NURSERY CATALOG

1928

*How When
Where and
What to Plant*

B.F. Barr Nurseries

LANCASTER PA.

By Way of Introduction

B. F. Barr Nurseries Located in Region Naturally Adapted to Growing Plants for Re-planting

In addition to a large range of greenhouses, two nurseries, totaling about 100 acres of America's most fertile soil, comprise the facilities which make it possible for us to give purchasers of plants an unexcelled service.

The greenhouses, nursery office and nursery show ground are directly on the Lincoln Highway, on the western outskirts of Lancaster, Pa. It is from this point that all sales and shipments are made. *Visit, telephone or write. Telephone: Lancaster 1095.*

Ideal Facilities for Shipments to All Points

Our shipping facilities are ideal, the Lincoln Highway, the Pennsylvania railroad and the Reading railroad, putting the nurseries in quick and easy communication with all points.

Deliveries by truck can be arranged for when sufficient stock is purchased by one or more customers in a community to warrant truck delivery. Truck deliveries are arranged for on a basis of cost.

Conditions of Sale of "Will Grow" Plants

Prices in this catalog supersede previous catalog quotations, are f. o. b. Lancaster, Pa., unless otherwise noted, and subject to change without notice, owing to conditions beyond our control.

Cash should accompany order. Remit by postoffice or express money order, registered letter or bank draft. Postage stamps accepted up to \$2.00 in denominations of two cents.

Trees, Evergreens and Shrubs are too large to mail. On other orders that can be mailed please add 5% of the amount to cover postage, to points in Pennsylvania, New York, Connecticut, Rhode Island, New Jersey, Delaware, Maryland, Virginia and West Virginia; 10% elsewhere east of the Mississippi River; except to Gulf States and beyond the Mississippi, 20%. Minimum charge where required to cover cost of mailing, 10 cents.

Quality of Plants and Warranty

Only first-class plants, true to name, free from scale and fungus diseases, and that have been properly inspected by the State Nursery Inspector, are used in filling orders. A Certificate of Inspection from the Pennsylvania Bureau of Plant Industry will accompany each shipment.

For personal selection of plants in the Nursery there will be an additional charge in accordance with the value of the stock chosen irrespective of catalog list price.

We exercise the greatest care to have all stock genuine and true to label, holding ourselves ready to refund the purchase price or to replace any plant that proves untrue. We do not give any warranty, express or implied; and in case of error on our part, it is mutually agreed between the purchaser and ourselves that we shall not be held responsible at any time for a greater amount than the original price of the goods.

Guarantee On "Will Grow" Plants

We guarantee all plants to be freshly dug for each order and to arrive in good condition. Each plant sold is subject to customer's approval on a "Money Back If Not Satisfied" basis.

Notify us within ten days if any plant is unsatisfactory, so it can be returned at our expense, as we will not be responsible for losses on plants after they are set out. Due to the careful manner in which all "Will Grow" plants are nurtured (no expense being spared to produce plants of greatest beauty and power to grow), customers rarely suffer a loss when transplanting is properly done in good soil and followed by furnishing the plants with an abundance of water, which is urgently required the first summer at least, even in addition to a normal rainfall.

TABLE OF CONTENTS

	Pages		Pages
Coniferous Evergreens	4 to 12	Roses and other Perennials	27 to 40
Broad-Leaved Evergreen Shrubs	13 to 14	Dahlias, Gladioli, Annuals, etc.	41 to 43
Shade and Ornamental Trees	15 to 23	Fruit Trees and Garden Fruits	44 to 45
Shrubs and Hedge Plants	24 to 26	Grass Seed, Insecticides, Fertilizers . .	46

Proper Plant Materials Greatly Accent the Beauty of any Home—Modest or Pretentious

The Photograph Above Illustrates Most Impressively the Value of Combining Evergreens, Trees and Shrubs in a Harmonious Planting

Here the beauty of the home is not hidden but rather enhanced by its complete and beautiful setting of well-selected plant materials properly arranged.

What otherwise would be monotonous formality is effectively broken by the planting of Dwarf Evergreens under the windows, with taller varieties against bare walls, giving an atmosphere of warmth in Winter and coolness in Summer.

The Elm trees in their beauty of irregular form give added grace, and at the same time furnish shade in the heat of Summer. Groupings of Shrubs offer a continuous bloom as a joy from frost to frost.

The drive is screened from the entrance view, and a setting of Evergreens prevents objectionable views from the rear of the house or service yard.

Completing the picture is the Barberry Hedge planted along the front and sides, rich in the brilliance of its colorful leaves and berries in the Fall.

Practical Landscape Service for Prospective Planters

We are prepared to offer landscape advice, furnish sketches and planting suggestions free of charge for any type of property. If difficult problems vex you come and talk them over with our gardeners, and landscape engineers, or send them in by mail for our solution.

Make a sketch of your grounds. If you accurately furnish all the various measurements it will not be necessary that you even attempt to draw the sketch to scale.

Indicate in figures the width and length of all buildings in feet; width and length of porches and any offsets; distance to boundary lines in all directions; location of basement windows; height of foundations and porch; locate principal windows; show position of kitchen; locate and name Trees and Shrubbery *now* on property.

Show also direction house faces (whether north or south, east or west), terraces or grades of any importance, location of walks and driveways with widths of same and of ground on both sides, any objectionable views to be hidden and vistas to be retained. *Please send photograph of property, if possible.*

State whether you want Evergreens or Shrubs for foundation planting; if you have any preferences in varieties to be included anywhere; when you contemplate planting; about how much you wish to expend for plants, so we can suggest a planting that will be in keeping with your individual requirements and wishes, and that will be practical for your grounds by flourishing under the very conditions existing thereon and in complete harmony with the entire environment.

For large operations requiring surveying and much detail work, a charge to cover the actual cost for making plans, traveling expenses, etc., will be made, the amount of which will be allowed in discount, when order is placed.

The home to be loved must be made lovely.

Evergreen Trees and Shrubs

For all-year round beauty, usefulness and lasting qualities Evergreens have become the greatest factor in beautifying home grounds and larger landscapes.

Evergreens as a class have so many varied shapes, sizes, hues, and such a great adaptability that there is a variety for any situation or special purpose. There are low, medium, and tall growing Evergreens; round, conical and pyramidal; blue, green, golden and silver, etc. The different varieties give an opportunity for wonderful combinations and effects. For Foundation Planting, for single or massed plantings on the open lawn, for lining walks, or for hedges, there is a choice of Evergreens for every purpose.

When and How to Transplant "Will Grow" Evergreens

Evergreens transplant best during the Spring months, before and just as new growth is beginning, or for several months following August 15 when the new growth is completed and has become sufficiently hardened.

The excavation for planting should be considerably larger and deeper than the encased roots so as to allow liberal space around the ball for filling in with good soil. Do not remove burlap until tree is in hole. Carefully pack soil under earth ball and when hole is two-thirds refilled, flood with water.

In restoring the remainder of the excavated soil, allow a shallow basin to remain around the tree to collect the rain and enable it to soak into the ground. Mulch with well-rotted manure or straw to conserve the moisture in the ground and keep it from becoming hard.

Frequently direct a strong force of water against the under side of the foliage, when the sun is not shining, to preserve the vigor and beauty of the plant.

Selection of Evergreens for Every Purpose Made Easy

VARIETIES, SIZES AND PRICES

For additional sizes in varieties listed, or other varieties desired, see following pages, or will be gladly quoted on request. Prices here given include cost of Baling and Burlapping to insure growth.

10% Discount on Five or More of One Kind.

Please order by Botanical names.

Evergreens over 10-12 inches in size are balled and burlapped and too heavy to mail.

Abies—THE FIRS

Stately, handsome Evergreens of pyramidal form and symmetrical outline; whorled, spreading branches; leaves flattened, usually grooved and lustrous. Show to best advantage as specimens.

A. concolor—WHITE FIR. Beautiful evergreen with large foliage of soft silvery hue. Very hardy and at home in any soil. Excellent for open lawn spaces.

1½-2	ft.		\$3.50
2	-2½	ft.	5.00
2½-3	ft.		6.50
3	-3½	ft.	7.50
3½-4	ft.		9.00
4	-5	ft.	10.00
5	-6	ft.	15.00

A. nordmanniana—NORDMANN FIR. Symmetrical tree with dark, glossy green foliage, silvery underneath.

4	-5	ft.		\$15.00
5	-6	ft.		20.00

All "Will Grow" Evergreens are shipped with a ball of earth encasing the roots and a secure covering of burlap to prevent the ball from breaking while in transit.

A very important Fir in the Middle Atlantic States is the Nordmann Fir. It has a noble appearance

Two Evergreen Collections That Will Win Friends for Barr's "Will Grow" Evergreens

FRIENDSHIP OFFER No. 1

10 Evergreens \$20.00

- 2 Oriental Arborvitae, tall growing, green, 24-30 in.
- 2 Pyramidal Arborvitae, tall growing, green, 24-30 in.
- 2 Globe Arborvitae, dwarf growing, green, 12-15 in.
- 2 Pfitzer Juniper, dwarf growing, green, 12-15 in.
- 2 Dwarf Golden Oriental Arborvitae, dwarf growing, golden, 10-12 in.

An especially fine group for planting in front of porch, or along house. A beautiful decoration for any space 12 to 16 ft. long by 3 to 4 ft. deep.

All 3 times transplanted and balled and burlapped.

2 Offers to same address \$39.00.

Order by name and number when sending remittance.

FRIENDSHIP OFFER No. 2

Triangle Group \$9.00

- 1 Canadian Hemlock, 30-36 in.
- 1 Lee's Golden Arborvitae, 30-36 in.
- 1 Pyramidal Arborvitae, 30-36 in.

A splendid group for planting at one side of door or path, or at corner of house, or on the lawn for a grouped assortment.

All 3 times transplanted and balled and burlapped.

2 Offers to same address \$17.50.

Order by name and number when sending remittance.

Prices for Friendship Offers Nos. 1 and 2 include cost of balling and burlapping for successful planting, packing and delivery to transportation company in Lancaster.

Evergreens over 4 ft. crated for shipment at cost; under 4 ft. crated free.

Chamaecyparis—THE RETINOSPORAS

Soft, light, delicate foliage, finer than in the Arborvitae, distinguishes the Retinosporas, which are among the most graceful of the Evergreens. Their pyramidal form, nodding leading shoots, slender branchlets, feathery spray and great variety of color and habit make them especially attractive for foundation and lawn planting. Clipping to maintain any desired size or shape, makes for increased beauty and compactness.

The Plume Retinospora with its distinct pyramidal outline, and beautiful, soft foliage, which is characteristic of all Retinosporas, is very ornamental.

C. obtusa—**HINOKI CYPRESS.** Strong, pyramidal tree with horizontal, fern-like branches, drooping habit. Foliage light green and shiny, somewhat whitened beneath.

2 -2½ ft.....	\$5.00	3 -3½ ft.....	\$7.00
2½-3 ft.....	6.00	3½-4 ft.....	8.50

C. pisifera—**SAWARA RETINOSPORA.** Tall and pyramidal with slender and gracefully drooping branches; broad, flat, deep glossy green foliage. Bushy, rapid grower.

1½-2 ft.....	\$3.00	3 -3½ ft.....	\$6.25
2 -2½ ft.....	4.00	3½-4 ft.....	7.50
2½-3 ft.....	5.00	4- 5 ft.....	9.50

C. p. var. aurea—**GOLDEN SAWARA RETINOSPORA.** Type and habit same as Sawara Retinospora, only brilliant golden in color.

1½-2 ft.....	\$3.00	3 -3½ ft.....	\$6.25
2 -2½ ft.....	4.00	3½-4 ft.....	7.50
2½-3 ft.....	5.00	4 -4½ ft.....	9.00
4½-5 ft.....	\$10.00		

C. p. var. filifera—**THREAD RETINOSPORA.** Graceful, bushy plant, globular in outline with deep green, thread-like, drooping foliage.

10-12 in.....	\$1.50	1½-2 ft.....	\$3.50
15-18 in.....	2.00	2 -2½ ft.....	4.50
2½-3 ft.....	\$5.00		

C. p. var. plumosa—**PLUME RETINOSPORA.** Pyramidal tree with dense foliage, soft and plume-like; rich green shade.

10-12 in.....	\$1.50	3 -3½ ft.....	\$6.25
1½-2 ft.....	3.00	3½-4 ft.....	7.50
2 -2½ ft.....	4.00	4 -4½ ft.....	9.00
2½-3 ft.....	5.00	4½-5 ft.....	10.00

C. p. var. plumosa argentea—**SILVERTIP RETINOSPORA.** Dwarf habit, ends of branches silver tipped; almost ball shaped. Very odd and beautiful.

12-15 in. high x 12-15 in. wide.....	\$3.00
--------------------------------------	--------

C. p. var. plumosa aurea—**GOLDEN PLUME RETINOSPORA.** Tall, pyramidal, with bright golden foliage, soft and plummy. Makes rich appearance.

10-12 in.....	\$1.50	2½-3 ft.....	\$5.00
1½-2 ft.....	3.00	3 -3½ ft.....	6.00
2 -2½ ft.....	4.00	3½-4 ft.....	7.50

C. p. var. squarrosa—**MOSS RETINOSPORA.** Pyramidal and dense in growth; rich, silvery-blue foliage, soft and graceful.

12-15 in.....	\$2.00	18-24 in.....	\$3.00
15-18 in.....	2.50	2 -2½ ft.....	4.00
2½-3 ft.....	\$5.00		

C. p. var. squarrosa sulphurea—**SULPHUR-TIPPED RETINOSPORA.** Round, dense grower, with soft, yellowish green foliage.

12-15 in.....	\$2.00	18-24 in.....	\$3.25
15-18 in.....	2.50	2-2½ ft.....	4.00

WINTER PROTECTION FOR EVERGREENS

Evergreens during the first Winter after planting should have some form of protection. Wind and sun may cause damage on account of excessive evaporation of moisture from the foliage at a time when no moisture is being taken in through the roots. When subject to alternate freezing and thawing protect also against heaving of the soil.

Moisture evaporation may be prevented by the erection of a burlap shield as a windbreak to ward off strong, drying winds, or by wrapping the plants with "overcoats" of straw or evergreen boughs. Avoid wrapping too tightly or injury to the plant will result from heating of foliage.

To prevent heaving of the soil provide a ground mulch of strawy manure, cut tobacco stems or any material (other than fresh manure) which will form a light, loose covering. A coating extending as far as the spread of the roots and 3 to 5 inches thick, according to the density of the material used, is generally sufficient. No covering should be thick enough to bury the foliage.

Be sure, too, that the ground is thoroughly saturated with moisture before it finally freezes up, and leave no holes near the plants for the water to collect and freeze.

Juniperus—THE JUNIPERS and CEDARS

For diversity of form, size and color, suitable for any situation, together with hardiness, the Junipers have no peer. Distinguished by berry-like fruit. Varieties may be had from the quite prostrate to the narrow columnar. The most desirable of the medium-sized Evergreens for its uniformity of texture throughout the year.

J. chinensis—**CHINESE JUNIPER.** Compact, semi-dwarf, pyramidal habit; pleasing blue-green foliage. Will stand extremes of temperature and thrive in any soil.

1½-2 ft. \$4.00

J. c. var. mas—**COLUMNAR CHINESE JUNIPER.** Dense, conical form with leaves mostly needle-shaped; retains live green color all winter.

2 -2½ ft. \$5.00

2½-3 ft. 6.00

3 -3½ ft. 7.25

3½-4 ft. 8.50

4 -4½ ft. 10.00

J. c. var. pfitzeriana—**PFITZER JUNIPER.** Wide growing, with plumose, graceful horizontally spreading branches. Foliage, healthy blue-green. Very hardy and one of the most beautiful.

1¼-1½ ft. high x 1-1½ ft. spread.. \$3.00

1½-2 ft. high x 1½-2 ft. spread.. 4.50

2 -2½ ft. high x 2-2½ ft. spread.. 6.00

2½-3 ft. high x 2½-3 ft. spread... 8.00

2 -3 ft. high x 3-4 ft. spread \$10.00-\$12.00

J. c. var. hibernica—**IRISH JUNIPER.** Slender columnar tree of upright, formal growth; foliage bluish green.

18-24 in. \$2.00

2 -2½ ft. 2.75

2½-3 ft. 3.50

3 -3½ ft. 5.00

J. c. var. suecica—**SWEDISH JUNIPER.** Dwarf, columnar, with drooping branch tips. Compact grower, gray-green needles.

18-24 in. \$3.00

J. communis depressa plumosa—**PURPLE SPREADING JUNIPER.** Dwarf, spreading habit; foliage tinged with rich purple during fall and winter. Excellent for border planting.

12-15 in. spread. \$3.00

J. excelsa stricta—**SPINY GREEK JUNIPER.** Compact grower of medium height and wide base. Gray-green foliage.

12-15 in. \$2.50

15-18 in. 3.00

1½-2 ft. 4.50

J. japonica—**JAPANESE JUNIPER.** Dense low shrub with frondel habit; spreading branches; dark green foliage; very beautiful.

1½-2 ft. \$4.00

2 -2½ ft. 5.00

4 -4½ ft. 8.00

J. virginiana—**REDCEDAR.** Conical in growth; branches upright with dark green foliage. Rivals Italian Cypress in beauty. Will thrive in any soil.

2 -2½ ft. \$3.00

3½-4 ft. 5.00

4 -5 ft. 6.50

5 -6 ft. 9.00

6 -7 ft. 10.00

One of the most important and valuable decorative Junipers in cultivation is the dignified-looking Pfitzer Juniper. It is very hardy and will stand part shade.

J. virg. cannarti—**CANNART REDCEDAR.** Handsome, compact columnar habit, with rich dark green foliage and bluish, bloomy fruits.

2 -2½ ft. \$5.00

2½-3 ft. 6.50

3 -3½ ft. 8.00

3½-4 ft. 9.50

4 -4½ ft. 11.00

J. virg. glauca—**SILVER REDCEDAR.** Excellent cone-shaped, vigorous grower; young growth almost silvery white, changing to bluish-green in winter.

2 -2½ ft. \$4.00

2½-3 ft. 5.00

3 -3½ ft. 6.25

3½-4 ft. 7.50

4 -4½ ft. 9.00

J. virg. kosteri—**KOSTER REDCEDAR.** Highly decorative plant with graceful, spreading branches resembling *J. pfitzeriana* in habit.

1¼-1½ ft. high x 1½-2 ft. wide.... \$5.00

1½-2 ft. high x 2-2½ ft. wide.... 6.50

1½-2 ft. high x 2½-3 ft. wide ... 8.00

J. virg. schottii—**SCHOTT REDCEDAR.** Narrow pyramidal in form and dense in growth. Rich light green foliage.

2 -2½ ft. \$4.00

2½-3 ft. 6.50

J. virg. tripartita—**FOUNTAIN REDCEDAR.** Dwarf, spreading form, irregular habit; densely branched.

1½-2 ft. high x 1½-2 ft. wide.. \$5.00

2-2½ ft. high x 2-2½ ft. wide... 6.00

Evergreens Should Be Kept Thoroughly Watered, Especially Before Ground Freezes.

Picea—THE SPRUCES

Very ornamental Evergreens are the Spruces, which are valued especially for home decoration and park use. They are magnificent in appearance, being pyramidal in outline and with branches commonly arranged in circles or whorls. They are rapid growers and perfectly hardy. Strikingly effective in the winter landscape when covered with a snowy mantle.

Kosters Blue Spruce—most highly colored ornamental Evergreen. Becoming scarcer and more sought after each year.

P. alcockiana—**ALCOCK SPRUCE**. Of close, graceful habit; slender, spreading branches, leaves rigid, 4-sided, but flattened, sharp pointed; dark green above, silvery beneath.

2	-2½ ft.	\$4.00
2½	-3 ft.	5.00
3	-3½ ft.	6.00
3½	-4 ft.	7.00

P. canadensis (alba)—**WHITE SPRUCE**. Foliage light bluish green; compact and shapely; most aromatic of the Spruces. Grows on any soil.

2½	-3 ft.	\$4.00
3	-3½ ft.	5.00
3½	-4 ft.	6.00

P. excelsa—**NORWAY SPRUCE**. Fine symmetrical tree, with stout branches, spreading and somewhat pendulous. Fast growing and especially valuable for screens and hedges.

1	-1½ ft.	\$1.50
2	-2½ ft.	2.50
2½	-3 ft.	3.25
3	-3½ ft.	4.00
3½	-4 ft.	5.25
4	-5 ft.	6.50
5	-6 ft.	\$8.00-10.00

P. orientalis—**ORIENTAL SPRUCE**. Handsome erect tree with very slender branches, retaining all its branches from the ground up; short, deep glossy-green leaves.

2	-2½ ft.	\$7.50
6	-9 ft. specimens	\$35.00-50.00

P. pungens—**COLORADO SPRUCE**. Has abundance of heavy foliage of a light green color; spreading horizontal branches; pyramidal and regular in shape; very hardy; for specimen planting.

1½	-2 ft.	\$3.00
2	-2½ ft.	4.00
2½	-3 ft.	5.50
3	-3½ ft.	6.75
3½	-4 ft.	8.00

P. pungens glauca—**BLUE COLORADO SPRUCE**. Distinctively shaded-blue foliage; magnificent, regularly shaped, pyramidal tree, valuable for planting singly or in groups on the lawn.

1½	-2 ft.	\$5.00
2	-2½ ft.	6.25
2½	-3 ft.	8.50
3	-3½ ft.	12.00
3½	-4 ft.	15.00

P. pungens kosteri—**KOSTER BLUE SPRUCE**. Richest silvery blue and most popular Evergreen used for ornamental effects; becoming rapidly scarcer as they can no longer be imported. May soon be unobtainable as supply is very limited.

The Kosters Blue Spruce is the most distinct Evergreen that can be planted. It is very hardy and a most beautiful, broad, symmetrical tree.

2½	-3 ft.	\$20.00
3	-3½ ft.	22.50
3½	-4 ft.	25.00
4	-4½ ft.	27.50
4½	-5 ft.	30.00
5	-6 ft.	\$32.50-35.00
6	-9 ft.	35.00-50.00

BIG ADVANTAGE IN EARLY ORDERING

It is always a distinct advantage to order early to gain an early rotation number on delivery schedules.

The actual planting season is a period of congestion in Nursery Shipping Departments. Everybody wants his order filled first—most frequently even the purchaser who neglected to order until just ready to plant. When you take into consideration that there might be hundreds of orders ahead of yours do not complain if any Nursery should compel you to wait. By placing your order early it gives us an opportunity to schedule your order for delivery as early in the planting season as possible.

Since Deciduous Trees and Shrubs cannot be planted as late in the Spring as Evergreens we usually endeavor to fill orders for Deciduous Plants first, following with the Evergreens.

Likewise, since Deciduous Plants cannot be planted as early in the Fall as Evergreens, orders for the latter will receive preference on Fall shipping schedules.

Both purchasers of Deciduous Plants and of Evergreens will benefit by obtaining an early rotation number on their respective shipping schedules. In all cases it is to your advantage to order early.

Evergreens, trees and large shrubs cannot be sent by parcel post.

Pinus—THE PINES

Most valuable and majestic Evergreens for permanent planting are the Pines, which as they grow older gain in character and picturesqueness. Generally whorled branches, bearing clusters of long, needle-shaped leaves. Will endure wide range of soil and climate and are so diverse in character, from the tall, upright forms to the dwarf varieties, as to make them available for specimen planting on the smallest lawn or on vast estates and parks.

P. montana mughus — **MUGHO PINE.** Low, spreading pine with many stems spreading outward and then upward, the erect new growth resembling candles; dark green foliage.

12-15 in. high x $1\frac{1}{4}$ - $1\frac{3}{4}$ ft. wide \$3.50
 $1\frac{1}{4}$ - $1\frac{1}{2}$ ft. high x $1\frac{3}{4}$ -2 ft. wide 4.50

P. nigra—**AUSTRIAN PINE.** Fast growing tree with spreading limbs, heavily plumed with long rich, glossy, dark green, rigid needles.

$2\frac{1}{2}$ -3 ft. \$4.00
 3 - $3\frac{1}{2}$ ft. 5.50
 $3\frac{1}{2}$ -4 ft. 7.00
 5 - $5\frac{1}{2}$ ft. 12.50
 $5\frac{1}{2}$ -6 ft. 15.00
 6 -8 ft. \$20.00-25.00

P. ponderosa—**WESTERN YELLOW PINE.** Upright grower, with spreading branches somewhat pendulous. Very long twisted, dark green needles.

4 -5 ft. \$5.00
 5 -6 ft. \$7.00-9.00
 6 -8 ft. 10.00-12.00

P. resinosa—**RED PINE.** Very hardy tree with spreading, somewhat pendulous branches; reddish, smooth bark; dark green leaves.

$4\frac{1}{2}$ -5 ft. \$9.00 | 6-8 ft. ... \$12.00-\$15.00
 5 -6 ft. 10.00 | 8-10 ft. ... 20.00- 25.00
 10-12 ft. \$30.00-\$35.00

P. strobus—**WHITE PINE.** Tall tree with branches horizontal in regular whorls; slender glaucous leaves, sweet-scented. Adapted to poor soil.

3 - $3\frac{1}{2}$ ft. \$5.00 | 4 - $4\frac{1}{2}$ ft. \$7.00
 $3\frac{1}{2}$ -4 ft. 6.00 | $4\frac{1}{2}$ -5 ft. 8.00
 5 -6 ft. \$9.00-\$10.00

P. sylvestris—**SCOTCH PINE.** Spreading in growth; flat leaves with bluish-green hue; adapted to poorer soils.

6-8 ft. \$12.00-\$15.00 | 8-10 ft. ... \$25.00-\$30.00

Pseudotsuga—FIR

P. douglasii—**DOUGLAS FIR.** Rapid growing, with flat, dark greenish-blue foliage. One of our best tall growing Evergreens.

15-18 in. \$2.00 | 3 - $3\frac{1}{2}$ ft. \$5.00
 $1\frac{1}{2}$ -2 ft. 2.75 | $3\frac{1}{2}$ -4 ft. 6.00
 2 - $2\frac{1}{2}$ ft. 3.50 | 4 - $4\frac{1}{2}$ ft. 7.00
 $2\frac{1}{2}$ -3 ft. 4.25 | $4\frac{1}{2}$ -5 ft. 8.00

A handsome tree, making a good lawn specimen is the Austrian Pine. The inset is a Mugho Pine, an attractive bushy Evergreen, much admired.

How "Will Grow" Evergreens are Grown, Dug, Shipped

Unequalled soil, frequent transplanting, and constant shearing give "Will Grow" Evergreens their great vigor and power to grow, their mass of fine, fibrous roots so necessary for success in transplanting and their bushy, symmetrical form.

Each "Will Grow" Evergreen is carefully hand-dug so as to obtain a large ball of soil to encase the roots. For additional protection against disturbing the roots each earth ball is securely burlapped. Careful packing, as a guarantee of safe arrival, completes the steps by which "Will Grow" Evergreens reach our Customers in the best possible condition to insure success in the hands of the planter.

Our catalog prices include balling, burlapping and packing of Evergreens up to 4 ft. but for larger Evergreens to be packed for transportation the cost of packing will be additional.

Shipments of "Will Grow" Evergreens, unless otherwise provided for, are made by freight as we find that method satisfactory and most economical for the customer.

Evergreens should be kept thoroughly watered, especially before ground freezes.

Taxus—THE YEWS

Handsome dark green foliage, adaptability to part shade, semi-dwarf habit, and refined and distinctive appearance give the Yews their high value as Evergreens for foundation and other ornamental planting. They succeed well in most soils and in part shade.

T. baccata dovastoni—**DOVASTON YEW**. Low-branching Evergreen, dense and bushy; dark green leaves, golden tipped; ends of branches drooping; thrives best in shade.

15-18 in. spread.....\$4.00
18-24 in. spread 5.00

T. baccata repandens—**SPREADING ENGLISH YEW**. Of low, spreading habit; foliage glossy dark green. Excellent for edging the foundation planting; thrives best in shade.

12-15 in. spread.....\$3.00
15-18 in. spread..... 4.00

T. cuspidata—**JAPANESE YEW** (Spreading Form). Most vigorous of the Yews; very hardy; its dark, green foliage will retain its color through Winter. Its low, spreading habit and rich color make it excellent for foundation planting.

12-15 in. high x 15-18 in. wide.....\$3.50
15-18 in. high x 18-22 in. wide..... 4.50
18-24 in. high x 22-24 in. wide..... 6.50

T. cuspidata capitata—**UPRIGHT JAPANESE YEW**. Close, upright and compact grower; foliage dark green; fruit, bright scarlet. Hardest of the Yews; excellent in masses and invaluable for hedges.

1½-2 ft.....\$6.00
2 -2½ ft..... 7.50

A most beautiful Evergreen is the Spreading English Yew. It is a most valuable plant as it is low growing and will thrive in the shade.

T. cuspidata nana (brevifolia)—**DWARF JAPANESE YEW**. Handsome, low, spreading, with short, rich, dark green needles.

12-15 in. high x 12 in. wide.....\$4.00
15-18 in. high x 15 in. wide..... 5.00
18-20 in. high x 15-18 in. wide..... 7.00

Suitable Varieties of Evergreens for a Porch Foundation Planting

The varieties of Evergreens used in the above planting are the following corresponding with the numbers shown:

1—American Globe Arborvitae. 2—Chinese Arborvitae. 3—Golden Plumed Retinospora. 4—Silver Redcedar. 5—Dwarf Japanese Yew. 6—Lee Golden Arborvitae. 7—Redcedar. 8—Silver Redcedar. 9—American Globe Arborvitae. 10—Yellow Column Arborvitae. 11—Upright Japanese Yew. 12—Pyramidal Arborvitae. 13—Yellow Column Arborvitae. 14—American Globe Arborvitae. 15—Schott Redcedar. 16—Giant Arborvitae.

Evergreens over 4 ft. crated for shipment at cost; under 4 ft. crated free.

Thuja—THE ARBORVITAE

For general popularity and extensive use, trimness and variety of form and beauty of coloring, adaptability and hardiness, the Arborvitae are unsurpassed.

Their clean, neat, compact appearance and soft foliage make them appropriate for the foundation planting where they are almost indispensable, and for specimen planting on small lawns as well as large areas; in grouping, bedding, bordering and formal gardening. They are often planted for hedges. In window boxes they give an attractive effect.

Here are shown the American Arborvitae, a well-shaped, reliable tree, and the American Globe Arborvitae (inset), a very hardy variety well adapted to foundation planting.

T. occidentalis—AMERICAN ARBORVITAE.

Narrow, pyramidal tree with short, horizontal branches; foliage bright green above, yellowish underneath. Good for contrasting with low-growing varieties; also for screens and hedges.

15-18 in.....	\$1.25	3½-4 ft.....	\$4.00
1½-2 ft.....	2.00	4 -4½ ft.....	5.00
2 -2½ ft.....	2.50	4½-5 ft.....	6.00
2½-3 ft.....	3.00	5-6 ft.....	7.50
3 -3½ ft.....	3.50	6-7 ft.....	8.50
7-8 ft.....	\$10.00		

T. oc. elegantissima—LEE GOLDEN ARBORVITAE.

Compact, pyramidal plant; golden green foliage; dependable, hardy and vigorous in growth.

15-18 in.....	\$1.50	2½-3 ft.....	\$4.00
1½-2 ft.....	2.50	3 -3½ ft.....	5.00
2 -2½ ft.....	3.25	3½-4 ft.....	6.00
4 -4½ ft.....	\$7.00		

T. oc. globosa—AMERICAN GLOBE ARBORVITAE. Grows naturally in ball-like form. Slender branches with light green foliage. Very hardy.

10-12 in.....	\$1.50
12-15 in.....	2.00
15-18 in.....	3.00

T. oc. globosa compacta—COMPACT GLOBE ARBORVITAE. Resembling American Globe Arborvitae, but denser in habit; very hardy.

15-18 in.....	\$3.00
2½-3 ft.....	6.00

T. oc. lutea—GEORGE PEABODY ARBORVITAE. Tall and columnar; bright golden foliage retained throughout year. Makes attractive color contrast with green varieties.

15-18 in....	\$2.00	2-2½ ft.....	\$4.00
1½-2 ft.....	2.75	2½-3 ft.....	5.50

T. oc. pyramidalis—PYRAMIDAL ARBORVITAE. Narrow and columnar in growth; denser and darker green than American Arborvitae.

12-15 in....	\$1.25	3-3½ ft.....	\$4.50
15-18 in....	1.50	3½-4 ft.....	5.00
1½-2 ft.....	2.50	4-4½ ft.....	6.00
2-2½ ft.....	3.25	4½-5 ft.....	7.00
2½-3 ft.....	4.00	5-5½ ft.....	8.00
5½-6 ft.....	\$9.00		

T. oc. vervaeniana—VERVAENE ARBORVITAE. Denser and slower in growth than *occidentalis*; very graceful by reason of its pyramidal habit and slender branches; foliage has an agreeable slight tinge of yellow; bronzy in winter.

2½-3 ft.....	\$4.00
3 -4 ft.....	5.00

T. oc. wareana—WARE (SIBERIAN) ARBORVITAE. Lower and denser than American Arborvitae with stouter branches; foliage bright green.

12-15 in.....	\$1.50	2 -2½ ft.....	\$3.25
15-18 in.....	2.00	2½-3 ft.....	4.25
1½-2 ft.....	2.75	3 -3½ ft.....	5.50

T. oc. woodwardi—WOODWARD ARBORVITAE. Dense, globose form with deep green foliage.

10-12 in.....	\$1.50	12-15 in.....	\$2.00
15-18 in.....	\$3.00		

T. plicata—GIANT ARBORVITAE. Dense habit; most attractive blue-green pyramidal variety.

2-2½ ft.....	\$3.25	4-4½ ft.....	\$7.00
--------------	--------	--------------	--------

Evergreens over 10-12 in. in size are balled and burlapped and too heavy to mail.

(*Thuja orientalis*) *Biota*—THE ORIENTAL ARBORVITAE

Branchlets in vertical planes, bright green on both sides, and delicately cut foliage distinguish the Oriental Arborvitae from the previous varieties. Graceful, pyramidal tree with slender, ascending branches from near the base. Highly ornamental in foundation or group planting.

Color contrast in Evergreen planting is obtained by the use of such plants as the Yellow Column Arborvitae which is bright yellow in Spring, yellowish-green afterward.

B. aurea nana—**DWARF GOLDEN ORIENTAL ARBORVITAE.** Conical plant of slow growth; attractive golden hue, becoming bronze-tipped in winter. Excellent for foundation planting.

10-12 in.....	\$2.50
12-15 in.....	3.00
15-18 in. high x 10-12 in. wide.....	4.00

B. compacta barri—**DWARF ORIENTAL ARBORVITAE.** Conical plant of slow growth, retaining its rich green color all winter.

18-24 in.....	\$3.00
2-2½ ft.....	\$4.00- 5.00

B. elegantissima—**YELLOW COLUMN ARBORVITAE.** Narrow and pyramidal; foliage golden-green changing to golden-bronze hue in winter. Valuable for color contrast.

2-2½ ft.....	\$5.00
2½-3 ft.....	6.50
3-3½ ft.....	8.50

B. orientalis—**ORIENTAL ARBORVITAE.** Pretty, pyramidal tree with slender bright green foliage turning beautiful bronze in winter. Twigs arranged mostly vertical.

1½-2 ft.....	\$1.50	3½-4 ft.....	\$4.50
2-2½ ft.....	2.00	4-4½ ft.....	5.50
2½-3 ft.....	3.00	4½-5 ft.....	6.50
3-3½ ft.....	3.75	5-6 ft.....	\$8.00- 9.00

Evergreens that have Character

Barr's system of shaping, root pruning, and transplanting gives our "Will Grow" Evergreens true character—a close, compact beautiful growth, and quick recovery after transplanting, a money saving advantage. They safely travel long distances cheaply by freight, too.

B. rosedalei.—**ROSEDALE BIOTA.** Neat, dense, conical plant; fine foliage of a soft texture resembling Moss Retinospora; low growing.

12-15 in.....	\$2.00
15-18 in.....	2.50

Tsuga—**HEMLOCK**

T. canadensis—**CANADA HEMLOCK.** Graceful evergreen with spreading and somewhat drooping branches, producing effective shadow effects. Shade enduring. One of the best Evergreens for specimen planting or in groups, or can be used for clipped hedges. Shearing makes it denser and more beautiful.

12-18 in.....	\$1.50	3 -3½ ft.....	\$6.00
1½-2 ft.....	2.75	3½-4 ft.....	7.00
2 -2½ ft.....	4.00	4 -4½ ft.....	8.00
2½-3 ft.....	5.00	4½-5 ft.....	9.00
5-6 ft.....	\$10.00

Canada Hemlock is graceful in habit, and its distinct, small foliage is of a pleasing shade of green. It endures shade better than some of the other trees and stands clipping readily.

Trees, evergreens and large shrubs cannot be sent by parcel post.

Broad-Leaved Evergreen Shrubs

These splendid plants hold their rich green foliage all the year round and in many varieties make a magnificent showing of bloom.

Shaded situations are preferred by most of the varieties, giving them an added value in making them available for planting about the north foundations of houses, in shady corners or other situations presenting a difficult planting problem.

Abelia grandiflora always appeals in the foreground of plantings or in masses by itself.

Abelia—ABELIA

- A. grandiflora*—GLOSSY ABELIA. Dwarf shrub, evergreen in the North when protected. Gracefully arching branches, shining dark green leaves; dainty, waxy, pinkish-white, fragrant flowers, persisting from midsummer until late autumn.
2 yr. plants from 4 in. pots.\$0.85
3 yr. plants, 12-15 in. from 5 in. pots. 1.00

Azalea—AZALEA

- A. amoena*—HARDY EVERGREEN AZALEA. Bright rosy-purple, double flowers in Spring in great masses. Leaves small, bronze-brown in Winter. 2-2½ ft.
12-15 in., B. & B.\$3.50
15-18 in., B. & B. 4.50
- A. hinodegiri*—CRIMSON EVERGREEN AZALEA. Taller growing than *A. amoena*, and bearing bright red, double flowers; very showy. Its deep green leaves turn reddish in fall. 2½ ft.
10-12 in., B. & B.\$3.00
12-15 in., B. & B. 4.00

Cotoneaster—COTONEASTER

- C. horizontalis*—ROCK COTONEASTER. Dense, low plant, with small box-like leaves on horizontal branches; small, pink flowers; ornamental bright red fruit; semi-Evergreen.
Out of 4 in. pots.\$1.00
12-15 in. spread. (Grown in 5 in. pots). 1.50
- C. microphylla*—ROCKSPRAY. Taller growing than *C. horizontalis*; deep green, small leaves; red berries in Fall; semi-Evergreen.
4 in. pots.\$1.00
5 in. pots. 1.50

Euonymus—BURNING BUSH

- E. japonicus*—EVERGREEN BURNING BUSH. Resembles the Buxus and is sometimes known as Chinese Box. Shining, bright green leaves and green bark. Erect, evergreen plant for protected places.
10-12 in. bushy plants, B. & B..\$0.75
12-18 in. bushy plants, B. & B.. 1.00
18-24 in. bushy plants, B. & B.. 1.50
2-2½ ft. bushy plants, B. & B.. 2.50

- E. radicans*—WINTERCREEPER. Useful for planting under Evergreens and to cover low walls; self-clinging vine; deep-green, glossy leaves.
12-15 in. spread.\$0.75

- E. rad. colorata*—PURPLE WINTERCREEPER. Effective dwarf-growing plant; long narrow purple leaves, assuming attractive bronze color in winter.
6-12 in. spread, 3 yr. old\$0.50

Kalmia—LAUREL

- K. latifolia*—MOUNTAIN LAUREL. Beautiful native shrub of easy culture. Bright, dark-green leaves; large, showy clusters of rose-colored flowers, at end of branches. 4-8 ft.
1¼-1½ ft., B. & B.\$2.50
1½-2 ft., B. & B. 3.50
2 -2½ ft., B. & B. 4.00
2½-3 ft., B. & B. 4.75

Mahonia—OREGON GRAPE

- M. aquifolium*—OREGON HOLLYGRAPE. Bright, glossy-green, holly-like leaves, turning rich red and bronze in autumn, persisting over winter. Clustered racemes of attractive yellow flowers in Spring; berries black with a bloom.
18-24 in., B. & B.\$2.50

Pachysandra—PACHYSANDRA

- P. terminalis*—JAPANESE PACHYSANDRA or SPURGE. Evergreen ground cover with dense, glossy foliage forming thick carpet where grass will not grow in shade. White flowers in small spikes.
4-6 in..per 10, \$1.50; per 100, \$10.00

Pyracantha—FIRETHORN

- P. coccinea lalandi*—LELAND FIRETHORN. Rich, glossy foliage; white flowers, followed by large clusters of orange berries, remaining until New Years.
18-24 in.\$2.50; per 10, \$20.00

Yucca—YUCCA

- Y. filamentosa*—COMMON YUCCA. Unique plant of tropical appearance. Leaves lance-like, 1-2 ft. long, in a cluster at the base. Flower stalk rises 3-6 ft. above ground and bears numerous creamy white flowers in July.
2 year plants.\$0.35

Water your plants frequently and always copiously.

Buxus—THE BOXWOODS

Boxwood lends itself to planting as specimens, in groups with other Evergreens, for hedges, and for borders. Will thrive in full sunlight, or in shady locations where no other Evergreen will grow. Give a light protection the first winter after planting.

Here is pictured an untrimmed Roundleaf Boxwood which makes a rich appearance.

B. japonica—**JAPANESE BOX** (pyramidal form.)
Very hardy, well trained plants of great beauty; leaves an attractive bright green.

30 in. high, B. & B. \$11.00

36 in. high, B. & B. \$12.50

B. suffruticosa—**TRUEDWARF ENGLISH BOX.**
Attractive, dwarf habit, especially adapted to edging walks or as a low hedge in the formal garden.

	Ea.	Per 10	Per 100
3-4 in. 2 yr. old	.20	\$1.50	\$10.00

B. semp. rot. aurea—**GOLDEN ROUNDLEAF BOXWOOD.** Leaves golden-hued, but otherwise similar in habit to Roundleaf Boxwood.

12-15 in.	\$3.00
15 x 15 in. Ball shaped, B. & B.	4.50
18 x 18 in. Ball shaped, B. & B.	6.00

Rhododendron—RHODODENDRON

Beautiful shrub with thick, smooth, glossy, evergreen leaves; branches stiff and erect; flower clusters appear in early summer from very large terminal buds; corolla broadly bell-shaped.

The Rhododendron is a very effective plant used in masses or groups or near dark-foliaged evergreens. It is excellent for the shaded corner or on the north side of the house.

R. carolinianum—**CAROLINA RHODODENDRON.** Light rose flowers appearing in early May. Low, compact plant. Only one of the Rhododendrons that will tolerate a position in sunshine. 3-4 ft.

2-2½ ft.	\$6.00
2½-3 ft.	7.50
3-4 ft.	8.00

R. catawbiense—**CATAWBA RHODODENDRON.** Reddish purple flowers in late May: 4-6 ft.

2-2½ ft.	\$6.00
2½-3 ft.	7.50
3-4 ft. wide specimens	\$8.00-10.00

R. maximum—**ROSEBAY RHODODENDRON.** Flowers pale rose to nearly white, greenish in the throat. July. 6-10 ft.

2-2½ ft.	\$3.50
2½-3 ft.	4.00
3-4 ft.	5.00
4-5 ft.	7.50

HYBRID RHODODENDRONS—Named varieties, red, pink or lavender.

18-24 in.	\$5.00-\$7.00

Collected plants of native varieties in carload lots quoted on application.

A house is not a home until it has been planted

Shade and Ornamental Trees

Whether it be for shade or for ornament the Deciduous Tree is a necessity for the home grounds. In the wealth of their stately trees lies the beauty of many old homesteads. New homes without trees, which add to their desirability, comfort and value, stand out bare and repellant.

Flowering Trees also planted on the lawn give the home owner added delight during the Spring and Summer when they command admiration for wealth of gorgeous color.

Shade trees along its streets are the mark of a modern city. By beautifying avenues and tempering the hot rays of the summer sun they serve an ornamental as well as useful purpose.

Figures accompanying the various descriptions indicate the ultimate height which that particular variety will attain when grown to maturity.

10% Discount on 5 or More Trees of One Size and Kind.

Acer—THE MAPLES

The most extensively planted shade tree, popular for street, lawn and park uses. Will grow successfully almost anywhere. Hardy, vigorous grower, easily transplanted. Pleasing leaf forms, giving dense shade the entire summer and attractive autumn effects.

A. platanoides—**NORWAY MAPLE.** Handsome, round-headed tree with broad, smooth, deep green leaves, holding color till late in Fall, when they turn attractively golden. 50-75 ft.

8-10 ft.		\$3.50
10-12 ft., 1 1/4-1 1/2 in. cal.		4.00
10-12 ft., 1 1/2-1 3/4 in. cal.		4.50

18-22 ft., 5 -7 in. cal.		30.00-50.00

A. platanoides schwedleri—**SCHWEDLER PURPLE MAPLE.** Similar to Norway Maple, except leaves are deep purple while young, changing to dark green. Very attractive tree. 30-40 ft.

6- 8 ft.		\$4.00
8-10 ft., 1 -1 1/4 in. cal.		5.00

A. rubrum—**RED MAPLE.** Shade tree with dense round head. Very showy in autumn with gorgeous scarlet leaves. Do not confuse with Bloodleaf Japanese Maple. 40-60 ft.

6- 8 ft.		\$3.00
8-10 ft., 1-1 1/2 in. cal.		4.00
10-12 ft., 1 1/2-2 in. cal.		5.00
12-14 ft., 2-2 1/2 in. cal.		6.50

A. saccharum—**SUGAR MAPLE.** Handsome tree, upright and dense in growth; large leaves, assuming beautiful yellow or scarlet in fall. Best maple for street planting; higher headed and straighter in trunk than Norway Maple, which it very much resembles. 40-60 ft.

8-10 ft.		\$3.00
10-12 ft., 1 1/4-1 1/2 in. cal.		3.50
12-14 ft., 1 1/2-2 in. cal.		4.50
12-14 ft., 2 -2 1/2 in. cal.		6.00

A. saccharinum wierii—**WIER MAPLE.** Graceful, half-drooping habit; delicately cut leaves. Good for large lawns. 50 ft.

8-10 ft.		\$2.50
----------	-------	--------

The Norway Maple is generally recognized as one of the finest medium-sized trees for street planting or for single lawn specimens. It and the Sugar Maple are our best sellers for street and avenue planting.

A. palmatum—JAPANESE MAPLE

Very beautiful low growing trees or shrubs. Attractive as single specimens on the lawn or in masses. Most of them grow wider than high wherein lies their beauty and value. Will grow and retain color best in full sun, and a well-drained, rich soil.

A. palmatum atropurpureum—**BLOODLEAF JAPANESE MAPLE.** Leaves star-shaped, blood red in spring and early summer; in autumn assuming striking tints of red. 10-15 ft.

15-18 in., B. & B.		\$5.00
18-24 in., B. & B.		7.00

A. palmatum atropurpureum dissectum—**CUT LEAF BLOODLEAF JAPANESE MAPLE.** Wide growing; weeping habit; finely cut leaves, blood red in spring and early summer, assuming striking tints of red in autumn. 8-10 ft.

15-18 in., B. & B.		\$5.00
2-2 1/2 ft. high, 2-3 ft. wide, B. & B.		\$15.00-\$20.00

A. palmatum aureum—**SUNRISE MAPLE.** Dwarf; with handsome undivided foliage, softly shaded in gold; valuable for color tone in mixed planting. 6-8 ft.

2-2 1/2 ft., B. & B.		\$12.50

10% Discount on 5 or More Trees of One Kind and Size.

WEeping BIRCH

The attractive silvery-white bark, and gracefully drooping branches of the Weeping Birch make a strong appeal either in summer or in winter. Both for climax and contrast it makes a very good tree for the lawn.

Aesculus—HORSE CHESTNUT

An excellent shade tree with large, showy flower clusters. Prefers rather moist location.

A. hippocastanum—HORSE CHESTNUT. Fine, tall tree; large white flowers with yellow spots becoming crimson; fruit prickly. 30–40 ft.

4–5 ft. \$2.00

5–6 ft. 2.50

A. rubicunda—RED HORSE CHESTNUT. Compact, round-headed tree, particularly desirable for lawns because it is seedless; attractive pink flowers coming when other trees have ceased to bloom; bright green foliage. 20–30 ft.

10–12 ft. \$7.50

Betula—BIRCH

Highly colored bark, light, slender branches and airy foliage; pyramidal in form. Very ornamental lawn tree, attractive in winter as well as in summer. Transplants best in Spring.

B. alba—EUROPEAN WHITE BIRCH. Elegant tree with silvery-white bark and spray-like branches; assuming effective drooping habit; small triangular leaves. 40–50 ft.

5–6 ft., B. & B. \$2.50

6–8 ft., B. & B. 3.00

B. alba laciniata—CUT-LEAF WEEPING BIRCH. Silvery-white bark, drooping branches and finely cut, bright foliage. Graceful tree that will give distinction to any lawn. 30–40 ft.

5–6 ft., B. & B. \$4.50

6–8 ft., B. & B. 5.00

8–10 ft., B. & B. 7.00

B. lutea—YELLOW BIRCH. Smooth yellow bark, separating in thin layers. Leaves downy. Attractive in spring with its fruiting catkins, and a blaze of gold in autumn. 40 ft.

8–10 ft. \$3.50

B. nigra—RIVER BIRCH. Graceful tree with slender, very numerous branches; bark reddish-brown, or silvery gray on younger branches, separating into numerous thin, papery flakes; moisture loving. 40–80 ft.

10–12 ft. \$4.50

B. papyrifera—CANOE BIRCH. Cream-white trunk and loose, graceful head when older; papery bark, separating in ample sheets. Heart-shaped leaves, dull beneath and dark green above. 40–50 ft.

5–6 ft. \$2.50

6–8 ft. 3.00

8–10 ft. 3.50

10–12 ft. 5.00

Carpinus—HORNBEAM

C. caroliniana—AMERICAN HORNBEAM. Low, bushy tree, attractive on account of its handsome light green fruit clusters and dark, bluish-green foliage turning to a beautiful orange and scarlet in the fall. Useful for hedges or screens. 20–30 ft.

12–14 ft., 2–2½ in. cal. \$5.00

Catalpa—CATALPA

Ornamental trees with exceptionally large heart-shaped leaves. Will thrive in moist or shaded situations.

C. bign. nana—UMBRELLA CATALPA. Formal tree, with stem 5–7 ft. high on which is grafted a round and dense growing head, forming an attractive umbrella like roof of large leaves with slender, bare stems. Cut back severely early each Spring. 10 ft.

5–7 ft. stem, 1 year head \$3.00

5–7 ft. stem, 2 year head 4.00

5–7 ft. stem, 3 year head 5.00

C. speciosa—WESTERN CATALPA. Rapid growing, hardy tree with large, heart-shaped leaves; fragrant, white flowers, in large clusters, in June, followed by long, bean-like fruits. Sometimes called "Cigar Tree." 30–40 ft.

6–8 ft. \$1.25 | 8–10 ft. \$2.00

The formal appearance of the Umbrella Catalpa has made this tree a popular seller as a specimen plant for lawn beautifying.

The home to be loved, must be made lovely.

Cedrela—CEDRELA

C. sinensis—CHINESE CEDRELA. Rapid grower. Large, feathery foliage; white flowers in pendulous clusters. Ornamental tree valued for its handsome foliage. 30-40 ft.
16-18 ft., 2-2½ in. cal.\$6.00

Cercis—REDBUD

C. canadensis—AMERICAN REDBUD. Of pleasing form at all seasons. Conspicuous in early spring for its profusion of pinkish-red flowers before the leaves appear. Endures shade, but prefers light. 12-15 ft.
4-5 ft.\$1.50
5-6 ft. 2.00
6-7 ft. 2.50
7-8 ft. 3.00

Cladrastis—YELLOW-WOOD

C. lutea—YELLOW-WOOD. Beautiful tree with wide, graceful head and short trunk; cream-white, delicately fragrant, pea-shaped flowers in large drooping racemes; handsome foliage, turning bright yellow in fall. 25-30 ft.
6-8 ft.\$3.00
8-10 ft. 4.00

Cornus—DOGWOOD

Small ornamental tree for lawn decoration; pretty in border with Evergreens, or in masses. Spring flowers, followed by bright-red berries; attractive foliage.

C. florida—FLOWERING DOGWOOD. Showy white "flowers" in Spring before the leaves appear. Very handsome tree in Fall with brilliant scarlet berries and rich crimson foliage. 12-20 ft.
3-4 ft.\$2.00
4-5 ft. 2.50
5-6 ft. 3.00
6-8 ft. standard, B. & B. 6.50

C. florida rubra—REDFLOWERING DOGWOOD. Deep rose "flowers" make very impressive sight. Brilliant fall foliage. 12-18 ft.
2-3 ft., B. & B.\$4.00
3-4 ft., B. & B. 6.00

C. kousa—KOUSA DOGWOOD. Large white "flowers" of fine form in June and July, making pretty contrast with the bright green leaves; conspicuous cherry-like, scarlet fruits, attractive to birds. 12-18 ft.

3-4 ft.\$2.00
4-5 ft., B. & B. 3.50
5-6 ft., B. & B. 5.00
6-7 ft., B. & B. 6.50

Crataegus—THORN

Excellent small trees with beautiful, glossy-green foliage; showy and fragrant in their Spring bloom, and colorful in Fall by reason of the brilliance of the foliage. Ornamental red fruit long persisting.

C. coccinea—THICKET THORN. Showy with large scarlet fruit; smooth, sharply cut-toothed, large leaves; white flowers. 12-15 ft.
3-4 ft.\$1.50

C. cordata—WASHINGTON THORN. Brilliant Autumn foliage; white flowers, bright red fruit in fall and winter. 10 ft.
4-5 ft.\$2.00
8-10 ft. specimens, B. & B. 10.00

C. crusgalli—COCKSPUR THORN. Thick, deep green, glossy leaves; long, sharp thorns, attractive, white flowers; bright red fruit; useful for hedges. 10-12 ft.
3-4 ft., bushy plants\$2.50

C. oxycantha—ENGLISH HAWTHORN. Covered in Spring with fragrant, white flowers and in Fall with bright red fruit; bushy. 10 ft.
6-8 ft.\$5.00

C. oxycantha pauli—PAUL SCARLET THORN. Showy; numerous large, scarlet-crimson flowers. 12-15 ft.
4-5 ft.\$3.75
5-6 ft., B. & B. 4.50

HOW TO PLANT A TREE

Immediately on arrival of trees unpack carefully, protecting the roots from sun and air. Plant in holes dug much larger than the spread of the roots so that the latter can be carefully placed in their natural directions. Fill the hole with good surface-soil mixed, if possible, with one-fourth its bulk of well-rotted stable manure.

The tree should stand two inches deeper than it did in the nursery. Work the soil firmly under and about the roots. When the hole is two-thirds filled, water thoroughly to set soil about roots and furnish moisture to the tree in abundance. Complete the filling of the hole with soil, then mulch with strawy manure spread three inches deep over the whole area of the tree hole.

Before setting the tree trim the branches by removing three-fourths of last year's growth, using a sharp knife to make a clean cut.

WRONG WAY TO PLANT A TREE

RIGHT WAY TO PLANT A TREE

Trees, evergreens and large shrubs cannot be sent by Parcel Post.

The Purple Beech is classed among our best lawn trees. Its high color makes a pleasing contrast with the green of nearby trees.

Diospyros—PERSIMMON

- D. virginiana*—PERSIMMON. Symmetrical tree with beautiful, clean foliage and exceptionally attractive bark. Fruit edible after frost. 20–40 ft.
3–4 ft.	\$1.50
6–8 ft.	3.00

Fagus—BEECH

Dignified tree of handsome appearance for lawn or park planting. Branches sweep the ground. Symmetrical tree, with beautiful bark. Transplants best in Spring and requires severe pruning when transplanted.

- F. americana*—AMERICAN BEECH. Beautiful tree with dense round head; close and smooth, light gray bark. Branching close to ground, making handsome specimen tree. 40–50 ft.
5–6 ft., B. & B.	\$5.00
6–7 ft., B. & B.	6.00

F. sylvatica—EUROPEAN BEECH. More compact in habit than *F. americana* and smaller leaves, particularly beautiful in their Spring coloring; branches close to ground. 40–50 ft.

4–5 ft., B. & B.	\$4.00
6–7 ft., B. & B.	6.00
7–8 ft., B. & B.	8.00
8–10 ft., B. & B.	10.00

F. syl. heterophylla—FERNLEAF BEECH. Graceful small tree of distinctive, finely divided foliage. Compact growth, retaining lower branches and leaves. 20 ft.

5–6 ft., B. & B.	\$10.00
6–7 ft. specimens, B. & B.	\$15.00–18.00

F. syl. riversi—RIVERS PURPLE BEECH. Beautiful low-branched tree of intense color; large dark, crimson purple leaves holding their color well throughout season. Best purple-leaved tree for lawn planting. 35–40 ft.

10–12 ft., B. & B.	\$25.00–\$30.00
12–14 ft., B. & B.	30.00–35.00

(All are low-branched specimens.)

Fraxinus—WHITE ASH

F. americana—WHITE ASH. Handsome, rapid-growing, broad-headed tree; straight, clean trunk; smooth gray bark; attractive, soft mellow-green leaves, downy beneath. Sun's rays playfully sport on greensward below due to open foliage effect. Good for street planting, parks or large lawns.

10–12 ft.	\$2.50
12–14 ft., 1½–2 in. cal.	3.00
14–16 ft., 2–2½ in. cal.	4.00

Ginkgo—GINKGO TREE

G. biloba—MAIDENHAIR TREE. Picturesque, pyramidal tree with clean, straight trunk, and fan-shaped, Maidenhair Fern-like leaves; immune from insects; widely used as street and park tree on account of its fine upright habit. 50 ft.

8–10 ft.	\$3.00
10–12 ft., 1¼–1¾ in. cal.	4.50
10–12 ft., 1¾–2 in. cal.	6.00

Gymnocladus—COFFEE TREE

G. dioica—KENTUCKY COFFEE TREE. Graceful, open headed tree; free from diseases or insects. Immense blue-green leaves. White flowers in open racemes, followed by interesting fruit-pods, persisting through the winter; useful for bold plantings by reason of its picturesque outline. 40 ft.

6–8 ft.	\$2.50
---------	--------

Lawns and Streets Must Have Trees to be Beautiful

A single tree may give character to an entire home property as you have frequently observed. A place of any size that does not have at least one good tree usually lacks any dominating landscape note.

Streets devoid of good trees cannot be the best residential section, and a park that lacks well-grown trees is either immature or barren.

Since most home places can have but few trees and since they require so many years to mature it is natural that the home maker should carefully make his selection of varieties and plant large sizes to reduce the period of waiting for their benefits.

The trees listed and described in our catalog any home maker or planter can depend upon will give the lawn or street a much richer expression, as we offer only those kinds which a wide experience shows are the best that can be planted. Dependable trees are what we aim to furnish.

Be particular to give size and price when writing order.

The White Ash is one of our most majestic trees and is equally adapted to lawn or street planting. For description and prices, see page 18.

Hicoria—HICKORY

Large, straight-trunked trees, valued for nuts and timber. Excellent for picturesque effects.

H. pecan—PECAN. Rapid grower; leaflets 13-15; nuts delicious. 60-90 ft.

5-6 ft. \$2.75

Juglans—WALNUT

Impressive, broad headed trees of fairly rapid growth; prized for their ornamental value as well as their edible nuts.

J. cinerea—BUTTERNUT. Oblong nuts, with four rugged ridges, pointed at one end; contains sweet and oily kernel. Medium size, open growth. 30-40 ft.

4- 5 ft. \$1.25
5- 6 ft. 1.50
6- 8 ft. 2.00
8-10 ft. 2.50
10-12 ft. 3.00

J. regia—PERSIAN WALNUT. Smooth, thin-shelled nuts, commonly known as ENGLISH WALNUT; very delicious. Handsome round-headed tree; large bright green leaves. 60-80 ft.

3-4 ft. \$2.00

Koelreuteria—GOLDENRAIN TREE

K. paniculata—GOLDENRAIN TREE (Varnish Tree). Pretty medium-sized lawn tree; handsome light-green compound leaves turning rich, golden brown; small yellow flowers in large terminal, upright panicles appearing in summer followed by conspicuous bladder-like pods. 30 ft.

6- 8 ft. \$3.00
8-10 ft. 4.50

Laburnum—GOLDENCHAIN

L. vulgare—GOLDENCHAIN. Handsome small tree; dark green leaves falling late in autumn, long graceful chains of bright yellow, pea-shaped flowers in late Spring; will grow in part shade; insect and disease resistant. 12-14 ft.

3-4 ft. \$1.50
4-5 ft. 2.50

Larix—LARCH

L. europae—EUROPEAN LARCH. Low-branching, deciduous, evergreen-like tree; branches slender, tips pendulous. Very attractive in early spring, when the bright green, needle-like foliage is studded with purplish pistillate flowers; rapid growing. 50-60 ft.

3- 3½ ft. \$3.00

Liquidambar—SWEET GUM

L. styraciflua—SWEET GUM. Symmetrical tree with conical crown, leaves maple-like and glossy, fragrant when bruised, changing to brilliant crimson in fall. Fine for lawns and avenues. Prune severely when transplanting. 50-75 ft.

8-10 ft., B. & B. \$5.00
10-12 ft., 2-2½ in. cal., B. & B... 7.50

Liriodendron—TULIP TREE

L. tulipifera—TULIP TREE. Very handsome pyramidal tree; tulip-like flowers, yellow with orange and green, in profusion in late Spring. Plant in Spring and prune closely. 50-75 ft.

6- 8 ft. \$1.50
8-10 ft. 2.00
10-12 ft. 2.50
12-14 ft., 2-2½ in. cal. 4.00

When to Plant

Deciduous Trees, Shrubs and Vines. From the time the ground opens in the Spring until the plant starts to make growth, and again from the time the wood is ripened and the leaves begin to fall in the Autumn until the ground is frozen. (March 15 to May 15, and Oct. 1 to Dec. 10.)

Coniferous and Broad-leaved Evergreens. After abundant rains of August to late Fall, and in the Spring until the new growth starts. (April 1 to June 15 and August 1 to November 30.)

Perennials. Spring or Autumn. (April 1 to June 1 and Sept. 1 to Nov. 30.)

Grass Seed. Spring or Autumn. (March 25 to June 1 and Aug. 1 to Oct. 1.)

Allow 5 to 10 days for filling orders received during the shipping season, as orders are filled in rotation. ORDER EARLY.

Water your plants frequently and always copiously.

Magnolia—**MAGNOLIA**

Extremely attractive lawn trees; their large leaves and solitary, but conspicuous, fragrant flowers in lavish profusion, giving a somewhat tropical appearance. Transplant best in Spring. Balled and burlapped at no extra charge.

American Magnolias

Among the most beautiful trees native to this country. Flowers appear after the leaves.

M. glauca—**SWEETBAY**. Handsome, small tree with large, globular, creamy white, and very fragrant flowers 2-3 in., across; fruit pink and showy; long, glossy leaves. 20 ft.

3-4 ft., B. & B. \$5.00

M. tripetala—**UMBRELLA MAGNOLIA**. Low tree; immense leaves, smooth and green both sides, crowded in umbrella-like clusters; large white flowers, surrounded by spray of leaves. Very beautiful fruit, a rose colored, cone-like mass in Autumn. Will stand shade. 30-40 ft.

6-8 ft., B. & B. \$4.00

8-10 ft., B. & B. 5.00

10-12 ft., B. & B. 7.00

Oriental Magnolias

Flowers appear before the leaves. These varieties retain lower branches, bloom in greater profusion, and are more dwarf in growth than the preceding.

M. soulangeana—**SAUCER MAGNOLIA**. One of the hardiest and most popular; showy flowers, pink outside, white within; dense, glossy foliage.

3-4 ft., B. & B. \$7.50

4-5 ft., B. & B. 10.00

The Magnolia is one of the most attractive, ornamental lawn trees that can be planted. Very conspicuous tree when in bloom in the Spring.

A handsome, ornamental tree, covered with fragrant flowers resembling small shell-pink roses is the Bechtel Crab shown above.

Malus—**FLOWERING CRAB**

Attractive little trees covered in Spring with fragrant flowers, followed by yellow or orange fruit.

M. floribunda—**JAPANESE FLOWERING CRAB**. Distinguished for its very profuse rose-colored bloom, 1-1 1/4 in. across, appearing with the foliage; followed by bright red fruit. 10-15 ft.

4-5 ft. \$3.00

6-8 ft. 5.00

M. flori. atrosanguinea—**CARMINE CRAB**. Rich, fadeless deep carmine flowers in profusion. 10-15 ft.

4-5 ft. \$3.00

5-6 ft. 4.00

M. ioensis plena—**BECHTEL CRAB**. Large, double, fragrant flowers, delicate shell-pink, resembling small roses. 10-15 ft.

4-5 ft. \$4.00

5-6 ft. 5.00

M. purpurea—**PURPLE CRAB**. Reddish-purple foliage; carmine flowers in profusion. 10-15 ft.

6-8 ft. \$5.00

M. scheideckeri—**SCHEIDECKER CRAB**. Small tree of pyramidal habit, producing abundantly of large semi-double, tinged pink flowers. 10-12 ft.

4-5 ft. \$3.00

5-6 ft. 4.00

6-7 ft. 5.00

Morus—**MULBERRY**

M. alba pendula—**TEA'S WEEPING MULBERRY**.

Grafted on straight stem, its drooping branches densely covered with deep-green leaves completely hide the stem and sweep the ground. 8-10 ft.

5-6 ft. stem, 1 yr. head. \$3.50

5-6 ft. stem, 2 yr. head. 5.00

Save 10% by ordering five or more plants of one kind and size.

**NO ADDED CHARGE
FOR PACKING**

—except for large trees

The prices given in this catalog include the cost of packing and delivery to freight or express office at Lancaster, Pa. (except large trees over 3 inches in caliper which if called for or shipped by truck or carload will be packed free, but if packed for shipment by express or freight in less than carload lots packing will be charged at cost only).

Some nurseries charge packing on every item sold, the charge being unknown to the customer until billed, but we believe the prospective planter wants to know as nearly as possible the ultimate cost of stock so we do not give quotations with an unknown quantity to be added. When placing your order do not overlook this matter which is of importance to you.

Platanus—**PLANETREE**

P. orientalis—**EUROPEAN PLANETREE**. Beautiful tree good for use in the smoky atmospheres of cities; large head of bright green, maple-shaped foliage. Attractive in Winter with its smooth creamy-white bark mottled by dark blotches of older bark, which peels off in thin plates.

One of our best street trees; hardy, rapid growing; not troubled by insects of any kind or leaf blight; retains foliage until late in the fall. 50–60 ft.

6– 8 ft.	\$2.75
8–10 ft., 1¼–1½ in. cal.	3.25
10–12 ft., 1½–2 in. cal.	4.00
12–14 ft., 2–2½ in. cal.	5.00
14–16 ft., 2½–3 in. cal. specimens.	6.50

Prunus—**FLOWERING CHERRIES AND PLUMS**

Highly ornamental, low-growing, picturesque trees of exquisite color and fragrance; especially adapted to both individual and group planting.

FLOWERING CHERRIES

P. serrulata sachalinensis—**YAMA CHERRY**. Single form of the rose-flowering variety. 20–25 ft.

4–5 ft.	\$3.50
5–6 ft.	5.00

P. ser. sach. veitchii—**VEITCH FLOWERING CHERRY**. One of the handsomest of the Flowering Cherries, with double, rose-pink flowers. 20–25 ft.

4–5 ft.	\$8.00
--------------	--------

P. subhirtella pendula—**WEeping JAPANESE CHERRY**. Clothed in May with profusion of pink flowers in small clusters on drooping branches almost touching the ground. 15–20 ft.

5–6 ft. stem, 1 year head	\$5.00
5–6 ft. stem, 2 year head	7.00

For city planting there is no tree superior to the European Plane Tree here shown, as it is not only a handsome shade tree, but one best adapted to withstand unfavorable conditions of city planting.

Populus—**POPLAR**

P. nigra italica—**LOMBARDY POPLAR**. Picturesque, narrow-pyramidal tree of quick growth; desirable for landscape effects and screens; holds its green foliage late into the autumn. 40–60 ft.

	Ea.	Per 10
6–8 ft.	\$1.25	\$10.00
8–10 ft., 1 –1¼ in. cal.	1.50	12.50
10–12 ft., 1¼–1½ in. cal.	2.25	20.00

FLOWERING PLUMS

P. triloba—**DOUBLE FLOWERING PLUM**. Upright in growth; slender branches completely covered with double pink flowers before leaves appear. Foliage green. 6–10 ft.

2–3 ft.	\$1.00
--------------	--------

P. pissardi—**PURPLELEAF PLUM**. Bright purple leaves holding their color all Summer. Dark wine-red flowers in profusion. Prune every year for best color effect. 8–10 ft.

3–4 ft.	\$1.50
4–5 ft.	2.00

Trees, evergreens and shrubs over 18 inches high cannot be sent by Parcel Post.

As a shade, park or avenue tree the Pin Oak, on account of its rapid growth, beautiful form, and glorious autumnal foliage, deserves to be planted extensively.

Quercus—OAK

Majestic trees, valued for strength and beauty of form, desirability as shade trees for streets, lawns and parks. Prune severely when transplanting.

Q. alba—WHITE OAK. Noble tree with light gray bark and broad, open head; foliage a beautiful red purple in the Fall. 75–100 ft.

5–6 ft.	\$2.50
6–8 ft.	3.50

Q. palustris—PIN OAK. Rapid growing, handsomely formed tree, with symmetrical, pyramidal head. Glossy green leaves turning beautiful crimson in Autumn. 40–60 ft.

6–8 ft.	\$3.50
8–10 ft., 1¼–1½ in. cal.	4.50
10–12 ft., 1½–1¾ in. cal.	5.50
10–12 ft., 1¾–2 in. cal.	6.50
12–14 ft., 2–2¼ in. cal.	7.50
12–14 ft., 2¼–2½ in. cal.	8.50
14–16 ft., 2½–3 in. cal.	10.00
16–18 ft., 3½–4 in. cal.	12.00
20–24 ft., 4–5 in. cal.	\$20.00–30.00

Larger specimens quoted on request.

Q. rubra—RED OAK. Large, open-topped tree, attractive for its smooth bark, straight branches and the Autumn coloring of its leaves. Considered one of the best shade trees for city use. 50–75 ft.

6–8 ft.	\$3.50
8–10 ft.	4.00
10–12 ft., 1½–1¾ in. cal.	5.00
12–14 ft., 1¾–2 in. cal.	6.00
14–16 ft., 2–2½ in. cal.	7.50

Salix—WILLOW

Rapid growing trees desirable for interesting habit and foliage. Of distinctive form, making pleasing contrast with other trees. Must not necessarily be planted near water.

S. babylonica—WEeping WILLOW. Pretty as single specimen to contrast with upright trees and particularly attractive near water; branches olive-green, slender and drooping. 30–40 ft.

5–6 ft.	\$1.50
6–8 ft.	1.75
8–10 ft.	2.50
10–12 ft., 1½–2 in. cal.	4.00

S. caprea—GOAT WILLOW. Especially attractive for fur-covered blossoms along the branches before the leaves in early spring, when the branches are frequently cut for interior decoration. 10–12 ft.

3–4 ft.	\$0.85
6–8 ft.	1.50

S. pentandra—LAUREL-LEAVED WILLOW. Beautiful tree; chestnut-colored bark; large, glossy, dark-green leaves of same hue on both sides; handsome golden-yellow catkins. 20–30 ft.

5–6 ft.	\$1.00
6–8 ft.	1.25

S. vitellina pendula—WEeping GOLDEN WILLOW. Weeping habit similar to *S. babylonica*, except branches are yellow; a very attractive tree for specimen use. 25–30 ft.

6–8 ft.	\$1.75
8–10 ft.	2.50

Sorbus—MOUNTAIN ASH

S. aucuparia—EUROPEAN MOUNTAIN ASH. Handsome round-headed tree, with graceful compound leaves, turning orange-red in fall; attractive white flowers in May, followed by showy clusters of bright red berries, often remaining on the branches throughout winter. 20–40 ft.

5–6 ft.	\$2.00
6–8 ft.	2.50

Taxodium—BALD CYPRESS

T. distichum—BALD CYPRESS. Stately, pyramidal tree; bright brown bark; graceful light green, feathery foliage. Very ornamental. 20–25 ft.

10–12 ft.	\$4.00
-----------	--------

The graceful Weeping Willow, with its drooping branches, gives a picturesque charm to any landscape; always attractive planted singly on the lawn or near water.

10% discount allowed on five or more trees of one kind and size where quantity rates are not given.

Tilia—LINDEN

One of our most attractive and fast growing shade trees for lawn, park or avenue planting. Produces beautiful, sweet smelling flower, and is rarely attacked by fungi. Of fine, straight growth and symmetrical outline.

T. americana—AMERICAN LINDEN. Stately tree with round, dense head. Large, smooth, glossy, rich green leaves with yellow twigs; fragrant, yellow flowers. 50-60 ft.

8-10 ft., 1 -1½ in. cal.	\$3.50
10-12 ft., 1½-2 in. cal.	4.00
10-12 ft., 2 -2½ in. cal.	5.00
12-14 ft., 2½-3 in. cal.	6.00
16-18 ft., 4½-5 in. cal.	\$20.00-25.00

T. vulgaris—EUROPEAN LINDEN. Fine, conical tree of dense and compact growth; red bark and deep green, pubescent leaves, smaller than those of the American Linden.

8-10 ft.	4.00
10-12 ft., 2 -2½ in. cal.	7.50
12-14 ft., 2½-3 in. cal.	10.00

Ulmus—ELM

Graceful, majestic tree, not only beautiful in Summer when its far-spreading limbs are covered with dense foliage, but also in Winter when the little twigs and branches, and the massive trunk and limbs stand out against the sky. Fine for avenues, parks and near homes owing to its extreme high arch. Prefers moist soil.

U. americana—AMERICAN ELM. Long, ascending branches, gradually spreading; drooping slender branchlets. Leaves smooth on upper surface. 60-80 ft.

8-10 ft., 1 -1½ in. cal.	\$3.00
10-12 ft., 1½-1¾ in. cal.	4.00
10-12 ft., 1¾-2 in. cal.	5.00
12-14 ft., 2 -2½ in. cal.	6.00
14-16 ft., 2½-3 in. cal.	8.00
14-16 ft., 3 -4 in. cal.	\$10.00-12.00

U. glabra—SCOTCH ELM. Broad, round-topped head, spreading branches, making it a highly desirable street and shade tree; bark remaining smooth for many years; young branches downy; leaves very short stemmed, 3-6 in. long. 50-75 ft.

14-16 ft., 2½-3 in. cal.	\$8.00
18-20 ft., 3 -3½ in. cal.	10.00
18-20 ft., 3½-4 in. cal.	\$12.00-15.00

U. glabra camperdownii—CAMPERDOWN WEEPING ELM. Unique, drooping tree, making zigzag growth outward and downward, until leaves touch ground, forming complete arbor from graft 6 ft. above ground. 10-15 ft.

5 ft. stems, 1 yr. head.	\$3.50
5-6 ft. stems, 2 yr. head.	5.00

U. molinei—MOLINE ELM. Attractive Elm of pyramidal growth somewhat like a Lombardy Poplar; rapid and erect in growth, older trees becoming more spreading.

8-10 ft.	\$3.50
10-12 ft., 1½-2 in. cal.	5.50

The fine symmetrical outline of the American Linden makes it one of the most desirable trees for lawn, park or avenue. It is fast growing and beautifully leaved. Rarely attacked by insects.

VALUE IN TREE PURCHASES

Comparison in tree values should not be based on height alone. A better measure of value is in caliper—the diameter of the trunk 1 ft. above the ground. This is a better representation of age and stockiness than mere height often gained in spindly growth at the expense of the vitality of the tree.

Trees for Special Purposes

Street and Avenue Planting

American Ash, American Elm, Scotch Elm, American Linden, Pin Oak, Red Oak, Norway Maple, Sugar Maple, Maidenhair Tree, European Plane.

Beauty of Autumn Foliage

Red Maple, Sugar Maple, Dogwood, Red Oak, White Oak, Sweet Gum, Tulip, Thorn, White Ash, Hickory.

Flowering Effects

Dogwood, Red Bud, Horse Chestnut, Magnolia, Flowering Crab, Hawthorn, Red Maple, Goat Willow, Flowering Cherry, Flowering Plum.

Colorful Fruiting Effects

Red Maple, Dogwoods, Thorns, European Mountain Ash, Flowering Crabs, Umbrella Magnolia, Corktree, Flowering Cherries.

Water your plants frequently and always copiously.

Flowering Shrubs for any Purpose

Shrubs are the "decorative furnishings" for the home grounds, and without this important feature no home grounds can be complete. In the diversity of their foliage and bloom the possibilities of a shrub planting are practically unlimited.

"Will Grow" Shrubs are sturdy, well-rooted plants with a bushy top of numerous branches. They have been nurtured long enough in our nurseries to gain size and vigor, so that they will prove particularly dependable and desirable.

How to Plant Shrubs to Obtain Best Results

Cut the tops back about one-half or one-third before planting. Be careful not to have roots exposed to air or sun at any time.

The important point in planting is to have the hole large enough to accommodate the roots without crowding, and to get the soil well worked in among the roots. Space the larger growing Shrubs 4-5 ft., apart, medium growers, 3-4 ft., low growers, 2-3 ft.

After planting always water abundantly and apply a mulch to serve as a protective covering.

Barberry and Privet—Leading Hedge Plants

When planning a Hedge to enjoy its picturesque effect instead of the unsightliness of the ordinary artificial fence, one naturally thinks of Barberry or California Privet.

Estimate 18 inches as the distance between plants for a Barberry hedge, 6 inches for California Privet, the latter to be cut to within 6 inches of the ground immediately after planting.

The varieties of Barberry and Privet listed below can be used to advantage planted in groups and as specimens as well as for Hedges.

<i>Berberis thunbergii.</i> Japanese Barberry.				
	Each	10	100

Red-Leaved Japanese Barberry

(A New Introduction.)

B. thun. atropurpurea. **RED-LEAVED JAPANESE BARBERRY.** Differs from Japanese Barberry in the richness of its lustrous, bronzy-red foliage, becoming more brilliant and gorgeous throughout the summer; in the Fall changing to vivid orange, scarlet and red shades. Has the same brilliant scarlet berries common to Japanese Barberry. Useful for mixing in the shrubbery border, as single specimens, for planting in clumps on the lawn, or for foundation plantings and hedges. Plant in sunny location for best results.

	Each	10	100
Strong 1 yr. plants	\$0.75	\$6.25	\$50.00
Heavy 2 yr. plants..	1.00	8.35	75.00

2 Year Field-Grown Roses

Best results with Roses—both in vigor of plants and profusion of flowers—follow the use of 2 year Hardy Field Grown plants.

Barr's "Will Grow" 2 yr. Roses have been specially prepared to give these results. They are field-grown, and in the fall are carefully dug and placed in pots in which they are stored in cold frames over Winter.

Developing in a natural way they become far superior to those which are forced into a weakened and tender growth under artificial heat.

"Will Grow" 2 yr. Roses are budded or grafted plants which all who have had experience with Roses will attest are stronger plants and bloom better than Roses on their own roots. They will seldom develop wild shoots if planted deep—placing the graft beneath the surface of the ground. Fully as permanent and hardy as own root Roses, all varieties succeed equally as well. This cannot be said for own root Roses, many of the finest varieties being a disappointment when grown on their own roots.

CULTURE OF ROSES

While roses delight in a sunny exposure, a location giving some shade during the heat of the day will be ideal. Any ordinary soil, fertilized with well-rotted stable manure or bone meal, is adapted to Rose growing, providing there is good drainage, as Roses object to wet feet. The soil should be made friable to a depth of eighteen inches.

Set the Hybrid Teas eighteen inches and Hybrid Perpetuals two feet apart, planting an inch deeper than they originally stood. The soil immediately about the roots should be compact. A top dressing of bone meal or well-rotted manure twice a month during the growing season will improve both flowers and fragrance.

Some pruning of the Hybrid Teas during the Summer is useful to encourage growth and flowers. The stronger branches that have flowered may be cut back one half or more. With the Hybrid Perpetuals all vigorous branches should be cut back one-half after the June bloom to produce new shoots for Fall flowering, and also make good bottoms for next year's growth. The rule in trimming all cane bearing roses is to cut back weak growing kinds severely; strong growers moderately.

Insects can be combatted by very forceful sprays of clear water, morning and evening; mildew, by sulphur dusting or spraying; black leaf-spot, by spraying with bordeaux mixture at intervals of ten days.

In the late fall (just before the ground freezes) hill up the earth eight inches around the plants, adding three inches of rotted manure and litter.

HYBRID TEA ROSES

(MONTHLY BLOOMING)

Hybrid Teas are the most popular of the Roses, being valued for both cutting and bedding.

Betty Uprichard. Carmine buds opening to salmon shade. Fine, long petals holding color in all sorts of weather.

Chateau deChos. Vongert. Brilliant scarlet, changing to dark velvety crimson; fragrant; double; profuse.

Columbia. Bright pink, deepening as it opens; fragrant, large flowers.

The Columbia Rose is one of the most popular of the Hybrid Teas. Of vigorous habit and exceptionally free blooming.

Eldorado. Yellow, shaded copper.

Francis Scott Key. Rich crimson-red; very large double flowers; free bloomer on long stems; good lasting qualities.

Frank Dunlop. Brilliant deep rose-pink, very double and fragrant.

General-Superior Arnold Janssen. Deep carmine-red; large, full and fragrant.

Golden Emblem. Large, perfect-shaped, golden yellow; fragrant; foliage leathery, glossy; dependable and abundant bloomer.

Gorgeous. Light yellow, overspread with copper and orange in vivid hues.

Gruss an Teplitz. Beautiful, clear crimson scarlet; strong grower; sweet scented.

H. V. Machin. Intense rich scarlet crimson; large flowers on strong stems.

Hoosier Beauty. Glowing crimson scarlet; sweetly fragrant; strong grower.

Independence Day. Flaming yellow buds, shaded copper and brown, opening to light orange-pink.

Jonkheer J. L. Mock. Petals silvery, rose-white inside, carmine-pink outside; dependable; large; fragrant.

Kaiserin Auguste Viktoria. Creamy-white, large blooms on long stems; fragrant.

Konigin Carola. Satiny rose, reverse of petals silvery white; long pointed buds; full blooms; continuous bloomer.

Lady Alice Stanley. Broad, pale flesh petals, reverse side deep coral-rose. Large; fragrant, dependable.

Lady Hillingdon. Deep apricot-yellow; long-pointed buds; free bloomer.

Lady Pirrie. Semi-double flowers with frilled petals, varying in color from coppery faun to pale pink.

For Roses sent by mail please add 5% for postage.

The White Killarney Rose—one of the really good, pure white garden roses. A white sport of the original Killarney.

La France. Satiny pink. An old but favorite variety.

Laurent Carle. Brilliant velvety carmine; fragrant; continuous bloomer.

Legion. Bright cerise-red; strong grower; large, full flower.

Los Angeles. Luminous flame-pink, toned coral, shaded translucent gold at base; fragrant.

Miss Lolita Armour. Chrome yellow near the base, inside and out; with orange, copper and salmon shadings; large, double, fragrant flowers.

Mme. Alexander Dreux. Lovely shade of orange-yellow.

Mme. Butterfly. Bright pink, suffused with apricot and gold; deliciously fragrant.

Mme. Caroline Testout. Brilliant satiny-rose, deepening at center and bordered with silvery rose.

Mme. Edouard Herriot. Coral red, shaded with yellow and bright rosy-scarlet; bright green, glossy foliage.

Mme. Leon Pain. Silvery flesh color, with orange-yellow center; large, well-formed, sweet-scented; on long strong stems; vigorous, free and continuous bloomer.

Mrs. Aaron Ward. Indian-yellow, shading to lemon cream; deep golden heart; fragrant.

Mrs. Arthur Robert Waddell. Long-pointed rosy-scarlet buds, opening coppery-salmon.

Mrs. Charles E. Russell. Rosy-carmine, with rosy scarlet center.

Mrs. Harold Brocklebank. Long pointed buds flushed salmon-pink, opening to perfectly formed, large, creamy-white flowers.

Mrs. S. K. Rindge. Yellow, suffused with soft pink.

Ophelia. Brilliant salmon-flesh, shaded rose; heart of glowing peach-pink and orange.

Radiance. Beautiful, light silvery-pink to salmon pink. Most dependable pink; large and fragrant.

Red Radiance. Beautiful deep-red form of the Radiance.

Souvenir de Claudius Pernet. Beautiful, pure sunflower-yellow, deeper in center; an extraordinary yellow rose.

Souvenir de Georges Pernet. Brick red buds, opening to terra-cotta pink.

Sunburst. Rich yellow, with orange-yellow center, giving excellent imitation of a real sunburst.

White Killarney. Pure white flowers, borne in great abundance.

White Maman Cochet. White, with a faint pink flush enhancing its beauty.

William R. Smith. Creamy white, suffused with bright rosy pink.

Willowmere. Long-pointed coral red buds, developing into large flowers of a rich shrimp-pink, shaded yellow in the center.

PRICES. Any of the foregoing Monthly Blooming Roses in strong 2-yr. field-grown plants, \$1.00 ea., \$4.50 per 5 or more of one variety.

1 Rose Plant Free

With every order for 2-yr. Field-Grown Rose Plants amounting to \$10.00 or more, we will give you FREE one plant of our selection.

BARR'S 1 YR. OWN-ROOT MONTHLY BLOOMING ROSES

The varieties we offer include only those that will grow satisfactorily on their own roots.

These are extra strong 1-yr. plants from 3 in. pots which insures better root systems than the 2½ in. size usually sold as 1-yr. plants.

We begin filling orders May 1 to May 10, but advise early ordering, since orders are filled in rotation as received.

Columbia, peach-blow pink.
Gruss an Teplitz, dazzling fiery crimson.
Jonkheer J. L. Mock, clear pink.
Kaiserin Auguste Viktoria, white.
Lady Pirrie, apricot yellow.

Laurent Carle, velvety carmine.
Mme. Butterfly, pink and golden.
Radiance, rosy-carmine.
Red Radiance, pure red.
William R. Smith, creamy white.

Any of the above 40c. each; 6 for \$2.00; 14 for \$4.00 postpaid.
All 10 different varieties \$3.00 postpaid.

For Roses sent by mail please add 5% for postage.

HYBRID PERPETUAL ROSES

Larger, fuller, more hardy and more fragrant than other Roses; a wonderful display in June, and often blooming in late Summer or early Fall.

Anne de Diesbach. Pink, long pointed buds.

Frau Karl Druschki. Immense, pure white, perfectly double flowers.

General Jacqueminot. Brilliant scarlet-crimson; fragrant, perfect flowers.

George Arends. Rose-pink, large and fragrant; sometimes called the Pink Druschki.

George Dickson. Velvety black-crimson; reverse veined deep crimson-maroon; shapely; fragrant.

J. B. Clark. Deep scarlet, shaded blackish-maroon; sweetly fragrant.

Mrs. John Laing. Beautiful soft pink; low-growing, profuse bloomer.

Mrs. R. G. Sharman Crawford. Deep rosy-pink; large, perfect flowers.

Paul Neyron. Largest of all Roses, some 6 inches in diameter; fragrant, clear pink; strong grower.

Soleil d'Or. (Sun of Gold). Mixture of reddish gold, orange yellow and pink; large flowers.

Ulrich Brunner. Brilliant cherry-red; large and fragrant.

PRICE. Any of the above in strong 2-yr. Field-Grown Roses only 75c. each; \$3.25 per 5 or more of one variety.

HARDY CLIMBING ROSES

Useful for covering porches, trellises, arbors, fences, walls and banks. Prune only after flowering.

American Pillar. Immense clusters of single, bright-crimson flowers, with clear white eye.

Christine Wright. Beautiful wild-rose-pink, large, semi-double flowers in great profusion.

Climbing American Beauty. Rich carmine flowers, 3-4 inches across, in great abundance.

Dorothy Perkins. Clear cherry-pink; slightly fragrant; double flowers of fluffy appearance, in profusion.

Dr. Huey. Beautiful dark crimson-maroon; 2 in. flowers in clusters covering the plant, and lasting about three weeks.

Dr. W. Van Fleet. Best climbing rose. Long-pointed deep pink buds, opening a lighter shade of pink; large and fragrant.

Emily Gray. Long pointed, slender, golden-yellow buds opening to deliciously fragrant, buff-colored flowers; one to ten blooms to a truss.

Gardenia (Hardy Marechal Niel). Golden-yellow buds changing to creamy-white; glossy, deep green foliage.

Hiawatha. Single, crimson, shading white flowers in clusters.

Mary Wallace. Bright clear rose-pink with salmon base, very free- and large-flowering.

Paul's Scarlet Climber. Vivid scarlet, shaded crimson; semi-double flowers in clusters, borne in profusion.

Philadelphia. Pure, deep crimson, double flowers in great clusters; extra fine.

Silver Moon. Large, semi-double, silvery-white and creamy flowers in great profusion; rich dark-green foliage.

Tausendschon (Thousand Beauties). Cherry-pink buds, opening to very double flowers of softer shades; very distinctive.

PRICE. Any of the above in strong 2-yr. Field-Grown Roses only 75c. each; \$3.25 per 5 or more of one variety.

Tausendschon, as can be seen from the picture above, really merits its name of "Thousand Beauties."

POLYANTHA or "BABY" ROSES

Bear an abundance of clusters of small, perfectly formed flowers. They make ideal bedding plants, their heights seldom exceeding 15-20 in.

Cecil Brunner (Sweetheart). Bright rose with yellowish centers, fragrant double flowers.

Ellen Poulsen. Bright cherry-pink, fragrant flowers in compact clusters.

George Elger. Golden-copper, turning to clear yellow; seemingly everblooming.

Katharine Zemet. Large clusters of small, double, pure white flowers.

La Marne. Bright salmon-rose; rosy-blush inside; constant and abundant bloomer.

PRICE. Any of the above in strong 2-yr. Field-Grown Roses only 75c. each; \$3.25 per 5 or more of one variety.

1—Red Radianee. Deep red.

2—White Killarney. Pure white.

2—Wm. R. Smith. Cream.

All big 2-yr. plants guaranteed to grow and bloom first summer. Too large for parcel post.

Rich in color, attractive in form, and beautiful in foliage the Peony very appropriately has been called "King of Spring Flowers." Equaling in beauty, coloring and delicacy the finest roses, many of the fragrant varieties have the true rose odor.

Peonies are remarkably easy to grow, perfectly hardy, free from the many diseases and insects that attack so many plants, and will bloom year after year without renewal, if the soil is well prepared and fertile. Strong roots give some bloom the first year, but full and perfect blooms should not be expected before the second or third year.

Peonies can be planted in every conceivable place—as single specimens, in large or small beds, against shrubs or in long rows bordering walks and drives. Grandest effects are always produced by mass plantings.

The Peonies we list are all our own growing, are true to name, and have been tried out in our nurseries at least three years. We supply only good, vigorous roots with strong eyes, which insures power to grow.

PEONY CULTURE

An abundance of plant food and moisture are essential to success with Peonies as they are strong growers and produce many enormous flowers. As the plants grow and bloom top dress with bone meal between, but not on, the plants. Plant 3½-4 ft. apart and cover the crown bud under two or three inches of soil. We advise August, September and October planting, although planting can also be done in the early Spring. Mulch in the Fall.

WHITE

I. EARLY.

Duc de Wellington. Very large, well formed sulphur-white bloom; ideal habit; strong grower; very fragrant. 75c. ea.

Duchesse de Nemours. Sulphur-white with greenish reflex, fading to pure white; fine for cut flowers. 75c. ea.

Prices given on Peonies are for strong 3 to 5 eye blooming-size roots.

Iris — "The Poor Man's Orchid"

Incomparable for its beauty of soft iridescence of color revealed when you look into its heart, the Iris has very appropriately been termed, "The Poor Man's Orchid."

Fortunately it is not partial as to soil or location and will flourish in semi-shade. Does well planted in groups or in borders.

In description of varieties, "S" refers to "Standards" or three upright petals and "F" to "Falls" or three drooping petals.

FULL BEARDED IRIS

Extremely hardy species having the beauty and structure of the orchid. In planting avoid fresh manure and plant only deep enough to cover the roots.

Admiral Togo. S and F, white; faintly tinged lavender; dwarf; late.

Albert Victor. S, soft blue; F, beautiful lavender; large flower; tall; late.

Albian. S, smoky yellow; F, purple yellow; dwarf; late.

Aurea. S and F, rich chrome yellow; large perfect flower; dwarf; early. 35c. ea.; 3 or more 30c. ea.

Blue Jay. S, bright, clear blue; F, intense, dark blue; tall; late. 35c. ea.; 3 or more 30c. ea.

Cherion. S and F, lilac mauve; dwarf; early.

Darius. S, golden yellow; F, lavender, yellow border; dwarf; late.

Florentina. S and F, creamy white, faintly flushed lavender; fragrant; dwarf; early.

Germanica alba. S and F, white; good bloomer; dwarf; early.

Halfdan. S and F, creamy white; large flowers; dwarf; early.

Her Majesty. S, soft rose; F, rose-pink, deeply veined; extra fine; dwarf; late. 35c. ea.; 3 or more 30c. ea.

Kharpot. S, violet; F, velvety, violet purple; very large flower; dwarf; early.

Kochii. S and F, rich claret purple; compact and handsome; dwarf; early.

Lohengrin. S and F, uniform soft orchid-rose; very large and free bloomer; medium; late. 30c. ea.; 3 or more 25c. ea.

Mandaliscae. S and F, rich lavender purple; large handsome flower; tall; late.

Pallada delmatica. S and F, clear lavender; very fragrant; extra large; tall; late. 35c. ea.; 3 or more 30c. ea.

Pauline Tineae. S and F, clear lavender; fragrant; strong grower; tall; late.

Plicata. S, white; F, deep purple; dwarf; late.

Plumeri. S, purple; F, velvety lilac; tall; late.

Powhatan. S, light bishop-violet with deeper border; F, deep claret, shaded crimson; large, horizontal, spreading flower; tall; midseason.

Princess Victoria Louise. S, sulphur-yellow; F, rich plum, bordered cream; dwarf; early.

Rembrandt. S, light lavender; F, deeper color; good bloomer; dwarf; early.

Lohengrin Iris

Rhein Nixe. S, pure white; F, violet blue, with white edge; medium; late.

Tineae. S and F, deep blue, shaded lilac; large flower; dwarf; early.

Trautlieb. S and F, uniform soft rose; medium tall; early.

Walhallia. S, lavender; F, wine red; dwarf; early.

PRICES OF FULL BEARDED IRIS

All Irises not quoted above: 25c. ea.; 3 to 5 of one variety, 20c. ea.; 5 to 10 of one variety, 15c. ea.

Iris Sibirica — SIBERIAN IRIS

Thrive best in moist situations but do well under ordinary garden treatment. Showy flowers May and June in clusters; foliage long, narrow and dense.

I. sibirica—EMPEROR SIBERIAN IRIS. Large, deep violet-blue flower, borne well above foliage. 30c. ea.; \$2.50 per 10.

Chrysanthemum—"Queen of the Autumn"

In late Fall when nearly all other flowers have ceased to bloom the hardy Chrysanthemums are still here to delight with their great variety of form and color.

Strong plants out of pots, ready for delivery about May 10

LARGE FLOWERING VARIETIES

These "Queen of the Autumn" flowers are the most showy of the late Fall flowers and should be planted in a protected location in good soil. For larger flowers allow only one bud to a plant.

Betsy Ross. White Japanese incurved of large size and perfect ball shape.

Glen View. Bronze.

McNeiss. Large, early pink; reflexed in form.

Richmond. Bright golden yellow. Large; perfect in form and color.

20c. each; \$1.75 per 10 of one variety. Not less than five of one name at 10 rate.

HARDY POMPON VARIETIES

These are small-flowered, easily-grown plants, known to many persons as "Winter-shrubs." Extremely graceful and beautiful sprays of bloom of every conceivable form and shade of color characterize the Hardy Pompons. The varieties listed below will bloom before freezing weather.

Buckingham. Old rose; single type.

Doris. Dark-bronze; button type.

Excelsior. Bright yellow; aster type.

Fairy Queen. Shell pink.

Firelight. Bright red; aster type.

Julie Lagravere. Garnet; large; aster type.

Keystone. Rosy-pink; one of the best.

L'Argentuillais. Chestnut; decorative type.

Lillian Doty. Large incurved pink; aster type.

Lillian Doty Pompon Chrysanthemums

New York. Orange and wall flower color.

Niza. Delicate pink; early; medium dwarf.

Tints of Gold. Very attractive golden bronze.

Viola. Unusual lilac.

White Lillian Doty. Large incurved white; aster type.

20c. each; \$1.75 per 10 of one variety. Not less than five of one name at 10 rates.

Lilies—The Aristocrats Among Flowers

Madonna Lily

In Lilies the best results, both as to growth and effect, are secured by planting among low shrubs or in the perennial border. While profiting by partial shade they should never be planted near or under trees. Good winter protection should be provided.

Lilium auratum—**GOLDBAND LILY.** Large, ivory-white, fragrant flowers with distinct central band of bright yellow and numerous deep purple spots; 15-18 flowers on a stem; July and August. 50c. each.

L. candidum—**MADONNA LILY.** Pure white, fragrant flowers on long stems in June and July. 3-4 ft. Plant only in August and September. 40c. each.

L. speciosum magnificum—**GREAT SPECIOSUM LILY.** Rich, ruby-carmine flowers, 6-8 in. across, ten to fifteen on a plant; August and September. 50c. each.

L. tigrinum splendens—**GIANT TIGER LILY.** Immense spikes of orange-scarlet flowers, spotted black, sometimes twenty-five to a stem. Very showy. 40c. each.

A house is not a home until it has been planted.

Barr's Selection of Best Phlox

For all-round reliability no other garden flower can excel the Phlox, which embodies all the qualities desirable in a plant—hardiness, upright carriage, pretty foliage, fragrance, beauty and variety of color, immunity from disease.

Fortunately these gorgeous plants have a diversity of valuable use, being attractive as single specimens, in small groups or large beds, or when massed against a background of Shrubs. They are also ideal for cut flowers.

Then, too, they come at a time when there are few other flowers to be depended upon. If the first buds are removed in early summer a succession of bloom can be enjoyed until late Fall. Give plenty of water in dry weather.

Aubion. Pure white with a faint red eye; medium; midseason. 25c. each; \$2.00 per 10.

B. Comte. Rich satiny amaranth; medium; late. 35c. each; \$3.00 per 10.

Baron von Dedem. Brilliant scarlet-red with salmon shading; very showy; midseason; medium. 30c. each; \$2.50 per 10.

Elizabeth Campbell. Salmon-pink, dark crimson eye; medium height; large trusses. 30c. each; \$2.50 per 10.

Isabey. Salmon-pink; medium; midseason. 30c. each; \$2.50 per 10.

Jeanne d'Arc. Pure white; large flowering; late; tall. 25c. each; \$2.00 per 10.

Miss Lingard. Fine white, with pink eye; free bloomer; early; medium. 25c. each; \$2.00 per 10.

Mrs. Charles Dorr. Beautiful shade of lavender; large, conical heads; tall. 30c. each; \$2.50 per 10.

Mrs. Jenkins (Independence). Immense, compact heads of pure white flowers; midseason; tall. 25c. each; \$2.00 per 10.

R. P. Struthers. Bright rosy-carmine with claret eye; midseason; tall. 25c. each; \$2.00 per 10.

Rheinlander. Beautiful apricot pink; immense trusses of large flowers; early; medium. 25c. each. \$2.00 per 10.

Richard Wallace. Pure white with violet-red eye; midseason; tall. 30c. each; \$2.50 per 10.

Rijnstroom. Carmine-rose; immense trusses; midseason; tall. 25c. each; \$2.00 per 10.

Thor. Deep apricot-pink, suffused and overlaid with a scarlet glow; white halo surrounds the red eye; dwarf; early. 35c. each; \$3.00 per 10.

Walter Groff. Fine apricot-pink; profuse bloomer; tall; midseason. 30c. each; \$2.50 per 10.

Widar. Light, reddish violet; large white center. 25c. each; \$2.00 per 10.

Phlox Subulata—DWARF PHLOX

Attractive Ground Cover, or Rock Garden Plant, shown in foreground in illustration on back cover page.

P. Subulata alba—WHITE MOSS. Pure white.

P. Subulata lilacina—LILAC MOSS. Pale lilac.

P. Subulata rosea—ROSE MOSS. Pretty pink.

Prices of Dwarf Phlox: 25c. each; \$2.00 per 10.

FRIENDSHIP OFFER NO. 10

15 Choicest Phlox \$3.00 Postpaid

3 **B. Comte**, satiny amaranth.
3 **Walter Groff**, apricot pink.
3 **Mrs. Chas. Dorr**, lavender.
3 **Mrs. Jenkins**, pure white.
3 **Thor**, deep apricot pink.

Ground Cover Plants

A number of plants have a distinctly valuable use to carpet the ground or to produce an interesting mat, especially in localities where conditions are not favorable for the growth of other plants as in shady places, under trees, on banks, etc.

Among the plants most successfully used for this purpose are:

		Distance to Plant Apart	Each	10	100
(a)	<i>Arabis alpina</i> (see Perennials)	12-15 in.	\$0.25	\$2.00	
(c) (d) (e)	<i>Celastrus scandens</i> (see Vines)	2-2½ ft.	2-3 ft. .60	5.00	
(c)	<i>Convallaria majalis</i> (see Perennials)	4 to sq. ft.	Clumps .50	4.00	
(c) (d) (f)	<i>Euonymus radicans</i> (see Vines)	12-18 in.	2 yr. .50	4.50	
(c) (f) (g)	<i>Hedera helix</i> (see Vines)	10-12 in.	2½ in. pots. .25	2.00	\$17.50
		15-18 in.	4 in. pots. .50	4.00	37.50
(a)	<i>Iberis sempervirens</i> (see Perennials)	12-15 in.	.25	2.00	
(c) (d)	<i>Lonicera halliana</i> (see Vines)	18-24 in.	4 in. pots. .50	4.50	
(b) (c) (d) (f) (g)	<i>Pachysandra terminalis</i> (see Broad Leaf Evergreens)	4 to sq. ft.		1.50	10.00
(a) (b) (d) (e)	<i>Phlox subulata</i> (see Phlox)	12-15 in.	.25	2.00	
(b) (c) (e)	<i>Sedum acre</i> (see Perennials)	8-12 in.	.25	2.00	
(a) (b) (c) (d) (f) (g)	<i>Vinca minor</i> (see Perennials)	4 to sq. ft.		1.25	10.00

(a) for moist locations; (b) for dry locations; (c) for shady locations; (d) for slopes and embankments; (e) for sunny places; (f) evergreen foliage; (g) for use among evergreens.

Ten rate on Plants applies where 5 or more of one variety are ordered.

From early Spring to late Autumn there are always flowers to enjoy where Perennials are planted, and the blooms are equally enjoyable growing in beds on the lawn or cut for table and home decoration. Once planted they continue to bloom and increase in beauty each succeeding year.

Perennials require little attention (weeding and watering during the growing season and mulching with fertilizer in the Fall) and, as each variety has a fixed period to flower, a succession of bloom can be enjoyed throughout the season. The following table makes easy the selection of proper varieties.

How to Plant and Care for Perennials

The secret of success with Perennials is an enriched soil together with good cultivation and careful watering. Groups of three or more of a variety will produce the best effect in a border, using the taller growing varieties as a background. If planting near Shrubs which will rob the Perennials of plant nourishment, keep 3 ft. away from Shrubs.

Plant in Spring or early Fall, providing Winter protection for Fall plantings, especially Anemones, Campanula, Digitalis, Hollyhocks, Chrysanthemums, Stokesia and Tritoma. For best results transplant every few years to increase number and produce more abundant bloom.

The soil should be dug to a depth of at least 12 to 18 inches into which has been worked two inches of well-rotted stable manure. Some other good fertilizer can be used if stable manure is unobtainable, but stable manure is to be preferred.

At the beginning of freezing weather apply a mulch of cut tobacco stems, strawy manure, leaves or other light material to prevent alternate freezing and thawing of the soil, which may cause damage.

Quantity rate on Perennials applies only where 5 or more of one variety are ordered.

FRIENDSHIP OFFER No. 11

24 DELPHINIUMS or LARKSPURS, \$3.75 Postpaid

The Delphinium, or Perennial Larkspur, is one of the finest blue flowers cultivated, and among the most useful and effective of hardy plants. Especially fine for the hardy border, although very effective almost anywhere—in beds, in clumps, in the shrubbery. Ideal for cut flowers.

Plant in well-enriched soil and cut off the old flowering stems as they mature.

Three of the Best Varieties are Included in this Offer as Follows:

- 12 Delphinium belladonna, beautiful sky-blue; flowers all summer until cut down by frost.
- 6 Delphinium hybrids, large flowers on long spikes, in mixed shades of blue.
- 6 Delphinium belladonna, large flowers of a rich deep blue shade.

24 Vigorous "Will Grow" Delphinium Plants Only \$3.75 Postpaid

One-Half above numbers (12 plants) only \$2.00 postpaid.

Eulalia—ORNAMENTAL HARDY GRASSES

Eulalias are remarkably hardy, and universal favorites for bedding. Interspersed in the shrubbery or perennial border, they are at home.

Beautiful effect produced by edging lawn with Ornamental Hardy Grasses.

Very effective results can be secured from the hardy grasses, coming as they do, in all forms and kinds of foliage.

- Eulalia Japonica*. 6 to 8 ft. Rich, green foliage which waves with the slightest breeze.
- E. Japonica gracillima univittata*. 5 to 7 ft. Narrow-leaved variety of the one above, very graceful and pleasing.
- E. Japonica variegata*. 4 to 5 ft. Striped with white variegation, forming an attractive plant when grouped with the green.
- E. Japonica zebrina*. 5 to 7 ft. Barred with bronze-yellow, and very popular, due to the bizarre effect produced.

Prices on all Grasses: Root-clumps, 6 inch diameter, 35 cts. each; extra heavy clumps, 75 cts. each.

Quantity rate on Perennials applies only where 5 or more of one variety are ordered.

BARR'S SELECT DAHLIAS

Holding front rank among late summer and early fall flowers is the Dahlia.

Among the splendid qualities of the Dahlia which give it its great popularity are—Easy to grow, free to flower, wide range of gorgeous color, beauty of form, long period of bloom and value for cut flowers.

Out of the hundreds of varieties, many of which even an expert cannot distinguish apart, we have selected a number of the very best, and will furnish these varieties in strong roots absolutely true to name.

Cactus Dahlias (Fine for cut flowers)

Culture of Dahlias

Select a well drained position where the plants will receive the benefit of the sun the greater part of the day. Dahlias flourish best in a deep, loose, moist soil, and on sandy soil if plant food and moisture are furnished.

Plant three feet apart, in rows, setting dormant roots out May 1 to 25, covering 3 inches deep. Started plants should not be set out until all danger of frost is over. After the plant has made two or three joints pinch out the center to make a bushy plant that will bear large blooms.

After the first heavy frost, lift the roots and dry them in the sun; then shake off the dirt, trim off tops and broken parts and store in dry, cool, cellar, same as potatoes.

CACTUS DAHLIAS

The Cactus type strongly resembles the Chrysanthemum, having long, narrow, pointed florets.

Countess of Lonsdale. Pleasing blending of salmon-pink and amber. 35c. each.

Esther R. Holmes. Pleasing mauve-pink; fine cut flower. \$1.00 each.

Lawine. White, suffused blush; magnificent; large flowers; prolific. 35c. each.

Mt. Shasta. Light shell pink with slightly deeper shadings of pink thru the petals. \$1.00 each.

Pearl DeLyon. Pure white; very large. 35c. each.

SINGLE DAHLIAS

These have one circle of ray flowers surrounding the disk, and resemble the Cosmos although larger.

Crimson Century. Rich, velvety crimson. 35c. ea.

DECORATIVE DAHLIAS

The Decorative-type is always full to the center and inclined to be flat or massive.

D. M. Moore. Rich dark velvety-maroon, almost black; large, good form. 50c. each.

Dr. H. L. Tevis. A blend of copper, old rose and gold. 75c. each.

Evelene Marshall. Maroon; good. 35c. each.

Kiwanis. Bright canary yellow. \$1.50 each.

Mrs. I. de Ver Warner. Mauve-pink, early. 75c. each.

Patrick O'Mara. Soft orange buff, slightly tinged rose. 75c. each.

Pride of California. Massive; bright crimson-scarlet; vigorous and prolific. \$1.00 each.

PEONY-FLOWERED DAHLIAS

So named owing to their resemblance to semi-double Peonies.

Mrs. Charles L. Seybold. White, suffused pink; heavily tipped carmine. 35c. each.

POMPON DAHLIAS

A small form of the show type. Especially desirable for cut flowers.

Clara Harsh. Yellow, tipped crimson. 35c. each.

Little Herman. Dark red, tipped white. 35c. each.

Snow Clad. Pure white. 35c. each.

SHOW DAHLIAS

Show Dahlias are of the ball-shaped type with florets quilled or tubular.

Dreer's White. Snow white. 35c. each.

Princess Victoria Louise. Canary yellow. 35c. each.

Barr's Mixture Dahlias

A wonderful mixture containing leading types and colors. \$2.00 per doz.; \$15.00 per 100.

Don't forget to include postage for parcel post. (See page 2).

Gladioli—Most Popular Summer Bulbous Plants

Because of their graceful flower spikes, exceedingly beautiful in form and color, Gladioli have become the most popular of the Summer and Fall-blooming bulbous plants.

They show, too, splendid effect in group and mass planting or in the perennial border, and as cut flowers are particularly desirable for growing in the home garden. Cut just as the lower flower opens, keep in fresh water and the remaining buds will open. Remove the open flowers as they fade and the blooming spike can be kept fresh for a week.

Only Blooming-size Bulbs will be supplied.

Gladiolus Culture

Gladioli prefer a light loam or sandy soil, and an open, sunny situation. No fresh manure should be added to the soil the year in which they are grown; if possible this should be done the preceding Fall.

Planting can be started in April, and every 10 days thereafter until July 1 for a succession of bloom. Late plantings will afford fine late flowers. Cover with three to four inches of soil. If the soil is heavy, plant at less depth. The plants may stand as close as six inches from each other.

After frosts, but before freezing weather, dig up the plants and dry in sun and air for a few hours before storing in a cool, dry, dark place. The tops should be left on until completely shriveled.

Baron Hulot. Dark, violet-blue; flowers large. \$10.00 per 100; \$1.50 per doz.

Halley. Delicate salmon-pink with slight roseate tinge, early blooming; large. \$4.75 per 100; 75c. per doz.

Le Marechal Foch. Soft flesh-pink; straight, well-filled spikes of large flowers; early. \$6.50 per 100; \$1.00 per doz.

Mrs. Dr. Norton. La France pink shading to a very pale pink throat. Lower petals have creamy bases with carmine pencilings. \$7.50 per 100; \$1.00 per doz.

Mrs. E. J. Shaylor. Beautiful deep rose pink; slightly ruffled. Prize winning variety. \$8.00 per 100; \$1.25 per doz.

Mrs. Francis King. Light scarlet of pleasing shade; effective both in the border or when cut. \$6.50 per 100; \$1.00 per doz.

Mrs. Frank Pendleton. Lovely flushed salmon-pink, with brilliant carmine, or deep blood-red blotches in the throat. Exquisite. \$6.50 per 100; \$1.00 per doz.

Mrs. Watt. Glowing American Beauty shade of wine red; well open flowers on erect spikes. \$7.50 per 100; \$1.00 per doz.

Niagara. Cream shade, blending to canary-yellow. Throat splashed with carmine. Large open flowers, one of the best for color, texture and keeping qualities. \$7.50 per 100; \$1.00 per doz.

Panama. Mauve-rose, large wide-open flowers wax like. Finest of the pink shaded Gladioli. \$5.00 per 100; 75c. per doz.

Peace. White, with pale-lilac feathering on interior petals. Flowers large and well formed. \$6.50 per 100; \$1.00 per doz.

Primulinus Hybrids. New race of remarkable beauty and daintiness; orange and gold predominate. \$3.00 per 100; 50c. per doz.

Assorted Gladioli

Schwaben. Pure canary-yellow, shading to soft yellow, with purple tinge on lower petals. Largest and strongest yellow. \$6.50 per 100; \$1.00 per doz.

Wilbrink. Soft lavender pink, with soft yellow blotch on lower petals. \$6.50 per 100; \$1.00 per doz.

Standard Mixture

Includes mixed colors and types. This mixture will give general satisfaction.

All blooming-size bulbs, \$22.00 per 1000; \$3.00 per 100; 40c. per doz.

Not less than 6 Gladioli Bulbs at dozen rates, nor less than 50 at 100 rates.

Summer Flowering Annual Plants

(Ready about May 10)

These plants are most generally used and are of the easiest culture. They will furnish an abundance of cut flowers for the house, as they begin flowering soon after planting and continue until Fall.

They may be planted in beds for cutting or grouped among the early flowering Perennials to keep up a succession of bloom in the flower garden all season.

Alyssum—*Little Gem*. Dwarf. White flowers. For edging walks or flower beds. \$2.50 per 100. By parcel post 10c. additional.

Asters, China. White, rose, purple; separate colors; choice mid-season and late flowering varieties. \$2.50 per 100. By parcel post 10c. additional.

Calendula. Choice selection of gold and orange colors mixed. \$2.50 per 100. By parcel post 10c. additional.

Cosmos. Lavender, white and pink mixed. Choice early flowering variety. \$2.50 per 100. By parcel post 10c. additional.

Marigold. Large flowering variety in all shades of yellow. \$2.50 per 100. By parcel post 10c. additional.

Zinnias—*Youth and Old Age*. Popular summer flowering variety. Separate colors—pink, apricot or scarlet. \$2.50 per 100. By parcel post 10c. additional.

50 plants of any variety named sold at 100 rates.

Caladium—**ELEPHANT'S EAR**

Plant of striking appearance 5 to 10 ft. high, bearing immense light green leaves, producing tropical effect. Prefers part shade and rich deep soil with abundance of water. Effective against a house, high shrubbery or other background, or out upon the lawn.

Large bulbs, 30c. each.

TUBEROSE

One of the most beautiful of the summer flowering bulbous plants, producing long spikes of white, waxy, delightfully fragrant flowers on a stem 2 to 3 ft. high. Plant as soon as the ground becomes warm.

Strong, fresh bulbs, 10c. each; 75c. per dozen.

"Will Grow" Bedding Plants

Barr's list of choice "Will Grow" Bedding Plants, including Cannas, Geraniums, Petunias, Heliotropes, etc., will be mailed upon request to any one interested in these plants.

Send us your want list on which we will be pleased to quote lowest prices.

PLANTING TABLE

The table below shows the number of plants required to fill a circular bed of the dimensions given. In planting begin outside row—where 6 inches apart, 3 inches from edge of bed; where 12 inches apart, 6 inches from edge of bed. It is customary among professionals in planting a bed to set the plants somewhat closer together in the two outer rows, giving more space between each plant towards the center of the bed.

Diameter of bed.	6 in. apart.	12 in. apart.	18 in. apart.	24 in. apart.	30 in. apart.	Diameter of bed.	6 in. apart.	12 in. apart.	18 in. apart.	24 in. apart.	30 in. apart.
3 feet	12	7	...	...	...	12 feet	452	113	50	28	18
4 "	48	12	6	...	...	13 "	528	132	59	33	22
5 "	80	20	8	...	...	14 "	612	153	68	39	25
6 "	112	28	13	7	...	15 "	704	176	78	44	28
7 "	152	38	17	9	...	16 "	804	201	89	50	32
8 "	200	50	23	12	...	17 "	904	226	100	57	36
9 "	256	65	28	16	...	18 "	1016	254	113	63	40
10 "	320	80	36	20	13	19 "	1132	283	126	71	46
11 "	380	95	42	24	16	20 "	1256	314	139	78	50

NOTE.—A square bed will take about the same number of plants. For an oval bed, add length and breadth and divide by 2. For example, an oval 7 feet long by 5 feet wide will require the same number of plants as a circular bed 6 feet in diameter.

The house is not a home until it's planted.

Plan to Plant Some Fruit Trees

The trees listed here are the best in their respective varieties. They are the largest sizes that can be planted to best advantage, are straight trunked, true to name, and by reason of their unusual vigor will transplant successfully, make good growth, and give an abundant yield.

STANDARD APPLE

Early Strawberry. Very delicious early eating apple. Early.
Baldwin. Large, bright red, rich, juicy. Winter.
Bellflower. Yellow, crisp, large and juicy. Winter.
Delicious. Large, unevenly shaped. Winter.
Duchess of Oldenburg. Medium. Striped red. Sub-acid. Autumn.
Early Harvest. Small. Straw color. Acid. Early.
Fall Pippin. Large. Yellowish green. Delicious. Autumn.
Grimes' Golden Pippin. Medium. Sub-acid. Winter.
Gravenstein. Large. Yellow, striped red. Sub-acid. Early.
McIntosh. Medium to large, deep red. Winter.
Red Astrachan. Large, crimson. Juicy, acid. Early.
Rhode Island Greening. Large yellow-green. Winter.
Smokehouse. Medium, red striped, Sub-acid. Winter.
Stayman's Winesap. Medium, bright red. Winter.
Summer Rambo. Large, yellow; rich and of good flavor. Early.
Yellow Transparent. Pale yellow. Sub-acid. Early.
York Imperial. Medium, white, shaded red. Sub-acid. Winter.

2 yr., 5 to 6 ft., 85c. ea.; \$8 per 10 of one variety.

CRAB-APPLE

Transcendent. Medium, golden yellow, crimson cheek. September. Strong, stocky trees. \$1.50 ea.; \$12 per 10 of one variety.

APRICOT

Early Golden. Small, pale orange. Juicy and sweet.
Moorpark. Large, deep orange. Rich. August.
 2 yr. 4-5 ft., \$1.10 ea.; \$10 per 10 of one variety.

SOUR CHERRY

Early Richmond. Medium, deep red, rich, acid. Middle of June.
English Morello. Large deep red, pleasant, acid. Last of July.
Montmorency. Large; bright red; pleasing acid flavor. June.
 2 yr., 3 to 5 ft., \$1.00 ea.; \$9 per 10 of one variety.

SWEET CHERRY

Black Tartarian. Very large, purplish-black, rich. June.
Governor Wood. Large; yellow, shaded red. June.
Napoleon Bigarreau. Large, yellow and red, excellent. July.
Rockport. Large, red, pleasant and rich. June.
Schmidt's Bigarreau. Large, red, rich and pleasant. July.
Windsor (Oxheart). Large, liver-color, rich. July.
Yellow Spanish. Very large, yellow, red cheek, sweet. Last of June.
 2 yr., 5 to 6 ft., \$1.25 ea.; \$12.00 per 10 of one variety.

Basket of Champion Peaches

PEACH

Champion. Very large, white, red cheek, delicious. Late September.
Crawford's Early. Medium, yellow. July.
Crawford's Late. Very large, yellow, red cheek. Late September.
Elberta. Very large, yellow, red cheek, juicy, rich. Middle of August.
Iron Mountain. Large, pure white, solid, juicy. October.
J. H. Hale. Very large, yellow. Late August.
Mountain Rose. Medium, white, red cheek, sweet. First of August.
Old Mixon. Large, yellowish white, red cheek, pleasant. Middle of September.
Stump the World. Very large, creamy white, red cheek, delicious. September.
Yellow St. John. Large, yellow, sweet. July.
 1 yr., 4 to 5 ft., 60c. ea.; \$5.00 per 10 of one variety.

QUINCE

Champion. Prolific, constant bearer; fruit larger and more oval than the Orange variety. Late.
Orange. Large, yellow, fine. October. Stocky trees.
Meech. Large and prolific; orange-yellow; delightfully fragrant.
 2 yr., 3 to 4 ft., \$1.25 ea.; \$11 per 10 of one variety.

"Will Grow" Fruit Trees Are All Too Large For Parcel Post

FRUIT TREES (Continued)

PEAR

Bartlett. Large, clear yellow, highly aromatic. Autumn.
Buerre d'Claitgeau. Large, russet, with red cheek. Winter.
Duchess d'Agnouleme. Large, greenish yellow, juicy. Autumn.
Howell. Medium, pale yellow, mildly sub-acid. Autumn.
Kieffer. Large, golden yellow, sweet. Winter.
Lawrence. Medium, lemon-yellow, sweet. Winter.
Seckel. Small, yellowish russet, spicy flavor. Autumn.
Sheldon. Medium, greenish yellow, rich and aromatic. Autumn.
Vermont Beauty. Medium, yellow, red cheek. rich. Autumn.
 2 yr., 4 to 5 ft., \$1.10 ea.; \$10 per 10 of one variety.

PLUM

(European Varieties)

German Prune. Large, purple, sweet. September.
Lombard. Medium, delicate violet, delicious. Aug.
Reine Claude. Large, green gage, excellent. Late September.
Yellow Egg. Large, oval, yellow, juicy. September.
 2 yr., 5 to 6 ft., 85c., ea.; \$8.00 per 10 of one variety.

(Japanese Varieties)

Abundance. Large, cherry-red, sweet. August.
Burbank. Large, cherry-red, sweet. Last of August.
Red June. Large, purple-red. Very early.
 2 yr., 5 to 6 ft., 85c. ea.; \$8.00 per 10 of one variety.

Small Fruits to Plant in the Garden

ASPARAGUS

Barr's Mammoth. 2 yr. Select No. 1 roots, \$2.00 per 100; \$15.00 per 1000.

BLACKBERRY

Blowers. A hardy and productive variety. Fruit large, black and sweet. Good strong canes, \$1.50 per 10 of one variety; \$12.50 per 100.

CURRENT

Fay's Prolific. A dependable variety. Strong healthy plants, 50c. each; \$4.00 per 10.

GOOSEBERRY

Columbus. Very large and quite sweet. \$4.00 per 10.

GRAPE VINES

Black

Campbell's Early. One of the largest fruiting Grapes and extremely satisfactory.
Concord. The well-known black Grape. Can always be depended on to fruit heavily.
Worden. Bunch large and compact. Good large berries and an early fruiting variety.

Red and Purple

Catawba. A very nice berry, having an unusually sweet and aromatic flesh.
Delaware. The well-known small, very sweet red Grape. Comes in small bunches.
Salem. Berries larger than Catawba, flesh tender, juicy and sweet.

White

Niagara. Sweet and juicy, large, round berries; long, compact, heavy bunches; best white.
 Selected, strong 2 yr. Grape Vines, 35c. ea.: \$3.00 per 10 of one variety; \$25.00 per 100.

RASPBERRY

Columbian. Excellent flavored fruit of large size. A good dark red variety.
Cumberland. A well-known black-cap. Fruit large and good.
Cuthbert. Hardy, sweet and productive. Deep crimson.
 20c. ea.; 85c. per 10 of one variety; \$7.00 per 100; \$60.00 per 1000.

RHUBARB

Strong roots of fine quality, 25c. ea.; \$2 per 10.

STRAWBERRIES

The Strawberry will grow in any good garden soil. Plant 1 foot apart in the row, the rows 3 to 4 feet apart.

Wm. Belt. Early.

Senator Dunlap.

Midseason.

Haverland. Midseason.

Norwood. Midseason.

Parson's Beauty.
Midseason.

Bubach. Midseason.

Early Ozark. Early.

Chesapeake. Late.

First Quality. Late.

Strong, layer plants, 30c. per 10 of one variety; \$2.00 per 100 of one variety; \$15.00 per 1000.

EVERBEARING STRAWBERRIES

Progressive. Prolific, deep glossy crimson berries of good taste.

50c. per 10 of one variety; \$2.50 per 100 of one variety.

Dish of Wm. Belt Strawberries

Add 5% Postage For Small Fruits and Grass Seed by Mail.

Beautiful Lawns in Shade or Sunshine

No element contributes more to attractiveness of the home grounds than a beautiful Lawn. It is an essential part of the "grounds beautiful," carpeting the open spaces with an expanse of velvety green.

The first step is thorough preparation of the soil, enriching it with an abundance of plant food well worked in, taking care to see that all lumps are completely broken and that a smooth surface is obtained.

The proper seed is a most important consideration. By using the right mixture the harmful effect of too much shade can be overcome to some extent. Cheap seed does not pay in any case and we do not offer it.

For proper germination the ground must be kept moist for three weeks after sowing the seed. Roll the ground to firm the soil about the seed and repeat the rolling after the seed is well started. Avoid light sprinklings of water, as when watering is done it should be done thoroughly. Mow when high enough to cut, clipping two inches from the ground. Each spring go over the lawn with a heavy roller. A yearly dressing with a good fertilizer is also very beneficial.

Barr's Special "Will Grow" Grass Seed is a combination of the most desirable grasses, mixed in such proportion as to give the best results. One pound will sow 300 square feet; 100 to 125 lbs. to the acre. 1 lb., 60c.; 5 lbs., \$2.75; 25 lbs., \$12.50; 100 lbs., \$45.00.

Barr's Shady Lawn Grass Seed. Why not get as good results in the shaded places as in the open? **Barr's Shady Lawn Grass Seed** will succeed in just such situations. Try it for difficult situations of this kind. 1 lb., \$1.00; 5 lbs., \$4.00; 10 lbs., \$7.00.

Insecticides, Fungicides, Fertilizers

Ant Destroyer. Rid your lawns and tennis courts of ants. Usually only 3 applications are necessary. $\frac{1}{4}$ lb., 35c.; $\frac{1}{2}$ lb., 50c.; postage extra.

Black Leaf 40. Concentrated solution of nicotine sulphate. Excellent spray for aphids and sucking insects of all kinds. 1 oz., 35c.; $\frac{1}{2}$ lb., \$1.25.

Bone Meal. Safe and effective fertilizer for all purposes; especially good on lawns. One pound will sow 10 sq. ft.; 1 lb., 10c.; 5 lbs., 40c.; 10 lbs., 65c.; 15 lbs., \$1.00; 25 lbs., \$1.25; 50 lbs., \$2.25; 100 lbs., \$4.00.

Fish Oil Soap. Excellent remedy for scale and aphids. 1 lb., 30c.; 5 lbs., \$1.25, postage extra.

Leaf Mold. Nature's plant food. Used as a top dressing, or mixed with the soil when making Rhododendron or Azalea beds. 25 lbs., 50c.; 50 lbs., 90c.; 100 lbs., \$1.75; 500 lbs., \$8.50.

Lime, Hydrated. For lawn and field use where the ground has become sour. 10 lbs., 50c.; 100 lbs., \$2.00.

Melrosine. Certain death to rosebugs. Pleasant, harmless and non-poisonous to use. Trial size, 60c. postpaid; 1 pint, \$1.00; quart, \$1.75; $\frac{1}{2}$ gal., \$3.25; 1 gal., \$6.00.

Nicotine Sulphate. Spray for aphids and sucking insects. 1 oz. bottle, 35c.

Paradichlorobenzene. Kills peach tree borers. Use 1 oz. to a tree. $\frac{1}{4}$ lb., 30c.; $\frac{1}{2}$ lb., 40c.; 1 lb., 65c.

Pomodust. For mildew and black spot. 1 lb., 65c. Dust Guns to apply same, \$1.25 each.

Pyrox. (Bordeaux Arsenate of Lead Paste.) Combination of Bordeaux Mixture and Arsenate of Lead. To combat chewing insects, fungus growths, mildews, etc. Use 1 lb. to 5 or 10 gals. of water. 1 lb., 50c.; 5 lbs., \$2.00; 10 lbs., \$3.50.

Sheep Manure, Pulverized. A pure natural manure, for lawns, potting soil, general vegetable and flower garden, where quick results are wanted. 5 lbs., 45c.; 10 lbs., 70c.; 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.75; 500 lbs., \$18.00.

Sprayers. Made of heavy tin; capacity 1 quart; fitted with long lasting, oil treated leather cud. 50c. each; 60c. postpaid.

Stim-U-Plant. All-the-year fertilizer in tablet form for all kinds of plants; odorless; quick-acting. Can be used in tablet form or dissolved in water. 30 for 25c.; 100 for 75c.; 1000 for \$3.50. Postage extra.

Sulpho-Tobacco Soap. Effective and economical remedy for scale, aphids and all kinds of injurious insects. 3 oz. cake makes $1\frac{1}{2}$ gal. prepared solution, 15c. each. Postage extra.

Tobacco Stems, Cut. A combined fertilizer, mulch and insecticide for lawns and shrubbery, trees and evergreens. Unlike stable manure does not introduce weed seeds. 100 lbs. will cover 250 sq. ft. thickly; \$2.50 per 100 lbs., \$30.00 per ton.

Tree Tanglefoot. Easily applied, effective, economical and non-injurious protection for fruit, shade and ornamental trees against ants, caterpillars and all crawling insects. One application is good for three months or more. Also useful for waterproofing wounds, cavities, and crotches of trees. 1 lb. can, 50c.; 5 lb. can, \$2.40. Postage extra.

Vigoro. Specially prepared plant food. 5 lbs., 75c.; 25 lbs., \$2.50; 50 lbs., \$4.00.

Volck. For all insect pests. $\frac{1}{2}$ pt., 50c.; 1 pt., 75c.; 1 qt., \$1.00.

Wood-Ashes. Good lawn grasses will not succeed in sour soil. Wood ashes correct that. If bone meal has been sown in the land, do not use the Wood-ashes for three or four weeks. One pound will sow 10 sq. ft., $1\frac{1}{2}$ to 2 tons to the acre. 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.00.

If interested in Garden Furniture, Plant Tubs, Bird Baths, Fountains, etc., send for descriptive price list.

Don't forget to include postage for parcel post shipments.

FRIENDSHIP OFFER NO. 12

BARR'S SUPER-SIX EVERGREENS

2 OF EACH
(12 PLANTS) **\$11.50**

1 OF EACH
(6 PLANTS) **\$6.00** POSTPAID

All the Evergreens in This Collection are Suitable for Foundation or Group Planting.

Observe what wonderful root systems these plants have. Growth is assured. Plant as deep as point indicated by a line drawn horizontally with end of the 18-in. rule shown in the photograph.

This collection includes most desirable types of Evergreens, each labeled with name as follows:-

No. 1 Thread Retinospora—*Chamaecyparis pisifera filifera*. 8-10 in. Graceful, bushy plant, with deep green, thread-like foliage. Globular in outline.

No. 2 Lee Golden Arborvitae. *Thuja oc. elegantissima*. 10-12 in. Compact, pyramidal, golden-green foliaged evergreen; dependable and vigorous in growth.

No. 3 Oriental Arborvitae—*Biota orientalis*. 15-18 in. Bright green foliage; pyramidal in growth; very handsome tree. In winter its foliage turns to a beautiful bronze.

No. 4 American Arborvitae—*Thuja occidentalis*. 15-18 in. Pyramidal form and handsome, dark-green foliage. Anelegant plant that can be used in very narrow spaces.

No. 5 Dwarf Biota. *Biota compacta*. 10-12 in. Neat, dense, conical Evergreen, with soft, graceful, golden-green foliage; low growing.

No. 6 American Globe Arborvitae—*Thuja oc. globosa*. 6-8 in. Grows naturally in ball like form; beautiful light green foliage.

Each plant is packed with earth around roots to insure successful planting, and is wrapped securely for safe delivery
