Order Early

Varities that mature early should be ordered as far in advance as possible to avoid disappointment.

ORDER EARLY—

As I collect seeds on orders only, I seldom have much surplus to fill late orders, but customers are assured of fresh crop seeds.

All orders are subject to conditions of the season's growth—crop failure, forest fires, etc.

Terms Cash with order, or satisfactory references.

I personally attend to the collection of all native seed orders and handle only such as are mature.
