Spring and Fall
PRICE LIST

Here in New Jersey Dahlias do best if planted about June 15th. Gladioli can be planted early in Spring. Iris most anytime, and Peonies do best if planted in Fall. Cannas and Tuberose are planted in May.

We grow annual plants such as Tomatoes, Eggplants, Cabbage, Peppers, Zinnias, Scarlet Sage and Asters.

Dahlia plants sold at half price of tubers.

We take great care to have all stock true to name and will replace if they prove untrue. Will not be responsible for crop when it reaches purchaser in good condition.

For Plants, Bulbs and Roots, 3 of a variety sold at the dozen rate. Dozen sold at the rate of 10 times the price of one. To hold order until planting time a 10% deposit is required.

This list contains the best varieties.
Visitors welcome. Open Sundays
