious terror of the poultry yard. Prices. \$0.30, \$0.60.

CONKEY'S GAPE REMEDY—relieves the chick of the choking gape worms. Prices. \$0.25, \$0.50.

CONKEY'S POULTRY TONIC—a medicinal tonic that keeps the birds' digestive organs working right. Puts them in vigorous, red-blooded health. Gets them over the moult quickly; helps them lay when egg prices are highest. Not a bit of cheap filler in it. Just a little in the feed goes a long way. Buy it in pails. Prices. 12 lbs., \$1.60; 25 lbs., \$3.00; pkgs., \$0.25, \$0.50.

Taylor Bros.,
Camden, N. J.

Camden N. J., Jan. 20, 1926.

I have been selling your O. D. O. Buttermilk Baby Chick Food for 2 years, putting it out with each lot of Baby Chicks that I sell. Since doing this I have been quite successful in satisfying my customers. It raises more chicks and stronger chicks than most chick starters. This is why I recommend its use.

Garden State Chickery.

JERSEY BRAND POULTRY WIRE NETTING

FEW people realize what a vast difference there is in the quality of wire netting, and yet such is the case. And on a poultry farm where large quantities are used this factor becomes a very vital one. Cheap, inferior nettings soon rust out, and become a source of continual trouble and expense to the poultryman. Fence your plant with Jersey Netting and you have fenced it with the most durable. It is made of the best materials, heavily galvanized after it is woven, and guaranteed to be straight and free from any defects. We carry a large supply of this fencing in stock.

Each roll contains 150 lineal feet. Following prices are for full roll lots.

SELECTED MAINE GROWN SEED POTATOES

CERTIFIED STOCK

Irish Cobblers

OUR potatoes are grown expressly for seed purposes in Aroostook County, Maine; carefully selected, and the equal of any seed potatoes on the market. They are put up in barrel sacks of $2\frac{3}{4}$ bushels or 165 pounds in a sack.

We cannot quote prices in this catalogue for the reason that the value of Potatoes fluctuates constantly. Customers entrusting us with their orders, however, may feel assured that they will be charged the lowest possible price for strictly Maine grown seed. Write us for quotations on carload lots or less.

Spaulding Rose. Medium size extra early variety.

Irish Cobblers. (Good keepers, vigorous and popular).

Green Mountains. (Big cropper, splendid cooker).

Gold Coin. (Hardy, very productive).

IT PAYS TO PLANT CERTIFIED SEED STOCK.

SHUR-GRO

SHUR-GRO FERTILIZER, this is a plant food containing the most essential minerals and in the form as found in the ash of vegetation. Shur-Gro is odorless, especially adopted for POTTED FLOWERS, TREES, VINES AND SHRUBS, LAWNS AND VEGETABLES. Shur-Gro will not burn or injure any root.

12 oz. boxes 10c. each, 25 lb. sack \$1.50, 50 lb. sacks \$2.75.

DILLON'S UTILITY SALT

A conditioner for horses and stock. Relieves them of worms and tones up the system.

Price—5 lb. cans, each.....\$0.50

TABLE AND DAIRY SALT

Buy salt from us and you will get the best at the lowest prices. The Wigwam ranks very high and we would be very glad to quote prices in any quantity.

Wigwam Brand is a high grade, granulated vacuum process salt, especially refined for dairy, cooking, baking and table use, is strictly pure, sparkles like a diamond, the result of perfect crystallization, makes a brine as clear as crystal and will not harden in any climate.

Ground Salt (coarse grain) is the first product of evaporators and is a coarser grain than Perfection Brand. It is preferred by packers for pickling meats, etc.

Agricultural Salt is grades that have become discolored or dirty. It is used for fertilizing and for any purpose where quality is not essential. (We do not guarantee the quality of Agricultural Salt.)

Mineral Salt is white, bright, sparkling and clear (almost chemically pure). Used for packing meats, freezing ice cream, refrigeration, charging ice machines, pickling, salting hides and skins, and feeding horses, cattle and sheep.

Turk's Island Salt. Genuine article.

THE "NORCROSS" HAND GARDEN CULTIVATOR

Its work equals that of the highest priced wheel plow on the market; sells to those who have a small home garden. Made of first-class material, shovels forged from the steel prongs, every part being detachable. It works between rows, or the center shovel can be removed and the row straddled. It pulls the weeds, pulverizes the soil, is light, durable and easy to operate.

SMOOTH ASPHALT ROOFING

JUST as a chain is no stronger than its weakest link, the security of a building is no greater than the integrity of its roof. Keystone Asphalt Roofing is the choice of careful buyers who insist upon attractiveness, fire-resisting qualities and absolute weather protection at the minimum cost per year of service. It is made from the best, heavy tough felt fabric, saturated and coated with a flexible waterproof gum, and retains its life and flexibility for many years. We sell enormous quantities of Keystone Asphalt Roofing, and are therefore able to quote the lowest possible prices. Samples will be sent upon request. Satisfaction guaranteed.

PRICES:

Per Roll

2 ply, per roll (Cement, nails and directions for laying in each roll) \$2.60
3 ply, per roll { roll, which lays 100 square feet } 2.95

JERSEY SMOOTH ASPHALT ROOFING

Jersey Brand Asphalt Roofing is one of the best competitive brands on the market, where a temporary roof is required, it looks well, wears well, none better for money.

PRICES:

1 ply, light, per roll \$1.45
2 ply, medium, per roll 1.70
3 ply, heavy, per roll 1.95

MYERS' COMPRESSED AIR SPRAYER

One of the special features of this sprayer is the nozzle by means of which the spray can be adjusted from a broad fine spray to a long distance spray throwing water 25 feet so that the tops of ordinary trees can be easily reached. This nozzle is adjusted by simply opening or closing the hand.

You will be more than pleased with this Pump which comes in one size only for spraying trees, gardens, flowers and plants.

Fig. 1862

No. 296, Myers' Pneumatic Sprayer complete with hose and long distance nozzle.....Price, \$6.00

Pipe Extension for use with the No. 296 will be furnished at a small additional cost when desired.....Price, \$1.00

LOWELL FOUNTAIN COMPRESSED AIR SPRAYER

Does not require constant pumping. Has an Automatic Thumb Lever Valve. Most practical for Orchard, Field and Garden Work.

Capacity 3 gallons. Price: No. 110, galvanized, \$6.10. No. 111, brass, \$9.00

TIN SPRAYERS

With quart tank underneath, double seamed heads, stationary tube; dimensions of cylinder, 13-4 x 8 inches; throws spray fine as mist; uses about one-tenth of liquid that many other pumps do, and is a satisfactory sprayer in every way; no danger of getting out of order.

Price: Each.....\$0.50

No. 333 Tin Sprayer, each.....\$0.50

BERRY CRATES AND BASKETS

THE progressive farmer and fruit grower realizes the importance of shipping his products in strong, well made, attractive carriers, and that if he does not do so he cannot expect top prices. We carry a full line of berry crates, baskets and carriers of standard make, the best obtainable, and will be glad to quote prices on carload lots or less. Let us know your requirements.

BERRY BASKETS

Standard quarts; oval pints. Thirty-two-quart berry crates. Dividers for crates.

BASKETS

Five-eighths bushel; six brace.
Half bushel; six brace.
Half bushel peach; best quality.
Hampers; best quality.

THE FARMERS' FAVORITE COOKER

It pays to use a cooker. A warm meal once a day for the cows will show surprising results in the milk pail. Hogs will respond much quicker if fed cooked feed. Poultry must have warm food for best results.

Taylor Bros., Camden, N. J.

Egg Harbor, N. J., Jan. 20, 1926.

We have been using your full line of Keystone and Dandy Foods in connection with your Grain and Feed and Poultry Grains. Have always found them to be strictly of the highest quality. We largely base our success on using quality feeds and feel that the Keystone and Dandy line meets all requirements.

Yours very truly,

Wa-Ona Purchasing Ass'n,
John Glidewell, Pur. Agt., Egg Harbor, N. J.
