Bestow Beauty's Blessing."

BILL'S GLAD FARMS
Canandaigua, N. Y.

AN EXPLANATION

We hope those of you who have already received shipments of bulbs this spring will not feel that this special list is an injustice to you.

In the first place it does not offer a complete assortment such as is contained in **BILL'S BLUE BOOK**.

Second, You have an equal chance to take advantage of this Sale. Varieties not in this list are still available as listed in the **Blue Book**, except those enumerated on this page, which are all sold out.

When the season started our stock of different varieties was unequal and after filling your orders there is a further inequality of the quantities remaining. This is our method of moving those which are in surplus and conserving the others. Many of the very finest varieties are still in surplus and you will not be getting a lot of left over undesirable ones.

All orders will be filled with bulbs one inch or over which will give good flowering spikes. As long as we have them, 1¼ inch and 1½ inch bulbs will be used. First orders get the largest as long as they last..

SOLD OUT

Some varieties are completely sold out or planted for spring 1928. Please turn to page 34 in **Bill's Blue Book** and cross off the following:

HOW TO ORDER

YOUR SELECTION:—

From the list below make your selection and remit the amount according to prices quoted.

OUR SELECTION—Free to You!

We will add to your list other bulbs our selection of equal value and ship Parcel Post prepaid. Some of those we add to your order may not be in this list. We will not duplicate the same varieties you order unless you indicate a desire to have us do so. Please do not try to tell us what varieties you want us to select for you. Let us have a free hand in this and you will not be sorry.

See Index Page 34 **BILL'S BLUE BOOK** for descriptions.

THEN

DO

THIS!

Many customers send us from one to twenty-five dollars and tell us about how many bulbs they want, leaving the choice of varieties to us. We do not recall ever having a dissatisfied customer when this was done.

You may specify whether you want full range of colors or a larger percentage of one color (remember that so called blue varieties are scarce and high priced).

For your guidance we advise that we can supply anywhere from one to thirty bulbs for each \$1.00 sent. But we hope you realize that the fewer bulbs you expect per dollar the better the varieties. We select from 3 to 12 bulbs of a kind depending on the size of your order.

GLORIOUS MIXTURE

Not Labeled.

The number 2 size bulbs produce excellent flowers in garden plantings. Number 3 size will flower but not so good. We can supply them as follows:

No. 2—30 Bulbs for \$1.00 or 100 bulbs for \$2.50.

No. 3—40 Bulbs for \$1.00 or 100 bulbs for \$2.00.
