THE I X L GARDENS

We are pleased to offer you the result of years of effort to produce more beautiful flowers. They were produced as a result of our own love for beauty and because we hope to give pleasure to those who also love beauty.

We are interested in your success. It is easy to picture nice flowers in catalogues, but what you want is to grow them in your own home garden. To help you do this I include, free with every order, a copy of "I X L Flower Guide," a booklet of cultural directions on growing Gladioli, Cannas, Dahlias, Delphiniums, Iris, Peonies, Phlox, Tulips, Sweet Peas, Asters, Pansies, etc., by knowing how to care for your flowers. You are sure to get good results, and we are not satisfied unless you succeed.

PLACE YOUR ORDER EARLY

Some items are limited in quantity and later on we may be out of what you want. Our aim is to give service and quality in every order, and only ask you to give us a chance.

Name and Address

Please use the order sheet enclosed, write or print your name and address very plainly, as a great deal of time and loss is caused by names and addresses being poorly written.

Names of Flower Lovers

When you order, send us the name and address of one or two. We will try to show our appreciation.

Say It With Flowers!

Surround your home with beautiful flowers and there, at the close of day, you will find in your garden rest and refreshment for your soul. In the morning, a renewed inspiration. To your children you will bequeath a more wholesome attitude toward life and an ability to enjoy it. You will attract friends for yourself and help to develop your community.

P. A. LAESER.

More Than Money's Worth

"My Glads I bought from you are in full bloom now and they sure are beauts. It is the first time I ever received more than my money's worth. I am more than pleased and thank you very much."

Mrs. L. S., Racine, Wis.

Mixtures

As a rule I do not recommend mixtures because it is a lot more fun to know the kinds you are growing and to keep them separate and to add to your collection from year to year. But if you just want a good assortment for your garden and don't want to bother with separate kinds I can give you the following mixtures and promise they will be satisfactory in every respect.

Special Offer No. 1

A mixture of good standard named varieties, all colors. No trash but first class kinds. If you prefer more of one color than of another or want to leave out a certain color I can suit you as I make up the mixture to order and do not dump in mostly one kind as in many mixtures. Will all give big blooms.
50 nice bulbs—postpaid \$1.00

Special Offer No. 2

A mixture of a large number of choice kinds, many of which are listed at high prices. All colors.
30 nice bulbs—postpaid \$1.00

Special Offer No. 3 -- 16 Bulbs

Just a Few Letters Taken at Random from a Large Number:

"The people here have gone wild about my flowers, grown from bulbs purchased from you. Please mail me a bunch of your catalogues as they all want to make out an order for some of your bulbs and plants. Mrs. C. N. R., Cincinnati, Ohio.

"Our gladioli, the assortment of 50 bulbs for \$1.00, purchased from you last year bloomed most magnificent, and sure was the talk of the town." F. J. S., Cross Plains, Wis.
