Old English Boxwood

Spring 1927

This is a list of one of the largest and most beautiful collections of Boxwood ever offered for sale.

Each and every plant having characteristics of its own makes it impossible to fully describe them in our lists, and to this end we furnish photographs upon receipt of advices giving your requirements. Prices are also given at that time.

Quite a few on this list are of the very odd and unusual shapes so highly prized by many collectors, and in this assortment we believe the requirements of the most exacting can be found.

You are cordially invited to visit our Nursery at any time. If you cannot visit us we invite your correspondence.
