Sacramento, California

Bulbs for Fall Planting

GENERAL INSTRUCTIONS FOR PLANTING

WATER CULTURE.—This method of flowering is always interesting. Single Hyacinths are easily grown in glasses of water, and special Hyacinth glasses can be obtained at 40c to 50c each from us. They are simply filled with fresh, pure water, and the bulb rests in a cup-shaped receptacle on top of the glass. The water should barely come up to the roots of the bulb. Put in a cool, dark, airy place, until the roots have grown to the bottom of the vase; as the water evaporates, fill the vase, and change the water occasionally in order to keep it pure and fresh. After rooting place the vases in a light, cool room until the foliage is well developed, after which they may be put in a light, sunny window, soon after which the flowers will appear. Narcissus and Sacred Lilies may all be grown in the same way, in glass bowls partly filled with pebbles and sand.

FORCING IN POTS.—In potting, use light, rich, rather sandy soil. A combination of about one-third each of sand, top soil from old pastures and well rotted cow manure makes the best potting soil. Leave about one-third of the bulb above the sur-

face of soil in the pot in planting. Then plunge the pots about six inches deep in sandy soil or else put away in cellars or dark closet for five or six weeks. Keep moist, but not wet. At the end of six weeks the bulbs will have rooted well and, when pots are placed in a warm, sunny situation, they come in bloom rapidly. Dutch Hyacinths and Paperwhite Narcissus are especially valuable for this purpose.

OUTDOOR PLANTING.—For bulbs to bloom in late Winter and early Spring they should be planted from October 1st to January 1st. Our personal preference is November 15th to December 15th. Plant in deep, rich soil or one that has been well fertilized with well rotted manure, cow manure being preferable if obtainable. Do not, under any circumstances, use fresh manure so that it comes in contact with the bulbs, as it is injurious. Set the bulbs (except the small bulbs, such as Crocus) so that the crown of the bulb is three or four inches below the surface of the soil. After planting the soil should be firmed.

HOW AND WHEN TO ORDER

The best time to order is just as soon as you receive this catalog. We can always give your orders more of our personal attention if they come in before the rush of the Fall trade. Please write as plainly as possible, as it helps avoid making mistakes in filling your orders.

ERRORS.—We exercise the utmost care in filling orders, striving to do a little more than we offer; yet in the press of business, errors sometimes occur, in which event we wish to be promptly notified of the fact and will make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

Bulb Planting Chart—Gives a General Idea of How Deep and How Far Apart to Plant Different Bulbs

See Page 19 for Directions on How to Grow Bulbs in Bulb Fibre

Lagomarsino's Imported Tulips

It is difficult to conceive of anything more brilliant in color than a bed of good Tulips. Their great variety of color, intense brilliancy and beautiful shading make them universal favorites. Another consideration in their favor is the ease with which they can be cultivated, only requiring good, common garden soil to grow them to perfection. There are no bulbs which make such a rich and gorgeous display of blossom with so little care and cultivation. The culture of the Tulips is the same as that of Hyacinths, except that the bulbs should be planted about 5 inches deep and 6 to 8 inches apart.

Lagomarsino's Giant Darwin Tulips

A distinct race of Single Late Tulips, with immense flowers of well-rounded form, on tall, thick stems from two to three feet in height. This, with their very brilliant colors, ranging from almost pure white, through all the shades of pink and purple, to the intense red, makes them unsurpassed for planting out or for cutting. They are recommended for massing in shrubbery and for providing contrasting colors in the Spring garden.

Culture—Plant bulbs 4 or 5 inches deep, 6 to 9 inches apart. For general planting instructions see inside front cover. In ordering by mail add additional postage at the rate of 1 pound per dozen, 4 pounds per 100.

Doz. 100

Baronne de la Tonnaye

—A vivid pink, with lighter margin; a faultless flower ---- .60 \$4.00

Clara Butt—Beautiful soft salmon pink, one of the most popular. .50 3.50

Dream—Beautiful, large delicate lilac. .60 4.00

Flamingo—Delicate shell pink ---- .75 5.00

Farncombe Sanders—Brilliant scarlet ---- .75 5.00

Pride of Haarlem—Brilliant rose carmine ---- .55 3.75

Rev. H. Ewbank—Lavender violet, shading to silvery heliotrope ---- .60 4.00

Glow—Brilliant vermillion, blue and white center ---- .65 4.50

Centenaire—Rich violet rose, with large blue base ---- .65 4.50

King Harold—Deep ox-blood red, with blue base ---- .60 4.25

Mrs. Potter Palmer—Deep purple ---- .60 4.25

Inglescombe Yellow—Glossy canary yellow ---- .60 4.00

La Tulip Noir—"The Black Tulip." Velvety maroon black. .60 4.00

Madam Krelage—Soft purplish rose, margined blush pink. .60 4.00

Giant Darwin Tulip

Darwin Tulips Continued

PRINCESS ELIZABETH—Clear deep pink, changing with age to rose pink. 60c doz.; \$4.00 per 100.

PROFESSOR RAWVENHOF—Bright cherry-red with scarlet glow inside. 65c per doz.; \$4.25 per 100.

ISIS—Fiery crimson scarlet with blue base. 75c per doz.; \$5.00 per 100.

MASSACHUSETTS—Deep rose banded petals with very distinct pale rose edges. Long oval blooms on strong erect stems. 60c per doz.; \$4.00 per 100.

VALENTIN—Beautiful light violet; blue base. The largest and tallest of all Darwins. 65c doz.; \$4.50 per 100.

ZULU—Rich, velvety, purple-black, large cup-shaped flower. 75c per doz.; \$5.00 per 100.

LOVELINESS—Rose pink. 60c doz.; \$4.00 per 100.

EUROPE—Salmon pink. 60c doz.; \$4.00 per 100.

BARTIGON—Fiery crimson with bright scarlet margin. 60c per doz.; \$4.00 per 100.

Darwin Mixture—A good mixture as imported. 40c per doz.; \$2.75 per 100; \$25.00 per 1000.

Lagomarsino's Special Mixture—of all the above varieties and many others, combining the finest assortment of most beautiful colors. 60c per doz.; \$4.00 per 100; \$38.00 per 1000.

Darwin Tulips

Single Early Flowering Tulips

The single early Tulips are especially adapted for pot culture and are not recommended for outdoor planting, unless planted for massing, as stems are shorter than the other varieties.

Culture—Plant bulbs 4 or 5 inches deep, 6 to 9 inches apart.

Double Early Tulips

Artus —A bright scarlet, fine Doz.	100	
for bedding or forcing-----	\$0.75	\$5.00
Chrysolora —Large, pure golden yellow, desirable for bedding with red and white sorts	.75	5.00
Cottage Maid —Soft pink, suffused with white	.75	5.00
White Hawk —Pure white	.75	5.00
Keizerkroon —Large, brilliant red, bordered with deep golden yellow; very good for bedding	\$1.00	\$7.00
Yellow Prince —Clear yellow	.75	5.00
Special Mixture —Single early flowering tulips	.75	5.00

Double Early Tulips

Recommended for pot culture and are not as satisfactory as Darwins, Breeders or Mayflowering for growing in the open as stems are short. For special purposes they may be used for bedding or massing.

Coronne D'Or —Golden yellow, Doz.	100	
flushed orange	.85	6.00
Murillo —Delicate flesh pink	.70	4.75
Rubra Maxima —Deep Crimson	.85	6.00
Lagomarsino's Mixture of Double Early Tulips	.75	5.00

Cottage or Mayflowering Tulips

These beautiful May flowering varieties are becoming more popular each season, being entirely distinct from the early flowering sorts, in their taller growth and later season of blooming. They are very desirable to grow in conjunction with the Darwin and Breeder Tulips, as they come in many different shades not found in other Tulips, and also prolong the blooming season.—Plant bulbs 4 or 5 inches deep, 6 to 9 inches apart.

Gesneriana Major—Large, rich crimson scarlet with blue center ----- .60 4.25

Gesneriana Lutea—Large, pure golden yellow; excellent for bedding ----- .60 4.25

Picotee (Maiden's Blush)—White, with rose pink margin; flowers borne on long stems. .60 4.00

Inglescombe Pink (Salmon Queen)—Delicate salmon rose, immense flowers----- .60 4.00

Fairy Queen—Rosy heliotrope with broad, yellow margin--- .65 4.50

Moonlight — Sulphur Yellow, large .75 5.00

Fawn—Rosy fawn shade----- .65 4.50

John Ruskin — Apricot - rose shaded mauve and edged lemon-yellow; immense size----- .75 5.00

Alaska—(New). Golden yellow, elegant form. 35c each-----2.50 ---

Avis Kennicott—Deep yellow, fine form; tall stem. 10c each 1.00 7.00

Cottage or Mayflower Tulips

Kingfisher—Creamy white, flamed lilac. 25c each----- 2.50 ---

Mrs. Moon—Golden yellow with reflexed pointed petals. 10c each----- 1.00 7.00

Orange Globe—Orange red----- .75 5.00

Snowdon—Pure white ----- .75 5.00

Cottage Garden Mixture—Made up of the above and others (\$38.00 per 100) ----- .60 4.00

Parrot Tulips

Doz. 100

A singular and picturesque species of late flowering Tulips for outdoor cultivation, with peculiarly feathered and fringed petals -----\$.60 \$4.00

Mariposa Tulips

Native California bulbs, producing graceful tulip shaped flowers in a wide range of beautiful colors----- .60 4.00

Parrot Tulips

Breeder Tulips

A valuable Tulip for late flowering, in odd beautiful colors; large flowers of perfect form, borne on tall stems. Culture—Plant bulbs 4 or 5 inches deep, 6 to 9 inches apart.

Breeder Tulips

	Doz.	100
Archeron—Dark brown red, tall grower	.90	6.50
Bronze King—Reddish bronze very distinct	1.00	7.00
Bronze Queen—Buff, tinged apricot	.70	4.75
Cardinal Manning—Blend of mauve and rose	.75	5.00
Don Pedro—Brown shaded maroon	.90	6.50
Fairy—Reddish brown, shaded apricot	.75	5.00
Golden Bronze—Yellow base, petals of golden bronze and old gold	.75	5.00
Prince of Orange—Terra cotta with orange edge	.85	6.00
Yellow Perfection—Bronze yellow, with golden edge. 10c each	1.00	7.00
Bachus—Dark violet purple; white base. One of the best of the dark varieties; exceptionally large egg-shaped flower on tall stems. 15c each	1.50	10.00
Apricot—Deep bronze-buff, shady ruddy apricot and showing olive base. 10c each	1.00	8.00
Coridion—Clear yellow, shaded bronze. 20c each	2.00	---
Feu Ardent—Fiery red, darker towards the bottom. 15c each	1.50	10.00

Jaune d' Oeuf—Heliotrope, changing to yellow. 10c each...1.00 7.50
 Lou's XIV—Rich dark purple flushed with bronze and edged with golden brown; base circular; dull blue, starred with yellow; a flower of enormous size and stately bearing. 15c each...1.50 ---

Lucifer—Orange red. 25c each...2.50 ---
 Professor Schotel—Bright violet blue. 8c each85 6.00
 Vulcain—Carmine violet, orange edge. 20c each.....1.75 ---
 Lagomarsino's — Mixture of Breeder Tulips85 6.00

COLORED SATIN FINISH GLASS BOWLS

These bowls are specially shaped for bulbs and equally attractive for flowers, made of the best grade of flint glass, in a rich beautiful satin finish, in the following colors Nile Green; Light Blue, Rich Deep Amber, and Black. 5½ inch, weight 2 lbs, each 70c; 6½ inch, weight 3 lbs., each 75c; 9 inch, weight 4 lbs., each 90c.

HYACINTH GLASSES

	PRICES	Each	Doz.
Belgian. Tall		\$0.40	\$3.75
Tye Shape		.40	4.00

Postpaid 50c each

Belgian

Tye Shape

F. L. STYLE BOWLS

A pottery bowl with a matt green, blue and jet black glaze finish. 5-inch (wt. 2 lbs.), 50c; 6-inch (wt. 3 lbs.), 60c; 8-inch (wt. 4 lbs.), 95c.

Ranunculus Postpaid

Turban Ranunculus

Ranunculus (Giant French Mixed)

This class has full compact double flowers, somewhat resembling the Pom Pom dahlias. The colors are very attractive, being dark rich red, golden yellow, pale pink and white, including some variegated forms. The long graceful stems and delicate foliage make them very desirable for cut flowers.

(Culture—Plant bulbs 1 inch deep and 6 inches apart. The bulbs have curious rootlets projecting outward and these should be planted downward. For a quicker start, soak bulbs in water one or two hours before planting.)

	Doz.	100
Romano—Bright scarlet	..85	6.00
Resalia—Delicate pink	85	6.00
Seraphique—Yellow	85	6.00
Grandiflora—White	85	6.00
Lagomarsino's Special		
Double Mixture	75	5.00
Semi-Double Mixture — A		
very fine mixture of		
semi-double varieties	50	3.50

Giant French Ranunculus

This class of Ranunculus are especially desirable. The flowers are larger than the Turban strain and come in a wide range of beautiful colors. While the bulbs of this strain do not all produce double flowers the semi-double flowers are equally attractive. 75c per doz.; \$5.00 per 100.

New Giant Florentine Ranunculus

We offer bulbs of this strain for the first time. The flowers are very large, generally 4 to 5 inches in diameter on stems 18 to 24 inches tall. The colors are most varied; white, shades of yellow, deep mauve, many shades of pink, rose and crimson, with bronzy shades, some blotched and many picotee edged. They surpass in size and colorings the finest French Ranunculus. \$1.50 per doz.; \$10.00 per 100.

BLEEDING HEART

Bleeding Heart

(*Dieltra Spectabilis*)

An old favorite. Its long racemes of graceful heart-shaped pink flowers are always attractive. A beautiful plant for the border and elegant as a pot plant for the house, and especially valuable for planting in the shade. Strong clumps. \$1.00 each; \$10.00 per dozen.

Hyacinth, King of the Blues

HYACINTHS

Hyacinths are among the most popular Fall bulbs and command a place in every garden. There is nothing more attractive than a planting of them, with their brilliant colors, ranging through nearly every shade of red, white, yellow and blue. They can be grown in many different ways, out-of-doors, in pots or in Hyacinth glasses with water.

Culture—Plant bulbs 4 or 5 inches deep, 6 to 10 inches apart. For planting indoors see general planting instructions inside front cover. In ordering by mail add additional postage at the rate of 3 pounds per dozen, 15 pounds per 100.

We are direct importers of Holland bulbs; we import only the best.

First Size Hyacinths

First-size Hyacinth bulbs are suitable for both indoor and outdoor culture. When planting bulbs for flowering in the house, the first size should be used in preference to the others, as they force easily and bear large, well-developed trusses.

PINK, ROSE AND RED			
Cardinal Wiseman—Dark pink; large spike.....	Each	Doz.	100
Gertrude—Deep, rosy pink; large spike; very popular.....	\$.25	\$2.50	\$18.50

Hyacinths Growing in Pots

Named Bedding Hyacinths

This is the size that is especially adapted for outdoor planting for beds, borders and for massing. Bulbs are of uniform size and produce flowers of perfect form.

Culture—Plant bulbs 4 or 5 inches deep, 6 to 8 inches apart. For planting indoors see general planting instructions inside front cover. In ordering by mail add additional postage at the rate of 2 pounds per dozen, 12 pounds per 100.

	Doz.	100
Gertrude—Deep rose pink---	\$1.50	\$12.00
Gigantea—Blush pink -----	1.50	12.00
La Victoire—		
Brilliant, dark pink-----	1.50	12.00

Marie—Rich purplish blue---	1.50	12.00
Moreno—Soft Rose -----	1.50	12.00

Freesias Postpaid

Probably no flower is better known or more popular than the Freesia, with its beautiful, graceful and delicately perfumed flowers. They are especially suited to house and outdoor growing and excel as a cut flower in the length of time they may be kept fresh. For indoor culture, plant eight to twelve bulbs in a six-inch bulb pan and cover one inch.

Culture—Plant bulbs $1\frac{1}{2}$ inches deep, 4 to 6 inches apart. See inside front cover for general planting instructions.

Fischer's Purity — The finest and purest white sort yet introduced. 25c doz.; \$1.50 per 100; \$13.50 per 1000.

Lagomarsino's Mixture of Freesias —This mixture comprises shades of pink, lavender, crimson, yellow, etc.; very beautiful. 65c doz.; \$4.50 per 100.

Freesias

Novelties in Freesias

AURORA—Large flowering, yellow suffused with orange. 75c doz.; \$5.50 per 100.

CALIFORNIA — Large flower of bright golden yellow. 75c doz.; \$5.50 per 100.

CARMENCITA—Medium size flower, orange salmon hue, with buff shading on the lower petals. 75c doz.; \$5.50 per 100.

LENA—Deep rosy lavender with white throat, deep orange blotch on lower petal. 75c doz.; \$5.50 per 100.

OLIVETTE—Bright carmine red, with light yellow throat. 75c doz.; \$5.50 per 100.

GENERAL PERSHING — Large lavender pink. 75c per doz.; \$5.50 per 100.

YELLOW PRINCE—75c doz.; \$5.50 per 100.

AMETHYST — Amethyst blue. 75c doz.; \$5.50 per 100.

CARRIE BUDAU — Large, lavender pink. 75c doz.; \$5.50 per 100.

Collection—Two each of the above separate shades Freesias, 85c.

NARCISSUS or DAFFODILS

Among the most beautiful and fragrant of our hardy Spring flowering bulbs, the Narcissi enjoy great popularity and occupy a very prominent place in the world of flowers, doing well in almost all soils and situations, for naturalizing among the grass, planting among the shrubbery, on the borders of ponds and streams, and in formal beds. For house or greenhouse culture they are equally desirable, planted in pots or bulb pans, several bulbs of one variety in each, and treated as recommended for Hyacinths.

Culture—Plant bulbs 4 or 5 inches deep, 8 to 12 inches apart. For general planting instructions see inside front cover. In ordering by mail add additional postage at the rate of 1½ pounds per dozen, 12 pounds per 100.

Single Large Trumpet Daffodils

EMPEROR—The finest yellow; the perianth and trumpet are finely formed and very large; the color is a rich, golden yellow; very fine for cut flowers. 15c each; \$1.50 per dozen; \$10.00 per 100.

SINGLE LARGE TRUMPET DAFODILS (Continued)

EMPRESS—Broad, white perianth; rich, golden yellow trumpet; one of the best bi-colors. 15c each; \$1.50 per dozen; \$10.00 per 100.

KING ALFRED—Clear, golden yellow, with deeply frilled trumpet; unrivalled in size and beauty. 25c each; \$2.50 per dozen; \$17.50 per 100.

GLORY OF SUSSENHEIM—Remarkably large flowers, with bold white perianths and rich, golden yellow trumpets. Strong grower. A splendid flower. 20c each; \$2.00 per dozen; \$15.00 per 100.

BICOLOR VICTORIA—Flowers large and erect, with creamy-white perianth of remarkable breadth and good quality; the trumpet is a clear, rich yellow, and frilled at mouth. 15c each; \$1.50 per dozen; \$10.00 per 100.

GOLDEN SPUR—The most popular of the golden-yellow trumpets with cut flower growers, as it produces freely and early its handsome, rich, dead yellow flowers. It is just as valuable out of doors as for forcing. A strong vigorous grower, always doing well. 15c each; \$1.50 per dozen; \$10.00 per 100.

TRUMPET MAJOR—A large and shapely flower of a rich, yellow color throughout; valuable for bedding, cutting and forcing. 10c each; \$1.00 per doz.; \$8.00 per 100.

Double Daffodils

Culture—Plant bulbs 4 or 5 inches deep, 8 to 12 inches apart. For general planting instructions see inside front cover. In ordering by mail add additional postage at the rate of 1¼ pounds per dozen, 9 pounds per 100.

ALBA PLENA ODORATA—Double; pure white; very sweet scented. 10c each; \$1.00 per dozen; \$7.50 per 100.

VON SION—The famous old Dutch Daffodil; flowers golden yellow; large and of fine form; this variety is used in enormous quantities. 15c each; \$1.50 doz.; \$10.0 per 100.

MIXED LARGE TRUMPET DAFODILS FOR NATURALIZING—This mixture is adapted for naturalizing in the grass and woodlands. Beautiful effects can be had from these bulbs when planted for this purpose. Doz., \$1.00; \$7.50 per 100; \$60.00 per 1,000.

NARCISSUS-DAFFODIL—“What is the difference between a Narcissus and a Daffodil? None whatever, one being the Latin, and the other the English name for the same plant.”—E. A. Bowles, in “My Garden in Spring.”

Narcissi Naturalized in a Woodland

Crown Daffodils

(Small Cupped, or Star Narcissi)

Culture—Plant bulbs 4 or 5 inches deep, 8 to 12 inches apart. For general planting instructions see inside front cover. In ordering by mail add additional postage at the rate of 1½ pounds per dozen, 9 pounds per 100, except Sir Watkin—weight, per dozen, 2½ pounds, 19 pounds per 100.

Daffodils Victoria

Culture—Plant bulbs 4 or 5 inches deep, 6 to 10 inches apart. For general planting instructions see inside front cover. In ordering by mail add additional postage at the rate of ¾ pound per dozen and 5 pounds per 100 on Campenelle and Rugulosus. Others are postpaid.

	Doz.	100
Single Sweet Scented—Rich, golden yellow; very sweet	\$.85	\$6.00
Campenelle—Large, yellow flowers	.85	6.00

BARRI CONSPICUOUS—Yellow perianth, short cup, orange edge. 10c each; \$1.00 per doz.; \$7.50 per 100.

SIR WATKIN—Immense flower, the largest in this class; perianth, sulphur yellow; cup, slightly deeper in color and tinged with orange. 15c each; \$1.50 per doz.; \$10.00 per 100.

Jonquils

Very popular and much prized for their graceful forms, beautiful color, delicious fragrance and the ease with which they may be grown. The blossoms are produced in clusters and resemble Daffodils, only the flowers are smaller.

Crocus Postpaid

Crocus are among the first flowers to bloom in the spring, and make a beautiful showing when planted in the lawn. The bulbs should be thrown promiscuously over the lawn and be set where they fall, merely lifting the sod with a knife or trowel, slipping the bulb underneath and pressing the sod back into place. They can also be planted among the other bulbs, such as Narcissi Tulips and Hyacinths, making a splendid showing before the other flowers bloom.

The Crocus are also very suitable for growing in pots, window boxes, hanging baskets or ornamental vases of any kind and will succeed in either soil, water or fibre.

Culture—Plant bulbs 2 or 3 inches deep, 2 to 4 inches apart. For pot culture plant 6 or 8 bulbs in a pot 1 inch deep. See inside front cover for general planting instructions.

	Doz.	100
Blue and Purple Sorts	35c	\$2.50
Striped and Varigated Sorts	35c	2.50
Yellow Sorts	35c	2.50
White Sorts	35c	2.50
Lagomarsino's Special		
Mixture of Crocus	35c	2.50

Ask for a copy of our Leaflet ("BULBS FOR HOUSE CULTURE"). Gives instructions and helpful information on how to grow the popular varieties of beautiful bulbs in pots, saucers, bowls, etc., indoors.

Crocus

PAPERWHITE NARCISSUS

Paperwhite Narcissus

This is the most satisfactory flower that can be grown in the house for Winter blooming. They will bloom in water and rocks from six to eight weeks from time of planting, and are superior to Chinese Lilies. The flowers are larger, more attractive in color and very fragrant. A very unique, simple and novel way to grow this variety of Narcissus is to place six to eight bulbs in a shallow glass or china bowl with water; support the bulbs with pebbles or gravel as you would the Chinese Lily and place the bowl in the dark until the roots have started, when you should bring them to the light. The water requires changing occasionally to keep it pure. Do not add cold water, see that it is slightly warm. Planted any time in September or October and they can be easily brought into flower by Christmas. They can also be planted any time in January in glass bowls and will bloom in six weeks.

Paperwhite Narcissus—10c each; 3 for 25c; 80c per doz.; \$5.50 per 100.

Outdoor Culture—Plant bulbs 4 or 5 inches deep, 6 to 8 inches apart. See inside front cover for general planting instructions. In ordering by mail add additional postage at the rate of 1¼ pounds per dozen, 10 pounds per 100.

Poeticus and Other Single Narcissus

Culture—Plant bulbs 4 or 5 inches deep, 6 to 8 inches apart. See inside front cover for general planting instructions. In ordering by mail add additional postage at the rate of 1¼ pounds per dozen, 10 pounds per 100.

POETICUS (Poet's or Pheasant Eye)—Pure white, with orange crown, edged with scarlet. One of the best sorts for naturalizing. 10c ea; 3 for 25c; 80c doz.; \$5.00 per 100.

POETICUS ORNATUS—Broad, white perianth, with scarlet crown; forces early and fine for cutting. 75c doz.; \$5.00 per 100.

ASPASIA—Large; white, with yellow eye. 12c each; 1.25 per doz.; \$9.00 per 100.

ELVIRA—Pure white, with yellow eye; a very long-stemmed, large flower. 12c each; \$1.25 per doz.; \$9.00 per 100.

IRENE—Silky primrose yellow, with orange eye, and large, broad truss, with eight or nine flowers. 15c each; \$1.50 per doz.; \$10.00 per 100.

GRAND SOLEIL D'OR—A rich, clear yellow with orange cup. Very beautiful in form and sweet in fragrance. 15c each; \$1.50 per dozen; \$10.00 per 100.

LAURKEN'S KOSTER—Pure white perianth; large yellow cup. 15c each; \$1.25 per doz.; \$9.00 per 100.

Chinese Sacred Lily

Outdoor Culture—Plant bulbs 4 or 5 inches deep, 8 to 12 inches apart. See inside front cover for general planting instructions. In ordering by mail add additional postage at the rate of 3 pounds per dozen.

A species of Polyanthus Narcissus introduced from China. The bulbs are large, measuring eight to ten inches in circumference, and throw up from five to ten flower spikes, bearing clusters of large, perfect, waxy white blossoms, with yellow center; of a most delicious fragrance. These may be grown in pots, but are most successful when cultivated in water the same as in China. A dozen bulbs planted at intervals in bowls with enough gravel to hold them upright will give a profusion of bloom during the Winter months. In order to get best results, it is advisable to cut two or three slits half an inch deep up and down the sides of the bulbs. Large bulbs, 15c each; \$1.50 per doz.; \$10.00 per 100. Postpaid, 20c each.

Anemones Postpaid

Anemones are very beautiful flowers and of the easiest culture. The flowers of the single varieties resemble Poppies and come in a wonderful assortment of colors. They make a most beautiful effect when massed. Plant the bulbs one to one and one-half inches deep and four to six inches apart.

Doz. 100

St. Brigid—Beautiful strain; semi-double-----\$1.00 \$7.00

De Cain—Giant Single75 5.00

Anemones

Amaryllis

CULTURE—Set the bulbs so that they are barely covered, as deep planting often prevents them from blooming for a long period. When started, they should be left to their own care, as frequently disturbance of the roots affects their blooming. Never water while wet, always wait until the soil gets a little dry.

Belladonna Major—Large; beautiful rose-pink; early flowering:

	Each	Doz.
Large size	\$.25	\$2.00
Medium size	.15	1.50

Belladonna Minor—Pink with rose edges; late flowering:

	Each	Doz.
Large size	\$.25	\$2.00
Medium size	.15	1.50

New Hybrid Amaryllis—One of the finest that has been produced in this country; strong bulbs throwing vigorous stems; 4 to 6 gigantic blooms of most perfect form, ranging in color from pure white grounds, with varied markings of rose, red and crimson to the richest self colors as scarlet, crimson, bright red, cherry and almost maroon. They are of the easiest culture outdoors and excellent for growing in pots. Large, strong bulbs in choicest mixture only. 75c each; \$7.50 per dozen.

Agapanthus Umbellatus

BLUE AFRICAN LILY

A splendid ornamental plant bearing clusters of bright blue flowers on three-feet-long flower stalks and lasting a long time in bloom. A most desirable plant for outdoor decorations; does well in partial shade. 35c each; \$3.50 per dozen.

Allium

Forms little clumps of small golden yellow flowers; fine for naturalizing in the garden. 50c per dozen; \$3.50 per 100.

Glory of the Snow

CHIONODOXA

One of the most beautiful of our Spring bulbs. They bloom at the time of Crocuses, producing dwarf flower spikes, bearing twelve to fifteen flowers of a sky-blue with a pure white center, creating a lovely effect. Culture—Plant bulbs three inches deep; about 18 bulbs to a square foot, in a sunny or partially shaded location, and in places where they can remain undisturbed for a number of years.

LUCILAE ALBA—Pure white. 75c per dozen; \$5.00 per 100.

Amaryllis

Alstromeria

PERUVIAN GOLDEN LILY

A beautiful golden spotted Peruvian Lily, wonderful for cut flowers and is used by florists for this purpose. 25c each; \$2.50 per dozen. Postpaid 30c each.

Black Calla Lily

AREM PICTUM

A Spring flowering purple black Calla of recent introduction. Quite hardy. 40c each; postpaid, 45c; \$4.00 per dozen postpaid.

Begonias

(TUBEROUS ROOTED)

These are among our most beautiful Summer flowering plants. Particularly useful for bedding in semi-shaded places and for planting in window or porch boxes and for house plants are equally valuable. Wonderful improvements have been made in these flowers in recent years, flowers often measure four to six inches across and range in color from the purest white and the most delicate tints of pink yellow, and orange to the most intense scarlet and richest crimson. They are of easy culture and with the least regard for their requirements will repay with an abundance and brilliancy of bloom not equaled by any other class of plants.

Single Varieties—All colors mixed. 30c each; \$3.00 per dozen.

Double Varieties—All colors mixed. 30c each; \$3.00 per dozen.

LAGOMARSINO'S MIXTURE TUBEROUS ROOTED BEGONIAS

This mixture comprises named varieties and many others in different forms and colors.—25c each; \$2.50 per dozen.

Pardanthus

(Blackberry Lily)

SINENSIS—Bright orange, lily-like flowers on 2½-feet high stems following with seeds which resemble blackberries. 25c each; \$2.50 per dozen.

Caladiums

One of the most effective plants in cultivation for beds, borders and for planting out upon the lawn adding a tropical effect. Thrive in cool, moist locations, and for planting in and covering unsightly corners, are unexcelled.

FANCY LEAVED CALADIUMS—No other Summer flowering plant equals the Fancy Caladiums in rich and gorgeous yet soft coloring. These new varieties are of marvelous beauty as potted plants and for bedding in semi-shaded positions.

New and Rare Varieties.....50c each

CALADIUM ESCULANTUM (Elephant's Ear)
—Bears immense light green leaves, three to four feet long by two and a half feet wide. Plants often reach 6 to 10 feet in height. 30c each; \$3.00 per dozen.

Calla Lily

Calla Lilies are general favorites, both for their beauty and the ease with which they are brought to bloom.

In ordering by mail add additional postage at the rate of 1 pound per dozen.

White Calla—Large, white flower; old favorite. 15c each; postpaid 20c each; \$1.50 per dozen.

Yellow Calla Lily (Elliottiana)—Flowers bright yellow with dark green foliage. 25c each; \$2.50 per dozen.

White Calla Lily

SPANISH IRIS

Mourning Iris

IRIS SUSIANA

Immense flowers; blueish tinted brown, and covered with a network of fine lines. Grows 12 to 18 inches high. Very beautiful. **Culture**—Plant three inches deep and twelve inches apart. 75c each; \$7.50 per doz.

Japanese Iris

Japanese Iris—Beautiful large flowers, generally flat and wide. Well drained situations suits them best. While they like plenty of moisture during the growing and flowering season, they do not like to stand in water. **Japanese Iris in mixture.** 35c each; \$3.50 per dozen.

Iris Stylosa

Very early flowering, grassy green foliage, forms clumps like the wild Iris; flower stems 8 to 10 inches. Flowers are small but distinct and effective. Colors blue and white mixed. 25c each; \$2.50 per doz.

Ixias

A beautiful Winter flowering bulb. Flowers are borne on long, slender, graceful spikes. Colors are rich, varied and beautiful. **Culture**—Plant bulbs 1 inch deep, 4 to 6 inches apart. For best effects plant in beds or groups of 25 to 100 or more bulbs. Special mixture contains a great many varieties and colors. 50c per dozen; \$3.50 per 100. Named Varieties, 75c per dozen; \$5.00 per 100.

Iris

(SPANISH)

One of the most satisfactory varieties of Iris to grow. The flowers are of great beauty, having many different blendings in color. Very beautiful cut flowers and if cut when in the bud will last a long time in water. For best effect they should be planted in masses of from 25 to 100 or more bulbs set 6 inches apart and 2 to 3 inches deep. They grow from 18 to 24 inches tall.

(Culture)—These should be planted as early as possible in the Fall for best results.)

Imperator — Brilliant blue, large flower on strong stem. 75c doz.; \$5.50 per 100.

Frans Hals—Falls primrose yellow standards pale blue. Very early. 75c doz.; \$5.50 per 100.

Queen Wilhelmina—Extra beautiful; white with small yellow blotch on falls. \$75 per doz.; \$5.50 per 100.

Sweet Lavender — Lavender; falls cream. 85c doz.; \$6.00 per 100.

King of Blues—Fine deep purplish blue. 75c doz.; \$5.50 per 100.

Cajanus — Canary yellow with orange blotch on the falls. 75c doz.; \$5.50 per 100.

LAGOMARSINO'S MIXTURE OF SPANISH IRIS—Comprises the beautiful colors. 75c doz.; \$5.50 per 100.

JAPANESE IRIS

Hardy Iris or Flags

("S" Standard. "F" Falls.)

Iris flourish and flower exceedingly well in any ordinary soil. They are of the easiest culture and should be planted in every garden. They are very effective when planted in beds or borders. Plant about three inches deep and fifteen inches apart.

IRIS FLAGS

VIOLACEA GRANDIFLORA—"S" and "F" clear violet blue. The best true blue. Each, 25c; per dozen, \$2.50.

LORELEY—"S" light yellow; "F" ultramarine, bordered cream. Very free blooming. Each, 25c; per dozen, \$2.50.

KING OF IRIS—"S" lemon yellow; "F" rich crimson bordered with gold. A very desirable variety. Each, 35c; 3 for \$1.00.

PROSPER LAUGIER—"S" fiery bronze; "F" velvety ruby purple like a pansy bloom. Each, 25c; per dozen, \$2.50.

ARCHIVEQUE—"S" deep velvety violet; "F" deep purple violet. A wonderful bloom of finest texture. Each 25c; per dozen \$2.50.

ALCAZAR—"S" light mauve; "F" rich crimson with lighter veins. A very handsome Iris. Each 25c; per dozen \$2.50.

CAPRICE—"S" reddish purple; "F" deeper; self-colored. One of the best red Irises. Each 25c; per dozen \$2.50.

CHERUBIM—"S" pale lilac; "F" pale lilac reigned purple. Each 25c; per dozen \$2.50.

EL DORADO—"S" bronze shaded yellow; "F" violet purple touched at sides with bronze yellow. Unique and brilliant color combination. Each 25; per dozen \$2.50.

ISOLINE—"S" lilac pink; "F" purplish old rose with golden throat and yellow beard. One of the handsomest of the Iris. Each 40; 3 for \$11.00; per dozen, \$3.50.

JEANE D'ARC—Flowers large, petals broad of a fresh clear lilac. "S" ruffled; "F" pure white bordered lilac. Each 25c; per dozen \$2.50.

MONSIGNOR—"S" bluish lavender; "F" violet with white pencillings at throat. Flowers of immense size and great substance. Each, 25c; per dozen, \$2.50.

MOTHER OF PEARL—A pale bluish lavender flower of exceptional substance and lustrous texture. A wonderful Iris, tall and vigorous in growth and free flowering. 50c each.

QUEEN OF MAY—Soft lilac rose that is pink in effect. Vigorous, fragrant and very popular. 25c each; \$2.50 per dozen.

Gloxinias

One of the most charming and effective Summer flowering plants for the house, window boxes, or for bedding in sheltered locations. Lovely, upright, bell-shaped flowers, spotted and marked in most wonderful colorings, with neat mottled foliage. Purple, Red, Violet, White and Crimson, spotted and stained. 35c each; \$3.50 per dozen.

LAGOMARSINO'S SPECIAL MIXTURE—Comprises beautiful colors and forms and made up of many of the named sorts. 40c each; \$4.00 per dozen.

Grape Hyacinth or Muscari

One of the prettiest of early Spring flowering bulbs, growing about 6 inches high, and throwing up numerous spikes of flowers which resemble a miniature inverted bunch of grapes. Thrive either in partially shaded or sunny locations,

CULTURE—For best effect plant in masses.

POT CULTURE—Plant 6 bulbs in 5-inch pot and treat same as Hyacinths.

	Doz.	100
Azurens—Light blue	\$.50	\$3.50
Heavenly Blue—Larger than others	.50	3.50

Lily of the Valley

Lily of the Valley

Postpaid

A great favorite with everyone, and the most useful and charming of our spring flowering plants. The pure white, delicately scented bell-shaped blossoms are very useful for cutting and always in great demand. Select a partially shaded situation protected from the winds for best results.

We offer nice, strong pips, per doz. 75c; postpaid, 85c per doz.; per 100 \$5.50 postpaid.

Hyacinthus Candicans

CAPE HYACINTH

A snow-white Summer-flowering Hyacinth, growing 3 to 5 feet in height; gracefully surmounted with from 20 to 30 pure white, bell-shaped flowers. 25c each; \$2.50 per dozen.

Ismene

(Peruvian Daffodil)

A fine summer-flowering bulb, producing large Amaryllis-like fragrant flowers. Very free flowering. Bulbs should be planted shallow during Spring. 25c each; 30c each postpaid; \$2.50 per dozen.

LILIES

LILIUM FORMOSUM — Pure waxy white flower of great substance, easy to grow and profuse bloomer; delightfully fragrant. 25c each; \$2.50 per dozen.

LILIUM CANDIDUM — Hardy St. Joseph or Annunciation Lily. The well known favorite with snow-white fragrant flowers. 35c each; \$3.50 per dozen.

LILIUM LONGIFLORUM GIGANTEUM—Flowers of largest size and purest white. They are of stocky growth with dark stems and are unusually free from disease. 25c each; \$2.50 per doz.

Lilium Candidum

LILIES

Lilies prefer a light, well-drained loamy soil and partial shade. Deep planting is recommended from four to six inches deep, according to variety.

Culture—Deep planting is recommended from 4 to 6 inches deep, according to variety, and 12 inches apart. See inside front cover for general planting instructions. In ordering by mail add additional postage at the rate of 3 pounds per dozen.

Lilium Auratum

LILIIUM TIGRINUM FLORO PLENA—(Double Tiger Lily)—This magnificent lily is of stately habit; bearing immense clusters of very large, double flowers, nodding on tall, strong stems; color bright orange-red spotted with black. 25c each; \$2.50 per dozen.

LILIIUM REGALE or **MYRIOPHYLLUM** — (Rare Lily from China)—Mr. E. H. Wilson, the famous plant collector who brought these original bulbs from Northwestern China, considers these the finest of all Lilies. It is absolutely hardy, and is excellent for forcing.

Flowers are white, slightly suffused with pink with a beautiful shade of canary yellow in the center, extending part way up trumpet; delightfully perfumel. Large Flowering Bulbs, 50c each; \$5.00 per dozen.

Lilium Regale

LILIIUM AURATUM—(Gold Banded Lily).

The most beautiful variety of all the lily family; should be in every garden. Flowers white, dotted crimson, with clear golden band running through the center of each petal; very fragrant. 30c each; \$2.50 per doz.

LILIIUM SPECIOSUM ALBUM—Flowers pure white with greenish band through center of each petal. They are of great substance and very fragrant; one of the best for general culture. 25c each; \$2.50 per doz.

LILIIUM SPECIOSUM RUBRUM—The white or pink petals are thickly dotted with rose or crimson spots. This hardy, strong growing sort is sometimes called "Crimson Banded" and is considered by many the most satisfactory for garden cultivation. 25c each; \$2.50 per dozen.

Peonies

Peonies are of easy culture and are a wonderful addition to any garden. The Fall is the best time for planting. They should be planted three to four feet apart and the eyes should not be covered with more than two or three inches of soil. A well drained location suits them best.

DOUBLE HERBACEOUS PEONIES.

FESTIVA MAXIMA—The most popular of all the whites. A tall vigorous grower and free and early bloomer. Color pure white flecked with crimson at center. Each, 75c.

MARIE CRAUSSE—Soft salmon-pink, shaded a glossy satiny lilac. \$1.50 each.

MME. EMILE GALLE—Large cup-shaped double flowers of a delicate shell-pink with touches of heliotrope and lavender. An exquisitely beautiful variety. Each, \$1.00.

BOULE DE NEIGE—Very large, compact semi-rose type. Milk-white guards and center prominently flecked crimson. Tall, erect, free bloomer; extra good. Each, 75c.

COURONNE D'OR—Pure white, with a ring of yellow stamens around a tuft of center petals, tipped carmine. 75c each.

DORCHESTER—Very large and very full, creamy flesh color, tinged with pink; an unusual shade and very beautiful and free bloomer. Each 75c.

DUCHESS DE NEMOURS—Superb cup-shaped, sulphur-white flowers with greenish reflex that lights up the entire flower; gradually changes to a pure snow white without spot or blemish. Each 75c.

EDULIS SUPERBA—Strong upright, free bloomer. Color a beautiful light clear pink with silvery reflex. Large fragrant flowers. Each 75c.

FELIX CROUSSE—The ideal self-colored bright red Peoney. One of the best and most popular. Each, \$1.00.

RACHEL—Rich ruby red; full flower and very free bloomer. Each, \$1.00.

SARAH BERNHARDT—Symmetrical plant of medium height; strong growing and erect. It bears profusely large rounded flowers of semi-rose type, fragrant and of a uniform mauve-rose throughout. It is fragrant. \$2.50 each.

FLORAL TREASURE—Delicate pink; large full flower. An excellent cut flower variety. 75c each.

Montbretias

Very desirable flowers. Bloom early in Summer. Flowers are borne on long, graceful spikes resembling somewhat a gladiolus. Color a beautiful golden bronze. A very good cut flower.

CULTURE—Plant several bulbs in a clump about 2 inches deep. 75c dozen; \$5.00 per hundred.

Ornithogalum [Arabicum]

(Star of Bethlehem)

Beautiful variety, producing tall spikes of white star-shaped flowers, set off by a gleaming black center, which makes them a striking feature. 10c each; postpaid 15c each; \$1.00 per dozen.

Oxalis Postpaid

Beautiful little half-trailing or bushy plants with neat, clover-like foliage. Adapted for growing in pots, hanging baskets or borders.

	Doz.	100
Grand Duchess—In pink, white, yellow and lavender	-----	\$0.35 \$2.50

Sparaxis

Beautiful flowers borne on graceful spikes; colors of the brightest shades and range from nearly white through rose, brick-red, carmine, crimson and light purple. Some are curiously spotted; others streaked, splashed and blotched. **Culture**—Same as Baby Gladiolus. Mixture, including tricolor, 50c per dozen; \$3.50 per \$100.

Snowdrops

The first of all flowers to herald the approach of Spring. Very beautiful little flowers of easy culture.

CULTURE—Plant bulbs 2 inches deep and 2 to 3 inches apart.

Single Imported, 50c dozen; \$3.50 per hundred.

Double Imported, 75c dozen; \$5.00 per hundred.

Snowflakes (*Leucojum Vernum*)

These are similar to Snowdrops, but of stronger habit. The flowers are white tipped with green and are borne on stems 1 to 2 feet tall.

CULTURE—Plant bulbs 2 to 3 inches deep and 3 inches apart. May be left in ground for several years.

50c dozen; \$3.50 per one hundred.

Scilla

Very well adapted for naturalizing. Bloom well in shady places, and excellent for borders. 50c Dozen; \$3.75 per 100.

CULTURE—Plant bulbs 3 inches deep and 4 to 6 inches apart.

Siberica blue, 50c doz.; \$3.75 per 100. Siberica white, 50c doz.; \$3.75 per 100.

Tigridia

(Tiger Flower)

Beautiful summer flowering bulb. Flowers are not lasting but are produced in succession over a long season. The flowers are large and showy, 4 to 5 inches across, oddly marked, with a cup-shaped or saucer-shaped center. Requires same treatment as Gladiolus. 25c each; 30c each postpaid; \$2.50 per dozen.

Tritonia

LAPARUSIA

Very similar to Freesias with broader leaves and larger flowers. Colors—Scarlet, Salmon and Light Salmon. Satisfactory cut flowers 50c dozen; \$3.50 per 100.

Watsonias

Watsonias are similar to Gladiolus and are in bloom from May on. They bloom freely and thrive best in a sunny situation. Easy to grow and very good cut flowers. White, very tall and beautiful. 50c doz.; \$3.50 per 100; named varieties, \$1.25 doz.; \$8.75 per 100. New Hybrids, \$2.00 per doz.

CULTURE—Plant bulbs 2 1/4 to 3 inches deep and 8 inches apart.

Prepared Bulb Fibre

This material takes the place of soil in growing bulbs in pots, etc., is clean and odorless and contains necessary substance to make bulbs bloom perfectly. A special feature of this material is that bulbs can be grown in pots, saucers, jardinières without drainage. All that is necessary is, after watering the bulbs, turn the dish or pot on their side, allowing surplus water to drain off. 15c per package; 5 lbs., 65c.

Polished Pearl Chips

Very good for the growing of bulbs in bulb bowls, saucers, etc. Cleaner than pebbles and they are very attractive. Colored Pearl Chips, many beautiful colors. 20c per lb.; 2 lbs., 35c; Natural Pearl Chips, 15c per lb.; 2 lbs., 25c.

Polished Pearl Shells

Very attractive, especially for gold fish aquariums as the shells are polished to a smooth finish that will not allow dirt and refuse to accumulate. Colored Pearl Shells (whole), 25c per lb.; 2 lbs., 40c. Natural Pearl Shells (whole), 15c per lb.; 2 lbs., 25c; 3 lbs., 35c.

Early Flowering Gladiolus

Early Flowering Gladiolus are of the easiest culture and give an abundance of blooms which come in beautiful colorings. Bloom very early.

ACKERMANNI—Beautiful salmon orange. 75c doz.; \$5.00 per 100.

APPOLLO—Large, bright orange salmon. 75c doz.; \$5.00 per 100.

ARDENS—A very good red. 60c doz., \$5.00 per 100.

THE BRIDE—Pure white; very early. 50c doz.; \$3.50 per 100.

BLUSHING BRIDE—Bluish white with carmine flakes. 75c doz.; \$5.00 per 100.

BRILLIANT—Bright glowing red. 75c doz.; \$5.00 per 100.

CRIMSON QUEEN—Deep crimson. 75c per dozen; \$5.00 per 100.

PEACH BLOSSOM—Beautiful soft clear pink. 60c doz.; \$4.00 per 100.

PINK PERFECTION—Very beautiful pink. 75c doz.; \$5.00 per 100.

LAGOMARSINO'S EARLY FLOWERING MIXED—Made up of the above named varieties. 65c doz.; \$4.50 per 100.

Giant Late Flowering Gladiolus

Gladiolus are of the easiest culture and should be planted in every garden. Plant in any good garden soil three inches deep and seven to eight inches apart. For best results apply a little fertilizer and water liberally.

AMERICA—A beautiful shade of soft lavender pink. Orchid-like in coloring and texture. A very popular florist's variety. 7c each; 75c doz.; \$5.00 per 100.

BYRON L. SMITH—A refined lavender pink; a magnificent variety. 15c each; \$1.00 per dozen; \$7.50 per 100.

HALLEY—A beautiful early blooming variety; color delicate salmon pink tinged with rose. 7c each; 75c per dozen; \$5.00 per 100.

HERADA—Very large flowers of pure mauve, on tall, straight spikes; an unusual color, and very effective cut flower. 8c each; 85c dozen; \$6.00 per 100.

LIEBESFLEUR—Very large flowers of brilliant scarlet; one of the best, and very effective. 10c each; \$1.00 doz.; \$7.00 per 100.

MRS. FRANCES KING—A lovely light scarlet; one of the best for florists. 07c each; 75c doz.; \$5.00 per 100.

MRS. FRANK PENDLETON—One of the finest varieties yet introduced. In color a lovely salmon-pink, with brilliant red blotches in the throat. A rare and wonderful color combination. 07c each; 75c doz.; \$5.00 per 100.

MYRTLE—A clear, delicate rose pink; one of the most beautiful in this shade. 10c each; \$1.00 doz.; \$7.50 per 100.

MRS. WATT—Rich, deep cherry red; a distinct and beautiful sort. 08c each; 85c doz.; \$6.00 per 100.

NIAGARA—Delicate cream yellow, lightly splashed with carmine in the throat. 7c each; 75c doz.; \$5.00 per 100.

PANAMA—This grand variety resembles America, but is a deeper pink. Color a rich rose pink. 8c each; 85c doz.; \$6.00 per 100.

PEACE—A beautiful variety with large white flowers; interior petals feathered pale lilac. 8c each; 85c doz.; \$6.00 per 100.

PRINCEPS—Immense wide-open flowers; color rich, dazzling scarlet with broad white blotches across the lower petals. 10c each; \$1.00 doz.; \$7.50 per 100.

PINK PERFECTION—Soft apple blossom pink. Large flowers of perfect form on long spikes. 10c each; \$1.00 doz.; \$7.50 per 100.

Late Flowering Gladiolus

LATE FLOWERING GLADIOLUS---Continued.

Late Flowering Gladiolus

PRINCE OF WALES—A beautiful color of delicate apricot pink suffused salmon; one of the best recent introductions. 10c each; \$1.00 per dozen; \$7.50 per 100.

SCHWABEN—Clear canary-yellow with small blotch of deep garnet in the throat. Considered the best yellow variety. 7c each; 75c doz.; \$5.00 per 100.

YELLOW HAMMER—Pure Yellow lightly marked with red in the throat. A beautiful variety for cutting. 8c each; 85c doz.; \$6.00 per 100.

WAR—A deep blood-red shaded crimson-black. Very tall spikes well filled with large flowers. 8c each; 85c doz.; \$6.00 per 100.

THE DUPLEX TYPE OF SPENCER SWEET PEA

EARLY DUPLEX PIONEER—The color is rose pink on cream ground. The color is quite uniformly spread over the standard and wings giving a lovely effect which is greatly added to by the unusual frilliness of the flower. The flowers look double and really are double since often there will be three or four standards and sometimes the wings are also double. The vines are quite vigorous and bear a profusion of flowers on long stems. Pkt. 25c.

EARLY DUPLEX GEM—The color is soft rose pink flushed on light cream ground. The flower is truly enormous in size yet beautifully light and frilly. The huge effect comes, of course, from the duplexing of the standard and sometimes even the wings. Pkt. 25c.

WILBRINK—A lovely flesh pink with creamy blotch on lower petals. 08c each; 85c doz.; \$6.00 per 100.

MRS. DR. NORTON—A delicate pink, shading to rose pink at tips of petals; lower petals blotched with soft yellow. .08c each; 85c doz.; \$6.00 per 100.

LOUISE (New)—A clear lavender with a blotch of velvety red towards the center. Blossoms are of good size and resemble the coloring of the Orchid. 15c each; \$1.50 per dozen; \$10.00 per 100.

L'IMMACULATEE—A favorite pure white for cutting; splendid spikes; early. 10c each; \$1.00 doz.; \$7.50 per 100.

ANNA EBERIUS—Dark velvety purple; throat deeper shade; flowers of large size on long spikes. 10c each; \$1.00 doz.; \$7.50 per 100.

CATHARINA—A very attractive flower; wonderful grayish light blue; petals darker blue with brownish red spot. 20c each; \$1.75 per doz.; \$12.00 per 100.

FLORA—Beautiful golden yellow; large, pure flowers. 15c each; \$1.50 per doz.; \$10.00 per 100.

ORANGE GLORY—Bright orange with slight purple and white markings in throat. 15c each; \$1.50 per dozen; \$10.00 per 100.

PRINCIPLE—An intense scarlet, with white throat. 07c each; 75c per doz.; \$5.00 per 100.

ROSE ASH—(Ashes of Roses.) A new color in Gladiolus. A beautiful shade of old rose overlaid and blended with pink. 10c eac; \$1.00 per dozen; \$7.50 per 100.

RAINBOW MIXTURE—A collection of most beautiful Gladiolus, offering a wide range of beautiful colors. 50c dozen; \$3.50 per 100.

LAGOMARSINO SPECIAL MIXTURE—This mixture is comprised of only the named varieties. \$1.00 dozen; \$7.50 per 100.

SWEET PEAS

Cultural Directions

For early Spring flowers, sow Sweet Peas in the Fall, October, November and December. For late flowering they can be planted any time during the Winter or Spring. Prepare the ground by working from eighteen to twenty-four inches deep. Give the ground liberal dressing of manure and bone meal.

Set the seeds not over two inches deep and two inches apart on a firm bed; do not plant seeds in loose soil. When the plants are out of the ground, thin from six to twelve inches apart. Give the young plants good support, so they can climb four to six feet high—in this way they produce nice, long stems. In hot weather, water frequently. For large flowers apply liquid manure about once a week. Pick flowers daily (even poorest flowers) as this prolongs the flowering season.

			Lagomarsino's Special Mixture of Early Flowering Sweet Peas.....	.15	.50

NOVELTIES IN EARLY FLOWERING SPENCERS

EARLY SUPERIOR PINK—Beautiful rose-pink, very slightly shaded with salmon. The blooms are of a most attractive form. Pkt., 25c.

EARLY ANGELUS—A delightfully beautiful salmon pink of a soft light tone with a ground of very light cream. Pkt., 25c.

LATE FLOWERING DUPLEX SPENCER SWEET PEAS

FLUFFY RUFFLES—A great big flower, vigorous and free blooming; the first of the "Ruffled" Sweet Peas. Lovely rich rose-pink, a gleam of soft salmon, and a bright creamy undertone blend into a harmonious cream-pink shade of exquisite beauty. It is a flower of exquisite texture and sweet fragrance. Pkt. 25c.

RUFFLED ROSE—Larger than Fluffy Ruffles. A soft but rich shade of rose with an oversheen of salmon, which makes the color of great warmth and attractiveness. The flowers are truly gigantic in size; six sprays make a bunch more massive than twelve ordinary Sweet Peas. Pkt. 25c.

KITTY PIERCE—Quite a new shade in Sweet Peas, being a soft, light lilac, suffused with bluish pink. The blossoms are very large and come well placed on large, stout stems, and the petals are beautifully frilled and wavy. Pkt. 25c.

(See Page 21 for other varieties of Duplex Sweet Peas)

Lagomarsino's Selection of Flower Seeds for Fall Sowing

During the Fall months is the best time to start any of the following seeds, and by planting in the Fall instead of in the Spring, a year is gained with such flowers as Hollyhocks, Foxglove, Canterbury Bells, etc.

The best way to start most flowers is by planting the seed in a box that holds about four or five inches of soil. Have a good, rich, light soil, mixed with well-rotted manure or leafmold. For drainage, bore some holes in the bottom of the box. Set the box in a warm, sheltered place, but do not set in the bright sun, as this often burns the young plants just coming out of the soil. When the plants have made the fourth leaf, they should be taken up and transplanted in another box about one inch from one another, or preferably in paper pots, and when well started should be planted into the garden.

Flowers such as Alyssum, Candytuft, Clarikia, Gilia, Eschscholtzia, Gypsophila, Lupin, Mignonette, Nemophila and Poppies should be sown in the open ground.

**CALENULA or
POT MARIGOLD**
Orange King

Purity—Pure white. Pkt., 10c.

Fawn—Rose and gold. Pkt., 10c.

COLLECTION—One each of the above six sorts, 50c.

FINEST MIXED. All colors. Pkt., 10c; ¼ oz., 30c.

SUPER-GIANT SNAPDRAGONS

(Antirrhinum Majus Maximum)

This recently introduced strain attains a height of 30 inches. The individual flowers are larger than in the other large flowering varieties and closely placed on the stems. They come in a range of colors quite distinct.

Apple Blossom—Soft apple blossom pink. Pkt., 15c.

Canary Bird—Canary yellow with deeper yellow lip. Pkt., 15c.

Copper King—Bronzy copper color. Pkt., 15c.

Old Gold—Rose on yellow ground. Pkt., 15c.

Snowflake—White. Pkt., 15c.

COLLECTION—One each of the above six sorts, 75c.

SUPER-GIANT MIXED. All colors. Pkt., 15c; ¼ oz., 65c.

ARMERIA (Thrift or Sea Pink)—Formosa. Pkt., 10c.

ACHILLEA (Milfoil or Yarrow)—Pтарmica "The Pearl." Pkt., 15c.

ACONITUM (Monk's Hood)—Pkt. 15c.

AGROSTEMMA (Rose of Heaven)—Coranaria. Pkt., 15c.

ANCHUSA (Alkanet, Bugloss)—Italica Dropmore Variety. Pkt., 15c.

ANEMONE (Windflower)—Coronaria "Poppy Anemone." Mixed Colors. Pkt., 10c.

St. Brigid—Semi-double and double mixed. Pkt., 15c.

ANTIRRHINUM (Snapdragon)

Large flowering varieties, 24 to 30 inches high.

Crimson King—Rich garnet crimson. Pkt., 10c.

Golden King—Rich yellow.

Fire King—Brilliant orange-scarlet.

Harmony—Terra Cotta shaded rose.

Queen Victoria—Pure white.

Rose King—Soft silvery rose.

COLLECTION—One each of the above six sorts, 50c.

FINEST MIXED. All colors. Pkt., 10c; ⅞ oz., 30c.

Large-Flowering Half Dwarf Varieties—15 to 24 inches high, for bedding.

Silver Pink—Soft Pearly Pink. Pkt., 10c.

Empress—Rich, velvety crimson. Pkt., 10c.

Golden Queen—Clear yellow. Pkt., 10c.

Grenadier—Fiery orange scarlet. Pkt., 10c.

GROWING BULBS IN FIBRE IN BOWLS, JARS, ETC., WITHOUT DRAINAGE, FOR TABLE DECORATION

This method of growing bulbs is deservedly popular with the amateur gardener owing to its novelty and cleanliness. Bulbs, such as Tulips, Polyanthus-Narcissus, Scillas, Freesias, Snowdrops, Muscari, Crocus, etc., adapt themselves to this mode of culture and splendid results can be obtained.

DIRECTIONS—Let the fibre be made fairly moist by sprinkling with water and well mixing, but not so wet that any water can be wrung from it when squeezed in the hand. Put a layer in the bottom of the vessel as deep as can be afforded, allowing sufficient space at the top, so that when the vessel is filled to within half-an-inch of the rim the bulbs will be entirely covered. The noses of the bulbs only should be left peeping through. The number of bulbs will be according to their size and the size of the jar or bowl. They may be planted fairly close, but should not touch each other; a nice distance in most cases would be the diameter of the bulbs apart. Make all moderately firm, but do not press hard; and put away in a dark airy cellar or room until well rooted and the tops grown about an inch. Then remove to a light window or greenhouse and gradually afford more water as growth advances, **TAKING CARE THAT THEY NEVER ONCE BECOME DRY**, or, on the other hand, too wet. Bulbs grown in this way may be placed anywhere about the house without fear of any water or soil coming through the bottom of the receptacle.

Perennial Flower Plants

The following perennial plants are offered in 3-inch pots. All plants have a good strong root system and will bloom well next season. The prices quoted are f.o.b. Sacramento and where plants are ordered for parcel post shipment an additional 25c should be added to each dozen plants ordered, or 15c for one-half dozen plants ordered. This extra charge is to cover parcel post and postage charges. Six plants of one variety are sold at the dozen rate but when less than 6 of one variety are ordered the price of each single plant applies.

ASTERS (Hardy Perennial or Michaelmas Daisies)—These fill a most important place in all hardy flower gardens giving a wealth of bloom during the Fall when most other hardy flowers are past. 15c each, \$1.50 per dozen.

AQUILEGIA (Columbine) — Old time favorites. Graceful and hardy perennials that thrive in either sun or shade and lend themselves to any form of planting.

Long Spurred Hybrids—The finest of the Columbines. The large flowers are of varied shades of blue, lavender red and white. 15c each, \$1.50 per dozen.

CANTERBURY BELLS (Campanula)—One of the most valuable hardy garden flowers of much variety and form. They are of easy culture growing well in any good soil. The bloom will last much longer if planted in partial shade. 15c each, \$1.50 per dozen.

COREOPSIS — One of the best hardy plants. Large, bright yellow flowers. Fine for cut flowers. 15c each, \$1.50 per dozen.

DELPHINIUM (Perennial Larkspur)—The Perennial Larkspurs are among the most showy of hardy flowering plants. They are very effective in whatever situation they are planted, whether at the rear of the border, among shrubbery or in groups along walks and drives.

Gold Medal Hybrids—The finest strain of mixed Hybrids ever offered. The original stock came from England, and consisted of the best named varieties. The plants are of strong, robust growth, with tall spikes of flowers two feet and over long. The colors running more in the blue 15c each; \$1.50 per dozen.

Vanderbilt Hybrids — A Californian novelty of charming beauty. Immense flower stalks with great heads of bloom tapering to the tip. Nearly all flowers open at once and exhibit the greatest combination of colors known. 25c each, \$2.50 per dozen.

Wrexham Strain (Hollyhock Delphinium) —The chief distinguishing features of this strain are the extraordinary length and the tapering and spire-like shape of the spikes, together with the indescribably rich and varied tints of its bloom. Strong plants. 50c each, \$5.00 per dozen.

DIANTHUS ALLWOODI (New Perpetual-Flowering Hardy Pinks) — The plants we offer of this beautiful strain of Hardy Pinks were grown from seed supplied to us by the introducer, a noted English specialist. It is expected that 75% of the plants will produce double, deliciously clove-scented flowers in many colors. They are perfectly hardy, and flower continuously from Spring until late in the Autumn. 25c each, \$2.50 per dozen.

Our Perennial Potted Plants

Plant of Geum
Mrs. Bradshaw

PERENNIAL FLOWER PLANTS—Continued

DIGITALIS (Foxglove)—These dignified and stately old-time favorites are worthy a place in the choicest garden. The tall spires of inflated bell-shaped flowers are beautifully spotted. They make a fine background for other lower-growing plants or among shrubbery, thriving in half shade as well as in the open.

The Shirley Hybrids—A magnificent strain that supercedes all other strains of Foxgloves. The vigorous plants attain a height of 5 to 7 feet with spikes of bloom 4 feet in length, closely set with flowers of unusual size, in a wide range of colors handsomely spotted and blotched. 15c each, \$1.50 per dozen.

Gaillardia—Very showy garden plants, remarkable for the profusion, size and brilliancy of their flowers, continuing in bloom from early Summer till late Autumn; excellent for beds, borders or for cutting.

Grandiflora Mixed—15c each, \$1.50 per dozen.

Portola — Brilliant rich coppery-scarlet, each petal heavily tipped or margined with golden yellow. 25c each, \$2.50 per dozen.

GEUM — Mrs. Bradshaw — Large double brilliant orange scarlet flowers. Blooms throughout the Summer and excellent for cut flowers. 15c each, \$1.50 per dozen.

Lady Stratheden—Same as above except in color as the flowers which are a rich golden yellow. 15c each, \$1.50 per dozen.

GERBERA (Transvaal Daisy) — Large daisy-like flowers, 2 to 4 inches across, borne on long stems; unsurpassed for cut flowers. Colors range from white to crimson, pink, rose, yellow and lilac.

Jamesoni Hybrids—25c each, \$2.50 per dozen.

GOLDEN GLOW—A well known popular plant, a strong robust grower, attaining a height of 5 to 6 feet, and produces masses of double golden-yellow flowers. 15c each, \$1.50 per dozen.

HOLLYHOCK—One of the best hardy garden plants. For planting among shrubbery or forming a background for other flowers, it is without equal. Height 6 to 8 feet. The plants we offer are grown

from seed of the double varieties but a certain percentage will come single. The single varieties are also very attractive.—15c each, \$1.50 per dozen.

ORIENTAL POPPY — Produces leafy stems about 2½ feet high, with large, orange-scarlet flowers; having a conspicuous black blotch on each petal. Very attractive. 15c each, \$1.50 per dozen.

PENSTEMON—Produces freely spikes of bright colored and spotted flowers. For the hardy borders and for bedding they are excellent. 15c each, \$1.50 per dozen.

PHLOX—These do well in almost any soil and position, and flower freely through a long season. We offer twelve separate shades of this popular flower. 15c each, \$1.50 per dozen.

Anna Cook—Soft lilac pink.

Bridesmaid—Pure white with crimson eye.

Champs Elysee—Fine dark pink.

Eclaeur—Rosy Magenta.

Mrs. Jenkins—The best pure white.

Mrs. R. P. Struthers—Bright rosy red.

Rheinlander — Salmon-pink, claret red eye.

Rynstrom—Deep rosy pink.

Mad. P. Dunthrie—Delicate pink.

Isabel—Fine salmon pink.

Sir Edward Landseer—Fine bright crimson.

Sunshine — An aniline-red with crimson eye.

PRIMROSE (Primula Veris; Border Primroses)—These are among our most delightful early Spring flowering plants. Excellent for shaded locations. Colors from pure white to rich crimson. 15c each, \$1.50 per dozen.

PYRETHRUM (Painted Daisy)—One of the most valuable of our early summer flowers. Charming color, and wonderful lasting qualities as a cut flower. 15c each, \$1.50 per dozen.

SWEET WILLIAM — Well known and attractive plants producing a splendid effect in beds and borders with their rich and varied flowers. 15c each, \$1.50 per dozen.

VEGETABLE SEEDS FOR FALL PLANTING

The early Falls is the proper time to sow seeds of many vegetables in order to provide vegetables for the table during Fall, Winter and early Spring—a time when vegetables are most desired. August and September are two very good months to plant such vegetables as Beets, Carrots, Chicory, Dandelion, Lettuce, Mustard, Spinach, Endive, etc.; these will mature for Fall and Winter use. October, November and December are good months to plant garden peas.

Vegetable Plants and Roots for Fall Planting

GROWN AT OUR NURSERIES IN EAST SACRAMENTO

During the Fall months plants of some varieties of vegetables can be set out and will give quicker results than if grown from seed. August and September are two good months for setting out Cabbage and Cauliflower plants.

COVER CROPS for Green Manureing

SMALL SEEDED HORSE BEANS

An excellent cover crop, producing an enormous tonnage of green material per acre. Makes a good Winter growth when all other cover crops are practically at a standstill. Not exacting as to soil but does best on well-drained heavy silt or clay loams. They also do well on sandy soils provided there is ample moisture.

15c per lb.; 10 lbs., \$1.25. Write for quantity prices

MELILOTUS INDICA—A very popular Clover for Cover Crops, used extensively by orchardists and vineyardists. It is very hardy, makes a rapid growth and yields a large tonnage of organic matter. Lb., 25c; 10 lbs., \$2.00. (Write for quantity prices.)

OREGON OR COMMON VETCH—Very popular in the South for planting in the orange groves; produces a fine winter growth and adds large amounts of organic matter. One pound, 15c; 10 lbs., \$1.25. (Write for quantity prices.)

PURPLE VETCH—A Vetch that has become very popular within the last few years and is now being planted extensively. Produces remarkable growth and is destined to supersede all other Vetches for Cover crops in the near future. (Write for quantity prices.)

CANADIAN FIELD PEAS—Very valuable for Cover Crops, suitable for heavy soils. (Write for quantity prices.)

HAIRY VETCH—Especially adapted for sandy soils and stands cold weather very well. Roots deeply and makes a rank growth. Lb., 25c; 10 lbs., \$2.00. (Write for quantity prices.)

BURR CLOVER—(*Medicago Denticulata*)—A native Clover which when once established reseeds itself. Thrives on very poor soils. Lb., 25c, 10 lbs., \$2.00. (Write for quantity prices.)

ALFALFA—

Chilian—Lb., 35c; 10 lbs., \$3.00.

Hairy Peruvian—Lb., 35c; 10 lbs., \$3.00. Grimm—Lb., 75c; 10 lbs., \$6.50.

CLOVERS—

Alsike or Swedish—Lb., 50c; 10 lbs., \$4.50. Red Clover—Lb., 60c; 10 lbs., \$5.00.

Bokhara or Sweet (White Blossom Sweet Clover)—Lb., 25c; 10 lbs., \$2.00.

GRASSES—

Italian Rye—Lb., 25c; 10 lbs., \$2.00.

Perennial Rye—Lb., 30c; 10 lbs., \$2.50.

We are in position to quote on all the important Clovers and Grasses in quantity lots.

LAWN GRASS SEED

At the end of summer, lawns should be examined and renovated. There will most likely be found bare patches or small holes, as a result of hard wear, etc. Fill up any holes or uneven parts with good soil, after which roll lightly. Then go over the surface, especially the bare patches, with a heavy rake and roughen it. Sow the seed fairly thick, and cover with soil to a depth of $\frac{1}{4}$ inch. Afterwards roll thoroughly. If the autumn is open, the effect of this renovation will be apparent early next season. A splendid surface of grass will be available two months earlier than if the work was delayed until spring.

Sow at the rate of one pound for 150 to 200 square feet, according to variety of Grass.

LAGOMARSINO'S LAWN MIXTURE—A mixture of several deep green Grasses blended so that they remain green from early Spring until late Autumn. It makes a beautiful turf of dark green color and stands hard usage. We especially recommend this Grass for those desiring beautiful lawns. Pound 60c; 10 pounds \$5.50.

LAGOMARSINO'S SERVICE STATION MIXTURE—This is a special mixture of Grasses that has become so popular for planting around service stations in this city. It grows rapidly and makes a fine turf of a deep green color the year around. Pound, 40c; 10 pounds, \$3.75.

SHADY NOOK LAWN GRASS—This is adapted for semi-shaded places and where the ordinary lawn grasses will not do well. Lb., 50c; 10 lbs., \$4.00.

KENTUCKY BLUE GRASS—Makes an excellent lawn of a dark green color. It forms a fine matt, with care and water makes one of the best lawns. Pound 60c; 10 pounds, \$5.50.

PERENNIAL OR AUSTRALIAN RYE GRASS—A rapid-growing Grass of dark green color, but a little coarse. Especially adapted for very light soils. Pound, 30c; 10 pounds, \$2.50.

LAGOMARSINO'S SHADY LAWN MIXTURE—This grass is especially adapted for growing in very shady places or near buildings where other Grasses will not grow. If you have a shady, barren place, try our Shady Lawn Mixture. Pound \$1.00; 10 pounds \$9.00.

WHITE DUTCH CLOVER—A dwarf growing Clover, especially adapted for lawns, either alone or in mixture with other Grasses. Pound, 75c; 10 pounds, \$6.00.

PACIFIC RYE—This Grass is similar to the Australian Rye Grass, but has a finer leaf and is longer lived. Pound, 35c; 10 lbs., \$3.00.

GOLDEN GATE LAWN MIXTURE—A special mixture of hardy Grasses especially suited for places where it will endure hard usage. Pound 40c; 10 pounds, \$3.75.

CREeping BENT (Seaside Bent)—One of the best grasses for a fine lawn. Lb., \$2.50.

GAVIOTA FERTILIZERS

For Gardens, Lawns and Flowers

(We Do Not Pay Freight on Fertilizers)

Groz-It Brand Pulverized Sheep Manure. Pure, dry, finely ground, put up in 100-pound bags. Uniform quality, saved under shelter and not bleached. \$2.25 per 100 lbs.

LAGOMARSINO'S LAWN AND GARDEN FERTILIZER—This is a special Fertilizer, especially suited for lawns, flowers and potted plants. It is easy to apply, as it is clean and free from offensive odors. Packed in 25-pound bags, \$2.25 per bag. A 25-pound bag will cover 1,200 square feet of lawn.

GROMORE FERTILIZER—Suited for gardens, flowers, lawns and potted plants. 2-lb. package, 50c; 5-lb. package, \$1.00; 25-lb. bag, \$2.25.

LAGOMARSINO'S SPECIAL GARDEN FERTILIZER—This is the Fertilizer that is used in enormous quantities by the market gardeners, and is especially prepared to feed all vegetable crops. It is easily handled and contains no weed seeds and does the work of over 20 times its weight of farm-yard manure. 25-lb. bag, \$1.50; 50-lb. bag, \$2.50; 100-lb. bag, \$3.75.

GAVIOTA BONE MEAL—This is especially recommended to apply around fruit trees, and shrubbery when first set out. Gives the plant a good start and insures strong growth. 100-lb. sack, \$3.75.
