The R. L. Haag NURSERIES

JEFFERSONTOWN, KENTUCKY

MEMBERS

American Association of Nurserymen
Kentucky State Association of Nurserymen
National Association of Propagating Nurserymen

TERMS

Usual terms to purchasers of approved credit.

Prices apply F. O. B. Freight or Express
Offices at Jeffersontown or Louisville, Ky., and
are subject to change without notice.

Packing will be charged at cost.

LIABILITY

We are not liable for injury to stock from
frost, hail, fire or other causes beyond our control.
Plants become your property on delivery to trans-
portation company and we are not responsible for
loss, damage or delay in transit.

SPECIMEN EVERGREENS

Evergreens of proper size herein are real specimen plants, frequently transplanted with room for development. They are grown in a fertile, clay-loam soil and can be lifted with solid, medium-size balls. Due to a changeable, exacting climate, the winters of alternate zero and thawing temperatures, most Evergreens hardy in this section will survive without ill effect the more rigorous winter weather of the northern states.

Inspection is invited.

PRICES INCLUDE B. & B.

	Per 10 Common Box
BUXUS sempervirens	
Sheared pyramids; every plant a specimen.

6-7 ft.	55.00
7-8 ft.	65.00

CUPRESSUS arizonica**Blue Arizona Cypress**

These are grafted plants, the scions taken from the only plant out of about one thousand seedlings that were planted nine years ago, that proved to be absolutely hardy here in our nursery. Fortunately this hardy plant was far superior to any of the others in form and color. One year grafts stood unprotected in our field rows at five degrees below zero last winter.

GRAFTED STOCK

APRIL AND MAY DELIVERY

Strong, well established plants in 2½, 3, 3½-in. pots. Well hardened off before shipping. All plants are grafted on stocks of their respective families, i. e., Junipers on Juniper, Lawson Cypress varieties on Lawson Cypress, etc. Purchasers should beware of grafts on alien stock, as generally they will not develop properly in the field.
