Wholesale Price List on "Extristrong" Gladiolus Bulbs

NOVEMBER 1, 1926

The production and distribution of *Gladiolus* bulbs has our entire attention. We ship nothing but young, plump bulbs of high quality. We do not ship cut flowers—everything is disbudded when the first flower opens and you get the bulb when it is ready to make its best flower. They are commercially true to name—they are properly fertilized, properly cured and carefully packed.

1 1/2" & up 1 1/2" to 1 1/2" 1" to 1 1/2"

Mixed—General Mixture—per 1000	12.00	10.00	8.00
Waterloo Mixed—Fine Collection— per 1000	20.00	16.00	12.00

“Waterloo Mixed” made a great hit last season and is greatly improved this year. It is not grown as a mixture but is a collection of named varieties and this is just the thing for the man growing only a few hundred, either for forcing or outside. If wanted for forcing, please say so, and we will select forcing varieties.

It is wise to place your order early. We make no charge for storage up to May 1st.

If you want 100,000 we are large enough to serve you. If you want 100 we are small enough to appreciate you and give your order prompt and careful attention.

If you want 5,000 or more of one item please write for special price.

Reports from customers state that Scarlet Princess forced from 94 percent to 128 percent, and Anna Eberius as high as 184 percent. We (with ten years retail florist experience) consider Scarlet Princess the best florist red in existence. Try a few—you’ll want more next year. Remember Early Sunrise, too.

Very truly yours,

T. D. Smedley, owner.
