SERVICE THAT BRINGS YOU PROFIT

We grow all our own seed, thus assuring you the finest strain quality. Our climate and soil is especially adapted for the culture of Pansies. Our experience in growing Pansy seed and plants extends over a period of more than twenty years while we have been shipping plants of various kinds for over twenty-five years. We grow all our Pansy plants in the open thus producing plants that are bunchy, hardy, and always in prime for shipment.

We fill all orders in rotation and shipment is made within 48 hours after receiving order as nearly as possible. We spare no expense in packing your shipment so it will reach you in perfect condition. Plants are bunched and wrapped in moss and packed in **LIGHT WOOD CASES. EACH CASE IS TAILORED TO FIT THE INDIVIDUAL SHIPMENT**, so as to eliminate all excess weight. We have successfully shipped Pansy plants into every state in the Union, so distance does not matter much.

Pansy Strains in Mixed Color Originated and Introduced From Our Gardens

1929 Introductions

Harrold's Pedigreed Giants (Series 900)

These are truly the MONARCH of the Pansy kingdom. True giants of the most exquisite coloring and form. Of the usual Harrold free flowering habits and without a peer in their class for either indoor culture or outside bedding.

Strong seedling plants **\$2.00** per 100; **\$15.00** per 1000. Transplanted stock will be ready after Nov. 1, at **\$3.00** per 100; **\$25.00** per 1000. 500 at 1000 rate, always.

Harrold's Sunshine Pansies (Series 1000)

A fancy novelty blend of improved sunburst type. This type of Pansy is becoming increasingly popular from year to year. Its grotesque striped and blotched markings make it one of the best Pansies for corsage and bouquet.

Strong seedling plants **\$1.75** per 100; **\$12.50** per 1000. Transplanted stock ready after Nov. 1, **\$2.40** per 100; **\$18.00** per 1000.

Harrold's Improved Swiss (Series 800)

Since the advent of the blotched type of Pansy, none has gained such popularity as the Swiss strains. This strain although of Swiss parentage has many improved habits and wider color range. It is better adapted for American growing conditions, both out of doors and under glass, while we have been able to develop the free flowering qualities to the point that is on a level with other Harrold strains.

Strong seedling plants **\$1.50** per 100; **\$10.00** per 1000. Transplanted stock ready after Nov. 1, **\$2.00** per 100; **\$15.00** per 1000.

Strains of Previous Introduction At Popular Prices.

Greater American Perfection

For the past five seasons this strain has enjoyed wide demand and owing to the constantly increasing demand we feel safe in asserting that it is now one of the most popular strains of Pansies on the market. In color range it is not surpassed even by our new introductions.

Strong seedling plants **\$4.00** per 1000; 3000 for **\$10.00**. After January 15, a larger size of seedling will be supplied that is showing some buds at **\$4.50** per 1000. Transplanted stock ready after Nov. 1, **\$10.00** per 1000.

Oregon Miracle Mixed

A fine strain that has made many friends in the past and which will continue to be much in demand for many years. Prices on this strain are the same as the Greater American Perfection.

Special Collections of New Introductions

We have compiled these collections for the florist who must have the best in fancy stock. In doing so we have included the complete assortment of our new strains as well as an equal amount of the popular. Each collection contains 250 plants each of our four principal strains, making 1000 plants. Strong seedlings are supplied at \$7.50, a saving of \$2.80 over list, while transplanted stock will be supplied at \$14.00 per collection, a saving of \$3.00.

Standard Strains

We have many customers who also require each year plants of the old standard strains. To meet this demand we are growing the most complete line of these strains that has ever been offered by any commercial garden. We can supply such strains as:

SWISS GIANT.

MASTODON MIRACLE AND MASTERPIECE.

MATCHLESS

AMERICA.

IMPROVED CASSIER.

BUGNOT.

PARISEIN BLOTCHED.

Strong seedlings of any of the above at \$4.00 per 1000; 3000 for \$10.00. Transplanted stock ready after November 1, \$10.00 per 1000.

Separate Color Pansies

We offer the following separate color selections from our Greater American Perfection strain. Please order by number.

510: Dark royal purple.

520: Red shades, white markings.

530: Dark blue.

540: Beaconfield type blue.

550: Dark wine.

560: Sunburst and art shades.

570: Deep velvety black.

575: Yellow of both blotched and penciled type.

590: Bronze of both brown and blue type.

Strong seedlings \$4.50 per 1000. Transplanted stock ready November 1, \$12.00 per 1000; 500 at 1000 rate, always.
