INTRODUCTORY

No class of plants lends itself to a wider use and significance for every purpose, and especially as gifts to fit every occasion than the hardy and beautiful varieties of *Nephrolepis* ferns. Having for years specialized in the growing of these beautiful plants, we are offering this year a larger and finer quality than ever before, in popular sizes calculated to meet every condition of the trade and varying purses of the purchasing public.

As the trade well knows the sale of ferns for decorative purposes, by either florists or nurserymen, depends on an assortment of varieties, hence orders will be so shipped unless otherwise stated. In such cases an order for Boston ferns will call for types of that variety, viz., Roosevelt, Boston, Harrisii and Elysian; whereas if Whitmanii, Piersonii, Teddy, Jr. and Hillsii, they must be named separately.

NEPHROLEPIS ROOSEVELT

Boston type, crinkley leaves. In 5, 6, 7, 8, 9 and 10 inch pots.

NEPHROLEPIS HARRISII

Boston type, crinkley same as Roosevelt; much heavier down the mid rib of the leaf. In 6, 7, 8, 9, and 10 inch pots.

NEPHROLEPIS BOSTONENSIS

The popular and well known variety. In 5, 6, 7, 8, 9 and 10 inch pots.

NEPHROLEPIS HILLSII

A new introduction of 1920 Boston type. Fronds very crinkley, medium length, exceedingly bushy; will grow better in a living room in a semi-dark situation than any other *Nephrolepis*. In assorted stock, same as other ferns. In only 4, 5, 6, and 7 inch pots.

NEPHROLEPIS ELYSIAN

One of our finest sports, cut and fringed on the leaflets edges. In 5, 6, 7, 8, 9, and 10 inch pots.

NEPHROLEPIS WHITMANII

Finely cut feathery (Ostrich plume); best of its type. In 5, 6, and 7 inch pots.

NEPHROLEPIS PIERSONII

Somewhat of a mixture combining features of Boston and Whitmanii. In 5, 6, 7 and 8 inch pots.

NEPHROLEPIS TEDDY JR.

Same as Roosevelt only shorter and bushier. Only in 5 and 6 inch pots.

NEPHROLEPIS NORWOOD

New, very finely cut, in 4 and 5 inch only.
