b Marechal Niel. Bright golden yellow; very large.....	4 50	40 00
ob Mary Lovett. Pure waxy white; resembles Dr. W. Van Fleet, except in color.....	3 50	30 00

NOTE. While our main nurseries are at Newark, N. Y., and most of our stock is shipped from there, we do maintain a branch at Bridgeton, N. J., and a number of items are dispatched from that point. Since this may mean a considerable saving in freight charges to some of our customers, we direct their attention to the list of material offered for shipment from Bridgeton, beginning on page 22.

RAMBLER AND CLIMBING ROSES, continued

	Per 10	Per 100
ob MARY WALLACE. Semi-double; rose-pink, salmon at base of petals.....	\$3 50	\$30 00

LILACS, continued

- Belle de Nancy.** D. Very large; brilliant satiny rose, white toward center.
- Boussingault.** D. Light blue-lilac.
- Charles X.** S. Purplish red. Strong rapid grower.
- Congo.** S. Wine-red.
- Condorset.** D. Pale blue.
- De Mirabel.** S. Bluish violet.
- Decaisne.** S. Pale azure-blue.
- Dr. Charles Jacob.** S. Red.
- Dr. Masters.** D. Clear lilac.
- Dr. Troyanowsky.** D. Spikes of hyacinth-like flowers of bluish mauve color.
- Edouard Andre.** D. Clear rose.
- General Pershing.** Semi-double. Buds deep lilac.
- Jacques Calot.** S. Very large panicle of delicate rosy pink flowers. The individual flowers are unusually large.
- Josikæa.** S. Dark shining leaves and purple flowers in June.
- Lucie Baltet.** S. Rose-salmon.
- L'Oncle Tom.** S. Large spikes of very dark purple flowers.
- Marie Legraye.** S. Pure white; fragrant. Fine for forcing.
- Michael Buchner.** D. Dwarf. Very double pale lilac blooms.
- Miss Stepman.** S. White.
- Mme. Casimir Perier.** D. Creamy white. Superb.
- Mme. Lemoine.** D. Pure white. Very fine.
- Othello.** S. Flowers purplish red; panicles large. Fine.
- Philemon.** S. The darkest shade in Lilacs. One of the best.
- President Grevy.** D. A beautiful shade of blue. Individual flowers large.
- President Viger.** D. Bluish lilac. Extra fine.
- Princess Alexandra.** S. White; large panicles. Fine.
- Reine Elizabeth.** S. White. Fine.
- Rene Jarry-Desloges.** D. Panicles very large. Perfectly formed flowers of a rarely beautiful shade of blue. One of the best.
- Stadtgartner Rothpletz.** S. Dark purple.
- Souvenir de Ludwig Spaeth.** S. Panicles long; individual flowers large, dark purplish red.
- Toussaint l'Ouverture.** S. Very dark purple flowers, oddly crinkled.
- Vestal.** S. Enormous trusses of large, perfectly shaped, pure white flowers, with reflexed lobes. The finest flowered sort.
- William C. Barry.** S. Buds reddish lilac, opening silvery lavender or pearly lavender. Flowers somewhat cup-shaped.
- William Robinson.** S. Violet-mauve, clearer underneath; irregular flowers in long spikes.

The wholesale prices in our lists apply on wholesale quantities. Orders should call for 10 of a kind and size, and beyond that for multiples of 10

Fruit Department

Apples

Statement of Inspection for Trueness-to-name, 1927

To whom it may concern:

Amherst, Mass., July 25, 1927.

I have examined for trueness-to-name the salable apple stock now growing in the nurseries of **Jackson & Perkins Company**, Newark, N. Y., and I now declare that to the best of my knowledge and belief these trees are true to variety name as they stand in the nursery row.

(Signed) A. P. FRENCH.

Terms and Conditions of Sale

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes.

THE PRICES in this list are based upon present market conditions, and are subject to change without notice. We invite correspondence with prospective buyers, and shall be pleased to quote special prices on want-lists for larger quantities than are named herein. On the other hand, these are **wholesale prices** and apply only to **wholesale quantities**; in no case will we fill retail orders, even from nurserymen. All orders should be made up for 10's or multiples of 10.

TERMS. The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security, or satisfactory references are required from unknown parties. All bills are due in sixty days unless other arrangements are made at the time of sale. **All prices are net and not subject to any discount** unless specially agreed upon.

SHIPPING. Customers are requested to give definite instructions for shipping. In the absence of special instructions we will use our own judgment, but with the distinct understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore, the Pennsylvania Railroads, also the Rochester and Syracuse interurban trolley line, enabling us to ship in any direction over trunk lines. Express is handled over three of these routes.

BOXES will be charged for at the rates noted below. These prices are somewhat reduced because we are now able to buy lumber somewhat more reasonably. However, these rates do not really cover present actual cost to us.

10 ft. 30 in. x 30 in.....	\$4 50	10 ft. 20 in. x 20 in.....	\$3 15
10 ft. 28 in. x 28 in.....	4 20	10 ft. 18 in. x 18 in.....	3 00
10 ft. 26 in. x 26 in.....	4 00	10 ft. 14 in. x 16 in.....	2 50
10 ft. 24 in. x 24 in.....	3 50	10 ft. 12 in. x 14 in.....	2 30
10 ft. 22 in. x 22 in.....	3 25		

Add 50 cents on all sizes of 12-foot boxes; decrease in same proportion for shorter boxes.

BALES will be charged at actual cost of the material. We make no charge for packing or for delivery to the railroad station.

GUARANTY. We give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any nursery stock, seeds, or bulbs we sell, and we will not be in any way responsible for the crop.

CLAIMS for any cause must be made promptly on receipt of goods. Any stock that is not exactly as represented must be reported promptly and on authority should be returned to us immediately. We will cheerfully and without question credit back the unsatisfactory plants, or send others; **but we will not entertain claims made after goods have been once accepted**, or when report is not made within ten days after arrival of the stock.

INSPECTION AND FUMIGATION. Certificate of inspection will be furnished with every shipment and, when required, stock will be fumigated.

SPECIAL NOTICE. Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers nor sell to planters; we have **no retail trade** of our own, and sell **to the trade only**; in justice to our **only** customers, the nurserymen, florists, and dealers, we use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them. **Use printed stationery, or enclose business card.**

LOCATION. We are located 30 miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

Respectfully,

Newark, New York, Sept. 1, 1927.

JACKSON & PERKINS COMPANY

GYPSOPHILA, BRISTOL FAIRY

The New Double Baby's Breath

AND GAILLARDIA

WITH flowers three times larger than the old-time Double Baby's Breath, whiter by far, and more freely produced, blooming from very early in the season until late autumn, Bristol Fairy is bound to supersede the older type.

Not only is it a robust, healthy plant for the garden, but its cut sprays are particularly useful for florist's work, either in their fresh state or when dried, as it retains its pearly whiteness for months.

This is an excellent plant for the hardy border, where it may be used singly or in clumps with the plants spaced 2 feet or more apart. It is particularly effective in front of evergreens or tall perennials.

If grown for cutting purposes, 2½ feet apart in the row is better with 4 feet between the rows.

It cannot be grown from seed and it roots slowly from cuttings. Grafted plants are best, and they are uniformly successful.

One-year field-grown plants (fall or spring) \$1 each, \$90 per 100 (25 at 100 rate)

From 3-inch pots (spring only) 75 cts. each, \$50 per 100 (25 at 100 rate)

New Red-Leaved Japanese Barberry

(*Berberis Thunbergi atropurpurea*)

NEVER have we known of the introduction of a novelty in hardy shrubs which has met with more instant favor and success than the New Red-leaved Japanese Barberry disseminated last season. In fact, the unprecedented demand exhausted the supply of all grades, with the result that one-year plants only can be offered for this season's delivery.

Similar in growth and other respects to *Berberis Thunbergi*, it has foliage of a lustrous, bronzy red, similar to the best of the red-leaved Japanese Maples. Unlike other color shrubs, which fade as the season advances, it becomes more brilliant through the summer, and in fall changes to vivid orange, scarlet, and red, more brilliant and effective than the ordinary Japanese Barberry. In color of foliage it is unequaled by any other shrub and it bears the same brilliant scarlet berries common to the type, which remain on the plant the entire winter.

All that is required to develop its brilliant color at all seasons is *full exposure to the sun*. This is important.

	Doz.	100	1,000
1-year plants	\$4 00	\$30 00	\$250 00
