.. Gladiolus Bulbs and Bulblets ..

— FALL 1928 —

"OREGON QUEEN"

(Mrs. Merton G. Ellis, originator)

FLORA E. BRECK
384 East 42nd Street North
PORTLAND . . . OREGON

It is my constant aim to render such "Glad" service that I'll have not merely satisfied customers, but ENTHUSIASTIC ones. I wish, in fact, you could look into my files and read the hundreds of letters denoting sincere appreciation for the way gladiolus orders are filled. I cater to discriminating bulb-buyers. "Utmost in quality and count" is our invariable rule in serving each and every customer. My customers reorder year after year. Some of them place four or five orders with me in a single season. May I serve you?

I Pay transportation charges on orders over \$3.00

ABBREVIATIONS: Indicate introducers, originators or places of introduction, as follows:—(K)—Kundred, (D)—Diener, (M)—Metzner, (C.Z.)—C. Zeestraten, (J. Z.—J. Zeestraten, (Bill)—Gladiolus Bill, (C)—Coleman, (A)—Austin, (Eu.)—Europe, (G)—Grossman, (Mrs. E.)—Mrs. Ellis, (E)—Merton G. Ellis, (H)—Mrs. Harrison.

TERMS: Cash, or 25% down and balance, C. O. D. All orders are received subject to prior sale. Where bulbs and bulbets are not listed, you may have 1 at 9th of 10; 10 at 9th of 100; 100 at 9th of 1000; 5,000 at 4½ times 1,000; 25 at 100 rate; 250 at 1000 rate.

REPEAT ORDERS DENOTE SATISFACTION. From the hundreds of letters of appreciation I'll quote an extract from a letter received from one of my Massachusetts customers:

"I have ordered bulbs at different times from all of the large growers in the country, but none have ever filled my order so generously as you, and I want to thank you and assure you of my continued patronage."

IF YOU ARE GROWING BULBS FOR PROFIT I would suggest you order the book, "Making Them Grow," by Merton G. Ellis. Many say it is worth hundreds of dollars to the grower wishing to quickly increase his stock of the new and higher-priced varieties. Price, \$3.50 per copy, postpaid; or Free with Gladiolus orders of \$50 or more.

IF YOU WANT TO WIN "BLUE RIBBONS" at your flower shows, why not order some of the prize winning glads in this circular? If you have never ordered my Gladioli before I will greatly appreciate an initial order from you.

REGARDING SHIPMENT: All orders are shipped either postpaid or express prepaid. Orders of considerable value are usually sent by express, for the Express Company insures safe delivery—even against freezing.

Please do not order less than \$3.00 worth.

All orders subject to prior sale. We pay transportation charges.

Bank Reference: United States National, Portland, Oregon.

MISS FLORA E. BRECK

384 East 42nd Street North

Portland, Oregon

"DOROTHY WOOD"

Photograph taken by Mr. T. H. Wood, Regina, Sask., Canada, who named this Glad.

The new glad, DOROTHY WOOD, originated by Mrs. Merton G. Ellis, is the very earliest to bloom in our garden and a splendid propagator. Mr. T. H. Wood, a well-known glad fan and prominent director of the Provincial Horticulture Society at Regina, Saskatchewan, was given a few bulbs to try out as he was anxious for early glads, for the growing season there is short. Quoting from his letter of August 4th to Mrs. Merton G. Ellis,

"I think this variety will shortly displace Prince of Wales. The color seems to be quite similar but a little deeper shade. It certainly forms a better spike and the number of florets open at a time is greater. Prince of Wales has a tendency to turn yellow after blooming and often does not mature a good bulb whereas this variety is vigorous and keeps on growing. It is assuredly a great improvement and if I had sufficient of it, I would cut off Prince of Wales entirely.

"I had one spike (it was not my best spike as I had put this in the Provincial Exhibition here) that I had photographed and I am forwarding this to you. The florets were five inches across on this one.

"I think that those who must have early gladioli will like it very much, especially as it stands heat well, which is one thing that many of the early varieties do not do. This was the first to bloom in my garden, blooming in just 70 days.

"Last Fall you mentioned that if I liked this gladiolus, I might have the privilege of naming it and I will say that I do like it and am going to suggest that it be named for my wife, 'DOROTHY WOOD'."

SOME EXTRA CHOICE DAHLIAS

HARRISON'S HERBERT HOOVER — D. (1928). This is the finest Exhibition Dahlia we have ever seen. A brilliant yellowish orange of immense size. No center visible. Stands up splendidly on the most gigantic stems imaginable. One of the very best for cut flowers, lasting well for three or four days. This dahlia is a great sun-lover, being at its best in July and August, though it is a wonder in the fall also. If you want to win prizes—grow this one.\$10 each.

CANBY QUEEN—(Mrs. M. G. Ellis). Of the peony type, but very double and seldom shows the center. Very large, often 11 inches across and stands up well on strong stems. Very delicate lavender pink, with fine yellow line through each petal. Took first prize for best Peony Dahlia at the big Portland Dahlia Show this fall and has taken several other prizes.....\$4.00

ROSE GLOW—D. (Mrs. M. G. Ellis). Mammoth clear bright rose exhibition variety, strong growing, very tall, and is not afraid to look the world in the face. Must be seen to be appreciated.\$5.00

EASTERN STAR—D. (Maytrott). A wonderful yellow dahlia priced a few seasons ago at \$10. A great prize winner.\$2.50

CHANTICLEER—D. (Crites). Very striking, each petal being bright red and white. People see it a long way off. "What is that one?" is almost universally asked upon seeing it. A splendid garden variety. If disbudded it grows to an immense size.

SPECIAL OFFER:

One tuber of each of the above 5 varieties	\$16.00
One tuber of each of any four of the above varieties	\$14.00

:.REGAL LILIES:.

SCENE A

Field of Regal Lilies grown from bulbs four inches or less in circumference. These bulbs being the second year from seed.

SCENE B

This field of Regal Lilies was grown the following year from the bulbs produced in Scene A.

Grow Lilies Where You Grew Glads!

REGAL LILY PLANTING DIRECTIONS

For garden growing, plant Regal Lily Bulbs during October, November or December. (None for sale after January first.) Plant bulbs about 8 inches deep. Bulbs under four inches in circumference sometimes bloom the first year, but cannot be depended upon to do so until the following year. The larger bulbs will produce more blooms and are therefore more saleable. They are more satisfactory for forcing. For forcing in a greenhouse so they will be in bloom for Easter, plant about January 1st. (The Regal Lilies force faster

than do the old-time Easter Lilies. The latter must be planted about a month earlier than the Regals.)

REGAL LILY SEED: Plant seed a little less than one inch deep about March 1st. In a cold climate use cold frames. The seed do not produce plants large enough to bloom the first year. It takes a little patience to wait—but one is well rewarded for waiting, for a splendid stock of lilies is developed at a very reasonable price.

Regal Lily Seed: Per packet, \$1.00. Per ounce \$2.50. Per pound \$25.00.
