AN excellent healthy stock of dahlia roots is herein offered to the trade at prices low as consistent with the high quality of the product of our fields.

The advent of SAGAMORE and our other new cut-flower introductions has revolutionized the cut-flower dahlia trade and proved a source of undreamed of profit to those growers who availed themselves of the opportunity to handle these "Best Keepers."

Thousands of S A G A M O R E Blooms, together with our other blending shades, are shipped to surrounding cities to be used in the decorations for many fashionable fall weddings.

The DAHLIA "has come into its own" as the greatest of all outdoor Autumn flowers. Florists and the flower-buying public have learned that certain exhibition dahlias possess exceptional keeping qualities.

SAGAMORE, advertised in the December issue of the Garden Magazine and Home Builder, a full cover page in color, will result in many orders. *This means business for you.* We can furnish you with originators' stock to supply all your customers.

Electrotypes or cuts will be furnished to those wishing to feature SAGAMORE in their catalogues.

TERMS OF SALE

(Cash with Order)

Goods will be carefully packed and shipped by Express or Parcel Post and shipped at buyer's expense. Please send postage where Parcel Post shipment is desired.

No shipments will be made in freezing weather unless requested, and then at the customer's risk.

We grow only those varieties which have proved exceptionally immune from disease and "stunt" and take great pains to ship only first class clean divisions on all orders.

Sagamore “*The Golden Beauty*”

PICTURE a field of vigorous healthy plants, uniform in growth and completely covered with these huge golden blooms and you have a fair idea of the natural beauty of Sagamore.

Sagamore has been a consistent prize winner since it won first prize as best seedling at the New York show of the American Dahlia Society in 1921—first for best two-year-old seedling in 1922 and the “Darnell Cup” for best keeping variety in the A. D. S. Show in 1923.

Sagamore has played a leading part in making the dahlia a favorite fall flower with florists, wherever it has been introduced.

You will be delighted with Sagamore and will find it a wonderful prize winner as well as a profitable cut flower.
