Glad-Dahlia Gardens

THORNTOWN, IND.

C. V. Norris & Sons

We guarantee all tubers and bulbs to be healthy, and true to label, but having no control over them after delivery, we do not guarantee them to live and thrive, nor will we replace them, except any plant should prove untrue to name; but in no case will we be liable for any sum greater than the original purchase price. All tubers field grown.

TERMS

Payment in advance. All retail orders amounting to \$1.00 or over, sent prepaid.

ORDER

Order Early to Avoid Disappointment. The Stock of Some of the Varieties is limited.

SHIPMENT

Will be made at proper time.

GUARANTEE

All tubers are sent in a growing condition and true to name. Please notify us if any prove otherwise. The tubers are strong divisions of field grown roots and will be much stronger than those intensively cultivated, for the production of exhibition flowers.

PLANT

After May 10th about 6 inches below the surface. The single tuber should be planted flat with eye up. If large flowers are desired mulch with manure, as soon as the flower buds appear, and if large exhibition flowers are your objective, allow one bud to the branch. Dahlias require plenty of moisture, but will not grow in a water-logged soil.

ABBREVIATIONS

C—Cactus.	Col.—Collarette.
D—Decorative.	P.-C.—Peony Cactus
P—Peony.	P.-D.—Peony Decorative
Sh—Show.	H.-D.—Hybrid Decor-
Pom.—Pompon.	ative.
H.-C.—Hybrid-Cactus.	

We grow 200 varieties of Gladioli; 75 varieties of Iris and also Peonies. We also sell cut flowers, basket and design work.
