HARDY PLANTS

HARDY PLANTS FOR THE ROCKERY

While I grow a variety of plants and bulbs, I call the 'Hardy Old-Fashioned Plants for "Rockeries" and "Gardens" my specialty. The following short list of hardy stock is suitable for rock gardening. I have included such varieties that the average person is familiar with, and my patrons who either take care of their grounds themselves, or who put them in charge of inexperienced help, are not apt to be successful with a lot of the other varieties, named on lengthy botanical lists. Furthermore, we have to consider the hardiness of the plants themselves. So I have tried to make up a list of such as are best known and not only used for this purpose alone, but often found in the hardy border as well. Quite a few of the varieties in this group are very valuable for cut flowers.

NOTICE TO CUSTOMERS

Not less than six of a variety will be supplied at the dozen rate, no less than 25 of a variety at the hundred rate, nor less than 250 of a variety at the thousand rate.

No charges for packing. We use wooden boxes, or other suitable materials.

After delivering to the forwarders, all goods are entirely at the risk of the purchaser, and if any loss occurs, the forwarders alone must be held responsible.

Customers desiring stock shipped C. O. D. must remit one-fourth of the amount of their purchase when ordering.

Claims, if any must be made promptly on receipt of goods, when they will be carefully examined, and, if just, all made satisfactory. Claims made after ten days from receipt of goods will not be entertained.

I warrant all stock true to name, with the express understanding and agreement with the purchaser that, should any prove not true to name, I will return the money paid, or will replace with other stock; but it is naturally agreed between the purchaser and myself that I shall not under any circumstances be held responsible for a greater amount than the original price of the stock.

FREE DELIVERY

All seeds offered in this catalogue will be delivered to your door postpaid in any quantity.

All bulbs and roots offered and priced in one to dozen lots, will be delivered postpaid, except where price are quoted "By express." All stock priced by the 100, will be sent by freight or express, not prepaid.

GUARANTEE—We guarantee the vitality and purity of our seeds to the full amount of the purchase price. You can have your money back any time within the year, if you are not satisfied with the results of our seeds.

We cannot guarantee roots or plant roots to grow. We send out only good live stock, and therefore cannot guarantee results in the hands of various gardeners and soils.

VISITORS always welcome. A discount of 10 per cent given on orders placed at nursery and carried by purchaser. Plants dug while you wait, come and see what you get. Compare values.

HARDY GARDEN LILIES

LILIES (Hardy)

To successfully grow hardy lilies, select a loose, well manured soil. Plant the bulbs 6 to 8 in. deep, placing a handful of coarse sand in the hole, then set bulbs and cover with sand, after which the hole can be closed with soil. Plant among shrubbery, peonies or beds of hardy perennials in order to keep the soil cool and moist.

FLOWER SEED SPECIALTIES

We make no effort to offer a complete or extensive list of seeds. The following items are especially meritorious for size form and beauty very prolific bloom and especially fine of fresh seeds, all varieties strictly the best as specimen or for cutting. Liberal packets known, improved strains and shall not be confused with special M. O. offers.

Delphiniums

BLUE. KING OF THE GARDEN.

Hardy perennial Larkspurs are rapidly coming into a class of their own, due to the rapid and untiring efforts of American and English Specialists. Our seeds are from American and Scotch hybridizers and the plants it will produce will be a revelation to you, and the pride of your garden. The plants increase in size, vigor and beauty as they get older.

OLD FASHIONED GARDENS. MIXTURE

....Mountville, Pa.,

Bear Sir:—

My plants I got from you in the Fall are doing beautifully. They were fine plants and I am expecting to have lovely flowers from them this Spring. I am writing to ask you to send me several Spring catalogues, as some of my friends in the "Garden Club" want to get some plants from you. Do you have any special catalogue of Lillies and Iris? If so, I would like one.

Very truly, V

Mrs. Ben. C. McGehee,
