DAHLIAS

Exhibition Dahlias of Merit

The following list of Dahlias occupied prominent places in the great Eastern Shows and the Pacific Coast Shows of 1927:

Adda Patterson H. C. (Kemp.) Said to be the best pure white H. C. grown. Flowers large on long erect stems.

Tubers each \$3.00

Alex Pope H. C. (Strobel.) A giant H. C. on long rigid stem. Flowers large and deep. The best H. C. in red class at Boston, 1926. Color crimson, reverse magenta. Petals long and twisting.

Tubers each \$5.00

Alice Whittier H. C. (Reed.) Immense exhibition blooms. Petals long and fold to a point. Color a clear primrose yellow. Winner of many prizes. Flowers of this variety have measured 12 inches in diameter and 6 to 7 inches deep.

Tubers each \$5.00

Altamont D. (Kemp.) Large full flowers. Petals long and slightly curled. Plant strong and healthy grower. Color rose pink deepening to American Beauty Rose. A prize winner.

Tubers each \$5.00

Amarillo Grande D. (Broomall.) Enormous light yellow flowers produced in abundance. A California variety that has done well where ever grown.

Tubers each \$5.00

Ambassador C. (Broomall.) Soft yellow buff, shaded salmon pink. Flowers are of pleasing form and of enormous size. Stems long and strong. Often takes prize for the largest dahlia in the show. Has been grown over 11 inches in diameter.

Tubers each \$1.50

Black Jack D. The deepest maroon dahlia of any type. Color so dark it might almost be described as black. Flowers are large and full. An attractive addition to the garden as well as on the exhibition table.

Tubers each \$2.00

DAHLIAS—Continued

Casper G. Ware D. (Dahliadel.) Color a bright silvery violet rose, late in season it becomes pink. A prolific bloomer from early summer until frost.

Tubers each \$3.00

Charles Stratton D. (Stratton.) A blue ribbon winner in the class for the largest bloom. Flowers are not only large, but deep and massive on strong erect stems. Color, pale gold shaded and tipped rose red.

Tubers each \$2.00

City of Trenton D. (Prentice.) A wonderful new Dahlia. The bush grows strong and robust about 6 feet tall, producing flowers that have measured 12 inches across, with full centers and long erect stems. Color, front of petals a rich glowing tangerine, reverse crushed strawberry red. The graceful curled petals give a two-toned effect creating an impression of tongues of flame radiating from a full center.

Tubers each \$10.00

Col. Chas. A. Lindbergh H. C. (Fisher & Masson.) A new exhibition Dahlia of a beautiful rose "du Barry" shade overlaid and suffused with old ivory shading to a pale gold at center. Reverse of petals light carmine pink. Stems rigid and straight; good habit of growth.

Tubers each \$10.00

Eagle Rock Sunshine C. (Broomall.) The best yellow cactus to date. Bush a fine grower producing large beautifully-formed primrose yellow flowers on long slender erect stems. A real exhibition Dahlia.

Tubers each \$7.50

Edna Ferber H. C. (Fisher & Masson.) A new 1927 introduction of huge size with a fine stiff stem. Color a glistening coral, shading to old gold at the base of petals. Petals are curled and twisted making a very full flower. Won innumerable Firsts all over the country in 1927.

Tubers each \$7.50

Elinor Vandever D. (Seal.) A Dahlia of great beauty and size. Blossoms a glowing satiny rose pink of great depth and substance. Stems long and stiff. Early bloomer.

Tubers each \$2.50

Elite Glory D. (Kennedy.) A monstrous flower of a brilliant rich red. Considered the best red decorative to date. Winner of a long list of Firsts.

Tubers each \$5.00

DAHLIAS—Continued

Eliza Clark E. Bull D. (Boston.) One of the largest and deepest flowers of its class. Excellent stem which carries the immense white flowers well above the foliage.

Tubers each \$3.50

Elsie Daniels H. C. (Meachen & Sherman.) A fine type of exhibition H. C. Full center of creamy white shading to a lilac pink on outer row of petals. Bushes low-growing and free-blooming.

Tubers each \$3.00

Emma Marie H. C. (Dahliadel.) A beautiful clear bright pink flower with a white center. Flowers are large, borne on good erect stems.

Tubers each \$2.00

Fort Monmouth H. C. (Kemp.) This giant hybrid cactus created much interest at the Eastern shows last year. The predominating color is a rich claret with brightness unusual in darker tones. Flowers are full-centered and well-formed borne on large stiff stems high above the foliage. A prolific grower and bloomer; bush 6 to 7 feet high. Flowers have been grown to 13 inches across.

Tubers each \$15.00

Jersey's Beacon D. (Waite.) A decided novelty of Chinese scarlet with a buff reflex, giving it a two-toned effect. A free early bloomer. Massive blooms with sturdy stems.

Tubers each \$2.50

Jersey's Beauty D. (Waite.) Probably the most popular of any dahlia. An ideal pink for exhibition purposes or the florist's use. Large deep flowers on long stems.

Tubers each \$1.00

Jersey's Mammoth H. C. (Waite.) Truly a monster. The color is a rich golden mahogany. This variety was introduced in 1926 and won first prize at many of the shows for the largest bloom. Flowers of this variety have reached 14 inches in diameter.

Tubers each \$2.50

Joseph Garibaldi H. D. (Berardi.) This beautiful carmine-colored dahlia has a lustrous purplish reverse. Flowers large across and of good depth, always full-centered and are borne on long stiff stems high above the foliage.

Tubers each \$5.00

DAHLIAS—Continued

Margaret Masson D. (Fisher & Masson.) A variety that is growing more popular each year. Color a beautiful silvery rose pink, flower of great depth and size. A winner in the best decorative class. Tubers each \$2.50

Margaret Woodrow Wilson D. (Fisher & Masson.) Among the many new varieties shown at the American Dahlia Society's Show in New York, Sept., 1924, this variety was selected by Miss Wilson to bear her name. It is an exhibition type of large size and great beauty. Color is opalescent pink. Face of petals creamy white, reverse phlox-pink. The reflection of reverse petals giving the whole flowers an opalescent effect. Tubers each \$4.00

Marmion D. (Tyler.) This Dahlia because of its great size and depth attracts attention either in the garden or at the exhibition. Color is pure golden yellow with a bronze suffusion on reverse of petals and has a deeper bronzy tone on the high full center and an outline of same shade around each petal. Perfect form, stiff stem, good bloomer. Tubers each \$5.00

Miraflora C. (Broomall.) Bush is rather dwarf. Stems long and erect. Flowers large, often 8 to 9 inches in diameter. Color white, tinted violet pink. Tubers each \$3.50

Monmouth Beauty D. (Kemp.) Color rich salmon orange. Flowers are extra large and full. Long stiff stems, a prolific bloomer. Tubers each \$7.50

Monmouth Sunrise D. (Kemp.) Color a bright yellow with a golden sheen. Flowers large on long stems. Tubers each \$6.00

Mordella D. (Kemp.) Apricot buff, beautiful under artificial light. Flowers large and gracefully formed on good stems. A tall grower. Tubers each \$2.50

Papillion H. C. (Boston.) A beautiful shade of old rose with golden lights. Fine stem. Tubers each \$2.00

DAHLIAS—Continued

Pride of Stratford D. (Meachen & Sherman.) Very large flowers held erect on strong stems. Color, Cadmium orange shading to light orange yellow at base of petals; reverse, rose dorée.
Tubers each \$4.00

Queen of the Garden Beautiful D. (Burns.) An immense flower of primrose yellow, with an excellent stem. A great prize winner.
Tubers each \$4.00

Radio D. A 1924 introduction that has made a sensation. A large and attractive red and yellow decorative, stem excellent.
Tubers each \$2.00

Robert Treat D. (Mueller.) Color, an American Beauty Rose shade. Exhibition type. Good stems, prolific bloomer.
Tubers each \$1.50

Roman Eagle D. (Fisher & Masson.) A flower that is typically an Autumn shade. Large exhibition blooms of a flaming, brilliant, burnished-copper color. One of the most admired dahlias in the Eastern shows. Flowers held well above foliage on stiff stems. Profuse bloomer.
Tubers each \$3.00

Rose Fallon D. (Harding.) This large Decorative is deserving of its popularity. The color is a dark orange tinted with amber and salmon.
Tubers each \$4.00
