Ohio

Trade Customs

Important

DPLEASE ADVISE, when ordering, if you wish goods shipped by express or freight; also give us the best route to insure quick delivery. Write us on business stationery that we may be assured you are in the trade and that you are entitled to our wholesale prices. To insure receiving the full order from us your ordering early will greatly facilitate selection and reservation of stock and shipments may go forward on time.

ALL ORDERS SUBJECT TO PRIOR SALE

Prices

The prices in this catalog are net, and are subject to change without notice. All stock is delivered F. O. B. Painesville, Ohio. We charge for packing at cost. This price list cancels all sales conditions and prices quoted in previous lists.

Terms

Cash or satisfactory trade references must accompany all orders from purchasers unknown to us. To customers whose responsibility and credit standing is known to us, all bills are due net 30 days from date of invoice. On 60-day accounts and older, 6 per cent interest will be charged. We allow 2 per cent discount if bill is paid by the 10th of the month following invoice.

Our Responsibility

While we exercise the greatest care possible to have our nursery products all genuine and reliable, we hold ourselves and will replace, on proper proof, all that prove untrue. We do not give any warranty, express or implied, or guarantee them to live and grow or give specific results. In case of error on our part, it is understood that we shall at no time be held responsible for a greater amount other than the original price of the goods.

Adjustment of Complaints

Complaints for adjustment must be mailed to us in writing immediately upon arrival of stock.

Inquiries

It is part of our service to you to answer your inquiries promptly. We solicit your correspondence. It will help us, however, if you will make your inquiry as brief and as clear as possible.

Shipping Facilities

Are unexcelled. Northern Ohio is centrally located; freight and express shipments to all parts of the country move rapidly. The American Express Company at Painesville give us excellent co-operation in dispatching all shipments promptly. The main line of the New York Central and Nickle Plate railroads with a switch near our nursery, and Cleveland terminals but 30 miles west of us, make it possible to move freight shipments in quick time to any part of the United States.

Location

To find our nurseries, drive west from Painesville Park on Jackson Street, one mile.

Visit With Us

We extend one and all an invitation to visit us at any time of the year. "Our door is always open and the key thrown away." Should you wish to come when certain perennials are in bloom, advise us and we will advise you when the blooms are at their best.

A Short Word With You

THIS is my Spring 1929 Catalog. I feel sure you will find herein some stock in which you will be interested. The same HIGH QUALITY STOCK will be furnished you, the same as heretofore furnished.

A TRIAL ORDER will convince you the QUALITY OF MARTIN PERENNIALS. By planting them you will make money, as others have. Make your expenditure for stock bring you the best.

I trust I will have the pleasure of serving you again this Spring.

JOSEPH F. MARTIN.

JOSEPH F. MARTIN

A field grown clump of *Artemisia* (Silver King).

We supply large field grown clumps at \$2.00 per 10; \$15.00 per 100.

This illustration gives you an idea of the quality of stock grown by Martin. Not sickly looking plants, but plants full of "PEP," Plants that will do all that we claimed of them. DON'T be disappointed again this year. Don't try to save a few cents. You want dollar for dollar value. You can get it by allowing us to supply your requirements.

PRICE LIST

THE following list represents extensive field displays of healthy, hardy plants that will give you results in your business. We grow every item of stock we list and can fill orders immediately. The plants we offer are well established.

25 at 100 rate.

Per 10 Per 100

Achillea "Perry's White."

ers borne in the greatest profusion the entire summer on strong, erect stems, 2 feet high; as a summer cut flower it is of great value. An excellent variety for use in sprays.....

1.00 7.00

ACHILLEA *Boule de Neige* (Ball of Snow). An improvement on the Pearl. Wonderful for cut flowers or garden. Flowers in June. A good filler....

Filipendulina (A *Eupatorium*). This fine plant from the shores of the Caspian Sea grows 2 to 3 feet high; flowers bright yellow, in flat heads, and with lace-like foliage. June to September. Nice to plant among shrubbery, evergreens, or for back border, also a good flower for basket work.....

1.00 7.00

Millefolium *Roseum* Rosy Milefoil). Finely cut deep green foliage; pink flowers in dense heads and found all summer. Suitable for general use

1.00 7.00

<i>Kelwayi Alba</i> . Hardy white Marguerite. 3 ft.....	1.00	7.00
AQUILEGIAS or COLUMBINES The Columbines are one of the most beautiful of all hardy plants and make themselves at home in any hardy border. Their period of flowering covers the late spring and early summer months. Taken as a whole they are the most important part of the hardy garden and should be grown in quantity by every lover of old-fashioned garden flowers. The following varieties are all suitable for cutting and are attractive when used with other flowers.		
<i>Alpina</i> . Grows about a foot high, having blue or sometimes paler flowers.	1.00	8.00
<i>Canadensis</i> (American Wild Columbine; Honeysuckle). It flowers early, next after the oxyspala, and few of our wild flowers are better suited to the rock garden than this. Flowers an inch or more long, red and yellow are borne in abundance. Very graceful and attractive plant. It seems to do well in any garden soil both in sun and shade. Eighteen to twenty-four inches	1.00	8.00
<i>Chrysantha Alba</i> . A fine long-spurred white.....	1.00	8.00
<i>Chrysantha fl. pl.</i> Double yellow.....	1.00	8.00
<i>Coerulea</i> . Sepals blue, petals white, a dainty effect.....	1.00	8.00
<i>Farquhar</i> Pinks. A beautiful strain of nothing but clear pink colors.....	1.00	8.00
<i>Flabellata</i> . A fine Japanese species with pale or nearly white flowers. 12 to 18 inches.....	1.00	8.00
<i>Glandulosa Major</i> . Black-violet with white corolla. 36 inches.....	1.00	8.00
<i>Haylodgensis</i> . Variation of colors. A fine strain.....	1.00	8.00
<i>Jaeschkani</i> . Yellow and red types.....	1.00	8.00
<i>Long-Spurred Pink Hybrids</i> . A beautiful and reliable strain comprising a large percentage of pink and rose shades. Long spurs.....	1.00	8.00
<i>Nivea Grandiflora</i> . Large, pure white.....	1.00	8.00
<i>Oxyspala</i> . This native of Siberia is the first to bloom, and is quite hardy and with some white and yellow tints.....	1.00	8.00
<i>Rose Queen</i> . Deep pink.....	1.00	8.00
<i>Silver Queen</i> . Beautiful rose flowers, long spurred.....	1.00	8.00

Per 10 Per 100

ARABIS (White Rockcress).

Alpina. 6 to 8 in. Pure white flowers, densely cover this plant in April and May. Wherever you see a Rock Garden you will always find this perennial

1.50 10.00

ARMERIA Sea Pink or Thrift. The following varieties are used extensively in rock garden planting:

Formosa. 12 inches. Light pink..... 1.50 10.00

Formosa Alba. White. 12 inches..... 1.50 10.00

Lauchearia. Deep pink. 4 to 6 inches..... 1.50 10.00

Maritima. Low-growing, with pale pink or rose flowers. 4 to 6 inches.... 1.50 10.00

Plantaginea (Sea Pink). Taller than either of the preceding. Flowers on long, naked stems, pale pink or nearly white, of easy culture and a good garden plant..... 1.50 10.00

ARTEMISIA lactiflora. An excellent hardy border plant, producing large, branching panicles of sweetly-scented, creamy white flowers excellent for cutting. Three to four feet. August-September. A perennial you should have on hand for bouquets.....

1.50 10.00

Silver King. Unquestionably one of the best all-around decorative plants. Its bright silver-colored stems and foliage are of great value as a filler for bouquets, sprays, baskets, or all sorts of floral combinations. By cutting and drying the stems it is very valuable in the winter for filler. Florists in our districts paid high prices for their supplies last winter. It is a showy plant in the perennial border or amongst shrubbery. Height 30 inches. We supply large field grown clumps.....

2.00 15.00

ASCLEPIAS (Butterfly Weed)

Tuberosa. Very showy native plants, about 2½ feet high, producing flowers of brilliant orange-scarlet during July and August. Nice for cutting

1.00 8.00

ASTERS

If you don't plant Asters you are passing up some good orders for flowers the other fellow is getting.

Per 10 Per 100

Asters Hardy (Michaelmas Daisies). These are among the showiest of our late flowering hardy plants giving a wealthy bloom during September and October. Very showy in garden plantings. Also used extensively for decorative purposes. The following assortments are the choice of a long list of varieties. We are confident you will be pleased with the generous plants we will ship you.

Abendrothe. 2½ feet. Very effective rosy red flowers..... 1.50 10.00

Acris. Feathery foliage, light blue. Flowers in August and September.... 1.50 10.00

Anita Ballard. Double flowers of a clear petunia violet..... 1.50 10.00

Beauty of Colwall. Double lavender blue flowers, very freely produced on stout erect stems, about 5 feet high..... 1.50 10.00

Belgian Queen. Attractive bluish lilac..... 1.50 10.00

Blue Gem. Double flowers of rich blue..... 1.50 10.00

Climax. One of the best and showiest, with large pyramidal spikes of large light lavender-blue flowers. Very free. 5 feet..... 1.50 10.00

Emilie Thoury. Light ageratum blue..... 1.50 10.00

Mauve Cushion. Very dwarf. Delicate mauve. Fine for rockery..... 1.50 10.00

Mons. Distinct reddish violet; a very showy type of refined character, useful in autumn hampers, and in general bouquets..... 1.50 10.00

Novae Angeliae. Bright purple violet. 4 feet..... 1.50 10.00

Novae-Angeliae Rosea. Deep reddish violet. Height 4 feet..... 1.50 10.00

St. Egwin. One of the finest, covered with beautiful pink flowers..... 1.50 10.00

Tartarica. Large bluish-lilac. 6 feet..... 1.50 10.00

White Climax. Like Climax, except in color, which is pure white..... 1.50 10.00

	Per 10	Per 100
ASPERULA Hexaphylla (Misty Woodruff). 1-2 feet. Leaves in whorls of six, the plant strongly resembling asparagus plumosus; the small white flowers in recumbent open panicles. The growth is normally equal height and breadth.....	1.00	7.00
ASPHODELUS (King's Spear). Luteus. Tall spikes of bright yellow, lily-like flowers; very fragrant; sword-like foliage; fine for borders.....	1.50	10.00

ASTILBES

In our past trade lists we have given you the history of our start in growing Astilbes. For the four years that we have been selling, we have sold about 200,000 clumps for forcing. Starting on a small scale, our business in this line has grown to the extent that we grow possibly the largest stock in the U. S.

This, without a doubt, is because our stock has proven to be of a high standard. Many florists that bought in small amounts are now buying in thousand lots, and are buying from us now, their requirements for the season 1929-30. This would not be possible if our stock were not above the average.

The following is our list of forcing and garden varieties.

For a complete list of our forcing stock please consult pages 30-31.

	Per 10	Per 100
America. Deep pink; excellent forcing variety; fine for early forcing. By all means plant this variety.....	3.00	25.00
Betsy Cuperius. Splendid new variety, growing 5 feet high. The fine drooping flower spikes 2 feet long, show in summer during June a great number of white flowers with pink center. A nice garden variety.....	3.00	25.00
Chinensis. Large heads of silvery pink flowers. Garden variety.....	3.00	25.00
Gladstone. A fine variety. Immense trusses of flowers are as white as snow, borne on erect, strong stocks; best white for forcing.....	3.00	25.00
Grandis. Dark Carmine.....	4.00	35.00
Junio. A hybrid form with splendid long rose pink panicles of flowers....	4.00	35.00
Kriemhilde. A new variety with feathered spikes of salmon-pink flowers. Nice for cutting and very attractive in the garden.....	4.00	35.00
Palmata elegans. 3 feet. June to August. Graceful plumes of lovely light pink flowers. Fine for waterside planting.....	2.50	20.00
Peachblossom. A beautiful peachblossom pink. Compact grower. Prolific bloomer. One of the best for forcing.....	3.00	25.00
Pink Pearl. Delicate pink, 3 feet; forcing variety.....	3.00	25.00
Queen Alexandra. Flowers are bright pink, extra large trusses. One of the best forcing varieties.....	3.00	25.00
Queen of Holland. Blush-white; forcing or garden.....	3.00	25.00
Rose Pearl. Shell pink. An excellent variety for forcing or for use in the perennial garden.....	3.00	25.00
Salland. Stems of a fine red color, growing over 6 feet high. A very decorative novelty.....	3.00	25.00
Vesta. New. Tall, lilac-rose spikes; beautiful garden variety.....	3.00	25.00
BAPTISIA Australis (False Indigo). A strong growing plant about 3 feet high, suitable either for the border or wild garden with dark green deeply cut foliage and spikes of dark blue, lupine-like flowers; good for cutting.....	1.50	10.00
BOCCONIA Cordata (Plume Poppy). 6 to 8 feet. Big, feathery heads of creamy white flowers. Tall, upright habit. Fine for backgrounds, also makes a nice filler in basket work.....	1.50	10.00
BOLTONIA Asteroides. Among the showiest hardy plants with large single Aster-like flowers. The plant is in bloom during the summer and autumn months with its thousands of flowers open at one time producing a very striking effect. Pure white, very effective. 5 to 7 feet. Good for cutting.....	1.00	7.00
Latisquama. Lavender-pink. 4 to 5 feet. Good for cutting.....	1.00	7.00

CALIMERIS (Star Wort).

Per 10 Per 100

Incisa. An attractive, free-flowering plant; grows 12 to 18 inches high, producing from July to September daisy-like, pale, lavender flowers, with yellow center.....

1.50 10.00

CAMPANULA (Bellflower). A large and varied family of the greatest value for general garden decorations. They are of the easiest culture, thriving in any ordinary garden soil.

Aellariaefolia. One to 2 feet, branching at the top; leaves heart shaped; flowers white, about 2 inches long, borne in racemes. Native to Asia Minor. Suitable for garden or rockery.....

1.50 10.00

Latifolia Macracantha. 3 feet. June and July. Very handsome, enormous drooping bells of fine satiny lilac and deep purplish shades. Nice for rockery

1.50 10.00

Medium Calycanthema (Cup and Saucer). **Blue and Rose.** Colors separate. Classed among the showiest garden plants; also one of the most desirable cut flowers.....

1.00 7.00

Media. The well known "Canterbury Bells"; its numerous branches crowded with deep bells, the edges softly rolled back and fluted. In July; height 2 to 3 feet. Blue, rose or white. Very showy for garden; valuable for cutting.....

1.00 7.00

Rotundifolia (Harebell; Blue Bells of Scotland). Attains a height of six to twelve inches, forming dense tufts. **Useful for the rock garden;** will do well in partial shade or in open border.....

1.50 10.00

Trachelium (Coventry Bells). A good border plant 2 to 3 feet high with large racemes of light purple bell-shaped somewhat drooping flowers....

1.50 10.00

Campanula Media (Canterbury Bells).

Per 10 Per 100

CARNATION (The Truest Hardy Outdoor Carnation.) No Florist should be without them. A beautiful strain of hardy pink, which resembles most of all the indoor Carnation, blooming in great abundance all summer, in the most magic colors, flowers being semi to full double. Excellent for cutting and very hardy.

Giant Pink	1.50	10.00
Grenadin Red. A large flowering type. Very desirable for garden or cutting	1.50	10.00
Grenadin White. White form of above.....	1.50	10.00

CATANANCHE (Cupid's Dart).

Caerulea. 2 feet. July and August. Heads of pretty deep blue flowers on long stems. Profuse and excellent cut flowers.....	1.50	10.00
Alba. White form of above.....	1.50	10.00

CENTAUREA (Hardheads of Knapweed). Makes a fine display in the border; also excellent for cutting.

Dealbata. Large and striking rose-pink flowers. June-July. 2 feet.....	1.50	10.00
Macrocephala. Large thistle-like golden-yellow flowers; useful for cutting and showy in the border; July and August; 3½ feet.....	1.50	10.00
Montana (Perennial Corn Flower). Grows 2 feet high, bearing large violet blue flowers from July to September.....	1.50	10.00
Montana Alba. Pure white.....	1.50	10.00

CERASTIUM tomentosum. A low, creeping plant with the upper surface of the leaves light in color and woolly; it bears a profusion of pretty white flowers. Much used for edging, also to plant in crevices of walls or rockwork, where it keeps up a succession of bloom all summer

1.50 10.00

CHELONE (Shellflower). Handsome perennials, growing about two feet high, and bearing numerous spikes of large flower heads. Summer and Fall.

Glabra alba. Terminal spikes of creamy white flowers.....	1.00	7.00
Lyonii. Heads of showy purplish red flowers.....	1.00	7.00

CHRYSANTHEMUMS, HARDY This is the flower above all others that gladdens your heart when your garden is growing bare. The inclusion of Hardy Chrysanthemums in your plantings makes it possible to have the garden bright with flowers after the majority of hardy herbaceous flowers are past. They are also valuable for cut flowers. The varieties offered below have been carefully selected and will give a flowering period of two months, from the middle of September until the middle of November.

Autumn Glow. Rose crimson large.....	1.50	10.00
Elkton. Profuse, very compact, multi-petaled flowers of dollar size, bluish white slightly tinged lavender.....	1.50	10.00
Excelsior. Bright orange yellow; very free. Large.....	1.50	10.00
Field of Snow. Pure white button.....	1.50	10.00
Golden Queen. Yellow, large.....	1.50	10.00
Hilda Wells. Beautiful Tuscan red shaded yellow at base of petals.....	1.50	10.00
L'Argenteuillais. Bronze flowers tipped yellow, of medium height. Early, large flowering.	1.50	10.00
Indian. Copperish red	1.50	10.00
Little Bob. Bronze button.....	1.50	10.00
Marie Antoinette. Deep pink	1.50	10.00
Old Homestead. A buff pink. One of the best.....	1.50	10.00
Victory. White, large.....	1.50	10.00
Skibo. Showy, golden button Pompon.....	1.50	10.00

Per 10 Per 100

CHRYSANTHEMUM MAXIMUM

(Giant Moonpenny or Shasta Daisy). In the garden they are classed among the most known Hardy Plants. They also hold an important position as desirable cut flowers.

Alaska. Extra large	1.00	7.00
Arcticum (Arctic Daisy). Among fall flowering perennials this is one of the best. It forms an attractive clump of dark green foliage, and in September multitudes of white flowers, slightly tinged rose or lilac, 2 inches wide, appear. 2 to 2½ ft. September to November.....	1.00	7.00
Glory of Wayside. The earliest to flower coming into bloom in May with pure glistening white flowers, which are produced in great profusion on symmetrical compact plants from 12 to 15 inches high.....	1.00	7.00
Leucanthemum flore pleno (Double White Shasta Daisy). Flowers double, pure white, of medium size, excellent for cutting; each plant produces from 30 to 50 flowers; perfectly hardy without any protection. Our latest and best addition to the Shasta Daisies.....	1.00	7.00
Mrs. C. Lothian Bell. This magnificent white Daisy is undoubtedly the largest flowered variety of its class. Flowers frequently measure six inches across with very broad petal of great substance. 2½ to 3 feet. Extra for florists use.....	1.50	10.00
Memorial. A strong growing variety with extra good stems. Large flowers in bloom for use on Decoration Day. Very good cut flower.....	1.00	7.00

CIMICIFUGA

(Snake Root). **Racemosa.** A handsome native species bearing in July and August spikes of pure white flowers.....

1.50 10.00

COREOPSIS

Delphinifolia—Larkspur Coreopsis. Very floriferous, with yellow flowers a little smaller and later than lanceolata.....

1.00 7.00

Lanceolata grandiflora. A beautiful hardy border plant, grows 15 to 18 inches high and produces its bright yellow flowers in great profusion. By cutting off old flowers, will bloom until fall.....

1.00 7.00

DELPHINIUM

(Perennial Larkspur). Indispensable to the herbaceous garden. Their long showy spikes of flowers persist from June till frost and furnish the most satisfactory blues to any color scheme.

Belladonna. The most continuous blooming of all, never being out of bloom from June first until cut down by hard frost. The clear turquoise blue of its flowers is not equalled for delicacy and beauty by any other flowers. 1 year.....

1.00 7.00

Select two-year-old clumps

1.50 10.00

Echinacea purpurea (*Rudbeckia Purpurea*).

Coelestinum (Hardy Ageratum.) A fine perennial closely resembling the Ageratum, flowers a lavender blue, flowering from August to frost. A fine perennial for florists' use.....

1.00 7.00

EUPHORBIA *Corollata* (Flowering Spurge). A branchy low-growing plant with fine stems and foliage, literally covered from June to August with loose umbels of pretty white flowers. Good for cutting in long sprays; and one of the most charming mist-flowers to mix with bouquets of Larkspur..

1.00 7.00

EULALIA *Japonica Variegata*. Very ornamental; long, narrow leaves, striped green, white, and often pink or yellow. Very attractive planted around ponds or background for perennial plantings

1.50 10.00

FUNKIA *Lanceolata*. Valuable by reason of its late flowering, lilac flowers in September; 2 feet. A good landscape variety.....

1.00 7.00

Undulata Variegata (Day Lily). Graceful green leaves having fluted white edge. Very conspicuous plant for border. They are also beautiful when used as a foliage pot plant for Easter sales.....

1.50 10.00

FESTUCA GLAUCA Dwarf ornamental grass growing 4 inches high. A good plant for border or rockery.....

1.50 10.00

Per 10 Per 100

GAILLARDIA <i>Grandiflora</i> (Blanket Flower). This is considered one of the most beautiful and desirable plants in cultivation, beginning to bloom in June they continue one mass the entire season. Base of petals are scarlet crimson, bordered golden yellow. A most beautiful combination. Fine for cutting.....			1.00	7.00
Maxima . This fine strain of Blanket Flower far surpasses the older ones in vigor and brilliance of color. Three to four feet.....			1.00	7.00
Mastadonte . An excellent large flowering type. Pure yellow.....			1.00	7.00
Sanguinea . Orange red shades.....			1.00	7.00
GALLIUM <i>Borialis</i> . Flowers resemble the Gypsophila. June and July. Good for cutting.....			1.50	10.00
GENTIANA (Blue Gentian). Andrewsi . One of the most fascinating native plants. The flowers, which are tightly closed, are borne at the top of a stem from 6 to 8 inches long, and are an intense deep blue. Blooms best in moist places. July and October.....			1.50	10.00
GYPSOPHILA (Baby's Breath). Does well in rather dry places. Valuable for "mist effect" in bouquets and in the garden where a mass of delicate, misty bloom will fill a bare place.				
Acutifolia , lilac-rose; height 4 ft.....			1.50	10.00
Paniculata (Baby's Breath). A beautiful old-fashioned plant possessing a grace not found in any other perennial and attracting the eye of everyone. Dense spreading bush, numerous tiny flowers in light feathery panicles, delicate foliage, fine for cutting, excellent for border or large rock gardens. July and August. Strong roots. If cut and dried will make excellent filler for winter use.....			1.00	7.00
Repens . A beautiful trailing plant for the rockery, with clouds of small, white and pink flowers in July and August.....			1.00	7.00
HELENIUM (Helen Flower). This magnificent perennial during its blooming season from early August until the middle of September, literally produces hundreds of beautiful yellow to bronze-colored flowers. The flowers on one and the same plant vary in colors according to their growth and different stages of development. Beautiful for the garden. Fine for cutting.				
Autumnale (Sneezeweed). This handsome native perennial attains a height of three to five feet. It branches at the top and bears many large yellow flowers in autumn.....			1.50	10.00
Autumnale Rubrum . Similar to <i>superbum</i> , but has bright terra cotta red flowers; makes a wonderful display during the month of September. 3 to 4 feet.....			1.50	10.00
Hoopesi . Charming yellow flowers, fine for cutting. Hardy and interesting. Spreads from root division. Flowers about June.....			1.50	10.00
Riverton Gem . Old gold, changing to wall flower red. August and September. 4 feet.....			1.50	10.00
HELIOPSIS <i>laevis</i> , var. <i>pitcheriana</i> . Is a better plant than <i>H. laevis</i> ; not so tall, very floriferous and the flowers are deeper yellow.....			1.00	7.00
Scabra <i>Zinniaeflora</i> . Grows about 2 feet high with large semi-double, yellow flowers about 3 inches across.....			1.50	10.00

GYPSOPHILA EHRLEI, NOVELTY. Flowers are pure double white, larger than *Gypsophila paniculata* fl. pl. Wonderful for summer use as a filler. Excellent for drying for winter use. We high recommend it, and we suggest that you try these plants this season. Our price for strong one-year field-grown grafted plants is \$4.00 per 10; \$35.00 per 100.

HEMEROCALLIS

Well known family resembling Lilies in character and bloom, usually sweet scented and bearing a great quantity of yellow flowers during long periods of summer varying with the variety. Are very showy in the garden. They run in height from 2 to 4 feet.

Per 10 Per 100

Aurantiaca. Bright orange Day Lily. 2½ to 3 feet. Blooms in July.....	1.50	10.00
Flava (Lemon Daylily). Fragrant yellow flowers in June. Grows 2 feet high with flowers on long stems for cutting.....	1.50	10.00
Kwanso Fl. Pl. Double orange flowers. July. 4 to 5 feet.....	1.50	10.00
Luteola (Golden Day Lily). Bright golden-yellow with Indian-yellow shadings; June and July.....	1.50	10.00
Minor. Dwarf lemon yellow. First of June.....	1.00	7.00
Thunbergi. Much like Flava, but flowers in July, a month later, and 6 to 10 inches of the upper portion of the flower scapes are thickened and flattened	1.00	7.00

HESPERIS (Sweet Rocket).

Matronalis. 2 to 3 feet. June and July. Fragrant purple flowers in showy spikes. Desirable for wild garden, shrubbery or mixed border....	1.00	7.00
Matronalis Alba. White.....	1.00	7.00

HEUCHERA (Coralbells). Beautiful plants for front row of borders, with slender, fairy-like spikes of richly colored flowers; most striking in the garden and light and graceful for cutting.

Brizoides. Has the same foliage and habit as Heuchera sanguinea, but the flower is pale pink, though three times as many flowers are produced. Blooms in May.....	2.00	15.00
Sanguinea ("Coral Bells"). Grows about 2 feet high, with scalloped purple-tinged round leaves; and throughout the summer throws up innumerable erect, slender flower stems, each crowned with a loose umbel of coral-red flowers.....	2.00	15.00

HIBISCUS

Crimson Eye. Of quick, shrubby growth to 5 feet, bearing quantities of large open flowers like single Hollyhocks; white with prominent crimson throat	1.00	6.00
Moscheutos. Large, bright pink flowers, on bushes about 4 feet high.....	1.00	6.00
Mallow Marvels. A giant race derived from the common native Hibiscus, which has elevated this type almost to the dignity of shrubs. Massed in great groups or generously interspersed with shrubs, these "Marvels" grow very rapidly, sometimes getting up to 8 or 10 feet in height; with plenty of broad foliage to furnish a rich setting for the mammoth flowers. Can supply in mixture of white, pink and red.....	1.00	7.00

HOLLYHOCKS We have this season a fine lot of strong, clean, healthy, vigorous one-year-old flowering plants of the finest strains under Double Pink, Double Red, Double White, Double Yellow, Double Maroon

Double New Lilac.....	1.50	10.00
Double Lemon Yellow.....	1.00	7.00
New Allegheny. Immense semi-double flowers, with fringed edges.....	1.00	7.00

IBERIS Gilbaltarica (Hardy Candytuft). Very desirable dwarf plant with evergreen foliage, covered by dense heads of flowers early in spring; height 8 inches.....	1.50	10.00
Sempervirens. Very dwarf, covered with a sheet of white; height 6 to 8 inches.....	1.50	10.00

Assorted Varieties of Japanese Iris.

IRIS

Cristata (Evansia). A dainty native creeping species, only 3 inches in height; flowers rich amethyst-blue; a gem for the rock garden. May

Eldorado. Standards, yellowish bronze shaded with heliotrope; falls violet purple with bronze yellow. 30 inches.....	1.00	7.00
Iris King. Old gold rich crimson bordered with gold; a very desirable variety; tall, with large flowers.....	1.00	7.00
Jeanne d' Arc. A delicate, dainty sort of good size and form; white with edges partly checked and scapes heavily suffused in violet.....	1.00	7.00
Mme. Chobaut. 36 inches. "S" white shot with chalcedony yellow, shading into wine red. "F" white edged with lilac. A very pleasing contrast of colors.....	2.00	15.00
Monsignor. Standards, pale violet; falls heavily overlaid with dusky violet. 2 feet.....	1.00	7.00
Princess Beatrice. This is the true type of pallida Dalmatica and still one of the most attractive and satisfactory all-around varieties, with flowers of large size; both standard and falls of a clear lavender blue shading to a pale silvery blue at the base and sweetly scented. It is of strong, vigorous growth, over three feet high with unusually heavy, glaucous foliage.....	1.50	10.00
Queen Caterina. Pale lavender-violet with orange beard; white haft, veined with bronze. A strong grower.....	2.00	15.00
Tamerlan. Standards, violet-blue; falls deeper.....	1.50	10.00

Uchiu.

A field of Japanese Iris.

Gekka-no-nami.

IRIS KAEMPFERI (Japanese Iris)

For years back we have been accumulating the Japan Iris we are now offering to the trade. Testing out hundreds of varieties, adding, and discarding varieties which did not come up to our satisfaction, we feel at this time that the varieties we are offering are by some special merit the best in their particular class considering the nature of growth, type and distinction of flower.

We believe that we have a sufficient supply of all the varieties listed with which we can take care of your wants, in large or small quantities, at a reasonable price.

We are sure if our customers could visit our fields in blooming season the sight would remain in their minds forever. We consider these as showy as a field of Peonies. We urge our customers to try out our varieties. Our prices are reasonable.

	Per 10	Per 100

Varities listed \$12.00 per 100 will supply at \$100.00 per 1000.

SIBERIAN IRIS

Siberica. The flowers resembling the Spanish and English Iris. These make a bright show in the garden and are excellent for cutting. They can be cut when in bud and will fully develop in water, blooming from latter part of May until end of June, purplish-blue flowers, 3 ft.	.85	6.00
Sibirica alba. Pure white. 3 feet.....	1.00	7.00

LAVANDULA (Lavender). Vera. The true Sweet Lavender, growing 18 inches high, wonderfully fragrant, blue flowers blooming July and August	1.50	10.00
--	------	-------

LATHYRUS (Everlasting Pea).

Latifolius. These Everlasting Peas are but little known in this country, but are great favorites in England. They are extremely showy and fine. Charming climbers for covering trellises, arbors, etc.	1.00	7.00
Alba. Pure white	1.00	7.00
Pink Beauty. Large racemes of pleasing deep rose flowers.....	1.00	7.00
Red. The well-known red Everlasting Pea.....	1.00	7.00
White Pearl. A great improvement on the older white variety, the stems giving from 12 to 15 flowers each.....	1.50	10.00

Japanese Iris (Iso-no-nami) (See general list for price).

Per 10 Per 100

LIATRIS <i>Pachnostachia</i> (Blazing Star or Gayfeather). A perfectly hardy perennial of luxuriant growth, doing well in any kind of soil, poor or rich, moist or dry, producing richly colored purple flowers on stout stalks 6 feet high in graceful spikes one foot long. In bloom during July and August. First rate cut flower.....			1.50	10.00
Scariosa . This is a much showier form than is usually sent out for this plant. It has large, showy, purple heads and flowers much later than the others. A very imposing form. September. Four to five feet.....			1.50	10.00
Spicata . Purple flowers on spike 6 to 15 ins. long. 2 to 3 ft. July and September			1.50	10.00
LINUM (Flax) Perenne Blue . May-August. Pearly blue flowers. A graceful, hardy perennial.....			1.00	7.00
Alba . Milk white flowers, very decorative.....			1.00	7.00
LOBELIA Cardinalis (Cardinal Flower). Rich, fiery cardinal flowers. Strong plants, often producing 10 to 18 spikes. 24 to 30 inches long.....			1.50	10.00
Syphilitica . Blue. 3 feet. August-September.....			1.50	10.00
LUPINUS (Lupine). Effective plants producing large spikes of flowers, blooming in May and June.				
Polyphyllus . Blue, Rose and White separate.....			1.75	12.00
Harkness Hybrids . A mixture of this wonderful strain in the garden is a credit to any flower lover.....			2.00	15.00
Regal . A wonderful new strain of perennial Lupines. There are creamy shades, amber, coppery orange and almost canary yellow, mingled with bronze, bright rose, terra-cotta, slate and lavender blue. Some are distinctly bi-colored, having wings or standards of one solid color and keel of another, while in some the whole flower is suffused and overlaid with a glossy sheen of rose or copper over a groundwork of pale yellow or amber.....			2.00	15.00

LUPINUS

They make a wonderful cut flower and always command a top price in the floral shop.

	Per 10	Per 100
LILIUM Auratum (Gold-Banded Japan Lily). Undoubtedly one of the finest. Its large graceful, fragrant flowers are composed of six petals of a delicate ivory-white color, thickly studded with chocolate-crimson spots and striped through the center a golden yellow; 3 to 5 feet. July to September.....	2.00	18.00
Lily-of-the-Valley. We offer strong, field-grown clumps of this popular favorite which are sure to bloom.....	2.00	15.00
Candidum (Madona or Annunciation Lily). This is the old-fashioned garden Lily, and one of the most beautiful. Ready in September only. We offer Northern France grown bulbs.....	2.50	20.00
Regale, or Myriophyllum (The Regal Lily). It is absolutely hardy, and is excellent for forcing. It has been predicted that this will become the Easter Lily of the future and being so hardy, may be grown at home. The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center, and extending part way up the trumpet. It is delightfully perfumed, reminding one of the Jasmine, and lacking the heavy, oppressive odor of most lilies. Blooms out-of-doors early in July. Strong bulbs. Flowering size.....	2.50	20.00
Speciosum Rubrum or Roseum. A very popular variety. Rosy-white, heavily spotted with rich crimson spots. Extra large-flowering bulbs...	2.00	18.00
Superbum (Swamp Lily). Graceful stems. 5 to 6 feet, terminating in a pyramid of bright orange-crimson flowers.....	1.00	7.00
Tigrinum, var. Splendens. By far the best form of Tiger Lily we have had. It is taller, with handsome, large flowers and a much healthier plant	1.50	10.00

Lilium Speciosum Rubrum.

Lilium Auratum (Gold Banded Lily).

	Per 10	Per 100
LYCHNIS Chalcedonic (Maltese Cross; Jerusalem Cross; Scarlet Lighting). Two to 3 feet high, with white or scarlet flowers in good-sized corymbose heads. Give it a rich soil and it will bloom all summer. June. A showy plant for the garden and a striking cut flower.....	1.00	7.00
Viscaria Splendens . Spikes of handsome flowers on stems one foot high, blooms in June. A very attractive plant in the border.....	1.00	7.00
LYTHRUM Roseum Superbum. Shrubby perennial 2 to 5 feet, at its best in cool and moist location although quite successful in the average border and among shrubs. Bright rose-colored flowers are borne freely in long terminal racemes from June intermitently to September.....	1.50	10.00
MERTENSIA virginica (Virginia Bluebells). A foot or two high, with dark green foliage, and loose panicles of rich blue-purple flowers in early spring	1.50	10.00
MONARDO Cambridge Scarlet (Bergamot). Brilliant crimson scarlet, showy plants growing from 2 to 3 feet high, succeeding in any soil or position, with aromatic foliage and producing their bright flowers during July and August.....	1.00	7.00
MYOSOTIS Palustris. The true "Forget-me-Not," appealing in its modest, azure beauty and cherished for its sentiment. Bushes up to 18 inches high and blooms profusely during early summer.....	1.00	7.00
NEPETA (Ground Ivy; Catnip; Catmint). Mussini. An excellent plant for any position, but especially useful in the rock garden. Of dwarf, compact habit, producing masses of bloom of a beautiful shade of lavender. 1 to 1½ feet.....	1.50	10.00
OENOTHERA (Evening Primrose). Elegant for a sunny position in the border or on the rockery, blooming all summer.		
Missouriensis. 10 inches. June to August. A low species with prostrate, ascending branches; profuse bloomer. Solitary flowers, often 5 inches across. Good for rock garden or border.....	1.50	10.00
Youngi. 2 feet. June to August. A strong, stocky, large-leaved plant with firm, shiny foliage; numerous bright lemon-yellow flowers.....	1.50	10.00
PACHYSANDRA Terminalis. One of the best ground covering plants, averaging 6 to 8 inches in height and branching freely into a dense mat. Its shapely indented foliage is practically evergreen; thick, rubbery, lustrous dark green. It bears small spikes of light colored flowers during May and June.....	1.50	10.00
PAPAVER Bracteatum. Like P. orientale, but with extremely large, blood-red flowers, not spotted, shaded orange.....	1.50	10.00
Nudicaule (Iceland Poppy). Pure white, yellow, or orange-scarlet flowers. Freely flowering. 1 foot.....	1.50	10.00
Orientalis (Oriental Poppy). Tremendous scarlet, cup-shaped blooms of brightest crimson-scarlet, with large, purplish black blotches at base of petals, creating a wonderful contrast when bloom is fully open. Clumps of these throughout the border add a brilliancy that no other flower can provide.....	1.50	10.00

OUR FACILITIES FOR HANDLING YOUR ORDERS entrusted to us have been improved by an addition of a three-story building, 40 by 100 feet. This, added to our present facilities, will enable us to give you prompt service in filling your orders.

Per 10 Per 100

PENTSTEMON (Beard-Tongue). Few genera among the popular hardy perennials afford a greater number that are so attractive. Their natural gracefulness, variety of colors, and great abundance of flowers make them useful in many places. Though hardy as a rule, too much frost with an excess of moisture in winter seems to be fatal to most of this genus. Every flower garden should have at least a few of these lovely flowers.

Acuminatus. Lilac or violet flowers in July. Stems erect, about a foot high. A very attractive flower and nice for cutting.....	1.50	10.00
Barbatus, var. torreyi. About two feet high; showy flowers; red or scarlet. One of the most attractive.....	1.00	7.00
Grandiflorus. One of the showiest, with thick, leathery leaves at base of stem and long, one-sided spikes of large, showy, lilac or purple flowers.	1.50	10.00
Pubescens (Hirsutus). Stems 24 inches high, covered with violet flowers often producing flowers colored a flesh-pink; excellent for hot, dry place in the garden; is also a very fine wall plant. It stands hot, dry exposures as well as a Sedum. Do not fertilize this plant, except give it plenty of lime to bring out the color of the flowers.....	1.50	10.00

LOOK OVER PAGES 30-31 and 32 AS WELL AS THE
INSIDE BACK COVER

Papaver, Orientale Poppy.

You will find an excellent selection of stock for forcing, stock that is properly cured, stock that will give you ONE HUNDRED PERCENT RESULTS IN YOUR BENCHES. STOCK THAT IS GROWN FOR THE PURPOSE OF FORCING.

A list of surplus stock for your selection. Well grown and good values. You can use some of it for your sales yard this Spring. If you have any left over, you can grow it over for another year, of course it will bring a little better price.

A limited supply of SEED—Seed of the best, as we had a little surplus, we are giving you the benefit and a chance to purchase seed that is right.

Of course a few roses for bedding. Supply your customers this Spring with ROSES you know are grown right—Roses that will give them satisfaction.

PEONIES

For the reason that every year there are Peonies left out of fall plantings due to disagreeable weather causes, we have found that our customers are asking for a certain amount of Peonies along with their regular orders of perennials in the spring.

In order to protect our customers as far as possible, we have arranged to store the following varieties, covering a range of colors.

You will note that the varieties shown are good standard sorts and while the list is not long, we believe it is enough to take care of whatever spring planting is to be done. We supply strong 3/5 eye divisions from three-year stock, free from disease and extra good quality.

Albatre. A magnificent flower which opens like a rose. Pure white with a few pencilings of carmine on the edge of center petals. Fragrant; crown type; late midseason. An old variety, but one that will stand comparison with anything there is.....	3.00	25.00
Augusta d'Hour. Bomb type; midseason. Extremely large; showy, perfectly built bloom. Color very deep, rich, brilliant solierino-red with slight silvery reflex. It is a taller grower and larger flower than Felix Crousse.....	4.00	35.00
Baroness Schroeder. Rose type; late. White with shadings of flesh. This is one of the finest Peonies. Its immense flowers of great substance with high chalice-shaped center are freely produced, lasting a long time. Very fragrant	6.00	50.00
Germaine Bigot. Very large, midseason, to late, a royal variety, most excellent pink	3.50	30.00

Monsieur Jules Elie.

	Per 10	Per 100
Marie Jacquin. The water-lily peony. Semi-double, cup-shaped white flowers, borne in great profusion. Beautiful landscape variety. Mid-season	4.00	35.00

Lilacina. Soft lilac	1.00	7.00
Rosea. Bright pink	1.00	7.00
G. F. Wilson. Soft lavender.....	1.50	10.00
Amoena. A useful variety for carpeting the ground, the rockery, or the border; it grows but 4 inches high, and in spring is a sheet of rich bright pink flowers.....	1.00	7.00

Physalis Francheti (Lantern Plant).

JAPANESE LANTERNS

(*Physalis Francheti*). This wonderful decorative plant is easy to grow and multiplies rapidly. A big money maker that will yield more than any other outside crop. The fruits are becoming more popular each year for decorative purposes in the early fall and winter. The color of these lantern fruits is orange-vermilion and are everlasting after drying. Single plants produce as many as thirty lanterns that sell readily in any flower market. They are beautiful for home decoration, being an everlasting.....

VINCA (Periwinkle or Trailing Myrtle). <i>Minor</i> . A trailing, evergreen plant, used extensively for carpeting the ground under shrubs or trees or on graves, where it is too shady for grass or other plants to thrive. Strong, nursery-grown clumps.....	1.00	7.00

Tritoma, *Pfitzeri* (Red Hot Poker).

To the Florist

How many times have you wished you had some perennials growing during the Summer months. How many times have you had to turn down an order for a medium priced Spray or Wreath.

Be ready next time for the EMERGENCY — You have a little corner where you can plant a few perennials. You have some idle land you can put to work.

You will be surprised in the extra dollars you can pick up by having some flowers growing outside. If the people see them, they will stop at your place. When they once stop you generally make a sale.

DON'T WISH—Do like the other fellow, make your spare time pay you well. Put your idle ground to work.

A Fine Field of Viola Jersey Gem.

VIOLAS

VIOLAS or TUFTED PANSIES The improved forms of Viola Cornuta are rapidly growing in favor. They flower continuously for nearly eight months in the year; and while their flowers are not so large as those of the Pansy, their bright colors and floriferousness make them welcome additions to any garden.

	Per 10	Per 100
Admiration. Rosy purple	1.00	7.00
Blue Perfection. Deep purplish blue.....	1.00	7.00
Bosniaceae. A superb, everblooming Pansy, makes neat clumps that are covered with reddish violet flowers throughout the summer. A fine, new European introduction	1.00	7.00

Campanula media (Canterbury Bells). Blue, rose, and white separate	1.00	7.00	60.00

We have made a specialty of growing **FORCING STOCK** for many years. The shipping and curing of this kind of stock has been given careful study and we feel qualified after careful study and experimenting to be able to ship you this stock, properly packed and cured at the right time for you to plant.

When we ship plants for forcing, they are ready for benching and will give you excellent results when properly planted in your benches.

A great deal of inferior forcing stock is now being offered as being **FROST CURED** etc. You have had many disappointments in the failure of this stock to grow and losing your entire crop.

WE WANT YOU TO CONSIDER not price alone but the quality of the forcing stock we offer you. Take the **GAMBLING** out of planting your benches this year and let me have your order for what you can use from the following list. We are sure we can please you.

SHRUBS

We stated in our last fall trade list that we were obliged to place our entire supply of shrubbery on the market at good bargain prices. The results were that we sold a little over 50 per cent of our stock.

For the reason that we must clear ground for our large increased plantings of perennials we must sell the following list of shrubs. These shrubs are not neglected, but are taken care of and grown to a high quality. We ask that you carefully check over the list and if you are able to use any of our varieties we shall appreciate your order for what you can use. We suggest that you order early.

ROSES for Spring 1929

The following varieties of Baby Rambler types, we reserved for our customers use for bedding purposes out of doors. We have grown about 40,000 Baby Rambler roses annually and up to this year we have marketed all of this stock to the florists for forcing purposes. Our customers ordering same in the spring for spring flowering pot plants or for bedding, could not be accommodated.

Therefore, we reserved fair quantities of the varieties listed with which we will take care of our customers for their bedding purposes. These are all A No. 1 quality, same as the stock we sell in the fall for florists purposes. These are now coming in demand for bedding out of doors.

SEED LIST SPRING 1929

As far as possible we harvest our own seeds for the reason that quite often seeds of perennials when purchased do not come true to type.

After reserving for us the amount we want for our own plantings we find that we have the following varieties in quantities shown, to offer our customers. All varieties listed were harvested in the season of 1928 and the seed is the best that can be purchased for any price.
