There is hardly a feeling in the human breast as praiseworthy as honor. It is the best form of self-respect. It is manliness or womanliness raised to the nth power. It is character, confidence, the true foundation of business success, and, altogether, the cleanest, brightest and solidest moral metal in the spirit of man.

Honor

"Little Flower, if I could but understand, What you are, root and all, and all in all, I should know what God and Man is."

BECOME A MEMBER OF THE AMERICAN GLADIOLUS SOCIETY

The Gladiolus, The King of Flowers

Would you like to know more about growing Gladiolus? Would you like to know how to make them bloom like your neighbors? Wouldn't it please you to be able to produce these long spikes with many flowers open, such as you see at the flower shows or in your florist's show windows? Would it be interesting to you to know what new varieties are being created; their color, size, and price?

There are no secrets in all these. If you will become a member of the American Gladiolus Society, you will receive its beautiful 32-page monthly "Bulletin," which explains all these things and teaches you how to grow them as good as the professional. The "Bulletin" will also teach you the best varieties and proper colors to grow for different effects and purposes.

Why have nearly four thousand amateurs joined the Society in the past five years? They are "in search of knowledge," and the best place to find it is in the columns of the A. G. S. Official "Bulletin," any issue of which is worth the full cost of membership.

Garden & Home Builder is published in a 20-acre garden—a vast experimental station. Here every new plant, new spray and insecticide, and new cultural method is tested. The results come to you each month in this reliable, fully illustrated periodical. It helps with every phase of garden work in every kind of a garden.

This magazine has been enlarged, its policy broadened, its name changed to Garden & Home Builder,—to help with the house as well as with the garden. With more garden material than ever, this is the best garden and home magazine published.

Information

We furnish leaflet containing simple, yet complete, instructions for succeeding with Dahlias and Gladiolus with each order.

We suggest that you purchase a quantity of the small sizes of Glads. Plant these along with the larger sizes or by themselves and you can greatly prolong the season of bloom. The following kinds do well from small bulbs;—Alice Tiplady, Bengal Tiger, E. J. Shaylor, Orange Queen, Rose Ash, Topaz, Scarlet Princeps. These late flowers coming as they do in the cool fall weather are especially fine. Combine them with art colored Zinnias for attractive boquets.

If you are a member of the A. G. S. and send us your number with your order you are entitled to 5 per cent discount from these prices. If you are not a member we would be glad to send in your application for membership.

Every variety we list has "won its spurs" and you can depend on them doing well. Giant Nymph, Glendale, Orange Queen, E. J. Shaylor, Mrs. F. C. Peters, Purple Glory, Mrs. Leon Douglas, W. H. Phipps, Mrs. Dr. Norton, Mrs. Frank Pendleton, and Scarlet Princeps, cannot be surpassed regardless of price consideration. We reserve the right to substitute the next size if out of the size ordered, unless instructed not to do so. We do not substitute varieties unless permission is given to do so. **ORDER EARLY.**
