"GLAD TIDINGS" FOR 1927

Over 100 varieties—and they're "WELL GROWN"

The Grower

The above photo doesn't mean a thing—except to those who live at a distance and like to see who they are doing business with.

You get a square deal, good liberal count and clean healthy, disease free stock.

This price list, while not of the elaborate sort, lists only the very best and choicest Gladiolus, including such choice and rare varieties as: **BREAK O'DAY, DR. F. E. BENNETT, DR. NELSON SHOOK, EUGENE LEFEBRE, GERALDINE FARRAR, J. A. CARBONE, JOERGS WHITE, MR. W. PHIPPS, MRS. LEON DOUGLAS, PAUL PFITZER, PFITZERS TRIUMPH, PRIDE OF WANAKA, WM. G. BADGER**, and many others, ranging in price from five cents to fifteen dollars per single bulb.

Customers receive the benefit of the saving effected between the cost of this condensed, yet complete price list, over the more elaborate catalogue.

A very substantial saving can be made by ordering 10 bulbs of a variety. It takes nearly as much time to fill an order for one bulb as it does for ten of a variety, and I pass this saving of time and expense on to my Customers.

This is my ninth year growing the beautiful Gladiolus, fourth Catalogue and fifth year growing commercially.

Each year I visit the American Gladiolus Society's National Show at Rochester in search of new worth while varieties and purchase only those varieties which in my judgment have real merit, and I pass this choice selection on to you.
