NEW LOWER PRICES

THESE PRICES IN EFFECT FOR THE SPRING 1927 DELIVERY AND THIS PRICE LIST SUPERSEDES ANY OTHER PRINTED LIST PREVIOUSLY ISSUED

SPECIAL ESTIMATES ON LARGE ORDERS. Large planters should submit list of stock and let us quote complete price on entire list.

Terms: Cash with order. Customer pays transportation charges.

Small orders: Because of the increased cost of land, labor, packing, etc., orders for less than \$5.00 are usually handled at a loss. Please try and make your order at least \$5.00.

Non-warranty: In the event that any nursery stock sold by us should prove untrue to name, we hereby agree on proper proof to replace that portion of any order untrue to name, or refund the purchase price thereof.

Changes in orders: It may be necessary to make some changes in size and variety of trees and plants ordered, unless customer definitely states that it will not be permitted. Changes, if made, will be under the direction of our expertly trained men and equal or superior sorts will be sent, and labelled correctly. We do not replace stock that fails to live. Possible neglect of planter and unavoidable climatic conditions prevent guaranteeing trees and plants to grow.

How to order: Write plainly on the enclosed order blank, fill in your name, address and the point to which you wish the stock shipped. Be sure to state the variety or kind wanted and the size of each. Carry out the ces, extend the totals, and attach remittance.

Inspection: Certificate of inspection from the State Entomologist is attached to all shipments.

Special notice: Each rate—in buying fruit trees, small fruit, etc., less than 10 go at "Each" rate.

10 Rate—10 or more of a kind, variety, and size go at the 10 rate.

100 Rate—30 of a kind, or more, and not less than 10 of a variety, go at the 100 rate.

1000 Rate—300 of a kind, or more, go at the 1000 rate.

Most desirable varieties in this list are printed in black type.
