EVERBEARING GRAPE:

Something new, a sport. Originated in Titus County. Blooms and bears grapes continuously through the season. Bears first year from planting, a wonderful arbor grape, fruit good quality. One year vines, planted in March, bearing fruit this season. At this date, Oct. 1, we are getting ripe fruit, with half grown fruit yet to ripen. This grape not old enough yet to have been thoroughly tested, but promises to be a novelty of rare value. Should be tested everywhere. We have about 2000 plants we are offering at \$5.00 per dozen.
