Connecticut Grown

BULBS

MEACHEN & SHERMAN

Members of the A. D. S. and D. S. of C.

1661 ELM STREET
STRATFORD, CONN.

Genuine Connecticut grown bulbs.

Plants half price of tubers and should be entered by February 1st.

A FEW POINTS ON GROWING DAHLIAS

Any soil which will grow good vegetables will grow good dahlias. If too heavy, lighten it with barn yard manure, coal ashes or sand. If run down, add fertilizer; barn yard manure is best.

Do not plant until after all danger of frost is over. Place the roots four to six inches deep, laying them down horizontally; do not stand on end.

Water sparingly during the early stages of growth, but keep the ground well cultivated. Water heavily when the flowers appear, and mulch with any suitable material obtainable.

INFORMATION

Order Early: Your orders filled in rotation. Early ordering assures you the varieties you wish.

Time of Shipment: Unless you specify shipping date, your order will be shipped about May 1st.

Substitution: We never substitute, but it is well to make a second choice of the best new varieties.

Guarantee: We guarantee all bulbs true to name, and cheerfully replace any that should prove otherwise. Kindly let us know at once.

Stock: We send only field grown divided tubers.

Notice: All orders must be accompanied with cash, money order, or check. No orders sent unless they are paid for.

Our Own Originations

- ***Albert Ward**—(Peo.) An exceptionally large peony flower, well formed and a free bloomer. Good stems. Color a beautiful shade of light rosolane purple at tips of petals shading darker at base\$1.50
- ***Century**—(Dec.) A very large lavender flower of fine form and A very prolific bloomer 2.00
- ***Christine Evers**—(Pco.) A very prolific bloomer producing blossoms on extra long straight stems. The face of petals is mallow pink, reverse rhodamine purple shading lighter at tips. A good keeper making it an ideal flower for cutting.... 1.50
- ***Charlotte Fargo**—(Dec.) This fine large yellow decorative, we think is one of the best yellows we have originated. It is a semi-dwarf plant, a very strong grower and a dahlia that is well liked by everybody. It has strong stems to carry the flower above the foliage. It is a profuse bloomer for such a large flower. It is fine for exhibition. 7.50
- ***Charles E. Wheeler**—(Dec.) A beautiful dahlia of self color. It is a rich lavender violet with heavy bronze green foliage. The flowers are large, full and well formed and are held erect on rigid stems two feet long which make this creation distinctive for bouquets or other decorative purposes. This is one of our latest and best introductions for 1927. Plants only. 5.00
- ***Elsie Daniels**—(H. C.) Received a certificate of merit. The color of this wonderful dahlia is a pale orchid shade on the outer petals which are long and shaggy, the center ones are white, making a most wonderful combination of colors. The habits of the plant are all that could be desired. It grows about four feet tall and the stems are strong enough to hold the extra large flowers erect above the foliage 3.50
- ***Empress of India**—(Peo.) A very dark velvety maroon borne on extremely long stems way above the foliage. An excellent bloomer 2.00
- ***Enos Pyle**—(Dec.) A beautiful golden bronze of the decorative type. Face of the petals, shaded and streaked with jasper and nopal red. Reverse streaked and veined with rosolane purple. Petals are twisted, showing the colors on reverse side. The blooms are very large and are borne on the tips of very long stiff stems. Awarded 87 points at Storrs Trial Gardens 5.00
- Ethel Hardy**—(Pco.) This is one of the finest rose buff colored dahlias grown. It is extra large and on good stems. Fine for exhibition 2.00

- *General McRae—**(Dec.) One of our new seedlings. The face of the petals is apricot buff, suffused with gold and the reverse light coral red, making a beautiful combination. The flowers are very large and perfectly formed and are held erect on extra strong, stiff dark colored stems. One of our prize winners 5.00
- *George C. Meachen—**(Dec.) Is a large beautifully formed decorative flower and so deep and full that it is almost round. The face of the petals is pinard yellow overlaid with a golden sheen. Reverse of outer petals is nopal red, inner petals rose doree streaked with pinard yellow. The petals curl enough to show the colors on reverse side making a most beautiful flower. Stems are straight and strong enough to hold the heavy flowers erect above the foliage. The flowers keep well when cut 5.00
- *Governor A. Harry Moore—**(Dec.) A decorative of exceptional merit. The color is yellow with a slight shade of buff on outer petals. The bushes are covered with extra large flowers all season 5.00
Tubers
- *Governor Trumbull—**(D.) A strong growing plant with large full flowers carried on long stems way above the foliage. Color is pink faintly tinged mauve. Stock limited.....10.00
- *Marion Christine—**One of the best decoratives for cut flowers. The color is cadmium tipped with begonia rose. It has long stiff stems and the blooms are beautiful. This is one of the best dahlias of our collections and is recommended for garden use 1.50
- *Miss Martin—**(Peo.) This is one of the largest peony flowers grown to date. It is perfect in form on excellent stems. Color is garnet. A prize winner any place. Stock limited..... 5.00
- *Mrs. Charles L. Britten—**(H. S.) A new hybrid show. Without disbudding flowers will grow 6-8 in. The outer petals are pink and the center white. A very free bloomer..... 2.50
- *Mrs. George C. Meachen—**(D.) A new decorative that is sure to be a winner. The face of the flower is iridescent shadings of picric yellow and corinthian pink with deep rose back. All together it is a very delicate and wonderful color.....10.00
- *Mrs. Sally D. Bull—**(Peo.) A very large, beautiful flower of exquisite coloring. Face of petals, yellow, reverse rose. Petals curl and twist showing both colors 5.00
- *Pride of Stratford—**(Dec.) The color of this beautiful decorative dahlia is very striking being a brilliant shade of cadmium orange shading slightly to orange yellow at base of petals when fully open. Stems are long and sturdy. This immense, magnetic and radiant bloom has created the outstanding sensation of a generation in the business. The demand for bulbs of this newly introduced flower was so great that our supply of bulbs last year was totally inadequate. Orders should be entered early to insure fulfillment..... 7.50
- *Robert H. Sherman—**(Dec.) A very large, beautifully formed flower with very straight stiff stems. Color is pale orange yellow tipped with apricot. Reverse side of petals spinel pink beautifully veined and shaded. The whole overlaid with golden bronze. A prolific bloomer and wonderful flower Awarded the certificate of merit 5.00

- ***Sea Shell**—(Peo.) Sea shell pink. A prolific bloomer. The very large flowers carried on long stems are greatly admired. 3.00
- ***Senator Walcott**—(Peo.) One of the flowers that attracts the eye as soon as one enters the garden, it is such a brilliant shade of red. The flowers are so very large that the strong stems drop slightly. It is a very free bloomer and a grand flower for exhibition 5.00
- ***Senator Wheeler**—(Peo.) One of our latest creations that will make its initial appearance in the market during 1927 for delivery in the spring of 1928 is a peony of phenomenal size and a free bloomer. The flower is very full with petals that are distinctly curled. This feature is so pronounced that the blossom coming into bloom looks like a hybrid cactus but later turns to peony. A choice collection would not be complete without this attraction. 5.00
- ***Sun Glow**—(Peo.) Something new. A peony with petals covering the center and little twisted florets between each petal. Color capucine orange, with gold and rose suffusion large flowers, extra long stems 3.00
- ***The General**—(Dec.) A deep garnet flower of unusual size with a silvery white reverse, the combination forming a blossom of remarkable beauty and charm. Bulbs 5.00
- ***Uncle Sam**—(Peo.) Color, orange buff at base of petals shading to bittersweet pink at tips. All overlaid with a beautiful golden sheen. Center petals mustard yellow streaked with deep pink and beautifully curled and twisted. Reverse side of petals shaded spinel red. This flower is really impossible to describe. It is immense in size measuring 8 to 10 inches without disbudding and is held on stiff stems from 2 to 4 feet long. Every lover of the dahlias should have one. No home or garden complete without "Uncle Sam." 2.50

COLLECTION OF COMMERCIAL DAHLIAS

- A. W. Davidson—(Dec.) The colors of this large new decorative are almost beyond our powers of description, but we are doing our best. The base is creamy yellow deepening to a blush pink tipped and streaked rose. Large size and an early constant bloomer 3.50
- Adda Patterson—(H.C.) One of the best white hybrid cactus to date. A pure white, flowers from eight to nine inches in diameter. A beautiful grower. Extra large blooms are held well above the foliage on stiff stems that can be cut four feet in length, splendid for exhibition and decorative purposes, ... 7.50
- Altamont—Rose pink, deepening to American Beauty rose toward the center of the flower. The flower is large averaging eight inches and over in diameter, full decorative type, with long slightly curled petals, giving the individual blooms a very artistic finish. The flower is practically sunproof. Plants very much resemble Jersey's Beauty in habit, a stronger grower and an early and abundant bloomer. One of the best exhibition varieties ever originated. Altamont won the Sweepstakes prize for the best dahlia of any type in competition with most of the best varieties in America. 7.50
