Brunt's Perennials

Spring 1926

ORCHADOTTE NURSERIES

WEST POINT, PENNSYLVANIA

MONTGOMERY COUNTY

22 Miles Northwest from Philadelphia

YOUR OPPORTUNITY

WE are disposing of a few varieties of Brunt's Perennials in large size plants at attractive prices. They are just what you want to make an immediate display this season. These plants are too large to send via Parcel Post, so your order will be sent via express, collect. If your order is small and does not contain the large size plants, we will ship via Parcel Post, if cheaper, and notify you of the cost. These prices will not warrant prepaid shipments, but packing will be gratis.

A more detailed description, with culture directions will be found in BRUNT'S GARDEN GUIDE (25 cents), a copy of which will be sent with every \$1.00 order.

GENERAL LIST

ACHILLEA	PINK YARROW. Neat, finely cut, deep green foliage; beautiful rose-red flowers in flat corymbs.	18 in. June-Aug.	.15
"	PEARL. Blooms freely with showy clusters of pure white flowers. Valuable for cutting.	2 ft. July-Aug.	.15

DELPHINIUM

We are growing several varieties and strains of the Hardy Larkspur, but at this season are offering only plants in mixture, of all shades of blue. 1 yr. plants

HOLLYHOCK

We are growing several named varieties of this grand old garden favorite, mostly our own origination, but this season are offering only plants in mixture, of all colors and shadings. They should bloom this season. 1 yr. plants

IRIS

Our collection, about 100 varieties, of the Iris contains most of the best American and European varieties. A price list will be issued about June.

LILIUM

We offer the following Hardy Lillies this Spring, started in pots.

auratum.	GOLDBAND LILY. Mammoth ivory white; 6 or more inches across, with a distinct broad band of gold down the center of each petal and numerous deep purple spots.	2-4 ft. June-Aug.
batemanniae.	BATEMAN LILY. Rich orange yellow. Very cheerful.	4 ft. Aug.
candidum.	MADONNA LILY. Pure pearl-white and fragrant. Similar in shape to the lillies you buy for Easter.	2-3 ft. June-Aug.
elegans.	Large flowers of erect, cup-shaped growth, in shades of red and orange, spotted brown. Flowers point upright and open wide.	1 ft. June-July
hansoni.	HANSON LILY. Dark reddish-yellow, marked with brown spots	
henryi.	HENRY LILY. Orange-yellow flowers with long petals that turn backward. Very showy.	2-3 ft. July-Aug.
regale.	ROYAL LILY. White flowers, streaked with brown and shades of pink at the tips; canary-yellow center throat. Strongly fragrant.	3-4 ft. June-July
speciosum.	SPECIOSUM LILY. Pure white flowers with petals back curved; band of pale green down the center of each petal. Beautiful.	4 ft. July-Sept.
GREAT SPECIOSUM LILY.	Form of above but a rich, deep-pink, heavily spotted with rosy-crimson. Good for cutting.	3 ft. July-Sept.
MELPOMENE.	Form of speciosum. Dark crimson-purple, heavily spotted and margined white. Strong growth.	3 ft. Aug.-Sept.

PEONY

A price list of this popular Spring flower will be issued about July.

PHLOX

We are growing a very attractive list of this popular garden flower and will issue a price list about July.
