Imported Holland Bulbs

THE tulip is the most popular and effective of the hardy, bulbous plants, and is the most satisfactory Spring flower. No other flower causes so much enthusiasm and admiration as the lovely, marvelous tulip in all its splendor and array of many colors: red, pink, white, yellow, black, purple, violet, orange, lavender, lilac, bronze, brown, and every combination of these.

People go into ecstasy over the matchless beauty of the richly colored flowers. Thousands have expressed themselves as never having seen anything so beautiful as the Albia Tulips. The wonderful colors of the tulip are unequaled. There is real value in a planting of tulips, and no garden is complete without this magnificent flower.

This is our sixth season importing tulip bulbs from the oldest and best growers in Holland. Many of the finest and always high priced tulips are reduced this year.

Our Catalog. This is strictly a Tulip Catalog, giving a large and fine selection of bulbs. The tulip is so outstanding and overshadows all other Spring flowers in popularity and beauty, and gives the most value for the cost, that we deem it well worth while to honor and feature it alone.

Our Bulbs. We import all **Bulbs Direct From Holland.** We buy only **Top Size Bulbs.** Tulip bulbs are graded top size, first size, second size, and third size bulbs. The top size are the cream of the Holland Bulbs, the largest and the highest quality. We advertise and stand back of the **size** and **quality**, and guarantee bulbs true to name. We ask comparison of quality, size, and price.

Shipping. All bulb orders are delivered in October, postpaid.

Planting. Plant bulbs in October or November, six inches deep and six to eight inches apart. Dig out the bed 6 inches deep, put in one inch or more of sand, and set bulbs in the sand. Mulch with straw.

Time to Order. Orders should be in before June 1st. Best time to select bulbs is during the blooming season.

Terms of Payment. Our terms are cash with order, or cash at once after the delivery of the bulbs. New customers should send cash or reference with order.

Reference. First National Bank, Albia, Iowa.

The Asterisk before the name denotes the tulips in our garden this year.

Six Bulbs of a kind will be sold at the dozen rate. Fifty or more at the hundred rate, except the Special Bargains.

Cut Flowers. Will be delivered postpaid during blooming season at \$1.00 to \$3.00 per dozen.

New York Address. Gray Floral Company, 134 East 61st Street, New York City.
