A. B. C. "Supreme" Quality Florists' Flower Seeds For Early Sowing. Also Forcing Gladioli, Etc.

Our 1928 Florists' Flower Seed and General Catalogue is now being compiled and will be mailed to the trade about December 15th. Appreciating the fact that numerous growers desire to obtain their seed supply meantime, especially for under-glass culture, we are pleased to submit herewith some of the most important items as well as Forcing Gladioli, etc. If you do not find in this list the needed items, please ask for copy of our 1927 General Catalogue, which will be mailed free and at once.

A. B. C. "Supreme" Quality Flower Seeds are planted by the "particular grower" from Maine to California.

NEW SNAPDRAGON, Jennie Schneider Sensation of the St. Louis Market for several years past.

We have been fortunate in securing the sole agency for this new Snapdragon, and which we believe is the most valuable pink cut flower variety in existence today.

H. G. Berning, the well known wholesale florist of St. Louis, Mo., and president of the Society of American Florists, says of it: "Regarding your inquiry about the Jennie Schneider Snapdragon, will say we have handled it exclusively for several years and have never been able to get enough to satisfy the demand, the retailers continually fussing because they do not get their orders filled in full."

"The color is a beautiful pink, the shade of a well grown Columbia rose. The flowers are very close together with very long spikes. These spikes are over two feet long without disbudding."

"Mr. Schneider, the originator, starts to cut in the early fall and continues to do so right up until the first of June."

"This variety cannot be confused with any other. It sells for at least double the price of any other Snapdragon we have ever handled, and we could have sold at least three or four times as many blooms as he was able to produce."

Price of seed, per trade pkt., \$2.00; 3 pkts. for \$5.00; 12 pkts. for \$17.50.

We can supply all worth-while varieties of Snapdragons in both seed and plants. We have an exceptionally fine lot, from 2-inch pots, ready for benching. \$10.00 per 100, \$90.00 per 1000. Arrange now for supply to bench after Mums are out.

See Classified pages of The Review each week for additional list of Snapdragon plants.

ZINNIAS

BODGER'S TRUE STRAIN

DAHLIA-FLOWERED ZINNIAS—"A FLORIST'S MONEYMAKER"

Exquisite. Color light rose with center a deep rose. (Tyrian Rose.) Old Rose. This is adequately described by its name, as it is of the real old rose shade.

Illumination. Similar to Exquisite, but a striking self color of deep rose. (Tyrian Rose.)

Golden State. A very rich orange-yellow (Cadmium). Yellow in the bud, turning to an attractive orange when in full bloom.

Crimson Monarch. By far the largest and best of red shades.

Giant Attraction. A distinct shade of brick red (Spectrum Red) which carries its color well from the bud, and forms into an immense ball of color when in full bloom.

Scarlet Flame. A large, beautiful, bright scarlet, with a delightful blending of orange throughout the petal. This is not a bicolor.

Meteor. A rich, glowing deep red (Spinel Red) and the darkest of all the red shades. Fine form, with good depth of petals. Very large.

Orloio. An immense orange and gold bicolor, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.

Dream. A fine, deep lavender, turning to purple (Mallow Purple) a new, desirable shade in Zinnias.

Polar Bear. A very large pure white, the best white yet seen in Zinnias.

Buttercup. An immense deep creamy yellow. A very desirable flower.

Canary Bird. A delicate shade of primrose—very large and holds its color well until out of bloom.

Price of each of above: Extra size Trade Packet, 50c; ¼ oz., 75c; per oz., \$2.50.

Special Offer. One extra size Trade Packet, each of any seven varieties selected from above for \$3.00.

Special Mixture. A well-blended mixture containing the above novelties. Price, Trade Packet, 35c; per doz., \$1.50.
