Announcing

A new partner in our little business, of growing Plants and Flowers. Alice Mae, is her name and no doubt she will be a valuable addition to the business as soon as she gets better acquainted with some of the Botanical names of the flowers and plants. Alice joined us on September 13th. She evidently isn't of a superstitious nature.

The other partners are Mrs. Clark, Florence, Richard and Edward. Now that you have been introduced to all the family, we want to further

Announce a Fine Lot of Hardy Perennial Plants and Novelties

For Fall and Spring Planting

Autumn planting is gaining in popularity because experience has shown that a whole years progress is gained, in most cases, and then the Fall prices are lower than when plants are carried over until Spring. Early Spring sees Nature's response to your slight effort in Fall, the first warm days starting you far forward on the road to garden satisfaction.

Prices, unless otherwise noted—Small Plants, 10c Each or \$1.00 per Dozen; Medium Plants, 25c Each or \$2.50 per Dozen; Large Plants, 35c Each or \$3.50 per Dozen.
