TRADE LIST
SPRING 1928

WM. FLEMER'S SONS INC.
Princeton Nurseries - F.&F. Nurseries
PRINCETON, NEW JERSEY

Foreword

HIS new catalogue is an endeavor to place before you a comprehensive list of plant material available at our nurseries, so arranged as to assist you in quickly finding the information desired.

The three main divisions of plants, Deciduous, Evergreen and Herbaceous, are arranged separately in alphabetical order, and the whole completely indexed by using both the common and botanical name.

It is hoped the brief descriptions and appended "Lists" will prove helpful when compiling your planting plans.

Having over eight hundred acres under cultivation we are able to utilize the most modern and economical methods of growing and handling nursery stock to produce high class plant material at a consistently low price.

Anything we may say regarding our own business would necessarily be but a one-sided viewpoint, so we urge you to visit our nurseries this year to gain a first-hand impression.

Your business has been keenly appreciated and we believe the best method of expressing this appreciation is to handle your orders just as you would handle them yourself—this we shall try to do.

Respectfully

WM. FLEMER'S SONS, INC.

Conditions of Sale

Liability—Orders are accepted on condition they shall be void should stock become injured by frost, or other causes beyond our control. Errors made by us will be gladly corrected, but we must be notified within ten days from the arrival of the stock. The plants become your property upon delivery of them to the Transportation Co., and we cannot be responsible for loss, damage or delay in transit.

Prices—Are F. O. B. our nurseries, packing extra; 250, 25 or 5 of any one variety will be furnished at the 1000, 100 or 10 rates respectively.

Terms—Cash, security or satisfactory references are required from unknown parties. Discounts: 2% for 10 days, 1% for 30 days from date of invoice. Interest at six per cent, 6% per year will be charged from January 1st on fall accounts and from July 1st on spring accounts. Orders for C. O. D shipment must be accompanied by one fourth of the amount.

Auto Truck Delivery—We make deliveries by auto truck within one hundred miles of our nurseries. Charges are made according to the size of truck required and the distance. The advantages of truck delivery are many; the cost of boxing, freight and cartage is eliminated; the stock is delivered in a much better condition than when packed in cases; and above all, the goods are landed on the grounds within a short time after being dug.

Packing—Carloads packed free. Boxing charged at cost as follows:

12x 15 in. x 8 ft. \$1.75	23x28 in. x 8 ft. \$3.00	17x20 in. x 10 ft. \$3.50
15x 16 in. x 8 ft. 2.00	28x32 in. x 8 ft. 3.50	19x24 in. x 10 ft. 4.00
17x 20 in. x 8 ft. 2.25	31x36 in. x 8 ft. 4.00	23x28 in. x 10 ft. 4.50
19x 24 in. x 8 ft. 2.50	15x16 in. x 10 ft. 3.00	27x32 in. x 10 ft. 5.00

Standardized Plant Names—With few exceptions, the plant names used conform to "Standardized Plant Names" as adopted by the Joint Committee on Horticultural Nomenclature.

A state Entomologist inspection certificate will accompany each shipment

Deciduous Trees, Shrubs and Vines

NOTE—The figures in italics, following each variety, indicate in feet the approximate height of that plant when mature.

We recommend that all varieties marked with an asterisk be dug with a ball of earth and burlapped to minimize loss. This will involve an extra charge per plant, as follows:

2' to 4'—25c 5' to 6'—35c 7' to 8'—50c 9' to 12'—75c

Where marked B. & B., these charges are included in the printed list.
