Part of Azalea House

TO THE TRADE

Crichton, Ala.,
Sept. 1, 1927.

Combined with our utmost care, the season for growing Nursery Stock has been almost ideal so far, and we expect to be able to offer better stock in more varieties and grades than ever before.

It is not my intention to handle numerous varieties of plants but I am constantly searching for more and better varieties of Evergreens which will stand hot southern summer and hardy enough to endure zero weather. In the lower south, we will have to put main dependence on Broad-leaved Evergreens but only too few of them are listed by general nurseries, and we need more Conifers which will stand our long hot summer. Additional list of plants you will find in this modest catalogue is limited this year, but I will endeavor to add something of real value from year to year, having scores of newer Evergreens under trial for future listing, after thorough test under our trying climate.

Your special attention is called to the fact that we are offering, on average, much larger stock for lining out than generally offered by trade. With the exception of rooted cuttings and a few small seedlings, all our lining out plants can be planted in open field for power cultivation and do not have to be bedded one year. Almost all our lining out size plants can be marketed as specimen plants, by growing only one season.

The business of last season was far beyond our fondest expectation, but best of all, more than two-thirds of our business was from old customers and friends, who encouraged me constantly by telling nice things about our plants, grading and packing that I will redouble my efforts to live up to their trust and expectation.

We are better equipped to handle your orders, which will receive my personal attention and assure you of entire satisfaction.

Yours very truly,

T. KIYONO.

TERMS AND CONDITIONS OF SALES

Prices. 5, 50 and 500 of same variety and size at 10, 100 and 1000 rate respectively. Where less than 25 of a kind ordered for plants quoted at 100 rate, please add 25%.

Terms of Payment—Cash with orders, from unknown people or those who prefer to earn discount. When cash with order, we make the discount of 3% and boxing free, which means total earning of about ten per cent.

For charge accounts, our term is 30 days net, boxing at cost. New accounts opened only upon receipt of trade references, allowing time for investigation.

Transportation. Please state whether you want your shipments by parcel post, express or freight. When no instructions are given, we will use our best judgment in selecting best method of shipments. We make no charge for delivery to railroad station but our responsibility ceases when goods are turned over to carrier and risk and cost of transportation belong to purchaser.

Shipping Season. With ordinary weather conditions, from first of November to fifteenth of April.

Claims. If we made any mistakes or any reason to complain, please write immediately upon receipt of goods and we will be pleased to adjust the matter.

Condition of Sales. We accept all orders upon condition that they shall be void should any injury befall stock from causes over which we have no control.

Specimen Broad-Leaved Evergreens	26-31

LINING OUT CONIFEROUS EVERGREENS

Plants under this heading will be dug bare roots, saving almost entire root system. Puddled immediately so that you will receive plants with original moisture on roots.

Cedrus Deodara. The most beautiful stately specimen trees for the milder parts of United States. One year old seedlings should be planted in beds under shade but two-year transplanted stock offered here are ready to go out in open field.

	100	1000
2-4 inch, from seed beds	\$ 5.00	\$ 40.00
4-6 inch, from seed beds	7.00	60.00
6-8 inch, from seed beds	10.00	80 00
8-10 inch, two-year transplanted	15.00	
10-15 inch, two-year transplanted	25.00	

Cedrus Libanii. Similar to above but hardier and adapted where *Cedrus Deodara* will winter kill.

2-4 inch, from seed beds	5.00
4-6 inch, from seed beds	7.00
6-8 inch, from seed beds	10.00

Chamaecyparis Lawsoniana. Beautiful cypress of soft blue green color.

2-4 inch, from seed beds	5.00
6-8 inch, two-year transplanted	10.00
8-12 inch, two-year transplanted	15.00

Criptomeria Japonica. Quick growing Japanese Cedar which timber is valued highly in that country.

2-4 inch, from seed beds	3 00
4-6 inch, from seed beds	5.00
6-8 inch, from seed beds	7.00

Cupressus Arizona (Arizona Cypress).

Very fast growing bluish cypress which are valued in dryer parts of country, but not so desirable in more humid climate where lower branches turn brown.

4-6 inch, from seed beds	2.50
6-8 inch, from seed beds	4.00

	100	1000
Cypressus Sempervirens Horisontalis. Similar to Italian cypress with branches growing out more horizontally.		
4-6 inch, from seed beds	3.00	
6-8 inch, from seed beds	5.00	
8-10 inch, from seed beds	8.00	

Cypressus Sempervirens Pyramidalis (Italian Cypress). Well known very slender columnar tree of very striking appearance. All our cupressus offered here with the exception of "Specimen Conifers" are from seedlings and some of them do not come true to type.		
4-6 inch, from seed beds	3.00	
6-8 inch, from seed beds	5.00	
8-10 inch, from seed beds	8.00	

Juniperus Communis (English Juniper). What we offer this year are grown from cuttings taken from type of English Juniper of very compact columnar habit.		
4-6 inches, once transplanted.....	10.00	
6-8 inches, once transplanted.....	15.00	

Juniperus Chinensis Pfitzeriana. One of the best low growing Juniper of wide adaptability known too well for further description.		
4-6 inches, once transplanted.....	12.00	

Juniperus Japonica. Trailing Juniper with bluish scale-like foliage, doing well both in north and south.		
4-6 inches, once transplanted.....	10.00	
6-8 inches, once transplanted.....	15.00	

Juniperus Virginiana Gluaca. Well known blue cedar which is so highly thought of in both south and north but the supply has been very limited. We offer grafted stock in two sizes.		
12-18 inch, field grown, B. & B.	125.00	
18-24 inch, field grown, B. & B.	150.00	

	100	1000
Juniperus Excelsa Stricata (Spiny Greek Juniper). Slow growing compact Juniper valued highly for formal and foundation plantings, doing well both in south and north. All our plants are grown from cuttings from selected plants.		
4-6 inch, once transplanted	15.00	
6-8 in, once transplanted, bushy and full	25.00	
Pinus Densiflora (Japanese Red Pine). Very attractive and indispensable tree for Japanese landscapes gardening with artistic shape.		
4-6 inch, from seed beds	3.00	
6-8 inch, from seed beds	5.00	
Podocarpus Chinesis (Japanese Yew). Dark green leaves of 1/3 inch by two inches long, with upright stems which can be pruned to any shape desired. They do well in full sun or very dark shade where nothing else will grow and extremely valuable for latter use. Only objection to this variety is of its slow growth, like many other Yews, but this point becomes its virtue a few years after planted against buildings.		
1-3 inch, from seed beds	6.00	
4-6 inch, two-year transplanted	12.00	
6-8 inch, two-year from cuttings	25.00	
Retinospora Plumosa (Green Japan Cypress). This and two following Retinosporas are hardy all along the Atlantic Coast, and Gulf States. Rather irregular outline of Retinospora are pleasing in contrast with stiff outline of Arborvitae. All our Retinosporas are from cuttings.		
6-8 inch, once transplanted	10.00	80.00
8-10 inch, once transplanted	12.00	100.00
10-12 inch, once transplanted	17.00	150.00
Retinospora Plumosa Aurea (Yellow Japan Cypress). Similar to above but new growth is decided yellow.		
4-6 inch, once transplanted	10.00	80.00
6-8 inch, once transplanted	12.00	100.00
8-10 inch, once transplanted	17.00	150.00

Young Ligustrum and Nandina

100

1000

Retinospora Squarossa Veitchi. Very pleasing silvery blue foliage of this plant makes very attractive with other dark green foliage plants.

4-6 inch, once transplanted	12.00
6-8 inch, once transplanted	17.00
8-10 inch, once transplanted	20.00

Thuya Orientalis (Chinese Arborvitea).

These are from seed and not all alike but majority of them makes pyramidal growth. Our 8-12 inch size two-year stock are suitable for under-stock, in grafting more valuable kinds. We are giving very good value on field grown size suitable for hedge or wind-break.

4-6 inch, from seed beds	2.00	15.00
6-8 inch, two-year from seed beds	3.00	25 00
8-12 inch, two-year from seed beds	5.00	40.00
2-3 feet, once transplanted, field grown	15.00	125.00
3-4 feet, once transplanted, field grown	25.00	225.00

	100	1000
Thuya Orientalis Aurea Nana (Berckman's Golden). All our cuttings are from true dwarf Berckman's Golden, and absolutely true to type. This is one of our specialty and grow thousands of them annually but never been able to supply the demand. What we are offering here are sturdy plants with stem of pencil size or larger.		
8-10 inch, twice transplanted.....	30.00	280.00
10-12 inch, twice transplanted.....	40.00	360.00
12-15 inch, twice transplanted.....	50.00	450.00
Thuya Orientalis Baker. Pleasing soft green of pyramidal growth, retaining its color summer and winter. The best pyramidal shaped Oriental Arborvitea. We are growing them in full sun this year and these are heavy plants.		
8-10 inch, twice transplanted.....	20.00	180.00
10-15 inch, twice transplanted.....	30.00	250.00
Thuya Orientalis Bonita. Very compact slow growing arborvitea of most symmetrical shape. Our plants are grown in full sun and heavy for height.		
6-8 inch, twice transplanted.....	20.00	
8-10 inch, twice transplanted.....	30.00	
Thuya Orientalis Compacta. Compact growing Chinese Arborvitea of more grove shape but since these are seedlings some will not come true to type.		
2-4 inch, from seed beds.....	2.00	15.00
4-6 inch, from seed beds.....	3.00	20.00
6-8 inch, two years from beds.....	5.00	40.00
Thuya Orientalis Rosedale. This soft, bluish Arborvitea is subject to the attack of aphid, but wherever they do well, this is one of the most beautiful arborvitea.		
6-10 inch, once transplanted.....	15.00	

Thuya Orientalis Texana Glauca. In outline of growth and color, this is similar to Arizona cypress, making strong center shoot and quick grower. Where Arizona cypress does not do well, this will take its place and really better because this will not grow as large as Arizona cypress and transplant far better.

8-10 inch, once transplanted_____ 20.00

10-12 inch, once transplanted_____ 25.00

LINING OUT BROAD-LEAVED EVERGREENS

Plants under this heading will be lifted with almost entire root system intact. Puddled immediately in thick mud and packed in moss, except where noted B. & B., which means balled and burlapped.

	100	1000
Abelia Grandiflora. Pinkish white flowers bloom all summer long, with small glossy evergreen leaves, makes this shrub one of the most desirable specimen or hedge plants. The demand for this plant is growing larger every year.		
8-12 inch, once transplanted, field grown	12.00	100.00
12-18 in., once transplanted, field grown	15.00	130.00
Azalea Indica. Single flowering, large growing kinds which are hardy on coast of North Carolina. We have most of commercial sorts, in White, Light Pink, Dark Pink, Lilac-pink, Deep Red, Orange Red and Varigated. Following are once transplanted plants, grown under glass, and for Spring Delivery.		
4 inch up, single stem	11.00	100.00
4-6 inch, more than two branches	17.00	150.00
6-8 inch, more than two branches	28.00	250.00
Camellia Japonica. Waxy leaf, mid-winter flowering Camellia need no description. We grow only double flowering choice kinds which we offer them under color of White, Pink, Red and Varigated. All our plants were grown from cuttings and no seedlings offered. For larger plants, see under Specimen.		
3-5 inch, from cutting beds	15.00	120.00
8-12 inch, once transplanted, B. & B.	50.00	
12-15 inch, once transplanted, B. & B.	75.00	
Camellia Sasanqua. Similar to Camellia Japonica but more of shrubby effect, growing faster, freer from scale injury, and bloom in October and November. We offer one named variety, Mine-noyoki, which is double snow white flowers sim-		

ilar to carnation. Seedlings are all single flower, similar to flower of cherokee rose, ranging in color from white to red and intermediate.

Prices of Mine-no-yuki:

3-5 inch, from cutting beds	20.00
8-12 inch, once transplanted, B. & B.	75.00
12-15 inch, once transplanted, B. & B.	100.00

Prices of seedling Camellia Sasanqua:

4-6 inch, from seed beds	12.00
6-10 inch, from seed beds	17.00

Camellia Thea (Tea Plant). This compact growing evergreen shrub is not known widely but has many desirable qualities. Sweet scented flowers in late fall.

10-12 in. once transplanted, field grown	12.00
12-15 inch, once transplanted, bushy	17.00

Cotoneaster Panosa. Only a few Cononeaster do well in south but this is one of it. A beautiful shrub with slender branches clothed with small green leaves which are silvery white beneath.

4-8 inch, from seed beds	7.00
8-10 inch, from seed beds	10.00

Euonymus Carrieri. Low growing shrub with shiny green leaves turning bronze during winter. Extremely free from insects and diseases and ideal plants for border, doing well under the sun or in shade.

12-15 inch, once transplanted	15.00	120.00
-------------------------------------	-------	--------

Euonymus Pulchellus. Very dwarf growing Euonymus with tiny shiny leaves on upright small branches. Will take place of dwarf Boxwood and much quicker grower than Box.

4-6 inch, once transplanted	10.00
6-8 inch, once transplanted	15.00

Gardenia Florida. The demand for this sweet scented flower is growing all the time.

4-6 inch, strong cuttings	5.00
6-8 inch, once transplanted	8.00

Cedrus Deodara
6-8 inch

Retinospora
Plumosa
6-8 inch

Ligustrum
Lucidum
6-10 inch

Cherry Laurel
10 inch up

100

1000

Gardenia Radicans (Dwarf Cape Jasmine).

Miniature Cape Jasmine with leaves about 1/4 inch wide and one inch long. Pure white waxy flowers are identical with larger Cape Jasmine but only the size of one dollar silver. Growth is decidedly spreading, rarely getting taller than one foot high and ideal for planting in front of border or as pot plants. Our plants have white variegated leaves and even without flowers they are beautiful foliage plants.

Rooted cuttings, grown under glass.....	4.00
6-8 inch, once transplanted.....	12.00
8-10 inch spread, once transplanted....	17.00

35.00

	100	1000
Ilex Opaca. Well known American Holly.		
6-8 inch, from seed beds.....	7.00	
8-12 inch, from seed beds.....	12.00	
Ligustrum Japonicum. Fast growing evergreen Ligustrum of small size trees. Can be trained into bush or tree forms and useful as screen planitng.		
8-12 inch, from seed beds.....	5.00	
12-18 inch, from seed bed.....	7.00	
18-24 inch, from seed beds.....	10.00	
2-3 feet, once transplanted, bushy.....	25.00	
Ligustrum Ciliatum Variegatum (Ligustrum Nepalence Variegatum). Compact growing shrub with small roundish leaves which are faintly blotched. Good addition to our Ligustrum.		
Routed cuttings grown under glass....	5.00	
4-6 inch, once transplanted.....	8.00	
8-10 inch, once transplanted.....	15.00	
Ligustrum Henrii. Dark green glossy leaves are no larger than our finger nail and will make ideal sheared plants. Not so well known yet but have wide adaptability.		
Routed cuttings grown under glass....	5.00	
4-6 inch, once transplanted.....	8.00	
10-12 inch, once transplanted.....	15.00	
Ligustrum Japonicum Marginatum Aureum (Golden Japan Privet). Large yellowish green leaves are margined with still deeper yellow and fast grower. Makes beautiful combination with other Ligustrum. All our plants are grown by grafting on other privet roots.		
No. 1 Grafts	10.00	
8-12 inch, field grown, bushy.....	25.00	
12-18 inch, field grown, bushy.....	35.00	
Ligustrum Lucidum Compactum (Wax-leaf Privet). Under this name many plants are offered, including seedlings which do not come true, but what we are offering are dwarf growing shrubs with very thick		

weavy leaves of extremely glossy surface. One of the most satisfactory plants for general planting, being free from attack of insects and diseases and fast grower, doing well in most adverse conditions. Our plants are well pinched back this year that you can use even 12-18 inch size for landscape planting and can ball 12-18 inch or 18-24 inch size at 15c extra. Growing on our sandy loam, they have plenty fibrous roots and transplant well with puddled roots.

Rooted cuttings, grown under glass.....	4.00	35.00
6-10 inch, once transplanted.....	10.00	80.00
10-12 inch, twice transplanted, bushy....	15.00	130.00
12-18 inch, twice transplanted, bushy....	25.00	220.00
18-24 inch, twice transplanted, bushy....	35.00	300.00

Ligustrum Lucidum Pyramidalis (Upright Wax-Leaf Privet). Leaves are rather pointed and not quite as thick as Lucidum, and the growth is decidedly upright. For corner of house, between windows and as background planting, this is indispensable.

Rooted cuttings	4.00	35.00
6-10 inch, once transplanted.....	10.00	80.00
10-12 inch, twice transplanted, bushy....	15.00	130.00
12-18 inch, twice transplanted, bushy....	20.00	
18-24 inch, twice transplanted, bushy....	30.00	

Ligustrum Lucidum Repanda (Crinkle Leaved Privet). Shiny narrow leaves are crinkled and growth is upright, making quite distinguished looking plants.

Rooted cuttings	4.00	35.00
12-18 inch, twice transplanted.....	15.00	

Ligustrum Nepalense (Nepal Privet). A little smaller leaves than Lucidum with graceful curving branches. Prices are same as Ligustrum Lucidum Compactum.

Nandina Domestica			
1-3 inch	3-5 inch	5-8 inch	8-10 inch
			100 1000

Loquat (Japan Plum). Large size evergreen leaves makes this plant ornamental as well as useful on account of delicious fruit it bears. Quite a useful plant.

4-6 inch, from seed beds.....	5.00
6-8 inch, from seed beds.....	7.00
8-10 inch, from seed beds.....	10.00
12-18 inch, 2-year transplanted	25.00

Louruscerasus Caroliniana (Cherry Laurel).

Our Native evergreen shrub or small trees, remarkably free from attack of insects or diseases. Makes very nice specimen or hedge plant. Two last grades offered here are bushy, field grown plants

	100	1000
and very good value at prices we list them.		
6-8 inch, from seed beds	3.00	25.00
8-10 inch, from seed beds	5.00	40.00
8-10 inch, 2-year transplanted	7.00	60.00
10 inch up, 2-year transplanted	10.00	80.00
12-18 inch, transplanted, field grown	15.00	100.00
18-24 inch, transplanted, field grown	25.00	150.00

Magnolia Fuscata (Banana Shrub). Noted by yellowish white flowers of banana-like fragrance. Compact growing shrub well adapted to wide territory in the south.

10-12 inch, once transplanted	30.00
12-15 inch, once transplanted	40.00

Magnolia Glauca (White Bay). Attractive native evergreen of the south with pretty white flowers. Leaves are silvery gray underneath.

3-5 inch, from seed beds	6.00
5-8 inch, from seed bed	8.00

Magnolia Grandiflora. Well known southern Magnolia of our native forest. One of grandest trees.

3-5 inch, from seed beds	6.00
5-8 inch, from seed beds	8.00

Nandina Domestica (Japanese Nandina).

Nandina is appreciated more highly in winter than any other time, when in its winter dress of red leaves and clusters of scarlet berries. This is a great advantage over many plants which are pretty in summer but may not look good in winter when we sell our plants, but Nandina in full dress will sell at sight. No wonder the demand exceeded supply and those who stock up with young Nandina will reap rich harvest. Our grading is done by length of main stem and not by height of leaves. Large compound leaves of Nandina are often over 8 inches high and what we grade as 3-5 inch plants are graded as 8-10 inch size

View Showing About One-Half Million Choice Evergreens Growing in Lath House

An Invitation

*We cordially invite you to visit us at any time.
It would be a pleasure to personally conduct you
through our nursery.*

T. Kiyono.

by many other nurserymen. Our 1-3 inch size plants are fully as large or better than 2¼ inch pot plants. See illustration. We lowered our prices considerably and advise to place your order early.

1-3 inch, once transplanted.....	10.00	80.00
3-5 inch, once transplanted.....	15.00	125.00
5-8 inch, once transplanted.....	25.00	225.00

Olea Fragrance (Sweet Olive). Well known winter flowering evergreen very much sought after.

8-10 inch, once transplanted, branched	30.00
10-12 in., once transplanted, branched	45.00

Photinia Glabra. Evergreen Photinia with cluster of small white flowers which are not showy but the new growth of this plant is bright maroon, some may call red, and quite attractive among other evergreen.

6-8 inch, once transplanted.....	40.00
8-10 inch, once transplanted.....	50.00
10-12 inch, once transplanted.....	75.00

Pittosporum Tobira. Well known compact growing evergreen, withstanding many hardships. Wherever it is not cold enough to winter kill, one of the best evergreens.

Rooted cuttings, grown under glass...	5.00	40.00
6-8 inch, once transplanted.....	10.00	90.00

Pyracantha Coccinea Lalandi (Evergreen Hawthorn). Desirable thorny evergreen with clusters of orange colored berries which color up late summer and hang on a long time. We have limited supply of *Pyracantha Augustifolia* (narrow-leaf, orange-yellow berries) and *Pyracantha Yunnanensis* (coral red berries) at same prices as Lalandi.

8-12 inch, once transplanted.....	12.00
-----------------------------------	-------

Quercus Acuta (Japanese Live Oak).

Hardy evergreen oak of Japan, used largely for ornamental purpose, having rich green foliage.

4-6 inch, from seed beds.....	5.00
6-8 inch, from seed beds.....	7.50
8-12 inch, from seed beds.....	12 00

Quercus Cuspidata. This is another Japanese evergreen oak with smaller, thick leaves and used more largely for garden and hedge works. The acorn of this oak is edible.

4-6 inch, from seed beds	7.00
6-8 inch, from seed beds.....	10.00
8-12 inch, from seed beds.....	15.00

Quercus Glabra. Another hardy Japanese evergreen oak very similar to Q. Acuta. New growth is pretty brownish color.

4-6 inch, from seed beds.....	5.00
6-8 inch, from seed beds.....	7.50
8-12 inch, from seed beds.....	12.00

Raphiolepis Indica (Indian Hawthorn).

Slow growing evergreen with roundish, thick leaves. Pinkish white flowers followed by purple berries. One of newer but coming evergreen.

2-4 inch, from seed beds.....	5.00
4-6 inch, 2-year transplanted.....	8.00
6-10 inch, 2-year transplanted.....	12.00

Serissa Foetida Variegata. A low growing spreading shrub with tiny evergreen leaves of yellow margin. Pretty trumpet shaped white flowers. Very desirable as border or where plants of less than two feet is wanted.

4-6 inch, once transplanted.....	7.00
8-10 in. once transplanted, well branched	12.00

PALMS AND MISCELLANEOUS

	100	1000
Chamaerops Excelsa (Trachycarpus). Very hardy, fan-shaped leave palms with slender trunk, well adapted for street planting. All three palms we are listing can stand much more cold weather than Washingtonia and Phoenix palms.		
6-8 inch, from seed beds.....	8.00	60.00
8-10 inch, 2-year from beds.....	12.00	
3-year, field grown	25.00	
Cocos Australis. Recurved leaves are glaucous and very graceful. This is rather slow grower but never get out of bound and ideal for lawn specimen. This palm is destined to replace most of Phoenix and Washingtonia palms on the Gulf Coast.		
6-8 inch, from seed beds.....	10.00	
Latania Borbonica. Fast growing fan shaped pretty palm well adapted for pot growing or shady situation.		
8-10 inch, from seed beds.....	10.00	
Sabal Palmetto (Cabbage Palmetto). Hardy native palm of great worth where hardiness is first consideration. Succeeds as far north as Cape Hatteras on Atlantic.		
8-10 inch, 2-year	5.00	40.00
Amaryllis Vitata. Hybrid of all sorts ranging from almost white to deepest red and intermediate colors. Seed was produced by one of foremost Amaryllis specialists. Our plants were transplanted once, and grown with plenty space, under lath house.		
2-year-old bulbs.....	15.00	
Philostachis Aurea (Gigant Japanese Bamboo). Large growing hardy bamboo, well adapted for this part of country. Make fishing poles and ideal for large screen.		
Under-ground Canes	15.00	

	100	1000
Oppiopogan Japonicum (Dragon's Beard).		
A very low grass like evergreen, doing well either in very dark shade or in full sun. Very valuable as border plants with spikes of purple flowers.		
Small divisions	3.00	20.00
Medium division	5.00	40.00
Shasta Daisey		
Field grown, division	3.00	

FRUIT TREES

	100	1000
Pecan, Grafted. Stuart and Success.		
2-3 feet	\$25.00	
3-4 feet	35.00	
4-5 feet	45.00	
5-6 feet	55.00	
Pear, Pineapple (Chinese Sand) Blight Proof.		
2-3 feet	10.00	90.00
3-4 feet	15.00	140.00
4-5 feet	20.00	180.00
5-6 feet	25.00	230.00
Satsuma Orange, Budded on Citrus Tri- foliata Root.		
1-2 feet	15.00	130.00
2-3 feet, partly branched	25.00	230.00

Young Conifers

SPECIMEN CONIFEROUS EVERGREENS

Under this heading we offer more than two or three times transplanted, field grown Conifers of symmetrical shape, many of them being staked, sheared or pinched. At prices quoted, all of them are balled and burlapped. On account of frequent transplanting and nature of our soil, however, all our plants have abundant fibrous roots and transplant well without being balled, for sizes of less than 2-3 feet, and should they be wanted without ball, we deduct 25c each on 2-3 feet and 15c each for less than 2 feet size.

For carload orders, where we can put in balled and burlapped plants without boxing them, or when you send your truck to our nursery grounds so that we do not have to crate them, we will deduct 15% from prices of both Coniferous and Broad-leaved Specimen plants, but this discount will not apply on lining out sizes quoted separately.

Balled and Burlapped Vis. Bare Roots Puddled

If you have to entrust your digging to careless help, without doubt, B&B is safer way of handling plants than

bare roots. On the other hand, we can save much more root system when we dig with bare roots than balling, and handled carefully, there is no danger of roots drying out before packing.

Bare root stock carefully dug, packed and shipped by express often do much better and far cheaper than B&B stock shipped by freight in less than carload lots. Whether B&B or bare roots, we will deliver our plants to you with original moisture on their roots.

Per 10

Cedrus Deodara.

18-24 inch, B&B	\$10.00
24-30 inch, B&B	15.00
30-36 inch, B&B	17.50
3-4 feet, B&B	30.00
4-5 feet, B&B	40.00

Cedrus Libani.

3-4 feet, B&B	1.50
4-5 feet, B&B	2.00

Azalea Hinodegiri
8-10 inch

Azalea Indica
10-12 inch

SPECIMEN BROAD-LEAVED EVERGREENS

Plants listed under this heading are all more than twice transplanted, field grown, bushy and compact specimen, most of them pinched back several times. Many of them will transplant well without ball, especially when they are slightly cut back, and for bare rooted plants we make reduction of 25c each for 2-3 feet and 15c each for less than 2 feet.

As mentioned under heading of "Specimen Conifers," we deduct 15% on B&B plants, when you order in carload lot or send your truck to our grounds.

Abelia Grandiflora.

	Per 10
18-24 inches, bushy, bare root	\$ 2.50
2-3 feet, bushy, bare root	3.50
3-4 feet, bushy, bare root	5.00

Azalea Indica. Under this name we list large, single flowering evergreen Azalea which are hardy as far north as coast of N. C. We have numerous colors, such as Deep Red, Orange Red, Watermelon Pink, Clear Pink, Salmon, Lavender, White and Variegated. Sizes we are now offering are bushy, pinched back plants with flower buds with cluster of thick roots.

10-12 inches, lath house grown, B&B	7.50
12-15 inches, lath house grown, B&B	10.00
15-18 inches, lath house grown, B&B	12.50
Larger sizes on application.	

Azalea Hinodegiri. Firey red compact growing Azalea, hardy at coast of New Jersey. These plants are well set with flower buds.

6-8 inches, lath house grown, B&B	6.00
8-10 inches, lath house grown, B&B	7.50
10-12 inches, lath house grown, B&B	10.00
Larger sizes on application.	

Camellia Japonica. All our Camellias are grown from cuttings of best double flowering kinds and plants we are offering this year are more bushy than before, being all out-of-door grown plants, most of them with flower buds. Sold by colors, all double flowers.

18-24 inches, branched, B&B	20.00
24-30 inches, branched, B&B	25.00
30-36 inches, branched, B&B	30.00

Alba plo Pleno (pure white, very double, slow growth).

12-15 inches, branched, B&B	20.00
15-18 inches, branched, B&B	25.00
18-24 inches, branched, B&B	30.00

Camellia Sasanqua (Mine-no-yuki). Similar to Camellia Japonica but more graceful, freer from attack of scales, more floriferous, blooming in October and November, pure double white flowers similar to Carnation, but much larger. Prices same as Camellia Japonica.

Camellia Thea (Tea Plant). These are field grown, compact bushy plants with many flower buds.

12-18 inches, bushy, B&B	5.00
18-24 inches, bushy, B&B	7.50

Per 10.

Cotoneaster Panosa.

12-18 inches, B&B	7.50
18-24 inches, B&B	10.00
2-3 feet, B&B	15.00

Euonymus Japonicum Columnaris. Compact, pyramidal growth with smaller foliage than E. Japonicum.

10-12 inches, bare root	2.50
12-18 inches, bare root	3.50

Gardenia Florida (Cape Jasmine).

30-36 inches, bushy, B&B	10.00
3-4 feet, bushy, B&B	15.00

Gardenia Veitchi (Dwarf Cape Jasmine).

10-12 inches spread, B&B	5.00
12-15 inches spread, B&B	7.50
15-18 inches spread, B&B	10.00

Jasminum Primulinum (Primrose Jasmine). Graceful half elect evergreen with yellow jasmine flowers.

2-3 feet, bushy, B&B	7.50
2-3 feet. bushy, bare roots	4.00

Ligustrum Henrii. For description see under lining out heading. The plants we are offering here are sheared and compact plants.

12-18 inches, compact, B&B	10.00
18-24 inches, compact, B&B	15.00

Ligustrum Japonicum. This is the only kind of Ligustrum we grow from seed and all others are grown from cuttings or graftings.

2-3 feet, bushy, B&B	5.00
----------------------------	------

Ligustrum Japonicum Aureum Marginatum. Yellow leaved Ligustrum with still deeper yellow margin. Heavy bearer of purple berries which contrast well with yellow leaves in winter. Our plants are grown from grafting on California privet.

12-18 inches, bushy, B&B	5.00
18-24 inches, bushy, B&B	7.50
2-3 feet, bushy, B&B	10.00
3-4 feet, bushy, B&B	12.50
4-5 feet, bushy, B&B	15.00
5-6 feet, bushy, B&B	20.00

Per 10.

Ligustrum Japonicum Excelsum Superbum (Silver Varigated Japan Privet). White variegation of this Ligustrum is very marked and makes good contrast with darker green foliage. We have only limited grafted plants to offer.

18-24 inches, bushy, B&B	10.00
2-3 feet, bushy, B&B	15.00

Ligustrum Lucidum Compactum (Wax-leaf Privet).

Seeds from isolated Lucidum will make all varying types and therefore we grow all our Lucidum from cuttings of true Wax-leaf type which is far superior to seedlings. Our Specimen plants were more than twice transplanted and many times pinched back.

18-24 inches, bushy, B&B	7.50
2-3 feet, bushy, B&B	10.00
3-4 feet, bushy, B&B	15.00

Ligustrum Lucidum Cordifolia (Black Leaf Privet).

Large heart shaped glossy leaves are so dark almost black and rather of upright grower. Quite distinct variety. These are grafted on California Privet.

18-24 inches, B&B	10.00
2-3 feet, B&B	12.50
3-4 feet, B&B	17.50

Ligustrum Lucidum Repanda (Crinkle Leaf Privet.)

Narrow glossy leaf are twisted and growth is decided upright.

2-3 feet, B&B	12.50
3-4 feet, B&B	17.50

Ligustrum Lucidum Pyramidalis (Upright Privet).

Leaves a little more pointed than Lucidum Compactum and growth is decided upright.

2-3 feet, B&B	7.50
3-4 feet, B&B	10.00
4-5 feet, B&B	12.50
5-6 feet, B&B	15.00

Ligustrum Nepalense (Nepal Privet). Smaller leaf than Wax-leaf, and a little more upright but graceful.

2-3 feet, B&B	7.50
3-4 feet, B&B	12.50
4-5 feet, B&B	17.50

Per 10.

Ligustrum Quihoui (Ever Blooming Privet.) Rather scant leaved evergreen, blooming all summer and fall.

1-2 feet, bare roots	2.50
\$20.00 per hundred.	

Ligustrum Reevisae. Similar to Amoores River Privet but with much smaller leaves and more compact grower, ideal for shearing.

1-2 feet, compact and bushy, B&B	4.00
1-2 feet, compact and bushy, bare root	1.50
\$12.00 per hundred.	

Louruscerus Caroliana (Cherry Laurel).

12-18 inches, bushy, B&B	5.00
18-24 inches, bushy, B&B	7.50
2-3 feet, bushy, B&B	10.00
3-4 feet, bushy, B&B	15.00
For bare root prices, see under lining out sizes.	

Olea Fragrance (Sweet Olive).

12-18 inches, B&B	10.00
18-24 inches, B&B	15.00
2-3 feet, B&B	20.00

Oleander. Pink and White.

3-4 feet, bushy, bare root	5.00
4-5 feet, bushy, bare root	7.50

Photinia Glabra. Vivid reddish new growth of this plant is quite valuable among other evergreen. Smaller plants offered under lining out size.

2-3 feet, B&B	20.00
3-4 feet, B&B	30.00
4-5 feet, B&B	45.00

Pyracantha Coccinea Lalandii.

18-24 inches, B&B	10.00
2-3 feet, B&B	12.50

Can supply limited quantity of **P. Augustifolia** and **P. Yunnanensis** at above prices.

Pyracantha Formosana. New and better variety with orange-red berries. Spreading habit.

12-18 inches spread, B&B	12.50
18-24 inches spread, B&B	15.00

Nandina Domestica. We could not supply half of the demand last year, but have much better supply of better stock.

12-18 inches, B&B	10.00
18-24 inches, B&B	12.50
2-3 feet, B&B	15.00

Nandina Domestica, Small Leaved. Small leaved

Nandina do not color up so well in winter but send up more sprouts from ground and Adiantum-like foliage is valuable for cut flowers. Each leaf is about the size of Abelia like foliage of this plant is quite an addition to our badly needed list of Broad-leaved Evergreens.

18-24 inches, B&B	7.50
2-3 feet, B&B	10.00
3-4 feet, B&B	17.50

Pittosporum Tobira. These are all very bushy plants.

12-18 inches, B&B	10.00
18-24 inches, B&B	12.50

Raphiolepis Indica. Rather slow growing shrub with roundish, thick leaves. Pinkish white flowers followed with purple berries. Very desirable, being quite hardy and can stand much more cold than Pittosporum.

12-18 inches, B&B	10.00
18-24 inches, B&B	15.00
2-3 feet, B&B	20.00
