GROWERS OF THE WORLD'S
FINEST FLOWERS

FOREWORD

THE FLOWER

BEAUTY is the synonym for gladioli. There is no flower of our gardens which can outrival it in stateliness, grace and endless variety of colorings. Its colors range from the purest white through the deepest self-shades. There are mottled, speckled and blotched ones without end.

VARIETIES are extremely numerous. A selection of the best can be made only by those who have had years of experience. It is our policy to give our customers the benefit of our knowledge and to list only those varieties which have received the highest awards by gladioli experts all over the country. Many of the older, well-known kinds have been eliminated to give place to their successful rivals. Our endeavor is to keep abreast of the marvelous development which American growers, each year, are bringing about in this flower.

CULTURE. There is no flower easier to raise than the gladiolus. In the spring the clean, round bulb is placed in the ground and nature and an occasional watering takes care of the rest. Even the production of prize-winning spikes is a simple matter and full directions are given with all bulbs we send out.

THE BULB

PEDIGREE is back of every fine variety; but, however worthy the kind may be, one cannot hope to get good flowers if the bulbs have not been raised under the proper conditions of soil and climate. The Puget Sound country has been pronounced by experts to be the best bulb section in the world, Holland not excluded; and we spare no expense to give our bulbs the proper growing conditions.

GUARANTEE. We guarantee to furnish bulbs of unusual vitality, large blooming size and absolutely true to name. We will rectify, only too gladly, any mistakes that might happen, and will replace any bulbs that are not true to name. It must be mutually understood, however, that beyond this we will not be held responsible.

PRICES. Our prices are the lowest consistent with the quality of bulbs we send out. We have long since learned that poor seeds and bulbs are expensive at any price; and it is our aim to deal with our customers as we would be dealt with.

TERMS. Cash with order where immediate delivery is to be made. When goods are held for future delivery, a deposit of one-fourth the amount is asked.

DELIVERY is usually by parcel post prepaid free to any part of the world. Mail orders receive our most careful attention.

A CHOICE SELECTION OF NAMED VARIETIES

This is a list chosen from the hundreds of varieties we grow and offer for sale. It represents the best in the gladiolus world, including the latest introductions.

The names in parentheses are those of the originators.

Primulinus is a particularly graceful species often called the butterfly type. It is very airy and graceful for house decoration.

COLLECTIONS

We make this extra special offer to those seeking to learn something of the different varieties of gladiolus. We will send 100 bulbs, each bulb a different variety, correctly named and labeled, for \$10.00 prepaid. We guarantee value way in excess of the catalog prices. We choose varieties that we know will please you.

A COLLECTION OF GIANT FLOWERS

2 MRS. NEWELL VANDERBILT	2 SHELL PINK
2 JACOB VAN BEIJEREN	2 DR. F. E. BENNETT
2 MRS. LEON DOUGLAS	2 KATHERINE S. HESS
2 MR. H. A. HYDE	2 TYCKO ZANG
2 MRS. F. C. PETERS	2 CAPTAIN BOYNTON

This entire collection of twenty bulbs, 2 bulbs each, for \$4.00. Half the collection, 1 bulb each, for \$2.25, prepaid.

BULBLETS

Many people like the pleasure of growing their own bulbs. These can be grown from the small bulblets that grow at the base of the mother bulb. These bulblets always come true to variety. We can furnish bulblets of practically all varieties offered at twice the price of a single bulb for 100 bulblets. Get some of these bulblets of your favorite varieties and grow them in quantities for cut blooms.

HALF SIZE BULBS AT HALF THE PRICE

We can furnish half size bulbs, $\frac{3}{4}$ inch and up, of most of the varieties in this catalog at one half the price. These bulbs will all bloom the first season, but make smaller spikes and flowers. Mention half size bulbs if that is what you want.

50 bulbs sold at the hundred price

EARLY FLOWERING GLADIOLUS

All the gladiolus described preceding this are summer and fall flowering and should be planted any time after the frost is out of the ground in the spring and before July first. The following gladiolus are of different species, are spring blooming and should be planted from October until January.

COME AND SEE US

Our gardens are located opposite the city of Seattle on the east side of Lake Washington on the paved highway near Medina. We can be reached by phone, Medina 136-J.

We grow possibly the largest collection of bulbs of any commercial grower in the United States. Most of these will be found listed in our fall catalog which is sent free upon request.

We, in addition to bulbs, grow a complete line of perennial and rock plants and furnish landscape service.

Visitors are always welcome at our gardens and may be assured of seeing many new and rare plants of our own importation.
