1927 PRICE LIST

TERMS—Cash with order or part cash and balance before shipment.

RATES—Five trees of same size and variety at ten rates, fifty at one hundred rates.

SHIPPING INSTRUCTIONS—Please state whether you want stock shipped by freight or express. Evergreens should always be shipped by express.

SEEDLINGS—Seedlings are trees which have been grown from seed, but which have never been removed from the original seed beds, that is, they have never been transplanted.

TRANSPLANTS—Are trees that have been taken from the seed beds and grown in rows with cultivation and the best of care. Transplanting a tree always produces a better root system and a far better tree in general. The more times a tree is transplanted the better its root system and the more rapid growth it will make when planted in a permanent place.

Order Early as the stock is limited. First come, first served. Use the enclosed order blank and do it now.

For all orders in before February 20th you may deduct 10%; after that 5% until April 15th.

OUR BIG WINDBREAK OFFER

		Scotch Pine	Norway Spruce	White Spruce
250 feet Evergreen Windbreak	25 trees.....	\$10.00	\$ 6.75	\$12.75
500 feet Evergreen Windbreak	50 trees.....	19.50	13.00	25.00
1000 feet Evergreen Windbreak	100 trees.....	38.00	25.00	48.00

We select these three varieties of evergreens because we find they are the three best and most used trees for windbreak purposes. These trees are 1 to 1½ feet high and are twice transplanted, which insures a 100% stand and a rapid growth. That means in a comparatively few years you will have an effective windbreak. By taking advantage of the above offer you will save years of time in waiting for your windbreak to be effective. Every windbreak is accompanied by complete planting instructions, and is sold under our guarantee.
